### **REQUEST FOR PROPOSALS -- TOWN OF AWENDAW EAST COAST GREENWAY PHASE I**

The Town of Awendaw is requesting proposals from qualified construction companies to build a Gravel Trail 3,100 feet long as part of the Awendaw East Coast Greenway. The trail is a 12-foot wide gravel path with a vertical clearance of nine feet. The shoulder width will be determined by site conditions. The trail is located in a three hundred (300) acre passive park on Doar Road oriented to natural areas. The park is owned by the Town and is under construction. This gravel trail will be primarily constructed on an existing roadway that was used for timbering operations in the past. A 1,300 feet long section of the trail is located in a wooded area and must be cleared. The trail will be constructed of two inch crushed granite 789's over crushed run on a compacted base with geotechnical fabric. The Town has obtained a grant for the 3,100-foot long trail construction from the South Carolina Department of Parks, Recreation and Tourism's SC State Trails Program and is, therefore, seeking proposals for the trail construction. This work consists of three phases: 1: clearing the trail; 2. installing fill material from the same park site where mining is ongoing and installing the geotechnical fabric; and 3. Installing the gravel. Proposals may be for all three phases or any combination of the three.

**VENDORS, DON'T NEGLECT TO CHECK THE STATE'S FIXED PRICE BIDS**

If authorized by the original solicitation, the State may use "competitive fixed price bidding" to create procurements with an open response date. These fixed price bids are advertised in SCBO once, but the solicitation may provide for bids to be accepted continuously or periodically during the contract term. The link below takes you to a listing of all open solicitations conducted by the central purchasing office using the competitive fixed pricing bidding rules: <https://procurement.sc.gov/vendor/contract-ops/fixed-price-bids-ss>.
