

Attachment B – Supplemental Questions for Section VIII. Bid Schedule

In times of emergency, the Materials Management Office, per the State Emergency Operations Plan, support Emergency Service Function 7 (ESF7), Resource Support. The Mission of ESF7 is to provide or coordinate the provision of services, equipment and supplies to support expedient operations associated with a disaster or emergency. It also supports the approval and acquisition of equipment and supplies not available through normal purchasing channels and ordering timeframes.

In order to include the maximum possible number of participants, this solicitation is structured to allow each offeror to supply bottled water priced on a per ounce basis using its standard packaging when practicable. Offerors are to use the following forms to provide information regarding said packaging. Please note that a number of blanks must be completed below. All blanks shall be completed (including the supplemental questionnaire) or the bid may be rejected.

IMPORTANT NOTICE: Successful offerors must be able to support the State's emergency operations. Much shorter delivery times will be required. In some cases, delivery may be required in as little as 8 hours. This document includes space for information to be completed by offerors demonstrating their capability to support emergency operations. Completion of said information is mandatory and must be included in the offeror's submittal in order to receive consideration.

In order to support State emergency operations, the contractor will be required to maintain sufficient inventory to make shipments within no more than eight (8) hours after receipt of order(s) as indicated in its offer in Section VIII (Bid Schedule).

Items 1 and 3): Water, bottled, in non-breakable, non-returnable containers, suitable for human use and consumption, from any potable source, and without additives of any type or kind.
