

Dental Contracts Updates

Just a reminder that the dental contracts are expiring at the end of the year, and we are working with MMCAP to get new ones in place before the old ones expire. The Henry Schein contract has been extended until June 30, 2025, while MMCAP finishes negotiations. Make a note that it looks like Darby Dental will NOT be one of the MMCAP awarded vendors so be sure to get your orders in with them before the end of the year.

Herbicide Contracts Extended (October Update)

The current contracts for herbicides have been extended until December 8, 2024, while we make significant improvements to the new solicitation. Please see the "Currently Published Solicitations" below.

Update: Three days before the scheduled bid opening, we were informed that some of the products in our market basket were being discontinued by the manufacturer and we would not receive any offers for those items. So, it was necessary to issue another amendment to ensure that we would receive responsive offers. At this point we're a little gun shy with this one and not going to make any predictions but it is our "hope" that this will be the last amendment.
