

Attachment B – Supplemental Questions for Section VIII. Bid Schedule

In times of emergency, the Materials Management Office, per the State Emergency Operations Plan, support Emergency Service Function 7 (ESF7), Resource Support. The Mission of ESF7 is to provide or coordinate the provision of services, equipment and supplies to support expedient operations associated with a disaster or emergency. It also supports the approval and acquisition of equipment and supplies not available through normal purchasing channels and ordering timeframes.

In order to support State emergency operations, the contractor will be required to maintain sufficient inventory to make shipments within no more than eight (8) hours after receipt of order(s) as indicated in its offer in Section VIII (Bid Schedule).

Items 1 and 3): Water, bottled, in non-breakable, non-returnable containers, suitable for human use and consumption, from any potable source, and without additives of any type or kind. Individual containers shall contain not less than twelve (12) ounces nor more than one (1) liter each, palletized (approximately 48" x 48" pallets shall be used) and wrapped, suitable for handling by forklifts, floor jacks and/or other similar equipment, and delivered to any point in the State of South Carolina:

If you wish to offer more than one package size, copy this page and complete the information required for each package size offered.

Container size in ounces: 12 Number of containers per case: 24

Total cases per pallet: 84 Total weight per pallet: 1883 lb

Total number of pallets which may be legally loaded (based on weight) per 48 foot trailer: 19

Price PER OUNCE of water: .0191 & .0212 Total price per pallet: \$462.07 & \$512.87

Pallet Dimensions: 48x40 Can these pallets be stacked? no How high?

Price (if any) for pallet: \$5.00 (The State does NOT intend to return pallets, as they are likely to be scattered over a wide geographic area.)

TBP SERVICES, INC

List quantity and unit of measure for the following:

Minimum Order Quantity for FOB Destination 15 days ARO 1 pallet _____

Minimum Order Quantity to Support Emergency Operations 1 pallet _____

SPECIAL NOTE: The State anticipates that no single vendor will have sufficient inventory to meet the requirements of this bid. In addition, since no one knows where the next disaster may strike, it is impossible to know which vendors may not be accessible due to damage. Therefore, the following two questions are being asked so that the State has some basis for planning its activities in the event of an emergency.

1. State the number of pallets of bottled water you will have available within eight (8) hours of receipt of order. 3,800
2. State the number of pallets of bottled water you will have available per day, pursuant to any contract which you may be awarded: 5,700

SUPPLEMENTAL QUESTIONNAIRE:

1. State your normal hours of operation: 8 am until 5 pm Monday thru Friday
2. Are you willing to furnish and load water outside of your normal hours of operation? (yes/no) YES
3. If the answer to 2. above is yes, state the price per ounce of water furnished, packaged and loaded as called for above outside your normal hours of operation. No extra OZ
4. State the name, and telephone number (24 hour) of the contact person(s) who will be responsible for administering this contract for your firm:
NAME: Ken Prince TELEPHONE NUMBER: 803-917-0357
5. State the location of the facility(s) where the water will be available for pick up:

This is impossible to answer. In the past we've arranged SC offices to pick up water in Columbia and Sandy Run twice that I remember.

It's possible we could have a pickup in Florence and Charleston, but that's strictly a case-by-case issue. NOTE: Bottler companies are very strict who's allowed on their property since COVID became a Pandemic.
