**BEFORE THE CHIEF PROCUREMENT
OFFICER FOR CONSTRUCTION**

DECISION

CASE No. 2013-009

**POSTING DATE:
FEBRUARY 21, 2013**

This matter is before the Chief Procurement Officer for Construction (“CPOC”) pursuant to request from Building Technology Associates, Inc., (BTA), under the provisions of §11-35-4210 of the South Carolina Consolidated Procurement Code, for an administrative review on the Thermal Moisture Protecting Indefinite Delivery Contract bid for Clemson University. BTA protests Clemson’s posting of a Notice of Intent to Negotiate a contract with REI Engineers (REI). Pursuant to S.C. Code Ann. §11-35-4210(4), the CPOC conducted an administrative review. As a part of this review, the CPOC held a hearing on February 20, 2013. At the hearing, David R. Dowler, Regional Director for BTA, represented BTA and Gerald Vander Mey, Clemson’s Director for Planning & Design, represented Clemson. Present at the hearing as a witness for Clemson was Tanya DeOliveria. This decision is based on the evidence and applicable law and precedents.

NATURE OF THE PROTEST

BTA’s protest is attached hereto as Exhibit A and is incorporated herein by reference.

FACTS

1. On August 30, 2012, Clemson solicited statements of qualifications for professional engineering services related to thermal moisture protection. [Ex. B]

2. By the time for receiving statements of qualifications, Clemson received nine statements including one from BTA.
3. After reviewing, the statements of qualifications, Clemson's selection committee short listed four firms for interview. BTA was not one of these four firms. [Ex. C]
4. On November 6, 2012, Clemson posted a Notice of Selection REI for Contract Negotiation and Clemson mailed this notice to all offerors the same days. [Ex. D]
5. BTA alleges that it received the Notice on November 28, 2012, the same day it filed its protest.

DISCUSSION

While this protest presents issues of Notice and timeliness of protest, the CPOC need not address those issues. If the CPOC assumes for purposes of this decision that BTA's protest was timely, the CPOC must still deny BTA's protest.

"A protest ... must set forth both the grounds of the protest and the relief requested with enough particularity to give notice of the issues to be decided." SC Code Ann § 11-35-4210(2)(b). While the specificity of a protest is not to be judged on highly technical or formal standards, the protest must "alert the parties to the general nature of the grounds for protest." *Protest of Sterile Services Corporation*, Panel Case No. 1983-17. The grounds of protest must set forth a claim for which relief can be granted, that is the grounds must allege a breach of a duty imposed by the South Carolina Consolidated Procurement Code. Moreover, the protestant has the burden of proving the grounds of protest upon a preponderance of the evidence.

BTA's protest is not well drafted. The grounds of protest, if any, are not clear and there is no request for relief. ¹ On this ground alone, BTA's protest could be dismissed. However, the

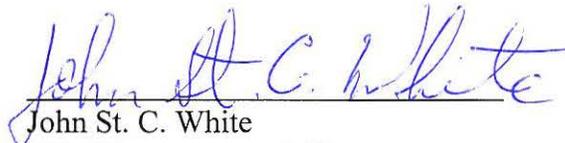

¹ While BTA's protest fails to request any relief, one may assume BTA wants the award to REI to be vacated and the contract awarded to BTA or at least a chance for an interview to be considered for award. However, BTA does not qualify for such relief. Clemson specifically solicited professional engineering services. Before a company can legally offer to provide such services in this state, they must possess a certificate of authorization to do so, issued by the Department of Labor, Licensing, and Regulation. S.C. Code Ann. § 40-22-250. Unlike the four firms shortlisted for interviews, BTA does not possess such a certificate. Since BTA does not possess a certificate of authorization, BTA a non-responsible offeror whom Clemson could not consider. S.C. Code § 11-35-1810 and Reg. 19-445.2125(A)(4).

protest was not prepared by an attorney and the CPOC will interpret such a protest broadly to state a grounds of protest if at all possible. Even so, it is not clear that BTA's protest alleges any violation of the Procurement Code by Clemson and its selection committee. To the extent BTA's protest fails to allege a violation of the Procurement Code, BTA has failed to state a claim on which relief can be granted.

If one were to assume BTA's protest alleges a violation of the Procurement Code, BTA's protest would still fail because BTA failed to carry its burden of proving such violation upon a preponderance of the evidence. Instead, BTA simply presented testimony on its own abilities and a bald assertion that it is more capable than REI. It offered no evidence regarding REI's responsibility or Clemson's determination of REI's responsibility.

DECISION

For the foregoing reason, protest denied.

STATEMENT OF RIGHT TO FURTHER ADMINISTRATIVE REVIEW
Protest Appeal Notice (Revised January 2013)

The South Carolina Procurement Code, in Section 11-35-4210, subsection 6, states:

(6) Finality of Decision. A decision pursuant to subsection (4) is final and conclusive, unless fraudulent or unless a person adversely affected by the decision requests a further administrative review by the Procurement Review Panel pursuant to Section 11-35-4410(1) within ten days of posting of the decision in accordance with subsection (5). The request for review must be directed to the appropriate chief procurement officer, who shall forward the request to the panel or to the Procurement Review Panel, and must be in writing, setting forth the reasons for disagreement with the decision of the appropriate chief procurement officer. The person also may request a hearing before the Procurement Review Panel. The appropriate chief procurement officer and an affected governmental body shall have the opportunity to participate fully in a later review or appeal, administrative or judicial.

Copies of the Panel's decisions and other additional information regarding the protest process is available on the internet at the following web site: <http://procurement.sc.gov>

FILE BY CLOSE OF BUSINESS: Appeals must be filed by 5:00 PM, the close of business. *Protest of Palmetto Unilect, LLC*, Case No. 2004-6 (dismissing as untimely an appeal emailed prior to 5:00 PM but not received until after 5:00 PM); *Appeal of Pee Dee Regional Transportation Services, et al.*, Case No. 2007-1 (dismissing as untimely an appeal faxed to the CPO at 6:59 PM).

FILING FEE: Pursuant to Proviso 83.1 of the 2012 General Appropriations Act, "[r]equests for administrative review before the South Carolina Procurement Review Panel shall be accompanied by a filing fee of two hundred and fifty dollars (\$250.00), payable to the SC Procurement Review Panel. The panel is authorized to charge the party requesting an administrative review under the South Carolina Code Sections 11-35-4210(6), 11-35-4220(5), 11-35-4230(6) and/or 11-35-4410...Withdrawal of an appeal will result in the filing fee being forfeited to the panel. If a party desiring to file an appeal is unable to pay the filing fee because of financial hardship, the party shall submit a completed Request for Filing Fee Waiver form at the same time the request for review is filed. The Request for Filing Fee Waiver form is attached to this Decision. If the filing fee is not waived, the party must pay the filing fee within fifteen days of the date of receipt of the order denying waiver of the filing fee. Requests for administrative review will not be accepted unless accompanied by the filing fee or a completed Request for Filing Fee Waiver form at the time of filing." PLEASE MAKE YOUR CHECK PAYABLE TO THE "SC PROCUREMENT REVIEW PANEL."

LEGAL REPRESENTATION: In order to prosecute an appeal before the Panel, business entities organized and registered as corporations, limited liability companies, and limited partnerships must be represented by a lawyer. I am filing a protest to Ms. Tanya DeOliveira's selection of REI Engineers as the finalists in the Clemson University/Board of Trustees Thermal Moisture Protections Project listed above.

I would be curious to understand how REI was chosen since they are extremely small and inexperienced in Total Roof Management and clearly have NO systems, very little Thermal Moisture Protection Experience and reporting tools to provide Clemson University with the proper Roofing/Thermal Moisture Consulting Tools.

BTA has 50+ years of experience solely on roofing and handles billions of square feet of roofing. You can add all of these together and not be close to BTA's experience, background, capabilities and supporting budgeting and planning systems/tools. We have performed work in South Carolina for the federal government and other school systems and we are currently handling over 25 Universities Roofing Programs and growing that number every month.

Dear Mr. Dowler,

In keeping with the State procurement guidelines, we are hereby notifying all firms that submitted for the above-referenced project as to the project status.

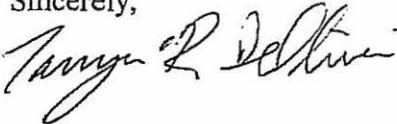

The following firms were short-listed and then interviewed on November 5, 2012:

REI Engineers
Raymond Engineering
ACD Engineering Specialists
Stafford Consulting Engineers

The A/E selection committee placed the firms in priority order for submittal to the State Engineer's Office, **REI Engineers** was ranked as the highest selection. Should Clemson University be unable to negotiate with either of these firms, we will move down the ranking until a contract is successfully negotiated.

Once again, thank you for your submittal and your interest in Clemson University.

Sincerely,
