

**NASPO ValuePoint  
 Participating Addendum – State of South Carolina**

Effective May 1, 2018 through **April 30, 2023**

**Contract end was updated on 4/3/19**

**Facilities MRO (Material, Repair and Operating) and  
 Industrial Supplies**

The State of Oregon, lead state for the NASPO MRO Contract, awarded contracts for MRO supplies on April 17, 2018, with an initial term of April 17, 2018 through June 30, 2019. The State of South Carolina will offer the contracts established for use by all State agencies, political subdivisions, and higher and technical education institutions of the State of South Carolina for this same period. Entities shall use these contracts as they would a Statewide Term Contract, although **use is not mandatory** (therefore 10% Rule will not apply). The Agreement is a multiple award, catalog-wide agreement involving the three largest suppliers of MRO products as below.

**Exclusions:** The State of South Carolina's Participating Addendum excludes the purchase of **Ballasts and Lamps; Paper Towels, Toilet Paper and Dispensers; Trash Can Liners; Office Supplies; Food Service Equipment** as there are Statewide Term Contracts for the purchase of these specific items. As well as excluding **any single item with an individual unit cost of \$10,000.00 or more**. Please note that the Statewide Term Contracts for these product exclusions may require a minimum quantity order and/or may not meet a particular or exceptional operational need of a using organization (Examples: can liner that is exceptionally thick/strong or of an unusual color or size, paper products that will not fit a particular dispenser). In such situations, using organizations may use this agreement to complete purchases to meet their specific operational needs.
