

# State of South Carolina

Invitation For Bid

**Amendment #2**

Solicitation: **5400011743**  
 Date Issued: 09/21/2016  
 Procurement Officer: MICHAEL SPEAKMON  
 Phone: 803-737-9816  
 E-Mail Address: [mspeakmon@mmo.sc.gov](mailto:mspeakmon@mmo.sc.gov)  
 Mailing Address: SFAA, Div. of Procurement Services, MMO  
 PO Box 101103  
 Columbia SC 29211  
 Physical Address: 1201 Main Street, Suite 600  
 Columbia, SC 29201

**RECEIVED**

DESCRIPTION: **STATEWIDE FOR PICKUPS**

USING GOVERNMENTAL UNIT: **Statewide Term Contract**

OCT 04 2016

SUBMIT YOUR OFFER ON-LINE AT THE FOLLOWING URL: <http://www.procurement.sc.gov>

Materials Management Office  
11:00 A.M.

SUBMIT OFFER BY (Opening Date/Time): ~~09/26/2016~~ **10/04/2016 11:00 A.M.** (See "Deadline For Submission Of Offer" provision)

QUESTIONS MUST BE RECEIVED BY: **N/A**

NUMBER OF COPIES TO BE SUBMITTED: **\*\* Online Submittals Preferred \*\***  
If Submitting Paper Submittals – 2 (1 original & 1 copy)

CONFERENCE TYPE: **N/A**  
DATE & TIME:

LOCATION: **N/A**

(As appropriate, see "Conferences - Pre-Bid/Proposal" & "Site Visit" provisions)

AWARD & AMENDMENTS

Award will be posted on ~~10/13/2016~~ **10/18/2016**. The award, this solicitation, any amendments, and any related notices will be posted at the following web address: <http://www.procurement.sc.gov>

You must submit a signed copy of this form with Your Offer. By signing, You agree to be bound by the terms of the Solicitation. You agree to hold Your Offer open for a minimum of thirty (30) calendar days after the Opening Date. (See "Signing Your Offer" provision.)

NAME OF OFFEROR

**VIC BAILEY FORD**  
(full legal name of business submitting the offer)

Any award issued will be issued to, and the contract will be formed with, the entity identified as the Offeror. The entity named as the offeror must be a single and distinct legal entity. Do not use the name of a branch office or a division of a larger entity if the branch or division is not a separate legal entity, i.e., a separate corporation, partnership, sole proprietorship, etc.

AUTHORIZED SIGNATURE

**[Signature]**  
(Person must be authorized to submit binding offer to contract on behalf of Offeror.)

DATE SIGNED

**10-3-16**

TITLE

**FLEET SALES MGR**  
(business title of person signing above)

STATE VENDOR NO.

**7000079092**  
(Register to Obtain S.C. Vendor No. at [www.procurement.sc.gov](http://www.procurement.sc.gov))

PRINTED NAME

**DAVID VETTER**  
(printed name of person signing above)

STATE OF INCORPORATION

**SC**  
(If you are a corporation, identify the state of incorporation.)

OFFEROR'S TYPE OF ENTITY: (Check one)

(See "Signing Your Offer" provision.)

Sole Proprietorship       Partnership       Other \_\_\_\_\_

Corporate entity (not tax-exempt)       Corporation (tax-exempt)       Government entity (federal, state, or local)

# **STANDARDIZED SPECIFICATIONS (revised 08/11/2016)**

The following 14 specifications are applicable if they are listed as “Factory Installed Items” (included in the “Base Price”) or “Option Equipment” (Add or Deduct Pricing). If they are not referenced by the spec item name (example: Tow Package) in the individual vehicle spec, they do not apply. Should it be necessary to deviate from a standard spec, the deviation(s) will be expressly stated within the individual vehicle spec. The individual vehicle spec takes precedence over the standardized vehicle spec. Unless stated otherwise in an individual vehicle’s specification, the following standardized specifications apply:

**IMPORTANT NOTICE:** Contractors should review purchase orders carefully for items such as drawbar, pin, clip and shank configuration information as well as anything else needing further description for that order as provided in the contract documents. They should notify the governmental entity when needed information is missing. This office will require delivery of all specified items unless the governmental entity provides specific notice of relief from same in writing. **THESE TYPE ITEMS ARE INCLUDED IN THE CONTRACT PRICES!**

**AUXILIARY POWER CONNECTION:** A factory installed two wire power connection shall be provided in the engine compartment. If the specified connection is NOT offered by the manufacturer, said connection may be installed by an upfitter. Documentation of non-availability from the manufacturer is to be obtained from the manufacturer and included in the bid submittal. The circuit shall be a minimum 5 amp fused with a minimum 14 gauge automotive grade cable. The circuit shall operate with the ignition switch in the “Accessory” or “On” position and shall include one blue wire for ignition and one red wire for accessory. The power connection will allow installation of additional high amperage accessories.

**AUXILIARY POWER OUTLET:** A factory installed 12 volt single port power outlet shall be provided in the dashboard or front console of the vehicle. The power outlet shall operate independently from other electronic components with a minimum 20 amp circuit. The outlet shall operate with the vehicle ignition switch in the “Off” or “On” position and shall be accessible from the driver’s seat position. If not available from the manufacturer, the auxiliary power outlet may be installed by an up-fitter.

**DAYTIME RUNNING LIGHTS:** If standard equipment, daytime running lights are to be made inoperable prior to delivery on vehicles purchased by law enforcement entities.

**ENGINES – GASOLINE / UNLEADED / E10:**

For gasoline powered vehicles and equipment, fuel system components and gasoline engines shall be compatible with E10 ethanol blends, minimum. These engines are to perform as follows:

- No noticeable degradation in vehicle drivability,
- Minimal impact on vehicle operating efficiency (defined to be no more than 10% decrease in fuel economy)
- Maintenance sensors and warning systems are to display normally (example: use of E10 is not to cause the check engine light to display)

**NOTICE:** The State has transitioned to the E10 Unleaded Fuel Blend. The fuel contracts reflect same.

Remainder of Page Intentionally Left Blank

**FLOOR MATS:** Unless stated otherwise in the individual vehicle specifications the following applies:

- a) **When floor mats are available through the manufacturer, the mats provided will be either the manufacturer's mats or equal. The equal must meet or exceed the manufacturer's mat fit and quality characteristics. This applies to both carpeted and rubber/vinyl mats. If an equal is being offered, it will be identified in the offer as a dealer installed item.**
- b) Vehicles with carpeted interiors will include high grade factory carpeted floor mats or equal.
- c) Vehicles equipped with vinyl or rubber flooring should be equipped with the factory standard Floor Mat that reduces movement of mats on such flooring material. If a factory standard mat is not available, vehicles equipped with vinyl or rubber flooring should not be delivered with Floor Mats.
- d) In the event required floor mats (listed as a factory installed item in the individual vehicle specification) are not available through the manufacturer; high quality, heavy duty floor mats will be offered and identified in the offer as a dealer installed item. The floor mat type will be the same as that listed in the individual vehicle specification (carpeted).

**NOTE:** Should a vehicle with carpeted interior specify rubber or vinyl floor mats, the mats will be high quality, heavy duty rubber/vinyl mats. Item A (above) applies.

**4 x 4 WHEEL DRIVE PACKAGE** - The following items are included:

Transfer Case with Auto Locking Hubs (operator can lock in hubs without leaving the cab)  
Factory Skid Plates (minimum set includes transfer case and fuel cell protection)  
Locking or Limited Slip Differential or Electronic Traction Control  
Suspension – all changes recommended by the manufacturer for 4 x 4 operation.  
All Terrain Tires

**IMPORTANT DISTINCTION:** The State does NOT consider All Wheel Drive (AWD) to be equivalent to Four Wheel Drive (4 x 4). Therefore, AWD will NOT be accepted as a substitute for 4 x 4.

**FUEL SYSTEM:** For Diesel powered vehicles and equipment, fuel system components and Diesel engines shall be compatible with B20 bio-diesel blends, minimum.

**HEAD RESTRAINTS:** All outboard seating positions shall have factory installed head restraints via head rests or high back seats. The head restraints shall meet all requirements of U. S. Department of Transportation National Highway Traffic Safety Administration and Federal Motor Vehicle Standards.

**NOTE:** If head restraints are not available, the contactor shall provide each ordering governmental entity notification from the manufacturer verifying that head restraints are not available. **If head restraints are available from the manufacturer as either a standard or option item, they must be included in the offer and incorporated into the base price of the vehicle.**

**MIRRORS – EXTENDED, BREAKAWAY:** The primary mirror will be a minimum of 6" x 14". The convex mirror will be a minimum of 5". The purpose of the mirror is to improve the driver's view to the rear when towing and backing.

**RADIO NOISE SUPPRESSION:** The vehicle is to be used as a governmental fleet vehicle and will have an approximate 150-watt mobile (two-way) radio installed, operating on frequencies designated by the FCC for use in the Public Safety Radio Service (47 CFR 90). The vehicle shall be fully compatible with the above radio installation, and vehicle components and equipment shall not interfere with operation (transmitting or receiving) of the mobile radio.

**STEP BAR – ENTRY / EGRESS:** On level ground, where the vertical clearance from the ground to door threshold (place where the driver and passenger(s) place their foot when entering the cab) exceeds nineteen inches, a 3 inch diameter step bar shall be installed on both sides of the vehicle so the ground clearance to the bar does not exceed nineteen inches. For vehicles with extended, quad, or crew cabs, an extended or double step bar shall be installed that services entry to and egress from all doors. In all cases, overall manufacturer desired

vehicle ground clearance must be maintained. The bar shall be the type customarily manufactured and marked for this purpose. It may be factory, dealer, or approved up-fitter installed. The step bar shall be a BULLY single, extended, or double step bar, or equal. **For vans and utilities (SUV's)** with steps that exceed nineteen inches, a full running board type step with a platform measuring no less than six inches deep must be installed to allow entry and egress from all side doors (including all doors mounted on drivers side.) A step is not required for rear door access.

Step Bar Color: Black Powder Coated

OEM molded plastic running boards are acceptable (black).

**THREE (3) KEYS:** Three (3) complete sets of keys to include two (2) remote entry key fobs are to be provided for each vehicle delivered. The cost for same is included in the base price. This requirement applies to all types of key systems (traditional key sets, programmable keys, keys with remote fobs, etc.)

**TIRES:** Tires will be mounted with black walls turned to the outside. All tire walls with contrasting colors such a white walls, red walls, raised white letters, etc. will be turned to the inside. The buying governmental entity may reject delivery if black walls are not turned to the outside.

**TOW PACKAGE** **\*\*FACTORY INSTALLED\*\***: Factory installed hitch plus all necessary components to match or exceed the maximum rated towing capacity of vehicle are to be included. Wiring will include everything necessary to hook-up both 4 way and 7way wiring harnesses. Contractor to provide **(at no additional charge)** the drawbar, pin, clip, ball, and shank configuration specified by the owner when each order is placed (example: Dept. of Natural Resources standard configuration unless specified otherwise on their purchase order is as follows: Drawbar w/2" drop, pin, clip, and 2" ball w/ 1" solid shank).

**NOTE:** **If the drawbar, pin, clip, and shank configuration is inadvertently left off a purchase order, it does not relieve the contractor of the requirement to provide same as specified in the contract documents.**

**WINCH:** Electric, Front Mount, 9,000 lb. with Roller Fair Lead (5742) and 125' cable, Grill Guard and Mounting Bracket, Warn model XD9000i. **Mounting bracket must not extend down below the height of the front bumper. (May be installed by Dealer or approved Upfitter)**
