Lexington County Bid Number: B12046-03/29/12H
Location: Lexington County
Bid Security Required: Yes – 5%
Performance Bond Required: Yes
Payment Bond Required: Yes
Description of Project: The 911 Communications Center & Emergency Operations Center for the County of Lexington is approximately 14,000 SF. The design of the facility is in compliance with FEMA 361, Design & Construction Guidance for Community Safe Rooms.

The proposed facility will include state-of-the-art communications networking equipment fully integrated with all community emergency agencies such as police, ambulance & fire departments. Safety & security is paramount on this project & will require multiple levels of secure entry, both for personnel & systems into the facility. This will be accomplished through the use of fencing, landscaping, gates, entry control points, interior "man-traps," construction materials, & redundant critical systems.

The proposed facility is primarily composed of a single story steel structure with precast concrete exterior panels. Interior construction includes CMU & drywall partitions & selective areas where raised access flooring is incorporated. Major mechanical equipment (electrical generators, chillers, etc.) are located outside of the primary structure but within a protected structure.

**SC DEPT. OF TRANSPORTATION
QUALIFIED PRODUCTS LISTS
& POLICIES**

The South Carolina Department of Transportation (SCDOT) maintains Qualified Products Lists (QPL) for a variety of pre-qualified materials that may be used on construction & maintenance projects as specified in the project proposal. If a QPL is referenced, only the pre-qualified products may be used.

The Qualified Products Policies (QPP) provide information to the manufacturer of the material to assist them in obtaining pre-qualified status. Each QPL & QPP indicates when the last revision occurred & a contact name in the event assistance is required.

For information about the QPL lists & the policy & procedures governing the testing & approval of those products, please visit the Materials & Research page at http://www.scdot.org/doing/rm_lab.asp. This site allows access to the contents of the various lists & also access to the published policy by selecting the date listed under the Policy or the List categories.
