INTENT TO SOLE SOURCE

SmartMCT

The South Carolina Department of Public Safety (SCDPS) purchased computer aided dispatch (CAD) software; SmartCAD; through competitive solicitation 03-S5649 from SmartCOP, Inc.; currently doing business as CTS America. The purchase of

SmartCAD was a foundation for future public safety initiatives, such as mobile data & automatic vehicle positioning that utilized existing network infrastructure & hardware, as well as existing SCDPS database repositories.

It is the intent of SCDPS to negotiate & award a sole source procurement for an additional module, SmartMCT; from CTS America.

SmartMCT at a minimum must:

1. Integrate with existing system; SmartCAD;
2. Update to existing SmartCAD system without user intervention;
3. Communicate with other entities such as SLED/NCIC, S.C. Department of Motor Vehicles;
4. Update "live" to existing SmartCAD system without additional user intervention.

CTS America is the original & sole developer, distributor & technical support supplier for CTS America/SmartCOP software. SmartCAD & SmartMCT software is proprietary software owned by CTS America & can only be purchased directly from CTS America.

Based on this assessment, SCDPS believes CTS America is the only contractor capable of providing these products & services. This notice of Intent to Sole Source is to determine the availability of any other Contractors capable of providing the products & services as outlined above. Contractors capable of providing the products & services outlined above must respond via email to cathysprowls@scdps.gov on or before 10:00am, local time, October 31, 2014.

FIDELIS LUCINA MATERNAL FETAL SIMULATOR

Greenville Technical College (GTC) intends to sole source the procurement of a Fidelis Lucina Maternal Fetal Simulator from CAE Healthcare of Sarasota, Florida. The following features are requirements determined by the college STAT Center to be necessary for the complete range of GTC programs. Our research has revealed that the Fidelis by CAE is the only mannequin that captures all these features.

- Single operator use
- Wireless capability
- Blinking eyes with reactive pupillary response
- Mechanical ventilator compatible
- Palpable contractions
- Interchangeable abdominal attachment/module for a non-pregnant female patient
- Automatic fetal turtling during shoulder dystocia presentation

- Post-partum hemorrhage that automatically responds to uterine massage
- Leopold maneuver attachment/module
- Seizure activity
- Manual pelvic tilt capable
- Various uterus atony presentations
- Various Interchangeable cervices for vaginal exams

Greenville Technical College will accept responses from vendors that can provide a maternal fetal simulator that meets or exceeds the referenced requirements.

Inquiries or responses must be received no later than 4:00pm, October 20, 2014. Please submit all inquiries & responses to B J Hart-Landers, BJ.Landers@gvltec.edu.

The Notice of Sole Source will be posted at www.gvltec.edu/purchasing.
