2A047-2 DISCLOSURE OF CONFLICTS OF INTEREST OR UNFAIR COMPETITIVE ADVANTAGE (FEB 2015)
You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor’s judgment, and (b) preventing an unfair competitive advantage. Before withholding award on these grounds, an offeror will be notified of the concerns and provided a reasonable opportunity to respond. | 2A105-2 | RESPONSIVENESS/ IMPROPER OFFERS (JUN 2015): (a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.  
(b) Multiple Offers. Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.  
(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]  
(d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].  
(e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.  
(f) Do not submit bid samples or descriptive literature unless expressly requested. Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. <td><strong>SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)</strong> (An overview is available at <a href="http://www.procurement.sc.gov">www.procurement.sc.gov</a>). For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word “CONFIDENTIAL” every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words “TRADE SECRET” every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word “PROTECTED” every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked “TRADE SECRET” or “CONFIDENTIAL” or “PROTECTED”; (2) agrees that any information not marked, as required by these bidding instructions, as a “Trade Secret” is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror’s marking of documents, as required by these bidding instructions, as being either “Confidential” or “Trade Secret” or “PROTECTED.” By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney’s fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as “confidential” or “trade secret” or “PROTECTED.” (All references to S.C. (b) By submitting a response to this solicitation or request, Offeror agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected"; (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure.

(c) If your offer includes any information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text.

(f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. 7B065-1 **CONTRACTOR’S OBLIGATION – GENERAL (JAN 2006):** The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor’s performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

7B067-1 **CONTRACTOR’S USE OF STATE PROPERTY (JAN 2006):** Upon termination of the contract for any reason, the State shall have the right, upon demand, to obtain access to, and possession of, all State properties, including, but not limited to, current copies of all State application programs and necessary documentation, all data, files, intermediate materials and supplies held by the contractor. Contractor shall not use, reproduce, distribute, display, or sell any data, material, or documentation owned exclusively by the State without the State’s written consent, except to the extent necessary to carry out the work. [07-7B067-1]

7B075-1 **DEFAULT (JAN 2006):**

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to: 

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension; 

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or 

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State’s right to terminate this contract under subdivisions (a)(1)(i) and (1)(ii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual
capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as “manufacturing materials” in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor’s rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor’s rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

[07-7B075-1]

7B080-2 DEFAULT – SHORT FORM (FEB 2015): The state may terminate this contract, or any part hereof, for cause in the event of any default by the contractor, or if the contractor fails to comply with any material contract terms and conditions, or fails to provide the state, upon request, with adequate assurances of future performance. In the event of termination for cause, the state shall not be liable to the contractor for any amount for supplies or services not accepted, and the contractor shall be liable to the state for any and all rights and remedies provided by law. If it is determined that the state improperly terminated this contract for default, such termination shall be deemed a termination for convenience. [07-7B080-2]

7B085-1 DISPOSAL OF PACKAGING (JAN 2006): Contractor shall dispose of all wrappings, crating, and other disposable materials pertaining to this contract at the end of each working day and upon completion of installation. [07-7B085-1]

7B090-1 ESTIMATED QUANTITY - PURCHASES FROM OTHER SOURCES (JAN 2006): The state may bid separately any unusual requirements or large quantities of supplies covered by this contract. [07-7B090-1]

7B095-1 ESTIMATED QUANTITY - UNKNOWN (JAN 2006): The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]
| 7B097-1 | **ILLEGAL IMMIGRATION (NOV 2008):** (An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1] |

| 7B100-2 | **INDEMNIFICATION- THIRD PARTY CLAIMS – GENERAL (NOV 2011):** Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnities for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys’ fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee’s negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnities shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor’s obligations hereunder are in no way limited by any protection afforded under workers’ compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties’ agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, “Indemnities” means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2] |

| 7B102-1 | **INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015)**

(a) Without limitation, Contractor shall defend and hold harmless Indemnities from and against any and all suits, claims, investigations, or fines (hereinafter “action”) of any character (and all related damages, settlement payments, attorneys’ fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnity, and whether or not such action is brought by a third party or an Indemnity, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

(b) Indemnity must notify contractor in writing within a reasonable period of time after Indemnity first receives written notice of any action. Indemnity’s failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractors ability to defend such action. Indemnity must reasonably cooperate with contractor’s defense of such...
actions (such cooperation does not require and is without waiver of an Indemnitees attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor’s defense of any action at its own expense. Contractor may not, without Indemnitee’s prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee’s consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment of or subjects Indemnitee to any injuncion.

(c) Notwithstanding any other provision, contractor’s obligations pursuant to this clause are without any limitation whatsoever. Contractor’s obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.

(d) “Indemnitee” means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees.

[07-7B102-1]

7B103-1 INDEMNIFICATION- INTELLECTUAL PROPERTY (JAN 2006): (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys’ fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor’s defense of such claim. (b) In the event an injunction or order shall be obtained against State’s use of any acquired item, or if in Contractor’s opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractors obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor’s compliance with specifications furnished by the State unless Contractor knew its compliance with the State’s specifications would infringe an IP right, or (ii) that the claim is caused by Contractor’s compliance with specifications furnished by the State if the State knowingly relied on a third party’s IP right to develop the specifications provided to Contractor and failed to identify such product to Contractor. (d) As used in this paragraph, these terms are defined as follows: “IP right(s)” means a patent, copyright, trademark, trade secret, or any other proprietary right. “Acquired item(s)” means the rights, goods, or services furnished under this agreement. “Specification(s)” means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor’s obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement. [07-7B103-1]

7B105-1 INFORMATION SECURITY - SAFEGUARDING REQUIREMENTS (FEB 2015)

(a) **Definitions**. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions. In addition, as used in this clause—

**Clearing** means removal of data from an information system, its storage devices, and other peripheral devices with storage capacity, in such a way that the data may not be reconstructed using common system capabilities (i.e., through the keyboard); however, the data may be reconstructed using laboratory methods.

**Intrusion** means an unauthorized act of bypassing the security mechanisms of a system.

**Media** means physical devices or writing surfaces including but not limited to magnetic tapes, optical disks, magnetic disks, portable hard drives, “thumb” drives, large scale integration memory chips, and printouts (but not including display media, e.g., a computer monitor, cathode ray tube (CRT) or other (transient) visual output) onto which information is recorded, stored, or printed within an information system.

**Safeguarding** means measures or controls that are prescribed to protect information.

**Voice** means all oral information regardless of transmission protocol.
(b) **Safeguarding Information.** Without limiting any other legal or contractual obligations, contractor shall implement and maintain reasonable and appropriate administrative, physical, and technical safeguards (including without limitation written policies and procedures) for protection of the security, confidentiality and integrity of the government information in its possession. In addition, contractor shall apply security controls when the contractor reasonably determines that safeguarding requirements, in addition to those identified in paragraph (c) of this clause, may be required to provide adequate security, confidentiality and integrity in a dynamic environment based on an assessed risk or vulnerability.

(c) **Safeguarding requirements and procedures.** Contractor shall apply the following basic safeguarding requirements to protect government information from unauthorized access and disclosure:

1. **Protecting information on public computers or Web sites:** Do not process government information on public computers (e.g., those available for use by the general public in kiosks, hotel business centers) or computers that do not have access control. Government information shall not be posted on Web sites that are publicly available or have access limited only by domain/Internet Protocol restriction. Such information may be posted to web pages that control access by user ID/password, user certificates, or other technical means, and that provide protection via use of security technologies. Access control may be provided by the intranet (versus the Web site itself or the application it hosts).

2. **Transmitting electronic information.** Transmit email, text messages, blogs, and similar communications that contain government information using technology and processes that provide the best level of security and privacy available, given facilities, conditions, and environment.

3. **Transmitting voice and fax information.** Transmit government information via voice and fax only when the sender has a reasonable assurance that access is limited to authorized recipients.

4. **Physical and electronic barriers.** Protect government information by at least one physical and one electronic barrier (e.g., locked container or room, login and password) when not under direct individual control.

5. **Sanitization.** At a minimum, clear information on media that have been used to process government information before external release or disposal. Overwriting is an acceptable means of clearing media in accordance with National Institute of Standards and Technology 800–88, Guidelines for Media Sanitization, at http://csrc.nist.gov/publications/nistpubs/800-88/NISTSP800-88_with-errata.pdf.

6. **Intrusion protection.** Provide at a minimum the following protections against intrusions and compromise:
   i. Current and regularly updated malware protection services, e.g., anti-virus, antispyware.
   ii. Prompt application of security-relevant software upgrades, e.g., patches, service packs, and hot fixes.

7. **Transfer limitations.** Transfer government information only to those subcontractors that both require the information for purposes of contract performance and provide at least the same level of security as specified in this clause.

(d) **Subcontracts.** Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement requirements at least as secure as those imposed by this clause on, any other person or entity that contractor authorizes to take action related to government information.

(e) **Other contractual requirements regarding the safeguarding of information.** This clause addresses basic requirements and is subordinate to any other contract clauses or requirements to the extent that it specifically provides for enhanced safeguarding of information or information systems.

[07-7B105-1]

INFORMATION SECURITY – LOCATION OF DATA (FEB 2015): Notwithstanding any other provisions, contractor is prohibited from processing, storing, transmitting, or accessing government information, as defined in the clause titled Information Security - Definitions,
outside the continental United States. For clarity, this obligation is a material requirement of this contract and applies to subcontractors at any tier.

7B108-1 INFORMATION USE AND DISCLOSURE (FEB 2015)
Except to the extent necessary for performance of the work, citizens should not be required to share information with those engaged by the government in order to access services provided by the government and such information should be used by those engaged by the government only to the extent necessary to perform the work acquired; accordingly, this clause addresses basic requirements for the Contractor's use and disclosure of government information, which expressly includes, but is not limited to, information provided by or obtained from the citizens. Anonymizing information does not resolve the foregoing concern. This clause should be broadly interpreted to effectuate this intent. Every obligation in this clause is material. Absent express reference to this clause, this clause supersedes any other clause to the extent of any inconsistency unless and to the extent the other clause provides greater protection for government information.

(a) Definitions. The terms used in this clause shall have the same meaning as the terms defined in the clause titled Information Security – Definitions.

(b) Legal mandates. Contractor shall be permitted to use, disclose, or retain government information to the limited extent necessary to comply with any requirement imposed on Contractor by law. If it is necessary for Contractor to use, disclose, or retain government information in order to comply with a law, Contractor shall provide using governmental unit with written notice, including a description of the circumstances and applicable law, in advance of such use, disclosure or retention except to the extent expressly prohibited by law.

(c) Flow down. Any reference in this clause to Contractor also includes any subcontractor at any tier. Contractor is responsible for, and shall impose by agreement the requirements of this clause on, any other person or entity that contractor authorizes to take action related to government information.

(d) Collecting Information. Contractor must gather and maintain government information only to the minimum extent necessary to accomplish the work.

(e) Rights, Disclosure and Use. Except as otherwise expressly provided in this solicitation, Contractor agrees NOT to either (1) use or disclose government information, or (2) retain government information after termination or expiration of this contract. Contractor acquires no rights in any government information except the limited rights to use, disclose and retain the government information in accordance with the terms of this solicitation. To the extent reasonably necessary to perform the work, Contractor may: (i) use (including access, process, transmit, and store) and maintain the government information itself; and (ii) disclose government information to persons having a need-to-know (e.g., subcontractors). Before disclosing government information to a subcontractor or third party, Contractor shall give the using governmental unit detailed written notice of both the reason for disclosure and the identity and location of the recipient. The notice shall be provided no later than fifteen (15) business days in advance of the disclosure.

(f) Return. Notwithstanding the using governmental unit’s failure to perform or the pendency of a dispute, Contractor agrees to promptly deliver to the using governmental unit (or destroy, at the using governmental unit’s option) all government information in its possession as and upon written request of using governmental unit (provided that, if the contract has not expired or been terminated, Contractor shall be excused from the performance of any work reasonably dependent on Contractor's further access to such government information).

(g) Privacy Policy & Applicable Laws. Without limiting any other legal or contractual obligations imposed by this contract or the law, Contractor shall (a) comply with its own privacy policies and written privacy statements relevant to the work, and (b) comply with (1) all laws applicable to Contractor regarding government information, and (2) all laws and standards identified in the clause, if included, entitled Information Use and Disclosure – Standards.
(h) Actions Following Disclosure. Immediately upon discovery of a compromise or improper use of government information, Contractor shall take such action as may be necessary to preserve forensic evidence and eliminate the cause of the compromise or improper use. As soon as practicable, but no later than twenty-four hours after discovery, Contractor shall notify the using governmental unit of the compromise or improper use, including a description of the circumstances of the use or compromise. As soon as practicable after discovery, Contractor shall undertake a thorough forensic investigation of any compromise or improper use and provide the using governmental unit all information necessary to enable the using governmental unit to fully understand the nature and extent of the compromise or improper use. With regard to any compromise or improper use of government information, Contractor shall: (1) provide any notification to third parties legally required to be provided such notice by Contractor, and if not (e.g., if legally required of the using governmental unit), Contractor shall reimburse the using governmental unit for the cost of providing such notifications; (2) pay all costs and expenses for at least two years of identity theft monitoring services (including without limitation, credit monitoring) and identity theft restoration services for any such affected individuals receiving notice where such services are appropriate given the circumstances of the incident and the nature of the information compromised; (3) undertake any other measures that are customary and reasonable for an entity to take when experiencing a similar disclosure, (4) pay any related fines or penalties imposed on the using governmental unit, and (5) reimburse the Using Governmental Unit all costs reasonably incurred for communications and public relations services involved in responding to the compromise or improper use. Notwithstanding any other provision, contractor’s obligations pursuant to this item (h) are without limitation.

(i) Survival & Remedy. All the obligations imposed by this paragraph are material. The obligations of this section shall survive termination or expiration of the contract. Without limiting any rights the using governmental unit may have, and notwithstanding any other term of this contract, Contractor agrees that using governmental unit may have no adequate remedy at law for a breach of Contractor’s obligations under this clause and therefore the using governmental unit shall be entitled to pursue equitable remedies in the event of a breach of this clause. [07-7B108-1]

(4) The absence in any subcontract of a similar clause limiting contractor’s liability shall not effectively increase the obligation of the Using Governmental Unit beyond what it would have been had the subcontract contained such a clause.

(5) The Using Governmental Unit’s liability for damages, if any, shall in no event exceed [a dollar amount]. Nothing herein shall be construed to waive any law or clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on payment or recovery provided by law.

(6) The State of South Carolina’s total liability for any obligation under any clause imposing any duty of confidentiality or non-disclosure shall not exceed an amount equal to fifty thousand dollars. [07-7B117-1]

b. Contractor ceases to do business or exist as a valid business entity, as evidenced by an adjudication of bankruptcy or other definitive measure of cessation of operations.

With regards to proprietary software, the state may not sell, assign lease, or otherwise provide said source code(s) to any other person or entity, regardless of modification, without the express written consent of contractor, its successors, and assigns. [07-7B215-1]

**SERVICE PROVIDER SECURITY REPRESENTATION (FEB 2015)**: The following obligations are subordinate to any other contract clause to the extent the other clause specifically provides for enhanced safeguarding of government information, applicable information systems, or applicable organizations. Offeror (i) warrants that the work will be performed, and any applicable information system (as defined in the clause titled “Information Security - Definitions”) will be established and maintained in substantial conformity with the information provided in Offeror’s Response to SPSAQ; (ii) agrees to provide the Using Governmental Unit with prompt notice of any material variation in operations from that reflected in the Response to SPSAQ; and (iii) agrees to comply with all other obligations involving either information security or information use and disclosure imposed by the contract, notwithstanding any inconsistent statement in Offeror’s Response to SPSAQ. To the extent Offeror’s Response to SPSAQ does not conform to any other contractual requirements, the Using Agency’s lack of objection does not constitute a waiver [07-7B217-1]

**SHIPPING / RISK OF LOSS (JAN 2006)**: F.O.B. Destination. Destination is the shipping dock of the Using Governmental Units' designated receiving site, or other location, as specified herein. (See Delivery clause) [07-7B220-1]

**SOFTWARE LICENSING AGREEMENTS FOR STATEWIDE TERM CONTRACTS (FEB 2015)**

(a) Definitions. As used in this paragraph, these terms are defined as follows: “Software” means any computer program identified by the solicitation. “Licensor” means an entity that owns the intellectual property rights for an item of Software or has the authority to license or sublicense the Software directly to the state. “Software licensing agreement” means any agreement, regardless of how designated, pertaining to the intellectual property rights for or the right to use any Software, including, but not limited to, any such agreement proposed prior to or after award, including without limitation any such agreement that either is affixed to (e.g., shrink-wrap), imbedded in (e.g., click- wrap), or in any way accompanies the Software upon delivery.

(b) Separate Agreement for License and Services. This contract will address all Work (excluding the right to use the Software) and all terms regarding pricing, payment, and delivery of all Software. An independent Software Licensing Agreement has already been entered between the state and each applicable Licensor for all Software identified herein. Pursuant to this contract, the state intends to pay contractor in order to acquire license rights from Licensor under terms governed by the applicable Software Licensing Agreement. ACCORDINGLY, YOU MUST NOT SUBMIT ANY SOFTWARE LICENSING AGREEMENTS WITH YOUR OFFER.
(c) Political Subdivisions. You agree not to fulfill an order or provide any software to a local public procurement unit (see “Statewide Term Contract” provision) unless and until you have first presented to the unit a copy of the “Enrollment Agreement for South Carolina Public Entities” (Exhibit A of the COTS Piggyback), for execution, and if signed, delivered a copy to the applicable Licensor. For each Licensor, a unique version of the Enrollment Agreement for South Carolina Public Entities form is attached. This requirement does not apply to software licensed by a Licensor not identified on the list attached and entitled Enrollment Agreement Applicability List. [07-07B223-2]

<tr>
<td>“Configuration” means any customer-specific modification to software that does not require changes to the software’s source code, such as rules-based, rules engine based, or parameter driven modifications to configure the software.</td>

</table>
| (b) Contract and Software Licensing Agreement are Separate. The State seeks to establish related but independent agreements, one with each applicable licensor of COTS and one with the contractor - regardless of whether the licensor and the contractor are the same or different entities. As provided in the clause titled “Bid / Proposal As Offer To Contract,” a contract between the State and the contractor results from an award made pursuant to this solicitation. In contrast, the State’s acceptance of your offer does not serve as the State’s acceptance of any software licensing agreement; rather, software licensing agreements must be separately executed in order to be binding, regardless of whether the license to use the software will be granted by you or a third party. The contract, as defined in the clause titled “Definitions,” will address all work (excluding the use rights for any software product)
and all terms regarding pricing, payment, and delivery of any software product. Accordingly, the State intends to pay contractor in order to acquire license rights for any software product, but the license rights will be governed by a software licensing agreement with the licensor.

(c) Critical Instructions. (1) Your offer must identify each software product you propose to provide, identify the licensor, and explain which of the following licensing models apply: (i) you intend to license (or sublicense) the item directly to the State, or (ii) you intend to “resell” or distribute the item to the State (with licensing handled directly with the third-party licensor). You should use the Software Table attached to this solicitation to assist you in providing this information. (2) Your offer must NOT include any software licensing agreements; however, for any software product identified in your offer, you must submit a software licensing agreement upon request of the procurement officer. You must be prepared to provide any requested software licensing agreement within one business day of receiving a request. (3) Regardless of your licensing model, your price must include the cost of providing every software product you propose to provide to the State and those terms will form part of the contract.

(d) Pre-Condition of Award. If the work you are offering to perform is dependent upon the licensing of a software product by the State and the State is unsuccessful in negotiating an acceptable software licensing agreement for any software product for which it finds such an agreement necessary, your offer will be rejected. To facilitate the timely and successful negotiation of a software licensing agreement deemed necessary by the State, the State may ask you, after opening but prior to award, to acquire from the licensor an executed copy of the piggyback. You should communicate with the licensors for any major or critical software product well in advance of submitting a proposal, and licensors should be informed that few changes will be made to the piggyback. [The State already has, and continues to enter into, standing, statewide, licensing agreements for a variety of computer programs. Without limiting any of the above requirements, an applicable agreement may already exist for one or more items of COTS you have identified.] [07-7B224-1]

STATEWIDE TERM CONTRACT (DEC 2015) FEB 2021:

(a) With this solicitation, the state seeks to establish a term contract (as defined in Section 11-35-310(35)) available for use by all South Carolina public procurement units (as defined in Section 11-35-4610(5)). Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35-310(35). See clause entitled “Acceptance of Offers 10% Below Price” in Part VII.B. of this solicitation. Use by local public procurement units is optional. Section 11-35-4610 defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(23) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.

(b) The State shall be entitled to audit the books and records of you and any subcontractor to the extent that such books and records relate to the performance of the work. Such books and records shall be maintained by the contractor for a period of three years from the date of final payment under the contract and by the subcontractor for a period of three years from the date of final payment under the subcontract, unless a shorter period is otherwise authorized in writing by the Chief Procurement Officer.

(c) As used herein, “additional contract terms” means additional terms not otherwise allowed by the “Purchase Orders” clause. Notwithstanding the “Purchase Orders” clause, a purchase order may include additional contract terms but only if and to the extent necessary: (i) to comply with a requirement directly related to the work and imposed on the Using Governmental Unit either by law or as a condition of using state or federal assistance, grant, or contract funds, or (ii) for the Using Governmental Unit to impose organizational, operational, or technical security measures designed to protect the integrity, availability, or confidentiality of the Using Governmental Unit’s data. Contractor may decline to honor a purchase order including additional contract terms. Notwithstanding the “Purchase Orders” clause, a Using Governmental Unit may include additional contract terms in a purchase order if and to the extent necessary for the Using Governmental Unit (i) to comply with

| 7B265-1 | **TERMINATION FOR CONVENIENCE (JAN 2006):** (1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective. (2) Contractor’s Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor’s right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so. (3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts,
tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called “manufacturing material”) as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor’s failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the State’s right to require the termination of a subcontract, or (ii) increase the obligation of the State beyond what it would have been if the subcontract had contained an appropriate clause.

BLANKET PURCHASE AGREEMENTS (NOV 2007):
(a) Pursuant to S.C. Regulation 19-445.2100(B), this purchase order establishes a blanket purchase agreement to facilitate filling repetitive needs for small quantities of miscellaneous supplies or services. Contractor shall furnish the supplies or services described herein in general terms, if and when requested by authorized personnel during the specified period and within the stipulated aggregate amount, if any. The State is obligated only to the extent of authorized calls actually placed against this blanket purchase agreement. Only those individuals expressly identified herein, by organizational component, and within any dollar limitations identified herein, may place calls under the agreement. Calls against this blanket purchase agreement generally will be made orally, except that informal correspondence may be used when ordering against agreements outside the local trade area. Written calls may be executed. Acceptance of supplies, services, or information technology shall be indicated by signature and date on the appropriate form by authorized personnel after verification and notation of any exceptions. This agreement shall be issued for a period of no longer than 12 months.

(b) All shipments under the agreement, except subscriptions and other charges for newspapers, magazines, or other periodicals, shall be accompanied by delivery tickets or sales slips which shall contain the following minimum information: (1) name of supplier; (2) blanket purchase agreement number; (3) date of call; (4) call number; (5) itemized list of supplies or services furnished; (6) quantity, unit price, and extension of each item less applicable discounts (unit price and extensions need not be shown when incompatible with the use of automated systems, provided that the invoice is itemized to show this information); and (7) date of delivery or shipment.

The State shall choose one of the following statements:
___ A summary invoice shall be submitted at least monthly or upon expiration of the blanket purchase agreement, whichever occurs first, for all deliveries made during a billing period, identifying the delivery tickets covered therein, stating their total dollar value, and supported by receipted copies of the delivery tickets.
___ An itemized invoice shall be submitted at least monthly or upon expiration of the blanket purchase agreement, whichever occurs first, for all deliveries made during a billing period and for which payment has not been received. Such invoices need not be supported by copies of delivery tickets.
___ When billing procedures provide for an individual invoice for each delivery, these invoices shall be accumulated provided that a consolidated payment will be made for each specified period; and the period of any discounts will commence on final date of billing period or on the date of receipt of invoices for all deliveries accepted during the billing period, whichever is later. This procedure should not be used if the accumulation of the individual invoices materially increases the administrative costs of this purchase method.
