23. Administrative Fee: Procurement Services (PS) issues and maintains State term contracts for the benefit of all South Carolina state and local public entities. State term contracts allow all public entities to maximize their purchasing power by aggregating their requirements and to benefit from increased efficiencies in the acquisition process. In order to maintain and enhance the quality and quantity of its State term contracts, each participating public procurement unit will be assessed an administrative fee. Accordingly, a public procurement unit (as defined in S.C. Code Ann. § 11-35-4610(5)), by participating in this contract, owes (PS) an administrative services fee ("fee"). Participating public procurement units shall pay the fee to contractor as a part of the contract price. Contractor is responsible both for collecting the fee at the time of billing and for remitting the fee to PS. The fee to be collected by the contractor constitutes a debt by the contractor to PS. Contractor shall factor the fee into its contract pricing and shall not separately itemize or invoice for the fee.

For each reporting period, Contractor shall pay to PS a fee equal to one (1%) percent of the total dollar amount (excluding sales taxes and adjusted for credits or refunds) of catalog purchases made by any public procurement unit from Contractor pursuant to this contract.

(a) As used in this clause, the term "reporting period" means each full calendar quarter (Jan. -- Mar., Apr. -- Jun., Jul. -- Sep., and Oct. -- Dec.) and any remaining periods less than a full calendar quarter during the term of this contract. For each reporting period, contractor shall report to PS its total sales pursuant to this contract for the period and shall remit the fee to the PS Reports Manager. Payment for each reporting period is due no later than the last day of the month immediately following the end of the reporting period (Example: payment for the reporting period ending March 31 is due April 30). If the amount due for a reporting period is less than \$10.00, no payment is required. The procurement officer will provide contractor an information packet, including a detailed explanation of reporting and payment requirements, within fifteen (15) calendar days following contract award. You may contact the Reports Manager at:

Procurement Services Division
Attn: Reports Manager
1201 Main Street, Suite 600
Columbia, SC 29201
Phone: (803) 737-0600 (ask to speak to the Reports Manager)

(b) Contractor shall submit a usage report for each reporting period, even if no payment is due for the reporting period. The usage report shall include any information requested by PS to verify the amount due. At a minimum, each usage report shall reflect the following information for the applicable reporting period: contractor's name, contract number, contract description, reporting period/quarter, total dollar value of sales (excluding sales taxes and showing any adjustments for credits or refunds), total number of units (if practicable), and the number, date, and amount of contractor's check to PS. Unless otherwise specified by the reports manager, the usage report shall be submitted electronically according to instructions in the information packet. If the reports manager requires the contractor to provide a more

detailed usage report, the reports manager will work directly with the contractor to determine the appropriate content and format of the report.

(c) PS or its authorized representatives shall be afforded access to contractor's records (including, without limitation, bank statements, deposits, checks; invoices; correspondence; ledgers; receipts; transmittals) in order to audit all transactions involving goods sold, work performed, or fees due pursuant to this contract, consistent with paragraph 33 of the Master Agreement. PS agrees not to disclose any material discovered or produced during the audit that the contractor reasonably designates as proprietary or confidential. If the audit indicates that contractor has materially underpaid PS, then contractor shall remit the balance found to be due (including any amounts assessed pursuant to subparagraph (d)) and reimburse PS for all costs of the audit.

(d) Payments of the fee which are due and unpaid by the contractor (including amounts disclosed by audit) shall bear simple interest from the date due until paid unless paid within 30 calendar days of becoming due. The interest rate shall be the highest prime rate (as published in The Wall Street Journal) plus 2% per annum (unless a higher rate is provided by law, but in no event be greater than the maximum interest rate permitted by law), shall be variable, and shall be adjusted effective at the close of business on the day of any change in the prime rate. In addition to the fee and interest, contractor agrees to pay to PS its reasonable expenses of collection, including costs and attorneys' fees (and fees for inside counsel), whether or not PS commences legal action.

(e) If the contractor fails to (i) timely submit accurate usage reports; (ii) remit to PS the fee when due; or (iii) promptly and fully cooperate with an audit request, the State may, without prejudice to any other remedy available to the State, take any one or more of the following actions:

- (1) order the contractor to not accept any further orders under the contract until the cause for such order has been eliminated;
- (2) terminate this contract;
- (3) order the contractor to not accept any further orders under any other statewide term contract;
- (4) terminate the contractor's award of any other statewide term contract.

(f) For purposes of this clause, PS is intended as a third-party beneficiary of this contract.

Reports MUST reference the SC Participating number **4400032673** to assure accurate accounting of purchases under this contract and reported administrative fees. Each remittance will include the period covered and the contract number. (S.C. Code Ann. § 11-35-4860(5))

24. Taxes: Any tax the contractor may be required to collect or pay upon the sale, use or delivery of the products shall be paid by the State, and such sums shall be due and payable to the contractor upon acceptance. Any personal property taxes levied after delivery shall be paid by the State. It shall be solely the State's obligation, after payment to contractor, to challenge the applicability of any tax by negotiation with, or action against, the taxing authority. Contractor agrees to refund any tax collected, which is subsequently determined not to be proper and for which a refund has been paid to contractor by the taxing authority. In the event that the contractor fails to pay, or delays in paying, to any taxing authorities, sums paid by the State to contractor, contractor shall be liable to the State for any loss (such as the assessment of additional interest) caused by virtue of this failure or delay. Taxes based on Contractor's net income or assets shall be the sole responsibility of the contractor. (S.C. Code Ann. Title 12, Chapter 36)

30. Bankruptcy – Government Information: (a) All government information (as defined in the clause herein entitled “Information Security - Definitions”) shall belong exclusively to the State, and Contractor has no legal or equitable interest in, or claim to, such information. Contractor acknowledges and agrees that in the event Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, government information in its possession and/or under its control will not be considered property of its bankruptcy estate. (b) Contractor agrees to notify the State within forty- eight (48) hours of any determination that it makes to file for bankruptcy protection, and Contractor further agrees to turn over to the State, before such filing, all government information that is in Contractor’s possession in a format that can be readily utilized by the State. (c) In order to protect the integrity and availability of government information, Contractor shall take reasonable measures to evaluate and monitor the financial circumstances of any subcontractor that will process, store, transmit or access government information.

31. Statewide Term Contract: This PA is established as a term contract (as defined in Section 11-35-310(37)) available for use by all South Carolina public procurement units (as defined in Section 11-35-4610(5)). Use by state governmental bodies (as defined in Section 11-35-310(18)), which includes most state agencies, is mandatory except under limited circumstances, as provided in Section 11-35-310(37). See clause entitled “Acceptance of Offers 10% Below Price.” Use by local public procurement units is optional. Section 11-35-4610(3) defines local public procurement units to include any political subdivision, or unit thereof, which expends public funds. Section 11-35-310(24) defines the term political subdivision as all counties, municipalities, school districts, public service or special purpose districts.

32. Survival of Obligations: The Parties' rights and obligations which, by their nature, would continue beyond the termination, cancellation, rejection, or expiration of this contract shall survive such termination, cancellation, rejection, or expiration, including, but not limited to, the rights and obligations created by the following clauses: Indemnification - Third Party Claims, Intellectual Property Indemnification, and any provisions regarding warranty or audit.
33. Compliance with Laws: During the term of the contract, contractor shall comply with all applicable provisions of laws, codes, ordinances, rules, regulations, and tariffs.
34. Default: (a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to: (i) Deliver the supplies or to perform the services within the time specified in this contract or any extension; (ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or (iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause). (2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure. (b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated. (c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor. (d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. (e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest. (f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes

clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders. (g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause. (h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

35. Equal Opportunity: Contractor is referred to and shall comply with all applicable provisions, if any, of Title 41, Part 60 of the Code of Federal Regulations, including but not limited to Sections 60-1.4, 60-4.2, 60-4.3, 60-250.5(a), and 60-741.5(a), which are hereby incorporated by reference.
36. Ethics Certificate: Contractor certifies that the Contractor has and will comply with, and has not and will not, induce a person to violate Title 8, Chapter 13 of the South Carolina Code of Laws, as amended ("Ethics Act"). The following statutes require special attention: Section 8-13-700, regarding use of official position for financial gain; Section 8-13-705, regarding gifts to influence action of public official; Section 8-13-720, regarding offering money for advice or influence of action of public official; Section 8-13-755 and 8-13-760, regarding restrictions on employment by former public officials; Section 8-13-775, prohibiting public official with economic interests from acting on contracts; Section 8-13-790, regarding recovery of kickbacks; Section 8-13-1150, regarding statements to be filed by consultants; and Section 8-13-1342; regarding restrictions on contributions by Contractor to candidate who participated in awarding of contract. The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the procurement officer at the same time the law requires the statement to be filed.
37. Indemnification - Third Party Claims – Disclosure of Information: (a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law. (b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure

to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction. (c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. (d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees.

38. Indemnification- Intellectual Property: (a) Without limitation and notwithstanding any provision in this agreement, Contractor shall, upon receipt of notification, defend and indemnify the State, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees against all actions, proceedings or claims of any nature (and all damages, settlement payments, attorneys' fees (including inside counsel), costs, expenses, losses or liabilities attributable thereto) by any third party asserting or involving an IP right related to an acquired item. State shall allow Contractor to defend such claim so long as the defense is diligently and capably prosecuted. State shall allow Contractor to settle such claim so long as (i) all settlement payments are made by Contractor, and (ii) the settlement imposes no non-monetary obligation upon State. State shall reasonably cooperate with Contractor's defense of such claim. (b) In the event an injunction or order shall be obtained against State's use of any acquired item, or if in Contractor's opinion, the acquired item is likely to become the subject of a claim of infringement or violation of an IP right, Contractor shall, without in any way limiting the foregoing, and at its expense, either: (1) procure for State the right to continue to use, or have used, the acquired item, or (2) replace or modify the acquired item so that it becomes non-infringing but only if the modification or replacement does not adversely affect the specifications for the acquired item or its use by State. If neither (1) nor (2), above, is practical, State may require that Contractor remove the acquired item from State, refund to State any charges paid by State therefor, and take all steps necessary to have State released from any further liability. (c) Contractor's obligations under this paragraph do not apply to a claim to the extent (i) that the claim is caused by Contractor's compliance with specifications furnished by the State unless Contractor knew its compliance with the State's specifications would infringe an IP right, or (ii) that the claim is caused by Contractor's compliance with specifications furnished by the State if the State knowingly relied on a third party's IP right to develop the specifications provided to Contractor and failed to identify such

product to Contractor. (d) As used in this paragraph, these terms are defined as follows: "IP right(s)" means a patent, copyright, trademark, trade secret, or any other proprietary right. "Acquired item(s)" means the rights, goods, or services furnished under this agreement. "Specification(s)" means a detailed, exact statement of particulars such as a statement prescribing materials, dimensions, and quality of work. (e) Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of this Agreement.

39. Indemnification - Third Party Claims – General: Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such claims are made by a third party or an Indemnitee; however, if an Indemnitee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnitee shall not be entitled to indemnification hereunder. Contractor shall be given timely written notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancelation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees.
40. Information Security - Definitions: The following definitions are used in those clauses that cross reference this clause. **Compromise** means disclosure of information to unauthorized persons, or a violation of the security policy of a system in which unauthorized intentional or unintentional disclosure, modification, destruction, or loss of an object may have occurred. Without limitation, the term "**compromise**" includes copying the data through covert network channels, or copying the data to unauthorized media, or disclosure of information in violation of any obligation imposed by this contract. **Data** means a subset of information in an electronic format that allows it to be retrieved or transmitted. **Government information** means information (i) provided to Contractor by, or generated by Contractor for, the using governmental unit, or (ii) acquired or accessed by Contractor as a result of performing the Work. Without limiting the foregoing, government information includes any information that Contractor acquires or accesses by software or web based services, which includes, without limitation, any metadata or location data. Government information excludes unrestricted information. **Information** means any communication or representation of knowledge such as facts, statistics, or opinions, in any medium or form, including textual, numerical, graphic, cartographic, narrative, or audiovisual. **Information system** means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of

information. **Public information** means any specific information, regardless of form or format, that the State has actively and intentionally disclosed, disseminated, or made available to the public. Information is not public information solely because it may be subject to inspection pursuant to an unfulfilled public records request. **Software** means any computer program accessed or used by the Using Governmental Unit or a third party pursuant to or as a result of this contract. **Third party** means any person or entity other than the Using Governmental Unit, the Contractor, or any subcontractors at any tier. **Unrestricted information** means (1) public information acquired other than through performance of the work, (2) information acquired by Contractor prior to contract formation, (3) information incidental to your contract administration, such as financial, administrative, cost or pricing, or management information, and (4) any ideas, concepts, know-how, methodologies, processes, technologies, techniques which Contractor develops or learns in connection with Contractor's performance of the work. **Web-based service** means a service accessed over the Internet and acquired, accessed, or used by the using governmental unit or a third party pursuant to or as a result of this contract, including without limitation, cloud services, software-as-a-service, and hosted computer services.

41. **Limitation on Liability:** Neither party nor its suppliers or licensors shall be liable with respect to any product or other subject matter of this agreement under any contract, negligence, strict liability or other legal or equitable theory for:
- a. Any direct damages in excess of the greater of one million U.S. Dollars per relevant Purchase Order or the amount payable by Customer to Contractor for the relevant Purchase Order; or
 - b. Any incidental or consequential damages, including without limitation, lost profits, even if they have been advised of the possibility of such damages.

Nothing herein shall be construed to waive any clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on recovery provided by law.

42. **Purchase Orders:** Contractor shall not perform any work prior to the receipt of a purchase order from the using governmental unit. The using governmental unit shall order any supplies or services to be furnished under this contract by issuing a purchase order. Purchase orders may be used to elect any options available under this contract, e.g., quantity, item, delivery date, payment method, but are subject to all terms and conditions of this contract. Purchase orders may be electronic. No particular form is required. An order placed pursuant to the purchasing card provision qualifies as a purchase order.
43. **Termination For Convenience – Indefinite Delivery / Indefinite Quantity Contracts:** Unless the termination so provides, a termination for convenience shall not operate to terminate any purchase orders issued prior to the effective date of termination. [07-7B255-1]
44. **Termination for Convenience:** (1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective. (2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the

extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so. (3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause. (4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph. (b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated; (c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph: (i) contract prices for supplies or services accepted under the contract; (ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services; (iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph; (iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated. (d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles. (5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the State's right to require the termination of a subcontract, or (ii) increase the obligation of the State beyond what it would have been if the subcontract had contained an appropriate clause.

As provided in the solicitation, if a public procurement unit is offered the same supplies, services, or information technology at a price that is at least ten percent less than the term contract price, it may purchase from the vendor offering the lower price after first offering the vendor holding the term contract the option to meet the lower price.
