CITY OF WEST COLUMBIA, SOUTH CAROLINA**REQUEST FOR QUALIFICATIONS (RFQ)****City of West Columbia 30" Sanitary Sewer Main Line Along the Saluda River Replacement Project**

The City of West Columbia (hereinafter City) is requesting Statement of Qualifications from qualified engineering consulting firms to provide professional engineering, studies, consulting, design, permitting and related services to assist the City with the design, permitting and construction administration of the 30" Sanitary Sewer Main Line Along the Saluda River Replacement Project located along and adjacent to Saluda River off the eastern end of Saluda River Drive, West Columbia, SC 29169 (hereinafter Project).

The Project generally consists of removing and replacing approx. 340' + section of existing 30" sanitary sewer main that runs along with and adjacent to the Saluda River, located near the SCE&G power line crossing at the Riverbanks Zoo Botanical Gardens entrance. The existing 30" reinforced concrete pipe (RCP) sewer main is approx. 45-years old. The discharge end of this line is blocked and has required the City to install temporary bypass pumps to maintain the sewer system flow. The anticipated work includes providing and maintaining appropriate sewer bypass pumps and temporary discharge lines, trench excavation, protection and dewatering as required for the removal and replacement of the entire length of the blocked section of 30" RCP (340' +) between two (2) existing concrete manholes. All Project construction work shall be done while keeping the City's sanitary sewer functional and completely operational. Time is of the essence, as temporary bypass pumps and discharge hoses have been installed and are necessary for the sewer system to remain operational.

Statements of Qualifications (SOQ) shall be limited to a maximum of 25 double-sided pages, not including the cover page, back cover, cover letter or tabbed pages. Consultants shall submit/deliver five (5) bound copies of their SOQ no later than 4:00 p.m. (EST), Tuesday, March 6, 2018 to the West Columbia City Hall, Water Customer Service Desk. The SOQ shall be labeled "RFQ for City of West Columbia – 30" Sanitary Sewer Main Line Along the Saluda River Replacement Project. Consultant SOQ's received after the date and time stated above will not be accepted by the City.

Please contact Mark Waller with the City of West Columbia at mwaller@westcolumbiasc.gov or 803-957-4596 to obtain a full RFQ package and to submit any questions pertaining to the project.
