If you have an account with a local Fastenal store and they have tied your email address to your account, it will be suggested here.

If your local store has not tied your email address to your account, you will need to provide two invoice numbers. This ensures the security of your Fastenal account. If you do not have two invoice numbers, a request will be automatically sent to your store so they can verify your account.

Account Number Association (Step 3 of 3)

Account Numbers tied to your email address

Choose Different Account Number

I do not have an Account Number
