Intent to Sole Source

Description: DEVELOPMENT SERVICES IN SUPPORT OF MODIFICATIONS TO EXISTING, ON-PREMISES ENTERPRISE CONTENT MANAGEMENT SYSTEM (ECMS)

The SC Department of Employment & Workforce (DEW) intends to contract with SoluSoft Inc., as a sole source to provide development services in support of modifications needed to DEW's existing, on-premises Enterprise Content Management System (ECMS) in order for this system to interface with the agency's new South Carolina Unemployment Insurance Tax System (SUITS). The SUITS project initiative is currently underway at DEW to implement a modernized, cloud-based, Unemployment Insurance Tax Administration System within a Microsoft Azure environment. This fourteen (14) month project will result in the replacement of the agency's legacy Tax System known as the South Carolina Automated Tax System (SCATS). One of the most pivotal interfaces within that legacy system is to the on-premises Enterprise Content Management System (ECMS). As such, modifications are needed to ensure that the existing proprietary ECMS solution, which includes a vast repository of documents the agency is required to retain, will continue to function after the implementation of SUITS.

Please notify Daniel W. Covey at dcovey@dew.sc.gov prior to the date/time noted below if you have any questions or believe that you can meet these requirements.
