

NASPO ValuePoint Master Agreement No.: 23012

This Contract is between the State of Minnesota, acting through its Commissioner of Administration (“Lead State”) and International Business Machines Corporation whose designated business address is 7100 Highlands Parkway, Smyrna, GA 30082 (“Contractor” or “IBM”). State and Contractor may be referred to jointly as “Parties.”

Recitals

1. The State of Minnesota, Department of Administration, Office of State Procurement, on behalf of the State of Minnesota and NASPO ValuePoint Cooperative Procurement Program (“NASPO ValuePoint”) issued a solicitation to establish Minnesota NASPO ValuePoint Master Agreement(s) (“Contract”) with qualified manufacturers for Computer Equipment (Desktops, Laptops, Tablets, Servers, and Storage, including related Peripherals & Services);
2. Contractor provided a response to the Solicitation indicating its interest in and ability to provide the goods or services requested in the Solicitation; and
3. Subsequent to an evaluation in accordance with the terms of the Solicitation and negotiation, the Parties desire to enter into a contract; and
4. All authorized governmental entities in any state or participating US Territory are welcome to use the resulting Master Agreement through NASPO ValuePoint with the approval of the State Chief Procurement Official. Upon final award of the overarching Master Agreement, Contractors are able to sign Participating Addendums (PA) at the option of Participating States. Participating States reserve the right to add state specific terms and conditions and modify the scope of the contract in their Participating Addendum as allowed by the Master Agreement.

Accordingly, the Parties agree as follows:

Contract

1. Term of Contract

- a. Effective date. July 1, 2023, or the date the Lead State obtains all required signatures under Minn. Stat. § 16C.05, subd. 2, whichever is later.
- b. Expiration date. June 30, 2025. This Master Agreement may be extended for up to an additional 36 months, in increments as determined by the Lead State, through a duly executed amendment.
- c. If, in the judgment of the Lead State, a follow-on, competitive procurement will be unavoidably delayed beyond the planned date of execution of the follow-on master agreement, this Master Agreement may be extended for a reasonable period of time, not to exceed six months. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

2. Representations and Warranties

- a. Under Minn. Stat. §§ 15.061 and 16C.03, subd. 3, and other applicable law the Lead State is empowered to engage such assistance as deemed necessary.
- b. Contractor warrants that it is duly qualified and shall perform its obligations under this Master Agreement in accordance with the commercially reasonable standards of care, skill, and diligence in Contractor's industry, trade, or profession, and in accordance with the specifications set forth in this Master Agreement, to the satisfaction of the Lead State.
- c. Contractor warrants that it possesses the legal authority to enter into this Master Agreement and that it has taken all actions required by its procedures, by-laws, and applicable laws to exercise that authority, and to lawfully authorize its undersigned signatory to execute this Master Agreement, or any part thereof, and to bind Contractor to its terms.

3. Awarded Band(s)

The solicitation included three product Bands: Band 1, Personal Computing Devices – Windows Operating Systems: Desktops, Laptops, Tablets; and Band 2, Personal Computing Devices – Non-Windows Operating Systems: Desktops, Laptops, Tablets; and Band 3, Servers and Storage. The Contractor is awarded the following Band(s):

Band 3, Servers and Storage

4. Configuration Dollar Limits

The following configuration limits apply to the Master Agreement. Participating Entities may define their configuration limits in their Participating Addendum. The Participating Entity's Chief Procurement Official may increase or decrease the configuration limits, as defined in their Participating Addendum. The Participating Entity will determine with the Contractor how to approve these modifications to the Product and Service Schedule.

The dollar limits identified below are based on a SINGLE computer/system configuration. This is NOT a restriction on the purchase of multiple configurations (e.g., an entity could purchase 10 laptops at \$15,000 each, for a total purchase price of \$150,000).

<u>ITEM</u>	<u>CONFIGURATION</u>
Band One	\$15,000
Band Two	\$15,000
Band Three	\$1,000,000
Peripherals	\$10,000
Services	Addressed in the Participating Addendum

Exhibit A: NASPO ValuePoint Master Agreement Terms and Conditions

1. Conflict of Terms/Order of Precedence.

a. Any order placed under this Master Agreement shall consist of the following documents:

1. A Participating Entity's Participating Addendum ("PA");
2. Minnesota NASPO ValuePoint Master Agreement, as negotiated, including all exhibits;
3. A Purchase Order issued against a PA (terms and conditions set forth in a Purchase Order will not be deemed to modify, diminish, or otherwise derogate the terms and conditions set forth in a Participating Addendum or Minnesota NASPO ValuePoint Master Agreement).

b. These documents shall be read to be consistent and complementary. Any conflict among these documents shall be resolved by giving priority to these documents in the order listed above. Contractor terms and conditions that apply to this Master Agreement are only those that are expressly accepted by the Lead State and must be in writing and attached to this Master Agreement as an Exhibit or Attachment.

c. Contractor terms and conditions may be incorporated if expressly accepted by the Lead State and attached to the Master Agreement as an Exhibit or Attachment, or by written reference (including reference to information contained in a URL or referenced policy). A written reference, including by URL or policy, is incorporated into the Master Agreement only if the Master Agreement expressly identifies that reference. URL's must be explicitly referenced to be incorporated into the Master Agreement. URL's contained within the URL's that are explicitly referenced are not incorporated into the Master Agreement. Any Contractor term or condition incorporated by URL or written reference applies to this Master Agreement only to the extent such term or condition is not prohibited by applicable law. Any change to information contained in a URL or referenced policy will not affect any financial obligation, place any additional material obligation on an ordering entity, or materially diminish an ordering entity's ability to use the product or service.

d. A written Master Agreement will constitute the entire agreement of the parties to the Master Agreement. No other terms and conditions shall apply, including terms and conditions listed in the Contractor's response to the RFP issued for this Master Agreement, or terms listed or referenced on the Contractor's website not otherwise incorporated into the Master Agreement, in the Contractor quotation/sales order, or in similar documents subsequently provided by the Contractor.

e. Additional Agreement with NASPO. Upon request by NASPO ValuePoint, awarded Contractor shall enter into a direct contractual relationship with NASPO ValuePoint related to Contractor's obligations to NASPO ValuePoint under the terms of the Master Agreement, the terms of which shall be the same or similar (and not less favorable) than the terms set forth in the Master Agreement.

2. Definitions.

a. **Acceptance** is defined by the applicable commercial code, except Acceptance shall not occur before the completion of delivery in accordance with the Order, installation if required, and a reasonable time for inspection of the Product unless otherwise agreed to by the parties to the Order.

b. **Accessory** means a product that enhances the user experience but does not extend the functionality of the computer (e.g., mouse pad or monitor stand). For the purposes of this Contract, accessories are considered peripherals.

- c. _____ as a **Service (_aaS)** refers to any good provided in a subscription-based model that is defined in the industry as “_____ as a Service”. Examples are “Software as a Service”, “Infrastructure as a Service”, and “Storage as a Service”, and shall be defined as set forth in the NIST definitions of those services. _____ as a Service are permitted only when they meet the restrictions found in Paragraph 5.c, above.
- d. **Band** means a category of products. There are three product bands which may be awarded through this Contract. Each product band includes related peripherals and services.
- e. **Components** are the parts that make up a computer configuration.
- f. **Contractor** means the person or entity delivering Products or performing services under the terms and conditions set forth in this Master Agreement.
- g. **Configuration** means the combination of hardware and software components that make up the total functioning system.
- h. **Customer** (see Purchasing Entity).
- i. **Desktop** means a personal computer intended for regular use at a single location. A desktop computer typically comes in several units connected together during installation: (1) the processor, 2) display monitor, and 3) input devices usually a keyboard and a mouse. Desktops, including desktop virtualization endpoints such as zero and thin clients, are included in Bands 1 and 2 of this Contract.
- j. **Embedded Software** means one or more software applications which permanently reside on a computing device.
- k. **Energy Star®** is a voluntary energy efficiency program sponsored by the U.S. Environmental Protection Agency. The Energy Star program makes it easy to identify energy efficient computers by labeling products that deliver the same or better performance as comparable models while using less energy and saving money. For additional information on the Energy Star program, including product specifications and a list of qualifying products, visit the Energy Star website at <http://www.energystar.gov> .
- l. **EPEAT** is a type-1 ecolabel for identifying and purchasing sustainable IT products. EPEAT-registered products must meet sustainability criteria detailed in voluntary consensus-based standards that are free and publicly available on the Green Electronics Council’s website at www.greenelectronicscouncil.org. Products are classified as Bronze, Silver, or Gold based on meeting criteria that address the life cycle of the products. Product life cycle includes material extraction, hazardous substance reduction, end-of-life management, packaging, and corporate sustainability. Only products listed as Active in the online EPEAT Registry are considered to meet the EPEAT criteria.
- m. **FOB Destination** means that shipping charges are included in the price of the item and the shipped item becomes the legal property and responsibility of the receiver when it reaches its destination unless there is acceptance testing required.
- n. **FOB Inside Delivery** means that shipping charges are included in the price of the item, and that the shipped item becomes the legal property and responsibility of the receiver when it reaches the inside delivery point, which is beyond the front door or loading dock. FOB Inside Delivery is a special shipping arrangement that may include additional fees payable by the Purchasing Entity. FOB Inside Delivery must be annotated on the Purchasing Entity ordering document.

- o. **Intellectual Property** means any and all patents, copyrights, service marks, trademarks, trade secrets, trade names, patentable inventions, or other similar proprietary rights, in tangible or intangible form, and all rights, title, and interest therein.
- p. **Laptop** means a personal computer for mobile use. A laptop includes a display, keyboard, point device such as a touchpad, and speakers in a single unit. A laptop can be used away from an outlet using a rechargeable battery. Laptops include notebooks, ultrabooks, netbooks, Zero and thin client devices, and computers with mobile operating systems. Laptops are included in Bands 1 and 2 of this Contract.
- q. **Lead State** means the State centrally administering any resulting Master Agreement(s).
- r. **Mandatory Requirement** is a requirement that the failure to meet results in the rejection of the responder's proposal unless all responders are unable to meet the mandatory requirement. The terms "must" and "shall" identify a mandatory requirement. Any objection to a mandatory requirement should be identified by responders in the Question and Answer period.
- s. **Manufacturer** means a company that, as one of its primary business functions, designs, assembles, owns the trademark/patent for, and markets branded computer equipment.
- t. **Master Agreement** means the underlying agreement executed by and between the Lead State, acting on behalf of NASPO ValuePoint, and the Contractor.
- u. **Middleware** means the software "glue" that helps programs and databases (which may be on different computers) work together. The most basic function of middleware is to enable communication between different pieces of software.
- v. **NASPO ValuePoint** is a division of the National Association of State Procurement Officials ("NASPO"), a 501(c)(3) limited liability company. NASPO ValuePoint facilitates administration of the NASPO cooperative group contracting consortium of state chief procurement officials for the benefit of state departments, institutions, agencies, and political subdivisions and other eligible entities (i.e., colleges, school districts, counties, cities, some nonprofit organizations, etc.) for all states, the District of Columbia, and territories of the United States. NASPO ValuePoint is identified in the Master Agreement as the recipient of reports and may perform contract administration functions relating to collecting and receiving reports as well as other contract administration functions as assigned by the Lead State.
- w. **Option** means an item of equipment or a feature that may be chosen as an addition to or replacement for standard equipment and features.
- x. **Order or Purchase Order** means any purchase order, sales order, contract or other method used by a Purchasing Entity to order the Products. Order or Purchase Order includes a Statement of Work that details the specifics of transactions such as term, charges and a description of, and information about, the product or service (including any related attachments or exhibits).
- y. **Participating Addendum** means a bilateral agreement executed by a Contractor and a Participating Entity incorporating this Master Agreement and any other additional Participating Entity specific language or other requirements, e.g. ordering procedures specific to the Participating Entity, other terms and conditions.
- z. **Participating Entity** means a state (as well as the District of Columbia and U.S territories), city, county, district, other political subdivision of a State, or a nonprofit organization under the laws of some states properly authorized to enter into a Participating Addendum, that has executed a Participating Addendum.

aa. **Participating State** means a state that has executed a Participating Addendum.

bb. **Partner** means a company, authorized by the Contractor and approved by the Participating State, to provide marketing, support, or other authorized contract services on behalf of the Contractor in accordance with the terms and conditions of the Contractor's Master Agreement. A Partner may include, but is not limited to, an agent, subcontractor, fulfillment partner, channel partner, business partner, servicing subcontractor, distributor, reseller, etc.

cc. **Peripherals** means any hardware product that can be attached to, added within, or networked with personal computers, servers, or storage. Peripherals extend the functionality of a computer without modifying the core components of the system.

dd. **Per Transaction Multiple Unit Discount** means a contractual volume discount based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Participating Entity or multiple entities conducting a cooperative purchase.

ee. **Premium Savings Package(s) (PSP)** are deeply discounted standard configurations available to Purchasing Entities using the Master Agreement. NASPO ValuePoint reserves the right to expand and modify the PSP throughout the life of the contract. For more information see: <https://www.naspovaluepoint.org/portfolio/57/>.

ff. **Product** means any equipment, software (including embedded software), documentation, service, or other deliverable supplied or created by the Contractor pursuant to this Master Agreement. The term Products, supplies and services, and products and services are used interchangeably in these terms and conditions.

gg. **Purchasing Entity** means a state (including the District of Columbia and U.S. territories), city, county, district, other political subdivision of a state, other domestic public entities, and nonprofit organizations under the laws of some states if authorized by a Participating Addendum, that issues a Purchase Order under the terms of the Master Agreement, or any Participating Addendum thereto, and becomes financially committed to the purchase.

hh. **Ruggedized** means equipment specifically designed to operate reliably in harsh usage environments and conditions, such as strong vibrations, extreme temperatures, and wet or dusty conditions. Ruggedized equipment may be proposed under the band that most closely fits the equipment being proposed.

ii. **Server** means computer hardware dedicated to run one or more services or applications (as a host) to serve the needs of the users of other computers on a network. Servers may be either physical or virtual. Servers, including server appliances, are included in Band 3 of this Contract. Server appliances have their hardware and software preconfigured by the manufacturer, and include embedded networking components such as those found in blade chassis systems.

jj. **Services** are broadly classified as installation or de-installation, maintenance, support, training, migration, and optimization of products offered or supplied under the Master Agreement. These classifications of services may include, but are not limited to: warranty services, maintenance, installation, de-installation, factory integration (software or hardware components), asset management, recycling or disposal, training and certification, pre-implementation design, disaster recovery planning and support, service desk or helpdesk, imaging, and any other directly related technical support service required for the effective operation of a product offered or supplied. Contractors may offer limited professional services related ONLY to the equipment and configuration of the equipment including middleware purchased through the resulting contracts.

EACH PARTICIPATING ENTITY WILL DETERMINE RESTRICTIONS AND NEGOTIATE TERMS FOR SERVICES THROUGH THEIR PARTICIPATING ADDENDUM.

kk. **Software** means, for the purposes of this Contract, commercial operating off the shelf machine-readable object code instructions including microcode, firmware, and operating system software that meet the restrictions specified in Section Paragraph 5.a. "Software" applies to all parts of software and documentation, including new releases, updates, and modifications of software.

ll. **Storage** means hardware or a virtual appliance with the ability to store large amounts of data. Storage, including SAN switching necessary for the proper functioning of storage equipment, is included in Band 3 of this Contract.

mm. **Storage Area Network (SAN)** is a high-speed special-purpose network (or subnetwork) that interconnects different kinds of data storage devices with associated data servers on behalf of a larger network of users.

nn. **Tablet** means a mobile computer that provides a touchscreen that acts as the primary means of control. Tablets, including notebooks, ultrabooks, and netbooks with touchscreen capabilities, are included in Bands 1 and 2 of this Contract.

oo. **Takeback Program** means the Contractor's process for accepting the return of equipment or other products at the end of the product's life.

pp. **Thin Client** is a lightweight computer that has been optimized for establishing a remote connection with a server-based computing environment.

qq. **Third Party Product** is a good sold by the Contractor that is manufactured by another company. Third Party Products are intended to enhance or supplement a Contractor's own product line, and are not intended to represent more than a third of any Contractor's total sales under this Master Agreement.

rr. **Upgrade** means the replacement of existing software, hardware, or hardware component with a newer version.

ss. **Warranty** means the Manufacturer's general warranty tied to the product at the time of purchase.

tt. **Wide Area Network (WAN)** is a data network that serves users across a broad geographic area and often uses transmission devices provided by common carriers.

3. **Term of the Master Agreement.**

a. The initial term of this Master Agreement is for 2 years. This Master Agreement may be extended beyond the original contract period for 36 additional months at the Lead State's discretion and by mutual agreement and upon review of requirements of Participating Entities, current market conditions, and Contractor performance.

b. The Master Agreement may be extended for a reasonable period of time if in the judgment of the Lead State a follow-on, competitive procurement will be unavoidably delayed (despite good faith efforts) beyond the planned date of execution of the follow-on master agreement. This subsection shall not be deemed to limit the authority of a Lead State under its state law otherwise to negotiate contract extensions.

4. **Amendments.**

The terms of this Master Agreement shall not be waived, altered, modified, supplemented or amended in any manner whatsoever without a written amendment to the Master Agreement executed by the Contractor and Lead State as required by law. Master Agreement amendments will be negotiated by the Lead State with the Contractor whenever necessary to address changes in the terms and conditions, costs, timetable, or increased or decreased scope of work.

5. Participants and Scope.

a. Reserved.

b. Contractor may not deliver Products under this Master Agreement until a Participating Addendum acceptable to the Participating Entity and Contractor is executed. The NASPO ValuePoint Master Agreement Terms and Conditions are applicable to any Order by a Participating Entity (and other Purchasing Entities covered by their Participating Addendum), except to the extent altered, modified, supplemented or amended by a Participating Addendum. By way of illustration and not limitation, this authority may apply to unique delivery and invoicing requirements, confidentiality requirements, defaults on Orders, governing law and venue relating to Orders by a Participating Entity, indemnification, and insurance requirements. Statutory or constitutional requirements relating to availability of funds may require specific language in some Participating Addenda in order to comply with applicable law. The expectation is that these alterations, modifications, supplements, or amendments will be addressed in the Participating Addendum or, with the consent of the Purchasing Entity and Contractor, may be included in the ordering document (e.g. purchase order or contract) used by the Purchasing Entity to place the Order.

c. Use of specific NASPO ValuePoint Master Agreements by state agencies, political subdivisions and other Participating Entities (including cooperatives) authorized by individual state's statutes to use state contracts are subject to the approval of the respective State Chief Procurement Official. Issues of interpretation and eligibility for participation are solely within the authority of the respective State Chief Procurement Official.

d. Obligations under this Master Agreement are limited to those Participating Entities who have signed a Participating Addendum and Purchasing Entities within the scope of those Participating Addenda. States or other entities permitted to participate may use an informal competitive process to determine which Master Agreements to participate in through execution of a Participating Addendum. Financial obligations of Participating Entities who are states are limited to the orders placed by the departments or other state agencies and institutions having available funds. Participating Entities who are states incur no financial obligations on behalf of other Purchasing Entities. Contractor shall email a fully executed PDF copy of each Participating Addendum to PA@naspovaluepoint.org to support documentation of participation and posting in appropriate data bases.

e. NASPO and NASPO ValuePoint are not parties to the Master Agreement.

f. Participating Addenda shall not be construed to amend the following provisions in this Master Agreement between the Lead State and Contractor that prescribe NASPO ValuePoint requirements: Term of the Master Agreement; Amendments; Participants and Scope; Administrative Fee; NASPO ValuePoint Summary and Detailed Usage Reports; NASPO ValuePoint Cooperative Program Marketing and Performance Review; Right to Publish; Price and Rate Guarantee Period; and Individual Customers. Any such language shall be void and of no effect.

g. Participating Entities who are not states may under some circumstances sign their own Participating Addendum, subject to the consent to participation by the Chief Procurement Official of the state where the Participating Entity is located. Coordinate requests for such participation through NASPO ValuePoint. Any permission to participate through execution of a Participating Addendum is not a determination that procurement authority exists in the Participating Entity; they must ensure that they have the requisite procurement authority to execute a Participating Addendum.

h. Resale. "Resale" means any payment in exchange for transfer of tangible goods, software, or assignment of the right to services. Subject to any specific conditions included in the Master Agreement, or as explicitly permitted in a Participating Addendum, Purchasing Entities may not resell Products (the definition of which includes services that are deliverables). Absent any such condition or explicit permission, this limitation does not prohibit: payments by employees of a Purchasing Entity for Products; sales of Products to the general public as surplus property; and fees associated with inventory transactions with other governmental or nonprofit entities and consistent with a

Purchasing Entity's laws and regulations. Any sale or transfer permitted by this subsection must be consistent with license rights granted for use of intellectual property.

6. Individual Customers.

Except to the extent modified by a Participating Addendum, each Purchasing Entity shall follow the terms and conditions of the Master Agreement and applicable Participating Addendum and will have the same rights and responsibilities for their purchases as the Lead State has in the Master Agreement, including but not limited to, any indemnity or right to recover any costs as such right is defined in the Master Agreement and applicable Participating Addendum for their purchases. Each Purchasing Entity will be responsible for its own charges, fees, and liabilities. The Contractor will apply the charges and invoice each Purchasing Entity individually.

7. Independent Contractor.

The Contractor is an independent contractor. Contractor shall have no authorization, express or implied, to bind the Lead State, Participating States, other Participating Entities, or Purchasing Entities to any agreements, settlements, liability or understanding whatsoever, and agrees not to hold itself out as an agent except as expressly set forth herein or as expressly agreed in any Participating Addendum.

8. Contracting Personnel.

Contractor must provide adequate contracting personnel to assist states with the completing and processing Participating Addenda. It is preferred that each Contractor be able to provide each Participating Entity with a primary contact person for that Participating Entity.

9. Changes in Contractor Representation.

The Contractor must notify the Lead State of changes in the Contractor's key administrative personnel managing the Master Agreement in writing within 10 calendar days of the change.

10. Contractor Verification.

The Contractor is responsible for delivering products or performing services under the terms and conditions set forth in the Master Agreement. The Contractor must ensure Partners utilized in the performance of this contract adhere to all the terms and conditions. Partners maybe utilized by Contractor to market and sell under the contract. Participating Entities will have final determination/approval as to whether a Partner may be approved for that state in the role identified by the Contractor.

11. Contractor Performance Meeting.

An annual performance meeting may be held each year with the NASPO ValuePoint Sourcing Team. Historically performance meetings have been held in Minnesota, but the Lead State may hold the meetings in person or virtually at the Lead State's discretion.

All contractors that are invited to participate must send their Primary Account Representative, unless an exception is granted in writing by the Lead State. It is possible that not all contractors will be invited to participate in a performance meeting.

12. Laws and Regulations.

Any and all Products offered and furnished shall comply fully with all applicable Federal, State, and local laws and regulations, including Minn. Stat. § 181.59 prohibiting discrimination and business registration requirements of the Office of the Minnesota Secretary of State. To the extent any purchase is subject to Federal Acquisition Regulations, as may be required by the terms of a federal grant, a Participating Entity and Contractor may include in their Participating Addendum terms that reflect such a requirement.

13. Price and Rate Guarantee Period.

All minimum discounts must be guaranteed for the initial term of the Master Agreement. Following the initial Master Agreement period, any request for minimum discount adjustment must be for a guarantee period as offered by the Contractor and must be made at least 30 days prior to the effective date. Requests for minimum discount adjustment must include sufficient documentation supporting the request. Any adjustment or amendment to the Master Agreement shall not be effective unless approved by the Lead State. No retroactive adjustments to minimum discounts will be allowed.

14. Premium Savings Package Program.

The Lead State reserves the right to create a Premium Savings Package Program (PSP) as outlined in the Definitions, Paragraph 2.ee of Exhibit A. Participation by Contractor is voluntary. The details and commitments of the PSP will be detailed as a part of any request for Contractor to participate.

15. Services.

Participating Entities must allow services in their Participating Addenda for the approved services to be allowed under that Participating Addendum. The Participating Addendum by each Participating Entity will address service agreement terms and related travel.

16. Ordering.

- a. The Participating Addendum number and the PO numbers shall be clearly shown on appropriate correspondence, including invoices. Each shipment shall be marked and properly identify Purchasing Entity's provided shipping information.
- b. Purchasing Entities may define entity or project-specific requirements and informally compete the requirement among companies having a Master Agreement on an "as needed" basis. This procedure may also be used when requirements are aggregated or other firm commitments may be made to achieve reductions in pricing. This procedure may be modified in Participating Addenda and adapted to the Purchasing Entity's rules and policies. The Purchasing Entity may in its sole discretion determine which Master Agreement Contractors should be solicited for a quote. The Purchasing Entity may select the quote that it considers most advantageous, cost and other factors considered.
- c. Each Purchasing Entity will identify and utilize its own appropriate purchasing procedure and documentation. Contractor is expected to become familiar with the Purchasing Entities' rules, policies, and procedures regarding the ordering of supplies or services contemplated by this Master Agreement.
- d. Contractor shall not begin work without a valid Purchase Order or other appropriate commitment document under the law of the Purchasing Entity.
- e. Orders may be placed consistent with the terms of this Master Agreement during the term of the Master Agreement.
- f. All Orders pursuant to this Master Agreement, at a minimum, shall include:
 1. The service description or supplies being delivered;
 2. The place and requested time of delivery;
 3. A billing address;
 4. The name, phone number, and address of the Purchasing Entity representative;

5. The price per hour or other pricing elements consistent with this Master Agreement and the contractor's proposal;
 6. A ceiling amount of the order for services being ordered;
 7. The Master Agreement identifier; and
 8. Statement of Work, when applicable.
- g. All communications concerning administration of Orders placed shall be furnished solely to the authorized purchasing agent within the Purchasing Entity's purchasing office, or to such other individual identified in writing in the Order.
- h. Provided the Participating Addendum is effective, Orders may be placed pursuant to this Master Agreement and the applicable Participating Addendum provided the delivery date of products is no longer than 120 days past the termination date of the Participating Addendum. Maintenance Orders must be placed prior to the termination date of both agreements. Contractor is reminded that financial obligations of Purchasing Entities payable after the current applicable fiscal year are contingent upon agency funds for that purpose being appropriated, budgeted, and otherwise made available.
- i. Notwithstanding the expiration, cancellation or termination of this Master Agreement, Contractor agrees to perform in accordance with the terms of any Orders then outstanding at the time of such expiration or termination. Contractor shall not honor any Orders placed after the expiration, cancellation or termination of this Master Agreement, or otherwise inconsistent with its terms. Orders from any separate indefinite quantity, task orders, or other form of indefinite delivery order arrangement priced against this Master Agreement may not be placed after the expiration or termination of this Master Agreement, notwithstanding the term of any such indefinite delivery order agreement.

17. Trade-In.

Participating Entities must explicitly allow trade-in programs in their Participating Addenda for the approved programs to be allowed under that Participating Addendum. Trade-in value shall not decrease the discounts offered through the Master Agreement.

18. Shipping and Delivery.

- a. The prices are the delivered price to any Purchasing Entity for standard shipping. If an order is requested with expedited shipping, the Contractor must provide a firm "not to exceed" price for the expedited shipping on the quote. All deliveries shall be FOB Destination, freight pre-paid, with all transportation and handling charges paid by the Contractor. Responsibility and liability for loss or damage shall remain the Contractor's until final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. Any order for less than the specified amount is to be shipped with the freight prepaid and added as a separate item on the invoice. Any portion of an Order to be shipped without transportation charges that is back ordered shall be shipped without charge.
- b. Specific delivery instructions, including FOB Inside Delivery, will be noted on the order form or Purchase Order. Any damage to the building interior, scratched walls, damage to the freight elevator, etc., will be the responsibility of the Contractor. If damage does occur and Contractor becomes aware of the damage, Contractor will promptly notify the Purchasing Entity placing the Order.
- c. All products must be delivered in the manufacturer's standard package. Costs shall include all packing and crating charges. Cases shall be of durable construction, good condition, properly labeled and suitable in every

respect for storage and handling of contents. Each shipment shall be marked with the Purchasing Entity's information sufficient for the Purchasing Entity to properly identify the shipment and match the shipment to the applicable order, as outlined in the Participating Addendum of the Purchasing Entity.

19. Inspection and Acceptance.

- a. Where a Participating Addendum, or an Order does not otherwise specify a process for inspection and Acceptance, this section governs. This section is not intended to limit rights and remedies under the applicable commercial code.
- b. Contractor shall provide right of access to its records pertaining to the Master Agreement, a Participating Addendum, or an Order to the Lead State, or to any other authorized agent or official of the Lead State or other Participating or Purchasing Entity, via electronic mail or access to a secure cloud location, in order to monitor and evaluate performance, compliance, and quality assurance requirements under this Master Agreement (for the Lead State) or a specific Participating Addendum, or an Order (for the relevant Purchasing Entity). Upon delivery, the Purchasing Entity shall have 30 calendar days to inspect. Products that do not meet specifications may be rejected. Failure to reject upon receipt, however, does not relieve the contractor of liability for material (nonconformity that substantially impairs value) latent or hidden defects subsequently revealed when goods are put to use. Acceptance of such goods may be revoked in accordance with the provisions of the applicable commercial code, and the Contractor is liable for any resulting expense incurred by the Purchasing Entity related to the preparation and shipping of Product rejected and returned, or for which Acceptance is revoked.
- c. If any services do not conform to contract requirements, the Purchasing Entity may require the Contractor to perform the services again in conformity with contract requirements, at no increase in Order amount. When defects cannot be corrected by re-performance, the Purchasing Entity may require the Contractor to take necessary action to ensure that future performance conforms to contract requirements; and reduce the contract price to reflect the reduced value of services performed.
- d. The warranty period shall begin upon Acceptance. The Purchasing Entity will make every effort to notify the Contractor, within thirty (30) calendar days following delivery, of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. This clause shall not be applicable, if acceptance testing and corresponding terms have been mutually agreed to by both parties in writing.
- e. Acceptance. Purchasing Entity (the entity authorized under the terms of any Participating Addendum to place Orders under this Master Agreement) shall determine whether all Products and Services delivered meet the Contractor's published specifications (a.k.a. "Specifications"). No payment shall be made for any Products or Services until the Purchasing Entity has accepted the Products or Services. The Purchasing Entity will make every effort to notify the Contractor within thirty (30) calendar days following delivery of non-acceptance of a Product or completion of Service. In the event that the Contractor has not been notified within 30 calendar days from delivery of Product or completion of Service, the Product and Services will be deemed accepted on the 31st day after delivery of Product or completion of Services. This clause does not preclude a Purchasing Entity from accepting products or services within the acceptance period. This clause shall not be applicable, if acceptance testing and corresponding terms have been mutually agreed to by both parties in writing.
- f. Acceptance Testing. The Purchasing Entity and the Contractor shall determine if Acceptance Testing is applicable and/or required for the purchase. The terms in regards to acceptance testing will be negotiated, in writing, as mutually agreed. If Acceptance Testing is NOT applicable, the terms regarding Acceptance in the Contract shall prevail.

g. Eligible software acquired via the IBM International Passport Advantage Program Agreements shall be accepted according to the software license agreements. Purchasing entities who are currently enrolled in the Passport Advantage program will continue to acquire products via their established Passport Advantage agreements. For new customers, acquisition of eligible IBM products requires enrollment into the Passport Advantage program. Additional information can be found on: www.ibm.com/software/passportadvantage. Information on this website will include the terms of the IBM International Passport License Agreement, which shall apply to software purchased by a Purchasing Entity to the extent accepted and agreed to by the Purchasing Entity in writing.

20. Title of Product.

Upon Acceptance by the Purchasing Entity, Contractor shall convey to Purchasing Entity title to the Product free and clear of all liens, encumbrances, or other security interests. Transfer of title to the Product shall include a license to use any Embedded Software in the Product, as follows:

- a. To the extent that the Software sold under the Master Agreement is Commercial Off-the-Shelf Software, such Software is licensed, not sold, to the Purchasing Entity. The Contractor and its licensors reserve and retain all rights not expressly granted to the Purchasing Entity. No right, title or interest to any trademark, service mark, logo or trade name of Contractor or its licensors is granted to the Purchasing Entity. Licenses to such Software is provided in accordance with the terms of the manufacturer's written End User License Agreement tied to the product at the time of purchase unless otherwise negotiated between Purchasing Entity and the Contractor or the Licensor in a duly executed contract.
- b. Contractor will perform services for the Purchasing Entity, subject to the following section pursuant to a fully executed Statement of Work entered into between the Purchasing Entity and the Contractor.
- c. The Contractor grants the Purchasing Entity a perpetual, non-exclusive, royalty free the license in Contractor's pre-existing intellectual property that is contained in the products, materials, equipment or services, excluding software, that are purchased through this Master Agreement. The Contractor shall be responsible for ensuring that this license is consistent with any third-party rights in the Pre-existing Intellectual Property.
- d. Any and all licensing, maintenance, cloud services, or order specific agreements referenced within the terms and conditions of this Master Agreement are agreed to only to the extent that the terms are not in conflict with the terms of the Participating Addendum or the Participating Entities' applicable laws. In the event of a conflict in the terms and conditions, the conflict shall be resolved as detailed in the Order of Precedence defined herein. Notwithstanding the foregoing, licensing, maintenance, cloud services agreements, or order specific agreements may be further negotiated by the Contractor or, if applicable, the Licensor, and the potential Purchasing Entity, provided the contractual documents are duly executed in writing.

21. Warranty.

The Contractor must ensure warranty service and maintenance for all Contractor-equipment provided. Contractor does not warrant non-Contractor products or non-Contractor services; however, Contractor will facilitate the pass-through of any Manufacturer or Publisher warranty and maintenance of third-party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for Contractor-equipment and all Contractor-peripherals on the Master Agreement.

22. System Failure or Damage.

In the event of system failure or damage caused by the Contractor or its Product, the Contractor shall use reasonable efforts to restore or assist in restoring the system to operational capacity. The Contractor shall be responsible under this provision to the extent a 'system' is defined at the time of the Order; otherwise the rights of the Purchasing Entity shall be governed by the Warranty.

23. Payment.

Payment after Acceptance is normally made within 30 days following the date the entire order is delivered or the date a correct invoice is received, whichever is later. After 45 days the Contractor may assess overdue account charges up to a maximum rate of one percent per month on the outstanding balance, unless a different late payment amount is specified in a Participating Addendum, Order, or otherwise prescribed by applicable law.

Payments will be remitted by mail or electronically. Payments may be made via a State or political subdivision "Purchasing Card" with no additional charge.

Prices are exclusive of taxes, duties, and fees, unless otherwise quoted. If a withholding tax is required by law, the tax will be added and identified on the applicable invoice. All applicable taxes, duties, and fees must be identified on the quote.

24. Leasing or Alternative Financing Methods.

Lease purchase and term leases are allowable only for Purchasing Entities whose rules and regulations permit leasing of software. Individual Purchasing Entities may enter into a lease agreement for the products covered in this Master Agreement, if they have the legal authority to enter into these types of agreements without going through a competitive process and if the applicable PAs permit leasing. The Participating Addendum by each State will identify whether and how leasing agreement terms will be conducted. No lease agreements will be reviewed or evaluated as part of this RFP evaluation process.

25. Contract Provisions for Orders Utilizing Federal Funds.

Pursuant to Appendix II to 2 Code of Federal Regulations (CFR) Part 200, Contract Provisions for Non-Federal Entity Contracts Under Federal Awards, Orders funded with federal funds may have additional contractual requirements or certifications that must be satisfied at the time the Order is placed or upon delivery. These federal requirements may be proposed by Participating Entities in Participating Addenda and Purchasing Entities for incorporation in Orders placed under this Master Agreement. Contractor is at all times acting as a contractor and not as a subrecipient, as those terms are defined in 2 CFR Part 200. The Parties agree that this Master Agreement is neither a construction contract nor a contract involving experimental, developmental, or research work, nor is Contractor employing laborers or mechanics.

26. Self Audit.

The Contractor must conduct at a minimum a quarterly self-audit, unless approved by the Lead State. The audit will sample a minimum of one tenth of one percent (.001) of orders with a maximum of 100 audits per quarter conducted. For example: Up to 1,000 sales = 1 audit; 10,000 sales = 10 audits; Up to 100,000 sales = 100 audits. This will be a random sample of orders and invoices and must include documentation of pricing. Summary findings must be reported to Lead State with actions to correct documented findings.

27. Assignment/Subcontracts.

a. Contractor shall not assign, sell, transfer, subcontract or sublet rights, or delegate responsibilities under this Master Agreement, in whole or in part, without the prior written approval of the Lead State, except that assignment of Contractor's rights to receive payments or assignment by Contractor in conjunction with the sale of the portion of IBM's business that includes a product or service is not restricted. Contractor shall provide no fewer than 30 days' notice to the Lead State of any assignment of Contractor's rights to receive payments or, except for any time period during which such sale may be confidential, any assignment by Contractor in conjunction with the sale of a portion of IBM's business.

b. The Lead State, or Participating Entity, shall not assign, delegate or otherwise transfer all or any part of this Master Agreement without prior written consent from Contractor, except for assignment or delegation to a Participating Entity State agency or eligible Purchasing Entity. The Lead State reserves the right to assign any rights

or duties, including written assignment of contract administration duties to NASPO ValuePoint and other third parties, however any such assignment shall also require prior written consent from Contractor.

28. Insurance.

- a. Contractor shall, during the term of this Master Agreement, maintain in full force and effect, the insurance described in this section. Contractor shall acquire such insurance from an insurance carrier or carriers licensed to conduct business in the Lead State and in each Participating Entity's state and having a rating of A-, Class VII or better, in the most recently published edition of A.M. Best's Insurance Reports. Failure to buy and maintain the required insurance may result in this Master Agreement's termination or, at a Participating Entity's option, result in termination of its Participating Addendum.
- b. Coverage shall be written on an occurrence basis. The minimum acceptable limits shall be as indicated below:
 1. Commercial General Liability covering premises liability, products and completed operations, contractual liability, personal injury (including death), advertising liability, and property damage, with a limit of not less than \$1 million per occurrence/\$2 million general aggregate;
 2. Contractor must comply with any applicable State Workers Compensation or Employers Liability Insurance requirements.

Contractor shall pay premiums on all insurance policies. Contractor shall provide notice to a Participating Entity of any expiration, cancellation or nonrenewal of such policy within five (5) business days.

- c. Prior to commencement of performance, Contractor shall provide to the Participating Entity a certificate of insurance showing the Contractor's general liability insurance policy or other documentary evidence acceptable to the Lead State that (1) names the Participating Entity as an additional insured, (2) provides that written notice of cancellation shall be delivered in accordance with the policy provisions, and (3) provides that the Contractor's liability insurance policy shall be primary, with any liability insurance of any Participating Entity as secondary and noncontributory. Unless otherwise agreed in any Participating Addendum, other state Participating Entities' rights and Contractor's obligations are the same as those specified in the first sentence of this subsection except the endorsement is provided to the applicable state.
- d. During the term of this Master Agreement, the Lead State and Participating Entities may request Contractor provide evidence of coverage that meets the requirements of this Section. Failure to provide evidence of coverage may, at the sole option of the Lead State, or any Participating Entity, result in this Master Agreement's termination or the termination of any Participating Addendum.
- e. Coverage and limits shall not limit Contractor's liability and obligations under this Master Agreement, any Participating Addendum, or any Purchase Order.

29. Administrative Fees.

- a. The Contractor shall pay to NASPO ValuePoint, or its assignee, a NASPO ValuePoint Administrative Fee of one-quarter of one percent (0.25% or 0.0025) no later than sixty (60) days following the end of each calendar quarter. The NASPO ValuePoint Administrative Fee shall be submitted quarterly and is based on all sales of products and services under the Master Agreement (less any charges for taxes or shipping). The NASPO ValuePoint Administrative Fee is not negotiable.
- b. The NASPO ValuePoint Administrative Fee in this section shall be based on the gross amount of all sales (less any charges for taxes or shipping) at the adjusted prices (if any) in Participating Addenda.

c. Additionally, some states may require an additional fee be paid directly to the state only on purchases made by Purchasing Entities within that state. For all such requests, the fee level, payment method and schedule for such reports and payments will be incorporated into the Participating Addendum that is made a part of the Master Agreement. The Purchasing Entity may allow the Contractor to adjust the Master Agreement pricing to account for these additional fees for purchases made by Purchasing Entities within the jurisdiction of the Participating Entity. All such agreements shall not affect the NASPO ValuePoint Administrative Fee percentage or the prices paid by the Purchasing Entities outside the jurisdiction of the state requesting the additional fee.

30. NASPO ValuePoint Reports

a. Sales Data Reporting. In accordance with this section, Contractor shall report to NASPO ValuePoint all Orders under this Master Agreement for which Contractor has invoiced the ordering entity or individual, including Orders invoiced to Participating Entity or Purchasing Entity employees for personal use if such use is permitted by this Master Agreement and the applicable Participating Addendum ("Sales Data"). Timely and complete reporting of Sales Data is a material requirement of this Master Agreement. Reporting requirements, including those related to the format, contents, frequency, or delivery of reports, may be updated by NASPO ValuePoint with reasonable notice to Contractor and without amendment to this Master Agreement. NASPO ValuePoint shall have exclusive ownership of any media on which reports are submitted and shall have a perpetual, irrevocable, non-exclusive, royalty free, and transferable right to display, modify, copy, and otherwise use reports, data, and information provided under this section.

b. Summary Sales Data. "Summary Sales Data" is Sales Data reported as cumulative totals by state. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Summary Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. If Contractor has no reportable Sales Data for the quarter, Contractor shall submit a zero-sales report.

c. Detailed Sales Data. "Detailed Sales Data" is Sales Data that includes for each Order all information required by the Solicitation or by NASPO ValuePoint, including customer information, Order information, and line-item details. Contractor shall, using the reporting tool or template provided by NASPO ValuePoint, report Detailed Sales Data to NASPO ValuePoint for each calendar quarter no later than thirty (30) days following the end of the quarter. Detailed Sales Data shall be reported in the format provided in the Solicitation or provided by NASPO ValuePoint. The total sales volume of reported Detailed Sales Data shall be consistent with the total sales volume of reported Summary Sales Data.

d. Reserved.

e. Executive Summary. Contractor shall, upon request by NASPO ValuePoint, provide NASPO ValuePoint with an executive summary that includes but is not limited to a list of states with an active Participating Addendum, states with which Contractor is in negotiations, and any Participating Addendum roll-out or implementation activities and issues. NASPO ValuePoint and Contractor will determine the format and content of the executive summary.

31. NASPO ValuePoint Cooperative Program Marketing, Training, and Performance Review.

a. Contractor agrees to work cooperatively with NASPO ValuePoint personnel. Contractor agrees to present plans to NASPO ValuePoint for the education of Contractor's contract administrator(s) and sales/marketing workforce regarding the Master Agreement contract, including the competitive nature of NASPO ValuePoint procurements, the Master agreement and participating addendum process, and the manner in which qualifying entities can participate in the Master Agreement.

b. Contractor agrees, as Participating Addendums become executed, if requested by ValuePoint personnel to provide plans to launch the program within the Participating Entity. Plans will include time frames to launch the

agreement and confirmation that the Contractor's website has been updated to properly reflect the contract offer as available in the Participating Entity.

c. Contractor agrees, absent anything to the contrary outlined in a Participating Addendum, to consider customer proposed terms and conditions, as deemed important to the customer, for possible inclusion into the customer agreement. Contractor will ensure that their sales force is aware of this contracting option.

d. Contractor agrees to participate in an annual contract performance review at a location selected by the Lead State and NASPO ValuePoint, which may include a discussion of marketing action plans, target strategies, marketing materials, as well as Contractor reporting and timeliness of payment of administration fees.

e. Contractor acknowledges that the NASPO ValuePoint logos may not be used by Contractor in sales and marketing until a logo use agreement is executed with NASPO ValuePoint.

f. The Lead State expects to evaluate the utilization of the Master Agreement at the annual performance review. Lead State may, in its discretion, cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A, or not exercise an option to renew, when Contractor utilization does not warrant further administration of the Master Agreement. The Lead State may exercise its right to not renew the Master Agreement if contractor fails to record or report revenue for three consecutive quarters, upon 60-calendar day written notice to the Contractor. Cancellation based on nonuse or under-utilization will not occur sooner than two years after award of the Master Agreement. This subsection does not limit the discretionary right of either the Lead State or Contractor to cancel the Master Agreement pursuant to Paragraph 42 of Exhibit A or to terminate for default pursuant to Paragraph 44 of Exhibit A.

g. Contractor agrees to notify the Lead State and NASPO ValuePoint of any contractual most-favored-customer provisions in any Cooperative Purchasing Agreements with substantially similar terms and conditions and offering substantially similar products and services that (i) may materially affect the promotion of this Master Agreements or (ii) whose terms provide for adjustments to future rates or pricing based on rates, pricing in, or Orders from this Master Agreement. Upon request of the Lead State or NASPO ValuePoint, Contractor shall provide a copy of any such provisions. For the purposes of this paragraph, Cooperative Purchasing Agreement shall mean a cooperative purchasing program facilitating public procurement solicitations and agreements using a lead agency model. This does not include contracts with any federal agency or any federal contract.

32. Right to Publish.

Throughout the duration of this Master Agreement, Contractor must secure from the Lead State prior approval for the public release of information that pertains to the potential work or activities covered by the Master Agreement. This limitation does not preclude publication about the award of the Master Agreement or marketing activities consistent with any proposed and accepted marketing plan. The Contractor shall not make any representations of NASPO ValuePoint's opinion or position as to the quality or effectiveness of the services that are the subject of this Master Agreement without prior written consent. Failure to adhere to this requirement may result in termination of the Master Agreement for cause.

33. Records Administration and Audit.

a. The disclosure of records in Participating States relating to Participating Addenda and orders placed against the Master Agreement shall be governed by the laws of the Participating State and entity who placed the order.

b. The Contractor shall maintain books, records, documents, and other evidence pertaining to this Master Agreement and Orders placed by Purchasing Entities under it to the extent and in such detail as shall reasonably and adequately reflect performance and administration of payments and fees. Contractor shall permit the Lead State, a Participating Entity, a Purchasing Entity, the federal government (including its grant awarding entities and the U.S. Comptroller General), and any other duly authorized agent of a governmental agency, to audit, inspect, examine,

copy and transcribe Contractor's books, documents, papers and records directly pertinent to this Master Agreement or orders placed by a Purchasing Entity under it for the purpose of making audits, examinations, excerpts, and transcriptions. This right shall survive for a period of six (6) years following termination of this Agreement or final payment for any order placed by a Purchasing Entity against this Agreement, whichever is later, or such longer period as is required by the Purchasing Entity's state statutes, to assure compliance with the terms hereof or to evaluate performance hereunder. Audits are limited to not more than one audit on an annual basis, and in no event shall any audit include the confidential financial information of the Contractor, except to the extent such information is required to verify Contractor's compliance with this Master Agreement, in which case Contractor may require execution of a non-disclosure agreement prior to granting access to such confidential information.

c. Without limiting any other remedy available to any governmental entity, the Contractor shall reimburse the applicable Lead State, Participating Entity, or Purchasing Entity for any overpayments inconsistent with the terms of the Master Agreement or Orders or underpayment of fees found as a result of the examination of the Contractor's records.

d. The rights and obligations herein exist in addition to any quality assurance obligation in the Master Agreement requiring the Contractor to self-audit contract obligations and that permits the Lead State to review compliance with those obligations.

34. Indemnification

a. General Indemnity. Contractor shall indemnify the Indemnified Party by defending (to the extent permitted by a state's Attorney General) the Indemnified Party from any claims or causes of action (and paying all related damages and settlement payments, including attorney's fees, that a court finally awards or are included in a settlement approved by Contractor) for bodily injury (including death) and damage to real or tangible personal property brought by a third party to the extent arising from Contractor's intentional, willful, or negligent acts or omissions and actions. The Indemnified Party will promptly (i) notify Contractor in writing of the claim, (ii) supply information requested by Contractor and (iii) allow Contractor to control, and reasonably cooperate in, the defense and settlement, including mitigation efforts.

"Indemnified Party" means NASPO, NASPO ValuePoint, the Lead State, Participating Entities, and Purchasing Entities, along with their officers and employees.

The indemnification obligations of this section do not apply in the event the claim or cause of action is the result of the Indemnified Party's sole negligence. This clause will not be construed to bar any legal remedies the Contractor may have for the Indemnified Party's failure to fulfill its obligation under this Contract.

b. Intellectual Property Indemnification. Notwithstanding Paragraph 34.a of Exhibit A, the Contractor shall indemnify the Indemnified Party by defending (to the extent permitted by the Attorney General) the Indemnified Party, at the Contractor's expense, from any action or claim (and paying all related damages and settlement payments, including attorney's fees, that a court finally awards or are included in a settlement approved by contractor) brought against the Indemnified Party by a third party to the extent that it is based on a claim that all or part of a Contractor-product infringes upon a patent or copyright of others, provided that the Indemnified Party promptly (i) notifies Contractor in writing of the claim, (ii) supplies information requested by Contractor, and (iii) allows Contractor to control, and reasonably cooperates in, the defense and settlement, including mitigation efforts. If such a claim or action arises, or in the Contractor's or the Indemnified Party's opinion is likely to arise, the Contractor may, at its discretion, either to (i) enable the Indemnified Party to continue to use the product, (ii) replace the product with one that is at least functionally equivalent or (iii) modify the allegedly infringing works or documents as necessary and appropriate to remedy the infringement claim. This intellectual property section states Contractor's entire obligation to Indemnified Party and Indemnified Party's exclusive remedy regarding any third party intellectual property claims.

Notwithstanding the foregoing, Contractor will not be liable under this section to the extent the infringement was caused by: 1) Contractor modification of the infringing material where such modification is made specifically for the Indemnified Party, and where the Indemnified Party has set forth the specific manner in which the modifications shall be made; 2) Indemnified Party modification of the infringing material; 3) Use of the Deliverables or the System in a manner not contemplated by this Contract or as otherwise authorized by the Contractor in writing; 4) use of the Deliverables or the System in combination, operation, or use with other products in a manner other than as contemplated by the Contract or otherwise authorized by the Contractor in writing.

35. Limitations of Liability

- a. The Parties agree that neither Party shall be liable, regardless of the form of action, for consequential, incidental, indirect, exemplary, or special damages, or lost profits, business, value, revenue, goodwill, or anticipated savings.
- b. Contractor's liability is limited to the greater of (i) the aggregate annual value amount of all fees paid to the Contractor by the Purchasing Entity under this Master Agreement; and (ii) \$5,000,000. This limit on liability does not apply to claims for bodily injury or death or to the intellectual property infringement set forth in Section 34(b). These limitations apply collectively to Contractor, its affiliates, contractors, and suppliers.
- c. Contractor's obligations under this section shall not extend to any combination of the Product with any other product, system or method, unless the Product, system, or method is:
 1. provided by the Contractor or the Contractor's subsidiaries or affiliates;
 2. specified by the Contractor to work with the Product; or
 3. reasonably required, in order to use the Product in its intended manner, and the infringement could not have been avoided by substituting another reasonably available product, system or method capable of performing the same function; or
 4. It would be reasonably expected to use the Product in combination with such product, system or method.

36. Reserved

37. Assignment of Antitrust Rights.

Unless prohibited by the relevant state's statute to the contrary, Contractor irrevocably assigns to a Participating Entity who is a state any claim for relief or cause of action which the Contractor now has or which may accrue to the Contractor in the future by reason of any violation of state or federal antitrust laws (15 U.S.C. § 1-15 or a Participating Entity's state antitrust provisions), as now in effect and as may be amended from time to time, in connection with any goods or services provided in that state for the purpose of carrying out the Contractor's obligations under this Master Agreement or Participating Addendum, including, at the Participating Entity's option, the right to control any such litigation on such claim for relief or cause of action.

38. Debarment.

The Contractor certifies that neither Contractor nor its principals are presently debarred, suspended, declared ineligible, voluntarily excluded, from participation in this transaction (contract) by any governmental department or agency, or to the best of Contractor's knowledge is proposed for debarment. This certification represents a recurring certification made at the time any Order is placed under this Master Agreement. If the Contractor cannot certify this statement, attach a written explanation for review by the Lead State.

39. **Governing Law and Venue.**

- a. The construction and effect of the Master Agreement after award shall be governed by the law of the state serving as Lead State. The construction and effect of any Participating Addendum or Order against the Master Agreement shall be governed by and construed in accordance with the laws of the Participating Entity's or Purchasing Entity's State.
- b. Venue for any claim, dispute or action concerning the terms of the Master Agreement shall be in the state serving as Lead State. Venue for any claim, dispute, or action concerning any Order placed against the Master Agreement or the effect of a Participating Addendum shall be in the Purchasing Entity's State.
- c. If a claim is brought in a federal forum, then it must be brought and adjudicated solely and exclusively within the United States District Court for (in decreasing order of priority): the Lead State for claims relating to contract performance or administration if the Lead State is a party; a Participating State if a named party; the state where the Participating Entity or Purchasing Entity is located if either is a named party.

40. **Confidentiality, Non-Disclosure, and Injunctive Relief.**

- a. Confidentiality. Contractor acknowledges that it and its employees or agents may, in the course of providing a Product under this Master Agreement, be exposed to or acquire information that is confidential to Purchasing Entity or Purchasing Entity's clients. Any and all information of any form that is marked as confidential, is otherwise identified as confidential, or would by its nature be clearly recognizable as confidential to a prudent person with no special knowledge or skill obtained by Contractor or its employees or agents in the performance of this Master Agreement, including, but not necessarily limited to (1) any Purchasing Entity's records, (2) personnel records, and (3) information concerning individuals, is confidential information of Purchasing Entity ("Confidential Information"). Any reports or other documents or items (including software) that result from the use of the Confidential Information by Contractor shall be treated in the same manner as the Confidential Information. Confidential Information does not include information that (1) is or becomes (other than by disclosure by Contractor) publicly known; (2) is furnished by Purchasing Entity to others without restrictions similar to those imposed by this Master Agreement; (3) is rightfully in Contractor's possession without the obligation of nondisclosure prior to the time of its disclosure under this Master Agreement; (4) is obtained from a source other than Purchasing Entity without the obligation of confidentiality, (5) is disclosed with the written consent of Purchasing Entity or; (6) is independently developed by employees, agents or subcontractors of Contractor who can be shown to have had no access to the Confidential Information.
- b. Non-Disclosure. Contractor shall hold Confidential Information in confidence, using at least reasonable care to avoid disclosure of the information to unauthorized persons or entities, and shall not copy, reproduce, sell, assign, license, market, transfer or otherwise dispose of, give, or disclose Confidential Information to third parties or use Confidential Information for any purposes whatsoever other than what is necessary to the performance of Orders placed under this Master Agreement or as otherwise authorized by the Purchasing Entity. Contractor shall advise each of its employees and agents of their obligations to keep Confidential Information confidential. Contractor shall use commercially reasonable efforts to assist Purchasing Entity in identifying and preventing any unauthorized use or disclosure of any Confidential Information. Without limiting the generality of the foregoing, Contractor shall advise Purchasing Entity, applicable Participating Entity, and the Lead State without undue delay if Contractor learns that any person who has had access to Confidential Information has violated or intends to violate the terms of this Master Agreement, and Contractor shall reasonably cooperate with Purchasing Entity in seeking injunctive or other equitable relief in the name of Purchasing Entity or Contractor against any such person. Except as directed by Purchasing Entity, Contractor will not at any time during or after the term of this Master Agreement disclose, directly or indirectly, any Confidential Information to any person, except in accordance with this Master Agreement, and that upon termination of this Master Agreement or at Purchasing Entity's request, Contractor shall, to the extent feasible, turn over to Purchasing Entity or destroy all documents, papers, and other matter in Contractor's

possession that embody Confidential Information. Notwithstanding the foregoing, Contractor may keep one copy of such Confidential Information necessary for quality assurance, audits and evidence of the performance of this Master Agreement.

c. Injunctive Relief. Contractor acknowledges that breach of this section, including disclosure of any Confidential Information, may cause irreparable injury to Purchasing Entity that is inadequately compensable in damages. Accordingly, Purchasing Entity may seek and obtain injunctive relief against the breach or threatened breach of the foregoing undertakings, in addition to any other legal remedies that may be available. Contractor acknowledges and agrees that the covenants contained herein are necessary for the protection of the legitimate business interests of Purchasing Entity and are reasonable in scope and content.

d. Purchasing Entity Law. These provisions shall be applicable only to extent they are not in conflict with the applicable public disclosure laws of any Purchasing Entity.

e. The rights granted Purchasing Entities and Contractor obligations under this section shall also extend to the cooperative's Confidential Information, as well as Orders or transaction data relating to Orders under this Master Agreement that identify the entity/customer, Order dates, line item descriptions and volumes, and prices/rates. This provision does not apply to disclosure to the Lead State, a Participating State, or any governmental entity exercising an audit, inspection, or examination pursuant to Paragraph 33 of Exhibit A. To the extent permitted by law, Contractor shall notify the Lead State of the identity of any entity seeking access to the Confidential Information described in this subsection.

41. Public Information.

This Master Agreement and all related documents are subject to disclosure pursuant to the Lead State's public information laws.

42. Cancellation.

Unless otherwise set forth in this Master Agreement, this Master Agreement may be canceled by either party upon 60 days written notice prior to the effective date of the cancellation. Further, any Participating Entity may cancel its participation upon 30 days written notice, unless otherwise stated in the Participating Addendum.

Cancellation may be in whole or in part. Any cancellation under this provision shall not affect the rights and obligations attending orders outstanding at the time of cancellation, including any right of a Purchasing Entity to indemnification by the Contractor, rights of payment for Products delivered and accepted, rights attending any warranty or default in performance in association with any Order, and requirements for records administration and audit. Cancellation of the Master Agreement due to Contractor default may be immediate if defaults cannot be reasonably cured as set forth in Paragraph 44 of Exhibit A.

43. Force Majeure.

Neither party to this Master Agreement shall be held responsible for delay or default caused by fire, riot, unusually severe weather, restrictions imposed by a public health agency which unforeseeably and substantially inhibit Contractor's ability to deliver Product or other deliverables under this Master Agreement, other acts of God, or war which are beyond that party's reasonable control. The Lead State may terminate this Master Agreement after determining such delay or default will reasonably prevent successful performance of the Master Agreement.

44. Defaults and Remedies.

a. The occurrence of any of the following events shall be an event of default under this Master Agreement:

1. Nonperformance of material contractual requirements; or

2. A material breach of any term or condition of this Master Agreement; or
3. Any representation or warranty by Contractor in response to the RFP or in this Master Agreement that proves to be knowingly or intentionally untrue or materially misleading; or
4. Institution of proceedings under any bankruptcy, insolvency, court-ordered reorganization or similar law, by or against Contractor, or the appointment of a receiver or similar officer for Contractor or any of its property, which is not vacated or fully stayed within thirty (30) calendar days after the institution or occurrence thereof; or
5. Any default specified in another section of this Master Agreement.

b. Upon the occurrence of an event of default, the Lead State shall issue a written notice of default, identifying the nature of the default, and providing a period of at least 30 calendar days in which Contractor shall have an opportunity to cure the default. The Lead State shall not be required to provide advance written notice or a cure period and may immediately terminate this Master Agreement in whole or in part if the Lead State, in its sole discretion, determines that it is reasonably necessary to preserve public safety or prevent immediate public crisis.

c. Time allowed for cure shall not diminish or eliminate Contractor's liability for damages. If Contractor is afforded an opportunity to cure and fails to cure the default within the period specified in the written notice of default, Contractor shall be in breach of its obligations under this Master Agreement and the Lead State shall have the right to exercise any or all of the following remedies:

1. Exercise any remedy provided by law; and
2. Terminate this Master Agreement and any related contracts or portions thereof; and
3. Suspend Contractor from being able to respond to future bid solicitations; and
4. Suspend Contractor's performance; and
5. Withhold payment until the default is remedied.

d. Unless otherwise specified in the Participating Addendum, in the event of a default under a Participating Addendum, a Participating Entity shall provide a written notice of default as described in this section and shall have all of the rights and remedies under this paragraph regarding its participation in the Master Agreement, in addition to those set forth in its Participating Addendum. Unless otherwise specified in a Purchase Order, a Purchasing Entity shall provide written notice of default as described in this section and have all of the rights and remedies under this paragraph and any applicable Participating Addendum with respect to an Order placed by the Purchasing Entity. Nothing in these Master Agreement Terms and Conditions shall be construed to limit the rights and remedies available to a Purchasing Entity under the applicable commercial code. Remedies available to a Purchasing Entity shall be subject to the Limitation of Liability provisions in this Master Agreement.

45. Waiver of Breach.

Failure of the Lead State, Participating Entity, or Purchasing Entity to declare a default or enforce any rights and remedies shall not operate as a waiver under this Master Agreement or Participating Addendum. Any waiver by the Lead State, Participating Entity, or Purchasing Entity must be in writing. Waiver by the Lead State or Participating Entity of any default, right or remedy under this Master Agreement or Participating Addendum, or by Purchasing Entity with respect to any Purchase Order, or breach of any terms or requirements of this Master Agreement, a Participating Addendum, or Purchase Order shall not be construed or operate as a waiver of any subsequent default or breach of such term or

requirement, or of any other term or requirement under this Master Agreement, Participating Addendum, or Purchase Order.

46. Notices.

If one party is required to give notice to the other under the Master Agreement, such notice shall be in writing and shall be effective upon receipt. Delivery may be by certified United States mail or by hand, in which case a signed receipt shall be obtained. A facsimile or electronic transmission shall constitute sufficient notice, provided the receipt of the transmission is confirmed by the receiving party. Either party must notify the other of a change in address for notification purposes. All notices to the Lead State shall be addressed as follows:

Elizabeth Randa, Acquisition Management Specialist
112 Administration Bldg.
50 Sherburne Avenue St. Paul, MN 55155
elizabeth.randa@state.mn.us

All notices to Contractor shall be addressed as follows:

Karen Schneider
International Business Machines Corp.
c/o US Contracts
6303 Barfield Rd, NE
Sandy Springs, GA 30328-4233
kasch@us.ibm.com

47. No Waiver of Sovereign Immunity.

In no event shall this Master Agreement, any Participating Addendum or any contract or any Purchase Order issued thereunder, or any act of the Lead State, a Participating Entity, or a Purchasing Entity be a waiver of any form of defense or immunity, whether sovereign immunity, governmental immunity, immunity based on the Eleventh Amendment to the Constitution of the United States or otherwise, from any claim or from the jurisdiction of any court.

This section applies to a claim brought against the Participating Entities who are states only to the extent Congress has appropriately abrogated the state's sovereign immunity and is not consent by the state to be sued in federal court. This section is also not a waiver by the state of any form of immunity, including but not limited to sovereign immunity and immunity based on the Eleventh Amendment to the Constitution of the United States.

Exhibit B: Minnesota Terms and Conditions

1. Change Requests.

The Lead State reserves the right to request, during the term of the Master Agreement, changes to the products offered within the Band(s). Products introduced during the term of the Master Agreement shall go through a formal review process. The process for updating the products offered within a Band is outlined in Paragraph 2 of Exhibit B. The Contractor shall evaluate and recommend products for which agencies have an expressed need. The Lead State shall require the Contractor to provide a summary of its research of those products being recommended for inclusion in the Master Agreement as well as defining how adding the product will enhance the Master Agreement. The Lead State may request that products, other than those recommended, are added to the Master Agreement.

In the event that the Lead State desires to add new products and services that are not included in the original Master Agreement, the Lead State requires that independent manufacturers and resellers cooperate with the already established Contractor in order to meet the Lead State's requirements. Evidence of the need to add products or services should be demonstrated to the Lead State. The Master Agreement shall be modified via supplement or amendment. The Lead State will negotiate the inclusion of the products and services with the Contractor. No products or services will be added to the Master Agreement without the Lead State's prior approval.

2. Product and Service Schedule (PSS).

a. Creating the Product and Service Schedule (PSS). Contractor will use the attached sample PSS to create and maintain a complete listing of all products and services offered under the Master Agreement. The PSS must conform to the contracted minimum discounts. Contractor may create and maintain a separate PSS for a Participating Entity based on the requirements and restrictions of the Participating Entity.

Contractors are encouraged to provide remote learning bundles for K-12 Education. These bundles can be included in the response to the PSS.

b. Maintaining the PSS.

1. In General. Throughout the term of the Master Agreement, on a monthly basis, Contractor may update the PSS to make model changes, add new products or services, or remove obsolete or discontinued products or services. Any updates to the PSS must conform to the Master Agreement requirements, including the scope of the Master Agreement and contracted minimum discounts.

2. Process. Contractor must provide notification to the Lead State of any changes to their PSS using the attached Action Request Form (ARF).

a) The Lead State does not need to approve Contractor's request to make model changes, add their own manufactured products, or remove discontinued or obsolete products or services, and Contractor does not need the Lead State's approval prior to posting an updated PSS.

b) The Lead State must approve Contractor's request to add new third party manufacturers to Contractor's PSS. If the proposed third-party manufacturer holds a NASPO Master Agreement for Computer Equipment, Contractor must obtain written authorization from that manufacturer. Contractor must have the Lead State's approval prior to posting the updated PSS.

c) Contractor must maintain a historic record of all past PSSs under this Master Agreement that will be provided to Participating Entities upon request.

d) Pursuant to the audit provisions of the Master Agreement, upon the request of NASPO ValuePoint, the Lead State, or a Participating Entity, Contractor must provide an historic version of any Baseline Price List.

3. Purchase Orders.

There will be no minimum order requirements or charges to process an individual purchase order. The Participating Addendum number and the PO number will appear on appropriate documentation (i.e., invoices, packing slips, etc.). The Ordering Entity's purchase order constitutes a binding contract.

4. Risk of Loss or Damage.

The Purchasing Entity is relieved of all risks of loss or damage to the goods or equipment during periods of transportation, and installation by the Contractor and in the possession of the Contractor or their authorized agent. Responsibility and liability for loss or damage shall remain with the Contractor up to final inspection and acceptance when responsibility shall pass to the Purchasing Entity except as to latent defects, fraud and Contractor's warranty obligations. Customer must report any loss or damage in writing to Contractor within ten (10) business days of delivery. However, the risk of loss or damage passes to the Contractor during the Contractor's installation of the goods and/or equipment and while the goods and/or equipment are in the Contractor's possession.

5. Payment Card Industry Data Security Standard and Cardholder Information Security.

Contractor assures all of its Network Components, Applications, Servers, and Subcontractors (if any) comply with the Payment Card Industry Data Security Standard ("PCIDSS"). "Network Components" shall include, but are not limited to, Contractor's firewalls, switches, routers, wireless access points, network appliances, and other security appliances; "Applications" shall include, but are not limited to, all purchased and custom external (web) applications. "Servers" shall include, but are not limited to, all of Contractor's web, database, authentication, DNS, mail, proxy, and NTP servers. "Cardholder Data" shall mean any personally identifiable data associated with a cardholder, including, by way of example and without limitation, a cardholder's account number, expiration date, name, address, social security number, or telephone number.

Subcontractors (if any) must be responsible for the security of all Cardholder Data in its possession; and will only use Cardholder Data for assisting cardholders in completing a transaction, providing fraud control services, or for other uses specifically required by law. Contractor must have a business continuity program which conforms to PCIDSS to protect Cardholder Data in the event of a major disruption in its operations or in the event of any other disaster or system failure which may occur to operations; will continue to safeguard Cardholder Data in the event this Agreement terminates or expires; and ensure that a representative or agent of the payment card industry and a representative or agent of the Purchasing Entity shall be provided with full cooperation and access to conduct a thorough security review of Contractor's operations, systems, records, procedures, rules, and practices in the event of a security intrusion in order to validate compliance with PCIDSS.

6. Foreign Outsourcing of Work.

Upon request, the Contractor is required to provide information regarding the location of where Purchasing Entity data or Purchasing Entity Confidential Information is stored or processed under the Master Agreement or applicable Participating Addendum.

7. State Audits (Minn. Stat. § 16C.05, subd. 5).

The books, records, documents, and accounting procedures and practices of the Contractor or other party, that are relevant to the Master Agreement or transaction are subject to examination by the contracting agency and either the Lead State's Legislative Auditor or State Auditor as appropriate for a minimum of six years after the end of the Master Agreement or transaction, to the extent necessary to confirm Contractor's compliance with the terms of this Master Agreement. The Lead State reserves the right to authorize delegate(s) to audit this Master Agreement and transactions. The Lead State and the contracting agency shall each have a confidentiality agreement in place with each of its

delegate(s), the terms of which are substantially similar the confidentiality provisions in this Master Agreement.

The Lead State's or any third-party's access to Contractor's books and records, or those of its subcontractors, shall not include access to personnel, profit, or internal cost data. In addition, the parties shall mutually agree to what documents and records the Lead State or any third-party shall gain access prior to the Lead State or any third-party accessing such records and/or data.

The Lead State or any third-party shall each have such access up to one time in a twelve-month period. The Lead State or any third-party shall bear all costs associated with all audit activity. Such audit activity shall be conducted in a manner that is not disruptive to the Contractor's normal business activities.

8. Certification of Nondiscrimination (in accordance with Minn. Stat. § 16C.053).

If the value of this Contract, including all extensions, is \$50,000 or more, Contractor certifies it does not engage in and has no present plans to engage in discrimination against Israel, or against persons or entities doing business in Israel, when making decisions related to the operation of the contractor's business. For purposes of this section, "discrimination" includes but is not limited to engaging in refusals to deal, terminating business activities, or other actions that are intended to limit commercial relations with Israel, or persons or entities doing business in Israel, when such actions are taken in a manner that in any way discriminates on the basis of nationality or national origin and is not based on a valid business reason.

9. Human Rights/Affirmative Action.

The Lead State requires affirmative action compliance by its Contractors in accordance with Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600.

- a. Covered Contracts and Contractors. If the Contract exceeds \$100,000 and the Contractor employed more than 40 full-time employees on a single working day during the previous 12 months in Minnesota or in the state where it has its principal place of business, then the Contractor must comply with the requirements of Minn. Stat. § 363A.36 and Minn. R. 5000.3400-5000.3600.
- b. Minn. R. 5000.3400-5000.3600 implement Minn. Stat. § 363A.36. These rules include, but are not limited to, criteria for contents, approval, and implementation of affirmative action plans; procedures for issuing certificates of compliance and criteria for determining a contractor's compliance status; procedures for addressing deficiencies, sanctions, and notice and hearing; annual compliance reports; procedures for compliance review; and contract consequences for noncompliance. The specific criteria for approval or rejection of an affirmative action plan are contained in various provisions of Minn. R. 5000.3400 5000.3600 including, but not limited to, parts 5000.3420-5000.3500 and parts 5000.3552 5000.3559.
- c. Disabled Workers. Minn. R. 5000.3550 provides the Contractor must comply with the following affirmative action requirements for disabled workers.

AFFIRMATIVE ACTION FOR DISABLED WORKERS

- (a) The Contractor must not discriminate against any employee or applicant for employment because of physical or mental disability in regard to any position for which the employee or applicant for employment is qualified. The Contractor agrees to take affirmative action to employ, advance in employment, and otherwise treat qualified disabled persons without discrimination based upon their physical or mental disability in all employment practices such as the following: employment, upgrading, demotion or transfer, recruitment, advertising, layoff or termination, rates of pay or other forms of compensation, and selection for training, including apprenticeship.

- (b) The Contractor agrees to comply with the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- (c) In the event of the Contractor's noncompliance with the requirements of this clause, actions for noncompliance may be taken in accordance with Minn. Stat. § 363A.36 and the rules and relevant orders of the Minnesota Department of Human Rights issued pursuant to the Minnesota Human Rights Act.
- (d) The Contractor agrees to post in conspicuous places, available to employees and applicants for employment, notices in a form to be prescribed by the commissioner of the Minnesota Department of Human Rights. Such notices must state the Contractor's obligation under the law to take affirmative action to employ and advance in employment qualified disabled employees and applicants for employment, and the rights of applicants and employees.
- (e) The Contractor must notify each labor union or representative of workers with which it has a collective bargaining agreement or other contract understanding, that the Contractor is bound by the terms of Minn. Stat. § 363A.36 of the Minnesota Human Rights Act and is committed to take affirmative action to employ and advance in employment physically and mentally disabled persons.

d. Consequences. The consequences of a Contractor's failure to implement its affirmative action plan or make a good faith effort to do so include, but are not limited to, suspension or revocation of a certificate of compliance by the commissioner, refusal by the commissioner to approve subsequent plans, and termination of all or part of the Contract by the commissioner or the State.

e. Certification. The Contractor hereby certifies that it is in compliance with the requirements of Minn. Stat. § 363A.36, subd. 1 and Minn. R. 5000.3400-5000.3600 and is aware of the consequences for noncompliance. It is agreed between the parties that Minn. Stat. 363.36 and Minn. R. 5000.3400 to 5000.3600 are incorporated into any contract between these parties based upon this specification or any modification of it. A copy of Minn. Stat. § 363A.36 and Minn. R. 5000.3400 to 5000.3600 are available upon request from the contracting agency.

10. **Equal Pay Certification.**

If required by Minn. Stat. §363A.44, the Contractor must have a current Equal Pay Certificate prior to Contract execution. If Contractor's Equal Pay Certificate expires during the term of this Contract, Contractor must promptly re-apply for an Equal Pay Certificate with the Minnesota Department of Human Rights and notify the State's Authorized Representative once the Contractor has received the renewed Equal Pay Certificate. If Contractor claims to be exempt, the Lead State may require Contractor to verify its exempt status.

11. **Reserved.**

12. **Nonvisual Access Standards.**

Pursuant to Minn. Stat. § 16C.145, the Contractor shall comply with the following nonvisual technology access standards:

- a. That the effective interactive control and use of the technology, including the operating system applications programs, prompts, and format of the data presented, are readily achievable by nonvisual means;
- b. That the nonvisual access technology must be compatible with information technology used by other individuals with whom the blind or visually impaired individual must interact;
- c. That nonvisual access technology must be integrated into networks used to share communications among employees, program participants, and the public; and

d. That the nonvisual access technology must have the capability of providing equivalent access by nonvisual means to telecommunications or other interconnected network services used by persons who are not blind or visually impaired.

These standards do not require the installation of software or peripheral devices used for nonvisual access when the information technology is being used by individuals who are not blind or visually impaired.

13. Accessibility Standards.

Contractor acknowledges and is fully aware that the Lead State (Executive branch state agencies) has developed IT Accessibility Standard effective September 1, 2010. The standard entails, in part, the Web Content Accessibility Guidelines (WCAG) and Section 508 which can be viewed at: <https://mn.gov/mnit/government/policies/accessibility/>.

The Standards apply to web sites, software applications, electronic reports and output documentation, training delivered in electronic formats (including, but not limited to, documents, videos, and webinars), among others. As upgrades are made to the software, products, or subscriptions available through this Contract, the Contractor agrees to develop functionality which supports accessibility. If any issues arise due to nonconformance with the above-mentioned accessibility Standards, the Contractor agrees to provide alternative solutions upon request at no additional charge to the State.

Accessibility Conformance Reports (ACRs formerly known as VPATs) will be publicly available for the Contractor's offerings. The reports should record the accessibility of an offering in the manner recommended by the Information Technology Industry Council (ITI). It includes the following standards: US Section 508 of the Rehabilitation Act, the European standards as defined by EN 301 549, and WCAG.

For each offering created and maintained by the Contractor, Contractor will make a publicly available ACR upon General Availability of the offering. The ACR will record that offering's current accessibility status. If a new version of an offering addresses any modification in the offering's accessibility status, a new ACR will be created and linked to that new offering version. Details around what has changed between versions will be available in the public change logs of an offering. Up to two previous versions of an offering will be supported.

If items around an offering's accessibility are found to be intentionally misrepresented in the ACR or the Contractor fails to provide alternative solutions upon request for offerings it creates and maintains, this may be cause for contract cancellation or for the Lead State to consider the contract in default.

14. Conflict Minerals.

Contractor agrees to provide information upon request regarding adherence to the Conflict Minerals section of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Section 1502). See: <http://beta.congress.gov/111/bills/hr4173/111hr4173enr.pdf#page=838>, <http://www.sec.gov/news/press/2012/2012-163.htm>

15. Hazardous Substances.

To the extent that the goods to be supplied by the Contractor contain or may create hazardous substances, harmful physical agents or infectious agents as set forth in applicable state and federal laws and regulations, the Contractor must provide Material Safety Data Sheets as appropriate.

16. Copyrighted Material Waiver.

The Lead State reserves the right to use, reproduce and publish proposals in response to this Master Agreement in any manner necessary for State agencies and local units of government to access the responses, including but not limited to photocopying, State Intranet/Internet postings, broadcast faxing, and direct mailing. In the event that the response

contains copyrighted or trademarked materials, it is the responder's responsibility to obtain permission for the Lead State to reproduce and publish the information, regardless of whether the responder is the manufacturer or reseller of the products listed in the materials. By signing its response, the responder certifies that it has obtained all necessary approvals for the reproduction and distribution of the contents of its response and agrees to indemnify, protect, save and hold the Lead State, its representatives and employees harmless from any and all claims arising from the violation of this section and agrees to pay all legal fees incurred by the Lead State in the defense of any such action per section 33.b. above.

17. Publicity.

The Contractor shall make no representations of the State's opinion or position as to the quality or effectiveness of the products or services that are the subject of the Master Agreement without the prior written consent of the State's Assistant Director or designee of Office of State Procurement. Representations include any publicity, including but not limited to advertisements, notices, press releases, reports, signs, and similar public notices.

18. Performance While Dispute is Pending.

Notwithstanding the existence of a dispute, the parties shall continue without delay to carry out all of their responsibilities under the Master Agreement that are not affected by the dispute. If a party fails to continue without delay to perform its responsibilities under the Master Agreement, in the accomplishment of all undisputed work, any additional cost incurred by the other parties as a result of such failure to proceed shall be borne by the responsible party.

19. Organizational Conflicts of Interest.

An organizational conflict of interest exists when, because of existing or planned activities or because of relationships with other persons:

- a. the Contractor is unable or potentially unable to render impartial assistance or advice to the State;
- b. the Contractor's objectivity in performing the work is or might be otherwise impaired; or
- c. the Contractor has an unfair competitive advantage.

The Contractor agrees that if an organizational conflict of interest is discovered after award, an immediate and full disclosure in writing shall be made to the Assistant Director of the Lead State's Department of Administration's Office of State Procurement that shall include a description of the action the Contractor has taken or proposes to take to avoid or mitigate such conflicts. If an organizational conflict of interest is determined to exist, the Lead State may, at its discretion, cancel the Master Agreement. In the event the Contractor was aware of an organizational conflict of interest prior to the award of the Master Agreement and did not disclose the conflict to the Master Agreement Administrator, the Lead State may terminate the Master Agreement for default. The provisions of this clause shall be included in all subcontracts for work to be performed, and the terms "Contract," "Contractor," "Master Agreement", "Master Agreement Administrator" and "Contract Administrator" modified appropriately to preserve the State's rights.

20. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion

- a. Certification regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions. Instructions for certification:

- 1. By signing and submitting this proposal, the prospective lower tier participant [responder] is providing the certification set out below.
- 2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the

department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

3. The prospective lower tier participant shall provide immediate written notice to the person to whom this proposal [response] is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or had become erroneous by reason of changed circumstances.

4. The terms covered transaction, debarred, suspended, ineligible lower tier covered transaction, participant, person, primary covered transaction, principal, proposal, and voluntarily excluded, as used in this clause, have the meaning set out in the Definitions and Coverages section of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.

5. The prospective lower tier participant agrees by submitting this response that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction [subcontract equal to or exceeding \$25,000] with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower tier participant further agrees by submitting this proposal that it will include this clause titled, "Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.

7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from covered transactions, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principals. Each participant may, but is not required to, check the list of parties excluded from federal procurement and nonprocurement programs.

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and debarment.

b. Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion – Lower Tier Covered Transactions.

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

21. Government Data Practices.

For this Master Agreement, a Minnesota Participating Addendum, and any Order under the Minnesota Participating Addendum, the Contractor and the Lead State must comply with the Minnesota Government Data Practices Act, Minn. Stat. Ch. 13, (and where applicable, if the Lead State contracting party is part of the judicial branch, with the Rules of Public Access to Records of the Judicial Branch promulgated by the Minnesota Supreme Court as the same may be amended from time to time) as it applies to all data provided by the Lead State to the Contractor and all data provided to the Lead State by the Contractor. In addition, the Minnesota Government Data Practices Act applies to all data created, collected, received, stored, used, maintained, or disseminated by the Contractor in accordance with the Master Agreement that is private, nonpublic, protected nonpublic, or confidential as defined by the Minnesota Government Data Practices Act, Ch. 13 (and where applicable, that is not accessible to the public under the Rules of Public Access to Records of the Judicial Branch).

In the event the Contractor receives a request to release the data referred to in this article, the Contractor must immediately notify the Lead State. The Lead State will give the Contractor instructions concerning the release of the data to the requesting party before the data is released. The civil remedies of Minn. Stat. § 13.08, apply to the release of the data by either the Contractor or the Lead State.

The Contractor agrees to indemnify, save, and hold the Lead State, its agent and employees, harmless from all claims arising out of, resulting from, or in any manner attributable to any violation of any provision of the Minnesota Government Data Practices Act (and where applicable, the Rules of Public Access to Records of the Judicial Branch), including legal fees and disbursements paid or incurred to enforce this provision of the Master Agreement. In the event that the Contractor subcontracts any or all of the work to be performed under the Master Agreement, the Contractor shall retain responsibility under the terms of this article for such work.

22. Survivability.

Certain rights and duties of the Lead State and Contractor will survive the expiration or cancellation of the RFP and resulting Master Agreement. These rights and duties include but are not limited to paragraphs: Indemnification; Limitations of Liability; State Audits; Government Data Practices; Governing Law and Venue; Publicity; and Administrative Fees.

23. Severability.

If any provision of the Master Agreement, including items incorporated by reference, is found to be illegal, unenforceable, or void, then both the Lead State and the Contractor shall be relieved of all obligations arising under such provisions. If the remainder of the Master Agreement is capable of performance it shall not be affected by such declaration or finding and shall be fully performed.

Exhibit C: Requirements

1. Contractor Verification.

Contractor must be a manufacturer of a Product in the Band(s) it is awarded a Master Agreement. "Re-branding" a product that is manufactured by another company does not meet this requirement. If the Contractor ceases production, sells or assigns their manufacturing to another vendor, or otherwise no longer manufactures a product during the life of the Master Agreement the Lead State reserves the right to terminate the Contractor's Master Agreement.

2. Warranty and Maintenance.

Contractor must ensure warranty service and maintenance for all equipment, including third party products provided. The Contractor must facilitate the Manufacturer or Publisher warranty and maintenance of third party products furnished through the Master Agreement. The Contractor shall provide the warranty service and maintenance for equipment and all peripherals on the Master Agreement.

3. Website.

Contractor must develop and maintain a URL to a web site specific to the awarded Master Agreement. Contractor's Master Agreement website must offer twenty-four (24) hours per day, seven (7) days per week availability, except for regularly scheduled maintenance times. The website must be separate from the Contractor's commercially available (i.e., public) on-line catalog and ordering systems. No other items or pricing may be shown on the website without written approval from the Lead State

a. Mandatory Specifications:

- Designated Baseline Price List(s) (e.g., MSRP, List, or Education)
- Product and Service Schedule (PSS)
- Product specifications, pricing,
- Service options and service agreements available on the contract. Please refer to Paragraph 5.
- Contact information for order placement, service concerns (warranty and maintenance), problem reporting, and billing concerns
- Sales representatives for participating entities
- Links to environmental certification, including but not limited to take-back/recycling programs, EPEAT, Energy Star, etc.

b. Desirable Specifications:

- Purchase order tracking
- Information on accessibility and accessible products
- Signed Master Agreement
- Online ordering capability with the ability to remember multiple ship to locations (if applicable to product)
- List of approved partners, if applicable

Within 30 calendar days of the notice of intent to award a Master Agreement, Contractor must provide a sample URL of the Master Agreement webpage to the Lead State for review and approval. The Lead State will review and determine acceptability of the website format and data. If the information is determined to be unacceptable or incorrect, the Contractor will have 15 calendar days to provide revisions to the Lead State. After the Lead State approves the website, Contractor may not make material changes to the website without notifying the Lead State through the ARF process and receiving written approval of the changes.

4. Environmental Certifications.

Contractor must include environmental or supply chain responsibility certifications and registrations for products sold through this Contract on their website. Contractor must provide these certifications and registrations for specific products to Participating Entities upon request.

5. EPEAT Registration.

Contractor agrees that applicable products offered that have EPEAT Standards provided under the Master Agreement must have achieved a minimum EPEAT Bronze registration. This requirement does not apply to Band 3.

Contractor may propose the addition of a product that has not yet achieved a minimum EPEAT Bronze registration. The Lead State, in its sole discretion may require Contractor to provide the following documentation to support the addition of the proposed product:

- A letter from the Green Electronics Council (GEC) on GEC's letterhead confirming that the verification process is underway; or
- A copy of Contractor's GEC contract, Conformity Assurance Board (CAB) contract, and a letter from Contractor's CAB stating that the relevant product has been registered with the CAB and that verification is underway.

The Lead State reserves the right to reject the inclusion of such product, or if approved, require Contractor to remove the product at a later date if the product does not achieve a minimum EPEAT Bronze registration. The Contractor must remove any products that subsequently exit the verification process without achieving EPEAT Bronze or greater from the Master Agreement.

6. Third-Party Products.

Some products offered may be manufactured by a third party. Contractor, however, must provide or facilitate the warranty service and maintenance for all Third-Party Products on the Master Agreement either directly or pass-through from the manufacturer. Contractor may not offer products manufactured by another Contractor holding a Minnesota NASPO ValuePoint Master Agreement for Computer Equipment without approval from the Lead State. Warranty for third-party products must be provided by the Contractor. Warranty documents for products manufactured by a third party are preferred to be delivered to the Participating Entity with the products. Contractor can only offer Third-Party Products in a Band they have been awarded.

Third-Party Products are intended to enhance or supplement a Contractor's own product line, and are not intended to represent more than a third of Contractor's total sales under this Master Agreement. The Lead State may limit the sale of Third-Party Products through the Master Agreement during the life of the Master Agreement should Third-Party Product sales be determined to consistently exceed one third of the total sales under this Master Agreement. Such limitation may take the form of any action the Lead State so chooses, up to and including non-renewal or cancellation of the Master Agreement.

7. Partner Utilization.

If utilizing partners, the Contractor is responsible for the partners providing products and, if applicable, services, as well as warranty service and maintenance for equipment the partner provides. Participating Entities have the option of utilizing partners. Contractor must provide a Participating Entity a copy of its plan for partner utilization upon request. Contractor must make available a list of approved partners for each Participating Entity. Participating Entities must approve specific Partners as outlined within the relevant Participating Addendum, and only partners approved by the Participating Entity may be deployed. The Participating Entity and Contractor will define the process to add and remove partners in the Participating Addendum.

8. 2019 National Defense Authorization Act, Section 889(f)(3).

Under the 2019 National Defense Authorization Act, Section 889(f)(3), the US military is prohibited from purchasing video surveillance and telecommunications equipment from certain Chinese-owned technology firms. While US states

are not subject to this act, there is increasing concern for the security of state data. Contractor certifies for the term of this Master Agreement that it complies with Section 889 of the National Defense Authorization Act, as amended.

Contractor certifies for the term of this Agreement that (1) the purchase of any Product is not prohibited under law, regulation, or policy by the United States federal government, a U.S. State or territory, or a local governmental entity; (2) Contractor is not owned in part or whole by a foreign government or foreign government entity; and (3) That Contractor's delivery of products and services under this Master Agreement are not subject to Chinese law, including the China Internet Security Law, effective June 2017 (or later), as passed by the Chinese Communist Party, through the Standing Committee of the National People's Congress.

Exhibit D: Price Schedule**Volume-Based Discounts**

Master Agreement: 23012
Contractor Name: IBM

All Awarded Bands**1. Per Transaction Multiple Unit Discount(s)**

Contractor provides a contractual volume discount program as follows based on dollars in a single purchase order or combination of purchase orders submitted at one time by a Purchasing Entity, or multiple entities conducting a cooperative purchase.

IBM treats each customer solution as a unique transaction and therefore does not offer a set multiple unit discount. IBM competitively discounts our products and therefore can and does offer deeper than NASPO entitled discounts depending on any number of factors including configuration and competition.

2. Cumulative Discount(s)

Contractor provides a cumulative volume discount as follows based on dollars resulting from the cumulative purchases by all purchases made by Purchasing Entities for the duration of the Master Agreement.

IBM treats each customer solution as a unique transaction and therefore does not offer cumulative volume discounts. However, as stated above, IBM competitively discounts our products and therefore can and does offer deeper than NASPO entitled discounts depending on any number of factors including configuration, competition and volumes.

3. Other Discount(s)

Additional discount(s) available.

An example of other discounts would be an IBM promotion for a specific product(s) for a prescribed period of time.
