CHESTER COUNTY WASTEWATER RECOVERY -- REQUEST FOR PROPOSAL (RFP)

FOR INDEPENDENT AUDITING SERVICES

Chester County Wastewater Recovery ("CWR") (formerly Chester Sewer District) is a special purpose district created by Legislative Act No. 480 as amended by Act No. 1186 (and subsequent Amendments thereto) of the Acts of the State of South Carolina for 1964. The CWR was created for the purpose of transporting, treating and disposing of wastewater originating within the CWR limits. Its function is to construct, operate and maintain lateral (collector) and interceptor sewers and trunk lines, and wastewater treatment plants. By agreement with the City of Chester, the CWR operates and maintains the sewer system in the City of Chester. The CWR is governed by a five member Commission known as the CWR Commission; all of whom are appointed by the Governor. The area of the CWR is defined by statute.

A. GENERAL:

CWR is requesting proposals for the provision of financial auditing services of its financial statements for the fiscal year ending June 30, 2018 (and potentially four additional years) in accordance with generally accepted governmental auditing standards (GAGAS). It is the intent of this proposal offering to obtain what CWR considers to be the best package of auditing services consistent with a fair and reasonable fee structure from a reputable CPA firm doing business in the State of South Carolina (the Auditor). The purpose of this proposal request is to provide general requirements related to the required services. This RFP will serve as an integral part of the pricing agreement/ contract upon CWR's acceptance of any successful Auditor's offer.

DEADLINE FOR RECEIPT OF PROPOSALS:

The deadline for receipt of sealed proposals is Friday, October 20, 2017 at 12:00pm. Due to the nature of information requested by this Request For Proposal, no public opening will be held.

D. QUESTIONS AND INTENT TO SUBMIT A PROPOSAL:
