Protest Decision

Matter of: Korman Signs, Inc.
File No.: 2021-134
Revised Posting Date: April 23, 2021
Contracting Entity: South Carolina Department of Transportation
Solicitation No.: 5400020660
Description: Aluminum Composite Sign Blanks

DIGEST

Protest challenging a Notice of Intent to Award on grounds of non-responsiveness denied where low bidder's bid was responsive.

AUTHORITY

Per S.C. Code Ann. §§ 11-35-1520(7) the Chief Procurement Officer (CPO) conducted an administrative review of a protest filed by Korman Signs, Inc. (Korman) of South Carolina Department of Transportation's (DOT) intent to award a contract to Big Green Sign Company, LLC (Big Green). Korman's protest is attached as Exhibit A. This decision is based on materials in the procurement file and applicable law and precedents.

BACKGROUND

By this procurement, DOT seeks to acquire aluminum sign blanks. [Exhibit B]. The solicitation includes the following sign blank specifications:

This aluminum composite material shall be made of two pre-painted sheets of aluminum that is bonded to a thermoplastic core (solid polyethylene core)...

The laminate material must be available in a 3mm thickness with a minimum aluminum thicknesses of 0.020". The thickness tolerance of the laminated sheet shall be +/- 0.004 on an inch.

Amendment 1 to the solicitation included the following additional information:

QUESTION #1:

The Solicitation Document states: “The laminate material must be available in a 3mm thickness with a minimum aluminum thicknesses of 0.020”. The thickness tolerance of the laminated sheet shall be +/- 0.004 on an inch.”

- Is the aluminum thickness spec for each side or a combined thickness?
 - 0.020” = .508mm which is thick aluminum for Aluminum Composite Signs [sic] Blanks so I wanted to ensure we understand exactly what you’re looking for.

SCDOT RESPONSE:

The minimum aluminum thickness of EACH SIDE is 0.020”

By the date for receipt of bids, DOT received three bids. [Exhibit C] Big Green submitted the low bid. After bid opening, the DOT procurement manager conducted a review of Big Green’s product. [Exhibit D] On February 22, 2021, DOT posted a Notice of Intent to Award a contract to Big Green. [Exhibit E] On March 1, 2021, Korman emailed the CPO a notice of its intention to protest the intended award. [Exhibit F] On March 9, 2021, Korman emailed its protest to the CPO.

Korman alleges that Big Green did not bid sign blanks that meet the aluminum thickness requirements of the specifications. In support of this contention, Korman relies on product descriptive literature Big Green included with its bid.

The source selection method used in this solicitation is competitive sealed bidding per S.C. Code Ann. §11-35-1520. Under this source selection method, the State spells out its requirements and asks each bidder to provide a bid price to meet those requirements. By bidding, a bidder is agreeing to be bound by the requirements in the solicitation. Any deviation from those requirements after award is a breach of contract. Sometimes, however, a bidder will submit a bid that expressly takes exception to the requirements of the solicitation. When this happens, the State must reject the bid as nonresponsive to the State’s requirements unless the exception is a minor informality. S.C. Code Ann. §§11-35-1410(9) and 1520(10) & (13) and Reg. 19-445.2065, 2070(C), and 2090(A).

Respecting responsiveness, the solicitation states:

RESPONSIVENESS/IMPROPER OFFERS (JUN 2015)

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor

informality may be cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. S.C. Code Ann. Reg. 19-445.2077(D).

[highlighting supplied]

With respect to submittal of descriptive literature, the solicitation states:

DESCRIPTIVE LITERATURE – REQUIRED (MODIFIED)

Your offer must include documentation indicating aluminum composite material is National Cooperative Highway Research Program (NCHRP) 350 crash level 3 certified for use on temporary sign stands at all mounting heights.

DOT did not request documentation of the thickness of the sign blanks or the thickness of the aluminum facing on both sides of the sign blanks. Per S.C. Code Ann. Reg. 19-445.2077(D), to the extent Big Green provided such literature, that literature does not go to responsiveness, and does not change the requirements of the solicitation that Big Green must provide laminate sign blanks meeting the requirements of the solicitation. If Big Green does not do so, Big Green will be in breach of contract. Breach of contract is a matter of contract administration, not a matter of protest.

Decision

For the foregoing reasons, protest denied.

Chief Procurement Officer for Construction

Re: Bid Protest- Aluminum Composite Sign Blanks
Solicitation: 5400020660

Dear Sir,

This letter serves as Korman Signs, Inc. formal protest of any award in the above referenced solicitation for Aluminum Composite Sign Blanks to The Big Green Sign Company, LLC. As outlined in more detail below, Big Green Sign Company failed to follow bid criteria in the product they are offering and therefore should be properly rejected as non-responsive per details below.

Per Section III: Scope of Work/Specifications of bid documents Under “Requirements” paragraph 4 states “The laminate material must be available in 3mm thickness with a **minimum** aluminum thickness of 0.020 of an inch. The thickness tolerance of the laminated sheet shall be +/- 0.004 of an inch.”

In the materials specification provided by the supplier(attached) which we received from our FOIA request, under their “Physical and Mechanical Properties” data for 3mm it states an aluminum skin thickness of 0.021 **mm** which is the equivalent of 0.000826 of an inch. That is 1/24th the aluminum thickness called for in the specifications. We also noticed that they list their 4mm thick composite material

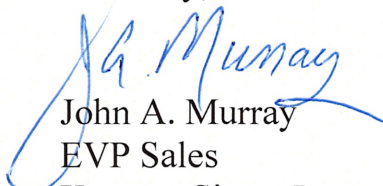

with an aluminum skin thickness of 0.25**mm** which equates to 0.010 of an inch. That material is also significantly less(1/2) than what is called for in the specifications.

The use of the lighter gauge aluminum has a direct impact on lower cost and greatly reduces the durability of the product for permanent sign usage.

For the reasons set forth above, Korman Signs respectfully request that the bid from Big Green Sign Company be rejected as nonresponsive. The above noted deficiency unfairly affects the price of the bid and gives this bidder an advantage over others.

Sincerely,

John A. Murray

DISCLOSURE OF CONFLICTS OF INTEREST OR UNFAIR COMPETITIVE ADVANTAGE (FEB 2015)

You warrant and represent that your offer identifies and explains any unfair competitive advantage you may have in competing for the proposed contract and any actual or potential conflicts of interest that may arise from your participation in this competition or your receipt of an award. The two underlying principles are (a) preventing the existence of conflicting roles that might bias a contractor's judgment, and (b) preventing an unfair competitive advantage. If you have an unfair competitive advantage or a conflict of interest, the state may withhold award. Before withholding award on these grounds, an offeror will be notified of the concerns and provided a reasonable opportunity to respond. Efforts to avoid or mitigate such concerns, including restrictions on future activities, may be considered. Without limiting the foregoing, you represent that your offer identifies any services that relate to either this solicitation or the work and that has already been performed by you, a proposed subcontractor, or an affiliated business of either. [02-2A047-2]

DEADLINE FOR SUBMISSION OF OFFER (JAN 2004)

Failure to do so will be at the Offeror's risk. All ambiguities, discrepancies, errors, omissions, or conflicting statements in the Solicitation shall be interpreted to require the better quality or greater quantity of work and/or materials, unless otherwise directed by amendment. This law appears in Section 11-35-1524 of the South Carolina Code of Laws. The terms "made," "manufactured," and "grown" are defined by Section 11-35-1524(A). By signing your offer and checking the appropriate space(s) provided and identified on the bid schedule, you certify that the end-product(s) is either made, manufactured or grown in South Carolina, or other states of the United States, as applicable. Preference will be applied as required by law. Post award substitutions are prohibited. See "Substitutions Prohibited - End Product Preferences (Sep 2009)" provision. [02-2B112-1]

PROHIBITED COMMUNICATIONS AND DONATIONS (FEB 2015)

Violation of these restrictions may result in disqualification of your offer, suspension or debarment, and may constitute a violation of law.

(a) During the period between publication of the solicitation and final award, *you must not communicate, directly or indirectly, with the Using Governmental Unit or its employees, agents or officials regarding any aspect of this procurement activity*, unless otherwise approved in writing by the Procurement Officer. All communications must be solely with the Procurement Officer. [R. 19-445.2010]

(b) You are advised to familiarize yourself with Regulation 19-445.2165, which restricts donations to a governmental entity with whom you have or seek to have a contract. *You represent that your offer discloses any gifts made, directly or through an intermediary, by you or your named subcontractors to or for the benefit of the Using Governmental Unit during the period beginning eighteen months prior to the Opening Date.* [R. 19-445.2165] [02-2A087-1]

PUBLIC OPENING (JAN 2004)

Offers will be publicly opened at the date/time and at the location identified on the Cover Page, or last Amendment, whichever is applicable. [02-2A090-1]

QUESTIONS FROM OFFERORS (FEB 2015)

(a) Any prospective offeror desiring an explanation or interpretation of the solicitation, drawings, specifications, etc., must request it in writing. Questions regarding the original solicitation or any amendment must be received by the Procurement Officer no later than five (5) days prior to opening unless an earlier date is stated on the Cover Page. Label any communication regarding your questions with the name of the procurement officer, and the solicitation's title and number. Oral explanations or instructions will not be binding. [See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." **We will not identify you in our answer to your question.** (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Procurement Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

REJECTION/CANCELLATION (JAN 2004)

The State may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part. [SC Code Section 11-35-1710 & R.19-445.2065] [02-2A100-1]

RESPONSIVENESS/IMPROPER OFFERS (JUN 2015)

(a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.

(b) Multiple Offers. Offerors may submit more than one Offer, provided that each Offer has significant differences other than price. Each separate Offer must satisfy all Solicitation requirements. If this solicitation is an Invitation for Bids, each separate offer must be submitted as a separate document. If this solicitation is a Request for Proposals, multiple offers may be submitted as one document, provided that you clearly differentiate between each offer and you submit a separate cost proposal for each offer, if applicable.

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be

cured or waived at the sole discretion of the Procurement Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(d) Price Reasonableness: Any offer may be rejected if the Procurement Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].

(e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. S.C. Code Ann. Reg. 19-445.2077(D).

In lieu of an automatic extension, an Amendment may be issued to reschedule bid opening. [02-2A120-3]

SUBMITTING CONFIDENTIAL INFORMATION (FEB 2015)

(An overview is available at www.procurement.sc.gov) For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that Offeror contends contains information that is exempt from public disclosure because it is either (a) a trade secret as defined in Section 30-4-40(a)(1), or (b) privileged and confidential, as that phrase is used in Section 11-35-410. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the words "TRADE SECRET" every page, or portion thereof, that Offeror contends contains a trade secret as that term is defined by Section 39-8-20 of the Trade Secrets Act. For every document Offeror submits in response to or with regard to this solicitation or request, Offeror must separately mark with the word "PROTECTED" every page, or portion thereof, that Offeror contends is protected by Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text. Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive. If only portions of a page are subject to some protection, do not mark the entire page. By submitting a response to this solicitation or request, Offeror (1) agrees to the public disclosure of every page of every document regarding this solicitation or request that was

submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page is conspicuously marked "TRADE SECRET" or "CONFIDENTIAL" or "PROTECTED", (2) agrees that any information not marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure. In determining whether to release documents, the State will detrimentally rely on Offeror's marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "PROTECTED". By submitting a response, Offeror agrees to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that Offeror marked as "confidential" or "trade secret" or "PROTECTED". (All references to S.C. Code of Laws.) [02-2A125-2]

The aluminum composite material shall be National Cooperative Highway Research Program (NCHRP) 350 crash level 3 certified for use on temporary sign stands at all mounting heights.

All materials are to be supplied as specified and shall be delivered clean, dry, and ready for use. There shall be no visible discoloration, oxidation, or surface contamination. The aluminum composite material shall be flat and free from cracks, bows, buckles, dents, cockles, burrs and other defects that would impact their usefulness or appearance. [07-7A075-1]

WAIVER (JAN 2006)

The State does not waive any prior or subsequent breach of the terms of the Contract by making payments on the Contract, by failing to terminate the Contract for lack of performance, or by failing to strictly or promptly insist upon any term of the Contract. Only the Procurement Officer has actual authority to waive any of the State's rights under this Contract. Any waiver must be in writing. [07-7A095-1]

VII. TERMS AND CONDITIONS -- B. SPECIAL

CHANGES (JAN 2006)

(1) Contract Modification. By a written order, at any time, and without notice to any surety, the Procurement Officer may, subject to all appropriate adjustments, make changes within the general scope of this contract in any one or more of the following:

- (a) drawings, designs, or specifications, if the supplies to be furnished are to be specially manufactured for the [State] in accordance therewith;
- (b) method of shipment or packing;
- (c) place of delivery;
- (d) description of services to be performed;
- (e) time of performance (i.e., hours of the day, days of the week, etc.); or,
- (f) place of performance of the services. Subparagraphs (a) to (c) apply only if supplies are furnished under this contract. Subparagraphs (d) to (f) apply only if services are performed under this contract.

(2) Adjustments of Price or Time for Performance. If any such change increases or decreases the contractor's cost of, or the time required for, performance of any part of the work under this contract, whether or not changed by the order, an adjustment shall be made in the contract price, the delivery schedule, or both, and the contract modified in writing accordingly. Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.

(3) Time Period for Claim. Within 30 days after receipt of a written contract modification under Paragraph (1) of this clause, unless such period is extended by the Procurement Officer in writing, the contractor shall file notice of intent to assert a claim for an adjustment. Later notification shall not bar the contractor's claim unless the State is prejudiced by the delay in notification.

(4) Claim Barred After Final Payment. No claim by the contractor for an adjustment hereunder shall be allowed if notice is not given prior to final payment under this contract.

[07-7B025-1]

CISG (JAN 2006)

The parties expressly agree that the UN Convention on the International Sale of Goods shall not apply to this agreement. [07-7B030-1]

COMPLIANCE WITH 2 CFR 200.216

In accordance with 2 CFR 200.216, Contractors, in the performance of this Contract, are prohibited from procuring or obtaining telecommunication or video surveillance equipment, services, or systems produced by:

- Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).
- Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

DEFAULT (JAN 2006)

(a) (1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to:

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract.

[07-7B075-1]

ESTIMATED QUANTITY - UNKNOWN (JAN 2006)

The total quantity of purchases of any individual item on the contract is not known. The State does not guarantee that the State will buy any specified item or total amount. The omission of an estimated purchase quantity does not indicate a lack of need but rather a lack of historical information. [07-7B095-1]

PRICE ADJUSTMENTS (JAN 2006)

(1) Method of Adjustment. Any adjustment in the contract price made pursuant to a clause in this contract shall be consistent

with this Contract and shall be arrived at through whichever one of the following ways is the most valid approximation of the actual cost to the Contractor (including profit, if otherwise allowed):

(a) by agreement on a fixed price adjustment before commencement of the pertinent performance or as soon thereafter as practicable;

(b) by unit prices specified in the Contract or subsequently agreed upon;

(c) by the costs attributable to the event or situation covered by the relevant clause, including profit if otherwise allowed, all as specified in the Contract; or subsequently agreed upon;

(d) in such other manner as the parties may mutually agree; or,

(e) in the absence of agreement by the parties, through a unilateral initial written determination by the Procurement Officer of the costs attributable to the event or situation covered by the clause, including profit if otherwise allowed, all as computed by the Procurement Officer in accordance with generally accepted accounting principles, subject to the provisions of Title 11, Chapter 35, Article 17 of the S.C. Code of Laws.

(b) Records Retention. You shall maintain your records for three years from the date of final payment, or longer if requested by the chief Procurement Officer. The state may audit your records at reasonable times and places. As used in this subparagraph (b), the term "records" means any books or records that relate to cost or pricing data submitted pursuant to this clause. In addition to the obligation stated in this subparagraph (b), you shall retain all records and allow any audits provided for by 11-35-2220(2). (c) Inspection. If you violate this provision, the State may terminate your contract for cause and you may be debarred. In addition, you shall pay to the State an amount equal to twice the difference between the price paid by the State and your evaluated price for the item for which you delivered a substitute. [07-7B240-1]

TERM OF CONTRACT -- OPTION TO RENEW (MODIFIED)

At the end of the initial term, and at the end of each renewal term, this contract shall automatically renew for a period of 1 year, unless contractor receives notice that the state elects not to renew the contract at least thirty (30) days prior to the date of renewal. Regardless, this contract expires no later than the last date stated on the final statement of award.

TERM OF CONTRACT -- TERMINATION BY CONTRACTOR (JAN 2006)

Contractor may terminate this contract at the end of the initial term, or any renewal term, by providing the Procurement Officer notice of its election to terminate under this clause at least 120 days prior to the expiration of the then current term. [07-7B250-1]

TERMINATION FOR CONVENIENCE (JAN 2006)

(1) Termination. The Procurement Officer may terminate this contract in whole or in part, for the convenience of the State. The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in a accordance with the standards of Uniform Commercial Code Section 2-706. Utilization of this Section in no way implies that the State has breached the contract by exercise of the Termination for Convenience Clause.

(4) Compensation. (a) The contractor shall submit a termination claim specifying the amounts due because of the termination for convenience together with cost or pricing data required by Section 11-35-1830 bearing on such claim. If the contractor fails to file a termination claim within one year from the effective date of termination, the Procurement Officer may pay the contractor, if at all, an amount set in accordance with Subparagraph (c) of this Paragraph.

(b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this

Subparagraph:

- (i) contract prices for supplies or services accepted under the contract;
- (ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;
- (iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;
- (iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.
- (d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.
- (5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the State's right to require the termination of a subcontract, or (ii) increase the obligation of the State beyond what it would have been if the subcontract had contained an appropriate clause.

(c) If this solicitation is amended, then all terms and conditions which are not modified remain unchanged. [02-2A005-1]

QUESTIONS FROM OFFERORS - AMENDMENT (JUN 2017)

THE SOLICITATION IS AMENDED AS PROVIDED HEREIN. INFORMATION OR CHANGES RESULTING FROM QUESTIONS WILL BE SHOWN IN A QUESTION-AND-ANSWER FORMAT. ALL QUESTIONS RECEIVED HAVE BEEN REPRINTED BELOW. THE "STATE'S RESPONSE" SHOULD BE READ WITHOUT REFERENCE TO THE QUESTIONS. THE QUESTIONS ARE INCLUDED SOLELY TO PROVIDE A CROSS-REFERENCE TO THE POTENTIAL OFFEROR THAT SUBMITTED THE QUESTION. QUESTIONS DO NOT FORM A PART OF THE CONTRACT; THE "STATE'S RESPONSE" DOES. ANY RESTATEMENT OF PART OR ALL OF AN EXISTING PROVISION OF THE SOLICITATION IN AN ANSWER DOES NOT MODIFY THE ORIGINAL PROVISION EXCEPT AS FOLLOWS: UNDERLINED TEXT IS ADDED TO THE ORIGINAL PROVISION. STRICKEN TEXT IS DELETED.

QUESTION #1:

The Solicitation Document states: "The laminate material must be available in a 3mm thickness with a minimum aluminum thicknesses of 0.020". The thickness tolerance of the laminated sheet shall be +/- 0.004 on an inch."

- Is the aluminum thickness spec for each side or a combined thickness?
 - 0.020" = .508mm which is thick aluminum for Aluminum Composite Signs Blanks so I wanted to ensure we understand exactly what you're looking for.

SCDOT RESPONSE:

The minimum aluminum thickness of EACH SIDE is 0.020"

QUESTION #2:

I did not see a spec regarding alloy of the aluminum skin. Please advise.

SCDOT RESPONSE:

There is no specified aluminum alloy composition. Documented evidence that the material is an approved substrate by the major retroreflective sheeting manufacturers (3M, Avery Dennison, and Nippon Carbide) must be provided, as per Section IV. Information for Offerors to Submit; Required Information Regarding Materials.

QUESTION #3:

When you place an order, is there a minimum order placed?

SCDOT RESPONSE:

Orders will be limited to a minimum of 1500 sq. ft.

QUESTION #4:

Do you have bid tabulations available for any previous Aluminum Composite Sign Blank bids?

SCDOT RESPONSE:

There is not a bid tabulation available for any previous equivalent solicitation.

QUESTION #5:

In order to figure a freight rate with out (sic) building in the highest possible price, could you provide a minimum amount or clarify it will all be LTL freight. Example 320 sq ft UPS will cost more than 1600 sq ft on a commercial LTL carrier per foot.

SCDOT RESPONSE:

Please see the response to Question #3, above.

QUESTION #6:

Standard acceptance as an equal and preferred by the sheeting companies would be one side painted and one side bare aluminum for adhesive purposes, will you accept this as an alternate?

SCDOT RESPONSE:

Yes, that would be acceptable.

QUESTION #7:

Would Tariff, duties and or currencies fluctuation be permissible against the annual increase clauses?

SCDOT RESPONSE:

Adjustments to pricing guidelines are covered in Section VII. Terms and Conditions – B. Special. As per the solicitation, adjustments are only allowable after the initial term. Upon request and adequate justification, the Procurement Officer may grant a price increase up to, but not to exceed, the unadjusted percent change for the most recent 12 months for which data is available, that is not subject to revision, in the Producer Price Indexes (PPI) for the applicable commodity, as determined by the Procurement Officer. The Bureau of Labor and Statistics publishes this information on the web at www.bls.gov. This increase is allowable at the renewal of a term.

If fluctuation of currencies, duties, and tariffs cause a hardship to the contractor, then the contractor may determine to terminate the contract as per Section VII. Terms and Conditions – B. Special; Term of Contract – Termination by Contractor (Jan 2006), which allows the contractor terminate under that clause by providing notice of at least 120 days prior to the expiration of the then current term.

All other terms, conditions, bidding instructions, and specifications remain unchanged. If there are any questions or if any confusion or uncertainty arises as a result of this amendment, it is the sole responsibility of the offeror to contact the procurement officer for clarification. Contact information can be found in the top right-hand corner of the cover page of this amendment. Reference the “duty to inquire” clause in the original invitation for bid.

5400020660: Aluminum Composite Sign Blanks

Review notes

02/02/2021

Spoke with Deb Vandermolen from SCDOT Sign Shop to verify if there was any bidder history, or past orders since there was a large variance in the bid submitted.

She indicated that the BoneLight bid was from the manufacturer, which would account for disparity, since they would not be using a third party distributor. The sign shop has used The Big Green Sign Company to fulfill small purchase requirements in the past, and the product met all specs. Either of the bids containing Bonelight material would be acceptable in her view.

Small purchase
well under
\$10K

02/02/2021

Cruz Wheeler: Director of Maintenance Office would like to review the material on the approved substrate verifications. He asked for additional details from low bidders. Confirmed past use of Bonelight material. There were no issues with it, and performed as expected, but given this will be a sizable order over the term of contract, he wanted to make sure there were no issues with sheeting manufactures. I agreed to provide materials and to request additional documentation.

02/04/2021

Verify 3M materials / request add'l from another supplier

Spoke with Chris Goode from Big Green Sign. He verified Avery would provide additional substrate results. 3M results already provided with bid. He anticipates this will be back on 02/12.

02/16- spoke with Chris Goode: Testing results should be back in the next day.

2/17 received ✓

02/19/2021 Provided materials to Cruz.

02/19/2021: verification from Director of Maintenance office received that material acceptable and that material provided would suffice. (email)

Chris Goode / VP Sales:

Big Green Sign is a direct distributor for BoneLight → owned by same parent company they have also provided aluminum plots and other materials. Fabrication is in Georgia — raw materials / radwin corners) drill: in Dahlonega GA.

Mr. Schwalk,

Big Green Sign company contacted me regarding Aluminum Composite (ACM) Sign Blanks as an approved substrate for our reflective sheeting. *Please see information copied from 3M Information Folder 1.7 (previous sent). As noted, the following substrate characteristics are required to obtain suitable sheeting performance. ACM materials, such as BoneLight® can fulfill the noted requirements. I've also attached the substrate warranty clarification which too was copied directly from 3M IF 1.7.*

Guidelines for Substrate Evaluation

For traffic sign use, substrates found to be most reliable and durable are properly prepared aluminum sheets and extrusions. **Users are urged to carefully evaluate all other substrates for adhesion and sign durability.** Other substrates that may be satisfactory for proper application of sheeting will have the following characteristics:

1. Clean
2. Smooth
3. Flat
4. Rigid
5. Dimensionally stable
6. Weather resistant
7. Non-porous
8. High surface energy (passes water break test)

Substrate Warranty Clarification

3M Traffic Safety and Security Division's warranty is in effect on properly applied reflective sheeting. This applies to all substrates unless functional sign failure is the result of the substrate or its preparation. 3M is only responsible for materials we manufacture when they are applied according to our recommended procedures.

To help our customers evaluate new substrates when they are uncertain as to what constitutes a substrate failure, we provide the following examples.

1. Poor adhesion and visual defects such as wrinkles, bubbles, and rough sheeting texture due to substrate roughness.
2. Poor adhesion due to inadequate or improper degreasing, etching, or conversion coating of aluminum substrates.
3. Poor adhesion caused by substrate surface. Some examples include inadequate cleaning, particulate contamination, low surface energy, under-cured coating, etc.
4. Adhesion loss caused by substrate degradation, outgassing and moisture absorption.
5. Loss of functional sheeting performance due to substrate instability, such as dimensional change, warpage, stress fatigue or flexing.
6. Sheeting distortion due to substrate buckling or extension due to moisture absorption.

Please feel free to contact me with any additional question.

RE: Coated Aluminum Composite Panels

To Whom It May Concern:

This letter is to inform you that Avery Dennison Reflective Solutions Division has evaluated the Aluminum Composite panels supplied by Bone Safety. Our recommendation for signage created with our permanent retro-reflective products (T- 6500 and T-11500) is to use single side coated Aluminum Composite panels and apply the retro-reflective sheeting to the raw aluminum surface. The coatings used on these panels are designed for architectural applications to protect against weathering, aging, and pollution, but create a poor surface for a pressure sensitive adhesive to bond to.

Consistent with our standard warranty, we do not warrant the substrate itself, or damage to the retro-reflective films that result from a substrate failure. And the warranty only applies if the sign is constructed in accordance with all published Avery Dennison recommendations.

Sincerely,

Aaron Means
