Protest Decision

Matter of: Rentokil North America, Inc. DBA J.C. Ehrlich

File No.: 2026-117

Posting Date: October 22, 2025

Contracting Entity: Francis Marion University

Solicitation No.: IFB-2472

Description: Pest Control Services

DIGEST

Protest that awardee failed to comply with the exact requirements of the solicitation denied where alleged failures constituted minor informalities. Protest of unbalanced/unreasonable pricing denied where bid contained an obvious and correctable mathematical error in extending unit prices. The protest of Rentokil North America, Inc. DBA J.C. Ehrlich (Ehrlich) is attached as Exhibit A.

AUTHORITY

The Chief Procurement Officer (CPO) conducted an administrative review pursuant to S.C. Code Ann. § 11-35-4210. This determination is based on the evidence and applicable law and precedents.

BACKGROUND

On August 25, 2025, Francis Marion University (FMU) issued Solicitation Number IFB-2472 requesting bids to provide pest control services on its campus. [Exhibit B] On September 11,

2025, FMU issued Amendment #1 to the solicitation changing the bid deadline and modifying the scope. [Exhibit C] On September 11, 2025, FMU issued Amendment #2 to the solicitation answering vendors' questions and providing a revised Bidding Schedule. [Exhibit D]

By the deadline for receipt of bids, FMU received bids from five bidders, including one from Ehrlich and one from Terminix Service, Inc., (Terminix), the incumbent contractor. [Exhibit E] After evaluating bids, FMU determined Terminix's bid to be the lowest responsive bid. On October 8, 2025, FMU posted a notice of intent to award a contract to Terminix.¹ [Exhibit F] On October 8, Ehrlich protested. On October 10 and 14, 2025, Ehrlich provided clarifications of its protest. [Id.]

DETERMINATION

Ehrlich alleges that Terminix was nonresponsive to the requirements of the solicitation. Ehrlich notes that Section III(8) of the unamended solicitation states:

Contractor must have technicians available to provide services to the University. The lead technician, who will be the primary technician for all work performed on campus, must have a valid 7A SC Pesticide Applicators license. **Documentation must be submitted with your bid.** Any change to lead technician for this contract shall first be approved by the University Liaison, and their 7A SC Pesticide Applicator's license verified prior to work at the University.²

[emphasis in the original]

Additionally, Section IV of the solicitation stated:

IV. INFORMATION FOR OFFERORS TO SUBMIT

INFORMATION FOR OFFERORS TO SUBMIT – GENERAL (MAR 2015): You shall submit a signed Cover Page and Page Two. Your offer should include all other information and documents requested in this part and in parts II.B. Special Instructions; III. Scope of Work; V. Qualifications; VIII. Bidding

¹ FMU actually posted three different notices of award or intent to award to Terminix. The first was an award statement posted on October 7, 2025, with a per month cost of \$535.63 and an estimated total potential value of \$32,138. The second was also an award statement posted the following day with an updated per month cost of \$2678.18 and an estimated total potential value of \$160,690. Since the total potential value of this second award exceeded \$100,000.00, FMU should have posted a notice of intent to award not an award statement. FMU's final document, the intent to award corrected this mistake.

² This language is in Section III(14) of the rewrite of the Scope of Work in Amendment #1.

Schedule/Price Proposal; and any appropriate attachments addressed in Part IX. Attachments to Solicitations. You should submit a summary of all insurance policies you have or plan to acquire to comply with the insurance requirements stated herein, if any, including policy types; coverage types; limits, sub-limits, and deductibles for each policy and coverage type; the carrier's A.M. Best rating; and whether the policy is written on an occurrence or claims-made basis. [04-4010-2]

OFFERORS WILL SUBMIT THE FOLLOWING INFORMATION WITH THEIR QUOTATION

- **A Signed Cover Page and Page Two**
 - **Submit Bid on Section VIII. Bidding Schedule**
 - **Completed Reference Page (Attachment 1)**
 - **Non-Resident Taxpayer Form *if applicable* (Attachment 2)**
 - **Open Trade (Attachment 3)**
 - **Drug Free Workplace Act Affidavit (Attachment 7)**
- A. valid copy of a 7A SC Pesticide Applicators license of the lead technician.**

Note: Prior to commencement of the work, contractor shall provide to the University a signed, original certificate of liability insurance (ACORD 25) as denoted in the Contractor's Liability Insurance subsection (see Section VII.B). This certificate must come directly from the insurance agency.

[emphasis in the original]

Ehrlich complains that Terminix did not submit copies of the required SC Pesticide Applicators License, insurance certificates, and W-9. Ehrlich argues each of these failures rendered Terminix's bid nonresponsive. The CPO disagrees.

This solicitation was conducted under the Section 11-35-1520, which provides that award will be made "to the lowest **responsive** and responsible bidders [sic] whose bid meets the requirements set forth in the invitation for bids." S.C. Code Ann. § 11-35-1520(10) [emphasis supplied]. A "responsive bidder" is "a person who has submitted a bid ... which conforms in all **material aspects** to the invitation for bids." S.C. Code Ann. § 11-35-1410(9), [emphasis supplied]. Likewise, the solicitation states "[a]ny Offer which fails to conform to the **material requirements** of the Solicitation may be rejected as nonresponsive." However, just because a requirement in the solicitation is stated in mandatory terms does not mean it is material. *Appeal*

by *PS Energy*, Case No. 2002-9. Such failure may be a minor informality. Section 11-35-1520(13) defines a minor informality as an informality “which is merely a matter of form or is some immaterial variation from the exact requirements of the invitation for bids having no effect or merely a trivial or negligible effect on total bid price, quality, quantity, or delivery of the supplies or performance of the contract, and the correction or waiver of which would not be prejudicial to bidders. Helpfully, Section 11-35-1520(13) gives a list of examples of minor informalities. This list includes failure to provide documents like those Terminix failed to provide with its bid, such as certificates of insurance, and evidence of licensure.³ These deficiencies are easily cured by allowing the bidder to provide the documentation after bid opening without prejudice to other bidders.⁴ In this case, because Terminix is the incumbent contractor, FMU already had a certificate of insurance, evidence of licensure, and a W-9 for Terminix.

Ehrlich also objects that Terminix failed to provide Nonresident Taxpayer Affidavit with its bid rendering the bid nonresponsive. While this was a curable minor informality, the CPO observes that in this case, Terminix was not required to provide a Nonresident Taxpayer Affidavit. Per Terminix’s bid and the South Carolina Secretary of State’s website, Terminix Service, Inc., is a South Carolina domestic corporation. [Exhibits G and H respectively]

Ehrlich next argues that Terminix’s bid was nonresponsive because Terminix failed to date its signed Open Trade Representation. Terminix’s failure to date the signed Open Trade Representation was also a minor informality that is easily cured without prejudice to other bidders. Moreover, the signed document is redundant. The solicitation states:

OPEN TRADE REPRESENTATION (JUN 2015): By submitting an Offer, Offeror represents that Offeror is not currently engaged in the boycott of a person or an entity based in or doing business with a jurisdiction with whom South

³ Evidence of licensure and similar documentation go to a vendor’s responsibility—that is, the ability legally and otherwise to perform the work. S.C. Code Ann. §11-35-1410(8). Per Regulation 19-445.2125, the State may ask for any information necessary to determine responsibility at anytime prior to award.

⁴ State licensure for any entity or person can easily be determined by searching the State website.

Carolina can enjoy open trade, as defined in SC Code Section 11-35-5300. [02-2A083-1]

[Exhibit B, p. 7]

OPEN TRADE (JUN 2015): During the contract term, including any renewals or extensions, Contractor will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with whom South Carolina can enjoy open trade, as defined in SC Code Section 11-35-5300. [07-7A053-1]

[Id., p. 22]

Thus, by submitting a signed bid, Terminix certified its compliance with Section 11-35-5300.

Ehrlich next alleges that Terminix's bid prices were unbalanced and unreasonable.

The bidding schedule in the solicitation provided for unit price bidding for 36 buildings in the following format:

Item Number & Description	Quantity	Unit of Measure	Gross Square Footage	UNIT PRICE PER YEAR-Pest	EXTENDED PRICE FOR FIVE YEARS-Pest	UNIT PRICE PER YEAR-Termite	EXTENDED PRICE FOR FIVE YEARS-Termite	RCP
1. Residence Hall – Palmetto								
A. Palmetto Hall	5	Years	20,832					
B. Swamp Fox Hall	5	Years	20,832					
C. Marion State Hall	5	Years	20,832					
D. Snow Island Hall	5	Years	20,831					
E. Belle Isle Hall	5	Years	20,831					
F. Ellen Watson Hall	5	Years	20,831					
2. Village Apartments								
A. Anderson	5	Years	7,200					
B. Baxter	5	Years	7,200					
C. Dalton	5	Years	7,200					
D. Ervin	5	Years	7,200					
E. Ferguson	5	Years	7,200					

[Exhibit D, pp. 2 – 4]

In its bid, Terminix listed the same price for its per year unit prices and its five-year extended prices throughout the bidding schedule. For example, where Terminix's per year unit price was

\$264, its five-year extended amount was also \$264. [Exhibit G] In the case of an obvious bid mistake such as this, the solicitation provides “[i]n determining award, unit prices will govern over extended prices unless otherwise stated.” [Exhibit B, p. 20] Moreover, the Procurement Code and Regulations permit a correction of the bid price in situations where a bid mistake and the correction are obvious on the face of the bid. S.C. Code Ann. §11-35-1520(7) and Reg. 19-445.2185. FMU simply followed the requirement of the solicitation by taking Terminix’s yearly unit price as controlling and multiplying that amount times five to derive the actual five-year extended price. After correcting for Terminix’s mistake, Terminix was the lowest bidder with a total extended price for five-years of \$160,690.

DECISION

For the foregoing reasons, the CPO denies Ehrlich’s protest.

Formal Protest Letter
Date: 10/08/2025

Pursuant to S.C. Code § 11-35-4210 and § 11-35-1520(10), Rentokil North America, Inc. d/b/a J.C. Ehrlich (“Protestant”) hereby files this formal protest of the intended award for IFB-2472. This protest is timely and seeks a stay of award and a responsibility/price-reasonableness review consistent with Reg. 19-445-2070.

Our protest is based on (1) the apparent low bidder’s failure to demonstrate responsibility and compliance, and (2) additional bidders’ responsiveness and licensing deficiencies. Protestant is a fully authorized, responsive, and responsible vendor holding all licenses required to perform the complete scope, including termite services.

Exhibit A – Terminix Services, Inc. (Non-Responsibility & Non-Responsiveness)

1. Missing/Incomplete Mandatory Documentation

Terminix did not submit copies of legally required SC pesticide licenses (7A/7B), insurance certificates, W-9, or the Nonresident Taxpayer Affidavit (I-312), and left required certifications (e.g., Open Trade Representation) undated/incomplete.

— Grounds: IFB § III-8 (Licenses & Permits); IFB § VIII (Attachments Required); § 11-35-1520(13) (material omissions); Reg. 19-445-2070(B) (non-responsiveness).

2. Unbalanced/Unreasonable Pricing

Terminix’s extended-year and five-year totals were identical for pest and termite, yielding an approximate five-year total of ~\$32,138 for campus-wide service. This is facially unsustainable for the required frequency and facility count.

— Grounds: IFB § VI (unit price governs/reject improper offers); Reg. 19-445-2070(D) (price reasonableness; unbalanced bids).

Additionally, Terminix is the incumbent, and the drastic reduction from prior pricing suggests predatory/unbalanced pricing intended to retain

the contract without demonstrating capacity.

— Grounds: § 11-35-1520(10); Reg. 19-445-2070(D) (responsibility).

Result: Terminix is non-responsive (missing mandatory forms/licensing) and non-responsible (pricing and documentation). Award should not proceed.

Exhibit B – Dodson Brothers Exterminating Co., Inc. d/b/a Dodson Pest Control

(Corporate Accuracy, Licensing, and Business Presence)

1. Licensing Deficiency (Termite)

Dodson submitted licenses for Category 7A (Structural) and Category 03 (Ornamental & Turf) but did not submit Category 7B (Wood-Destroying Organisms). The IFB scope includes termite control and warranty services; under S.C. Code § 46-13-60 and Reg. 27-1075, 7B licensure is required.

— Grounds: IFB § III-8; Reg. 19-445-2070(B) (non-responsive—fails essential requirement).

2. Corporate Accuracy

Dodson's bid listed an incorporation date of 11/14/1972 (corresponding to a dissolved predecessor). The active corporate record reflects 11/13/1990. While possibly clerical, the bid misstates corporate information on an official procurement document.

— Grounds: IFB § VIII (accurate bidder identity); § 11-35-1520(13) (material representation).

3. Business Presence/Capacity

Submission reflects a P.O. Box in Florence for notices and a principal Virginia office, with no indication of a staffed local facility to support year-round/emergency response. This raises a capacity concern.

— Grounds: § 11-35-1520(10) (responsibility determination required).

Date: 10/08/2025

Result: Absent proof of 7B licensure, Dodson is not authorized to perform termite services and is non-responsive to the full scope; corporate accuracy and presence further implicate responsibility.

Exhibit C – Harris Pest Control, Inc. (Incomplete Documentation & Responsibility)

1. Nonresident Taxpayer Affidavit (I-312) – Incomplete
Even if SC-incorporated and exempt, the affidavit must be completed/acknowledged. Harris left it incomplete.
— Grounds: IFB § VIII; Reg. 19-445-2070(B) (non-responsive—required form incomplete).
2. Missing W-9, Insurance, and Licenses
Harris did not include a W-9, certificate(s) of insurance, or copies of required SC pesticide licenses.
— Grounds: IFB § III-8; IFB § VIII; § 11-35-1520(13) (material omissions affecting responsiveness/responsibility).
3. Qualifications/Experience – Omitted
No qualifications narrative was provided, preventing FMU from making the responsibility determination mandated by § 11-35-1520(10).
— Grounds: IFB § VI(A)(3) (qualifications required).

Result: Harris's submission contains material omissions that preclude evaluation of responsiveness and responsibility.

Protestant's Status (for the record)

Rentokil North America, Inc. d/b/a J.C. Ehrlich is a fully authorized contractor in South Carolina and maintains all required licenses (including Category 7A and 7B) and insurance to perform the complete scope under IFB-2472. Protestant's bid is responsive and Protestant is responsible under § 11-35-1520(10).

Requested Relief

Protestant respectfully requests that FMU:

1. Stay the intended award pending resolution of this protest (§ 11-35-4210);
2. Conduct and document a responsibility determination and price-reasonableness/unbalanced bid analysis for each apparent low bidder (§ 11-35-1520(10); Reg. 19-445-2070(D));
3. Declare non-responsive any bid that fails to meet essential solicitation requirements (e.g., mandatory licenses/forms), and non-responsible any bidder lacking demonstrated capacity to perform; and
4. Re-evaluate for award to the lowest responsive and responsible bidder, consistent with the Procurement Code and the integrity of the competitive process.

Thank you for your attention to this matter and for safeguarding the integrity of South Carolina's public procurement process. Please confirm receipt of this protest and advise of any additional procedures or schedules for review.

Respectfully submitted,

Good afternoon,

I'd like to provide a brief clarification regarding my previously submitted protest for IFB-2474.

After reviewing the South Carolina pesticide licensing structure through Clemson University's Department of Pesticide Regulation, I want to confirm that Category 7A (Structural Pest Control) encompasses termite control and warranty services. Category 7B (Fumigation) applies solely to gas-fumigation activities and is not required for standard termite work.

My original concern was to ensure all bidders met the proper licensing requirements for the full scope of pest and termite services described in the solicitation. I appreciate FMU's attention to that issue and respectfully request that the record reflect this clarification.

Thank you again for your time and transparency throughout this process.

Hello,

I wanted to circle back one more time to add.

In amendment two "fumigate" was added and that requires a 7B license. I wasn't sure if you were already aware but I noticed it was omitted that from my clarification.

The state may rescind any contract and recover all amounts expended as a result of any action taken in violation of this provision. If contractor participates, directly or indirectly, in the evaluation or award of public contracts, including without limitation, change orders or task orders regarding a public contract, contractor shall, if required by law to file such a statement, provide the statement required by Section 8-13-1150 to the Purchasing Officer at the same time the law requires the statement to be filed. Both protests and notices of intent to protest must be in writing and must be received by the appropriate Chief Procurement Officer within the time provided. See clause entitled "Protest- CPO". The grounds of the protest and the relief requested must be set forth with enough particularity to give notice of the issues to be decided. [02-2A085-2]

[See R. 19-445.2042(B)] Any information given a prospective offeror concerning a solicitation will be furnished promptly to all other prospective offerors as an Amendment to the solicitation, if that information is necessary for submitting offers or if the lack of it would be prejudicial to other prospective offerors. See clause entitled "Duty to Inquire." **We will not identify you in our answer to your question.** (b) The State seeks to permit maximum practicable competition. Offerors are urged to advise the Purchasing Officer -- as soon as possible -- regarding any aspect of this procurement, including any aspect of the Solicitation that unnecessarily or inappropriately limits full and open competition. [See R. 19-445.2140] [02-2A095-2]

REJECTION/CANCELLATION (JAN 2004): The State may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part. [SC Code Section 11-35-1710 & R.19-445.2065.]

REJECTION/CANCELLATION (FMU 2023): The University may cancel this solicitation in whole or in part. The State may reject any or all proposals in whole or in part.

RESPONSIVENESS/IMPROPER OFFERS (JUN 2015): (a) Bid as Specified. Offers for supplies or services other than those specified will not be considered unless authorized by the Solicitation.

(c) Responsiveness. Any Offer which fails to conform to the material requirements of the Solicitation may be rejected as nonresponsive. Offers which impose conditions that modify material requirements of the Solicitation may be rejected. If a fixed price is required, an Offer will be rejected if the total possible cost to the State cannot be determined. Offerors will not be given an opportunity to correct any material nonconformity. Any deficiency resulting from a minor informality may be cured or waived at the sole discretion of the Purchasing Officer. [R.19-445.2070 and Section 11-35-1520(13)]

(d) Price Reasonableness: Any offer may be rejected if the Purchasing Officer determines in writing that it is unreasonable as to price. [R. 19-445.2070].

(e) Unbalanced Bidding. The State may reject an Offer as nonresponsive if the prices bid are materially unbalanced between line items or subline items. A bid is materially unbalanced when it is based on prices significantly less than cost for some work and prices which are significantly overstated in relation to cost for other work, and if there is a reasonable doubt that the bid will result in the lowest overall cost to the State even though it may be the low evaluated bid, or if it is so unbalanced as to be tantamount to allowing an advance payment.

(f) **Do not submit bid samples or descriptive literature unless expressly requested.** Unsolicited bid samples or descriptive literature will not be examined or tested, will not be used to determine responsiveness, and will not be deemed to vary any of the provisions of the solicitation. DISCLOSURE OF YOUR BID / PROPOSAL & SUBMITTING CONFIDENTIAL DATA (FEB 2021):

(a) According to Section 11-35-410, any person submitting a document in response or with regard to any solicitation or other request must "comply with instructions provided in the solicitation for marking information exempt from public disclosure. Information not marked as required by the applicable instructions may be disclosed to the public." IF YOU IDENTIFY YOUR ENTIRE RESPONSE AS EXEMPT FROM PUBLIC DISCLOSURE, OR IF YOU DO NOT SUBMIT A REDACTED COPY AS REQUIRED, THE STATE MAY, IN ITS SOLE DISCRETION, DETERMINE YOUR BID OR PROPOSAL NONRESPONSIVE AND INELIGIBLE FOR AWARD.

(b) By submitting a response to this solicitation or request, Offeror agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected", (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure.

(c) If your offer includes any information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). Except for the information removed or concealed, the redacted copy must be identical to your original offer.

(d) Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If only portions of a page are subject to some protection, do not redact the entire page. The redacted copy must reflect the same pagination as the original and show the empty space from which information was redacted. The Procurement Officer must be able to view, search, copy and print the redacted copy without a password. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive.

(e) On the redacted copy, you must identify the basis of your claim by marking each redaction as follows: You must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that you redacted and claim as exempt from public disclosure because it is either (1) a trade secret as defined in Section 30-4-40(a)(1) of the Freedom of Information Act, or (2) privileged and confidential, as that phrase is used in Section 11-35-410. You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35- 1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text.

(f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". DISCLOSURE OF YOUR BID / PROPOSAL & SUBMITTING CONFIDENTIAL DATA (FEB 2021):

(a) According to Section 11-35-410, any person submitting a document in response or with regard to any solicitation or other request must "comply with instructions provided in the solicitation for marking information exempt from public disclosure. Information not marked as required by the applicable instructions may be disclosed to the public." IF YOU IDENTIFY YOUR ENTIRE RESPONSE AS EXEMPT FROM PUBLIC DISCLOSURE, OR IF YOU DO NOT SUBMIT A REDACTED COPY AS REQUIRED, THE STATE MAY, IN ITS SOLE DISCRETION, DETERMINE YOUR BID OR PROPOSAL NONRESPONSIVE AND INELIGIBLE FOR AWARD.

(b) By submitting a response to this solicitation or request, Offeror agrees to the public disclosure of every page, or portion thereof, of every document regarding this solicitation or request that was submitted at any time prior to entering into a contract (including, but not limited to, documents contained in a response, documents submitted to clarify a response, and documents submitted during negotiations), unless the page, or portion thereof, was redacted and conspicuously marked "Trade Secret" or "Confidential" or "Protected", (2) agrees that any information not redacted and marked, as required by these bidding instructions, as a "Trade Secret" is not a trade secret as defined by the Trade Secrets Act, and (3) agrees that, notwithstanding any claims or markings otherwise, any prices, commissions, discounts, or other financial figures used to determine the award, as well as the final contract amount, are subject to public disclosure.

(c) If your offer includes any information that you claim is exempt from public disclosure, you must submit one complete copy of your offer from which you have removed or concealed such information (the redacted copy). Except for the information removed or concealed, the redacted copy must be identical to your original offer.

(d) Do not mark your entire response (bid, proposal, quote, etc.) as confidential, trade secret, or protected. If only portions of a page are subject to some protection, do not redact the entire page. The redacted copy must

reflect the same pagination as the original and show the empty space from which information was redacted. The Procurement Officer must be able to view, search, copy and print the redacted copy without a password. If your response, or any part thereof, is improperly marked as confidential or trade secret or protected, the State may, in its sole discretion, determine it nonresponsive.

(e) On the redacted copy, you must identify the basis of your claim by marking each redaction as follows: You must separately mark with the word "CONFIDENTIAL" every page, or portion thereof, that you redacted and claim as exempt from public disclosure because it is either (1) a trade secret as defined in Section 30-4-40(a)(1) of the Freedom of Information Act, or (2) privileged and confidential, as that phrase is used in Section 11-35-410. You must separately mark with the words "TRADE SECRET" every page, or portion thereof, that you redacted and claim as exempt from public disclosure as a trade secret pursuant to Section 39-8-20 of the Trade Secrets Act. You must separately mark with the word "PROTECTED" every page, or portion thereof, that you redacted and claim as exempt from public disclosure pursuant to Section 11-35-1810. All markings must be conspicuous; use color, bold, underlining, or some other method in order to conspicuously distinguish the mark from the other text.

(f) In determining whether to release documents, the State will detrimentally rely on your redaction and marking of documents, as required by these bidding instructions, as being either "Confidential" or "Trade Secret" or "Protected". By submitting a response, you agree to defend, indemnify and hold harmless the State of South Carolina, its agencies, officers and employees, from every claim, demand, loss, expense, cost, damage or injury, including attorney's fees, arising out of or resulting from withholding information by the State of South Carolina or any of its agencies, that you have redacted or marked as "Confidential" or "Trade Secret" or "Protected". (All references to S.C. Code of Laws.) [02-2A125-3]

The foregoing restriction does not apply to a transfer that occurs by operation of law (e.g., bankruptcy; corporate reorganizations and consolidations, but not including partial asset sales). Notwithstanding the foregoing, contractor may assign monies receivable under the contract provided that the state shall have no obligation to make payment to an assignee until thirty days after contractor (not the assignee) has provided the responsible Purchasing Officer with (i) proof of the assignment, (ii) the identity (by contract number) of the specific state contract to which the assignment applies, and (iii) the name of the assignee and the exact address or account information to which assigned payments should be made.

(b) If contractor amends, modifies, or otherwise changes its name, its identity (including its trade name), or its corporate, partnership or other structure, or its FEIN, contractor shall provide the Purchasing Officer prompt written notice of such change. (c) Any name change, transfer, assignment, or novation is subject to the conditions and approval required by Regulation 19-445.2180, which does not restrict transfers by operation of law. [07-7A004-2]

In the event the Contractor enters into proceedings relating to bankruptcy, whether voluntary or involuntary, the Contractor agrees to furnish written notification of the bankruptcy to the Using Governmental Unit. This notification shall be furnished within two (2) days of the initiation of the proceedings relating to the bankruptcy filing. This notification shall include the date on which the bankruptcy petition was filed, the identity of the court in which the bankruptcy petition was filed, and a listing of all State contracts against which final payment has not been made. DISCOUNT FOR PROMPT PAYMENT (JAN 2006): (a) Discounts for prompt payment will not be considered in the evaluation of offers. However, any offered discount will form a part of the award, and will be taken if payment is made within the discount period indicated in the offer by the offeror. As an alternative to offering a discount for prompt payment in conjunction with the offer, offerors awarded contracts may include discounts for prompt payment on individual invoices.

b) In connection with any discount offered for prompt payment, time shall be computed from the date of the invoice. If the Contractor has not placed a date on the invoice, the due date shall be calculated from the date the designated billing office receives a proper invoice, provided the state annotates such invoice with the date of receipt at the time of receipt. For the purpose of computing the discount earned, payment shall be considered to have been made on the date that appears on the payment check or, for an electronic funds transfer, the specified payment date. When the discount date falls on a Saturday, Sunday, or legal holiday when Federal Government offices are closed and Government business is not expected to be conducted, payment may be made on the following business day.

All disputes, claims, or controversies relating to the Agreement shall be resolved exclusively by the appropriate Chief Purchasing Officer in accordance with Title 11, Chapter 35, Article 17 of the South Carolina Code of Laws, or in the absence of jurisdiction, only in the Court of Common Pleas for, or a federal court located in, Richland County, State of South Carolina. Contractor agrees that any act by the Government regarding the Agreement is not a waiver of either the Government's sovereign immunity or the Government's immunity under the Eleventh Amendment of the United State's Constitution. As used in this paragraph, the term "Agreement" means any transaction or agreement arising out of, relating to, or contemplated by the solicitation.

(2) Service of Process. Contractor consents that any papers, notices, or process necessary or proper for the initiation or continuation of any disputes, claims, or controversies relating to the Agreement; for any court action in connection therewith; or for the entry of judgment on any award made, may be served on Contractor by certified mail (return receipt requested) addressed to Contractor at the address provided as the Notice Address on Page Two or by personal service or by any other manner that is permitted by law, in or outside South Carolina. Notice by certified mail is deemed duly given upon deposit in the United States mail.

FIXED PRICING REQUIRED (JAN 2006): Any pricing provided by contractor shall include all costs for performing the work associated with that price. Except as otherwise provided in this solicitation, contractor's price shall be fixed for the duration of this contract, including option terms. This clause does not prohibit contractor from offering lower pricing after award.

Either party may designate a different address for notice by giving notice in accordance with this paragraph.

OPEN TRADE (JUN 2015): During the contract term, including any renewals or extensions, Contractor will not engage in the boycott of a person or an entity based in or doing business with a jurisdiction with whom South Carolina can enjoy open trade, as defined in SC Code Section 11-35-5300. [07-7A053-1]

PAYMENT & INTEREST (FEB 2021): (a) The State shall pay the Contractor, after the submission of proper invoices or vouchers, the prices stipulated in this contract for supplies delivered and accepted or services rendered and accepted, less any deductions provided in this contract. Unless otherwise specified herein, including the purchase order, payment shall not be made on partial deliveries accepted by the Government. (b) Unless otherwise provided herein, including the purchase order, payment will be made by electronic funds transfer (EFT). See clause titled " EFT Information." (c) Notwithstanding any other provision, payment shall be made in accordance with S.C. Code Section 11-35-45, or Chapter 6 of Title 29 (real property improvements) when applicable, which provides the Contractor's exclusive means of recovering any type of interest from the Owner. Except as set forth in this paragraph, the State shall not be liable for the payment of interest on any debt or claim arising out of or related to this contract for any reason. (d) Amounts due to the State shall bear interest at the rate of interest established by the South Carolina Comptroller General pursuant to Section 11-35-45 ("an amount not to exceed fifteen percent each year"), as amended, unless otherwise required by Section 29-6-30. (e) Any other basis for interest, including but not limited to general (pre- and post-judgment) or specific interest statutes, including S.C. Code Ann. Section 34-31-20, are expressly waived by both parties. If a court, despite this agreement and waiver, requires that interest be paid on any debt by either party other than as provided by items (c) and (d) above, the parties further agree that the applicable interest rate for any given calendar year shall be the lowest prime rate as listed in the first edition of the Wall Street Journal published for each year, applied as simple interest without compounding. (f) The State shall have all of its common law, equitable and statutory rights of set-off. [07-7A055-4]

Purchase orders may be used to elect any options available under this contract, e.g., quantity, item, delivery date, payment method, but are subject to all terms and conditions of this contract. Purchase orders may be electronic. No particular form is required. An order placed pursuant to the purchasing card provision qualifies as a purchase order. [07-7A065-1]

SURVIVAL OF OBLIGATIONS (JAN 2006): The Parties' rights and obligations which, by their nature, would continue beyond the termination, cancellation, rejection, or expiration of this contract shall survive such termination, cancellation, rejection, or expiration, including, but not limited to, the rights and obligations created by the following clauses: Indemnification - Third Party Claims, Intellectual Property Indemnification, and any provisions regarding warranty or audit. [07-7A075-1]

TAXES (JAN 2006): Any tax the contractor may be required to collect or pay upon the sale, use or delivery of the products shall be paid by the State, and such sums shall be due and payable to the contractor upon acceptance. Any personal property taxes levied after delivery shall be paid by the State. It shall be solely the State's obligation, after payment to contractor, to challenge the applicability of any tax by negotiation with, or action against, the taxing authority. Contractor agrees to refund any tax collected, which is subsequently determined not to be proper and for which a refund has been paid to contractor by the taxing authority. In the event that the contractor fails to pay, or delays in paying, to any taxing authorities, sums paid by the State to contractor, contractor shall be liable to the State for any loss (such as the assessment of additional interest) caused by virtue of this failure or delay. Taxes based on Contractor's net income or assets shall be the sole responsibility of the contractor. [07-7A080-1]

TERMINATION DUE TO UNAVAILABILITY OF FUNDS (JAN 2006): Payment and performance obligations for succeeding fiscal periods shall be subject to the availability and appropriation of funds therefor. When funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period, the contract shall be canceled. In the event of a cancellation pursuant to this paragraph, contractor will be reimbursed the resulting unamortized, reasonably incurred, nonrecurring costs. Contractor will not be reimbursed any costs amortized beyond the initial contract term. [07-7A085-1]

THIRD PARTY BENEFICIARY (JAN 2006): This Contract is made solely and specifically among and for the benefit of the parties hereto, and their respective successors and assigns, and no other person will have any rights, interest, or claims hereunder or be entitled to any benefits under or on account of this Contract as a third party beneficiary or otherwise. [07-7A090-1]

WAIVER (JAN 2006): The State does not waive any prior or subsequent breach of the terms of the Contract by making payments on the Contract, by failing to terminate the Contract for lack of performance, or by failing to strictly or promptly insist upon any term of the Contract. Only the Purchasing Officer has actual authority to waive any of the State's rights under this Contract. Any waiver must be in writing. [07-7A095-1]

Any adjustment in contract price made pursuant to this clause shall be determined in accordance with the Price Adjustment Clause of this contract. Failure of the parties to agree to an adjustment shall not excuse the contractor from proceeding with the contract as changed, provided that the State promptly and duly make such provisional adjustments in payment or time for performance as may be reasonable. By proceeding with the work, the contractor shall not be deemed to have prejudiced any claim for additional compensation, or an extension of time for completion.

Governmental Unit, or the officers, officials, employees and volunteers of any of them, shall be excess of the Contractor's insurance and shall not contribute with it.

(e) Prior to commencement of the work, the Contractor shall furnish the State with original certificates and amendatory endorsements or copies of the applicable policy language effecting coverage required by this section. All certificates are to be received and approved by the State before work commences. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The State reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by this section, at any time.

(f) Should any of the above described policies be cancelled before the expiration date thereof, notice will be delivered in accordance with the policy provisions. In addition, the Contractor shall notify the State immediately upon receiving any information that any of the coverages required by this section are or will be changed, cancelled, or replaced.

(g) Contractor hereby grants to the State and every applicable Using Governmental Unit a waiver of any right to subrogation which any insurer of said Contractor may acquire against the State or applicable Using Governmental Unit by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to effect this waiver of subrogation, but this provision applies regardless of whether or not the State or Using Governmental Unit has received a waiver of subrogation endorsement from the insurer.

(h) Any deductibles or self-insured retentions must be declared to and approved by the State. The State may require the Contractor to purchase coverage with a lower deductible or retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention.

(i) The State reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances. [07-7B056-2]

CONTRACTOR PERSONNEL (JAN 2006): The Contractor shall enforce strict discipline and good order among the Contractor's employees and other persons carrying out the Contract. The Contractor shall not permit employment of unfit persons or persons not skilled in tasks assigned to them. [07-7B060-1]

CONTRACTOR'S OBLIGATION – GENERAL (JAN 2006): The contractor shall provide and pay for all materials, tools, equipment, labor and professional and non-professional services, and shall perform all other acts and supply all other things necessary, to fully and properly perform and complete the work. The contractor must act as the prime contractor and assume full responsibility for any subcontractor's performance. The contractor will be considered the sole point of contact with regard to all situations, including payment of all charges and the meeting of all other requirements. [07-7B065-1]

CONTRACTOR'S USE OF STATE PROPERTY (JAN 2006): Upon termination of the contract for any reason, the State shall have the right, upon demand, to obtain access to, and possession of, all State properties, including, but not limited to, current copies of all State application programs and necessary documentation, all data, files, intermediate materials and supplies held by the contractor. Contractor shall not use, reproduce, distribute, display, or sell any data, material, or documentation owned exclusively by the State without the State's written consent, except to the extent necessary to carry out the work. [07-7B067-1]

DEFAULT (JAN 2006):

(a)(1) The State may, subject to paragraphs (c) and (d) of this clause, by written notice of default to the Contractor, terminate this contract in whole or in part if the Contractor fails to-

(i) Deliver the supplies or to perform the services within the time specified in this contract or any extension;

(ii) Make progress, so as to endanger performance of this contract (but see paragraph (a)(2) of this clause); or

(iii) Perform any of the other material provisions of this contract (but see paragraph (a)(2) of this clause).

(2) The State's right to terminate this contract under subdivisions (a)(1)(ii) and (1)(iii) of this clause, may be exercised if the Contractor does not cure such failure within 10 days (or more if authorized in writing by the Procurement Officer) after receipt of the notice from the Procurement Officer specifying the failure.

(b) If the State terminates this contract in whole or in part, it may acquire, under the terms and in the manner the Procurement Officer considers appropriate, supplies or services similar to those terminated, and the Contractor will be liable to the State for any excess costs for those supplies or services. However, the Contractor shall continue the work not terminated.

(c) Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7)

strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

(d) If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause of the default is beyond the control of both the Contractor and subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted supplies or services were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule.

(e) If this contract is terminated for default, the State may require the Contractor to transfer title and deliver to the State, as directed by the Procurement Officer, any (1) completed supplies, and (2) partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (collectively referred to as "manufacturing materials" in this clause) that the Contractor has specifically produced or acquired for the terminated portion of this contract. Upon direction of the Procurement Officer, the Contractor shall also protect and preserve property in its possession in which the State has an interest.

(f) The State shall pay contract price for completed supplies delivered and accepted. The Contractor and Procurement Officer shall agree on the amount of payment for manufacturing materials delivered and accepted and for the protection and preservation of the property; if the parties fail to agree, the Procurement Officer shall set an amount subject to the Contractor's rights under the Disputes clause. Failure to agree will be a dispute under the Disputes clause. The State may withhold from these amounts any sum the Procurement Officer determines to be necessary to protect the State against loss because of outstanding liens or claims of former lien holders.

(g) If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall, if the contract contains a clause providing for termination for convenience of the State, be the same as if the termination had been issued for the convenience of the State. If, in the foregoing circumstances, this contract does not contain a clause providing for termination for convenience of the State, the contract shall be adjusted to compensate for such termination and the contract modified accordingly subject to the contractor's rights under the Disputes clause.

(h) The rights and remedies of the State in this clause are in addition to any other rights and remedies provided by law or under this contract. [07-7B075-1]

FORCE MAJURE (FMU – APR 2022): Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the contract arises from causes beyond the control and without the fault or negligence of the Contractor. Examples of such causes include (1) acts of God or of the public enemy, (2) acts of the State in either its sovereign or contractual capacity, (3) fires, (4) floods, (5) epidemics, (6) quarantine restrictions, (7) strikes, (8) freight embargoes, and (9) unusually severe weather. In each instance the failure to perform must be beyond the control and without the fault or negligence of the Contractor.

ILLEGAL IMMIGRATION (NOV 2008): (An overview is available at www.procurement.sc.gov) By signing your offer, you certify that you will comply with the applicable requirements of Title 8, Chapter 14 of the South Carolina Code of Laws and agree to provide to the State upon request any documentation required to establish either: (a) that Title 8, Chapter 14 is inapplicable to you and your subcontractors or sub-subcontractors; or (b) that you and your subcontractors or sub-subcontractors are in compliance with Title 8, Chapter 14. Pursuant to Section 8-14-60, "A person who knowingly makes or files any false, fictitious, or fraudulent document, statement, or report pursuant to this chapter is guilty of a felony, and, upon conviction, must be fined within the discretion of the court or imprisoned for not more than five years, or both." You agree to include in any contracts with your subcontractors language requiring your subcontractors to (a) comply with the applicable requirements of Title 8, Chapter 14, and (b) include in their contracts with the sub-subcontractors language requiring the sub-subcontractors to comply with the applicable requirements of Title 8, Chapter 14. [07-7B097-1]

INDEMNIFICATION -- THIRD PARTY CLAIMS (NOV 2011): Notwithstanding any limitation in this agreement, and to the fullest extent permitted by law, Contractor shall defend and hold harmless Indemnitees for and against any and all suits or claims of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which are attributable to bodily injury, sickness, disease or death, or to injury to or destruction of tangible property arising out of or in connection with the goods or services acquired hereunder or caused in whole or in part by any act or omission of contractor, its subcontractors, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnatee, and whether or not such claims are made by a third party or an Indemnatee; however, if an Indemnatee's negligent act or omission is subsequently determined to be the sole proximate cause of a suit or claim, the Indemnatee shall not be entitled to indemnification hereunder. Contractor shall be given timely written

notice of any suit or claim. Contractor's obligations hereunder are in no way limited by any protection afforded under workers' compensation acts, disability benefits acts, or other employee benefit acts. This clause shall not negate, abridge, or reduce any other rights or obligations of indemnity which would otherwise exist. The obligations of this paragraph shall survive termination, cancellation, or expiration of the parties' agreement. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance. As used in this clause, "Indemnitees" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B100-2]

INDEMNIFICATION - THIRD PARTY CLAIMS – DISCLOSURE OF INFORMATION (FEB 2015):

(a) Without limitation, Contractor shall defend and hold harmless Indemnitees from and against any and all suits, claims, investigations, or fines (hereinafter "action") of any character (and all related damages, settlement payments, attorneys' fees, costs, expenses, losses or liabilities) by a third party which arise out of or in connection with a disclosure of government information (as defined in the clause titled Information Security - Definitions) caused in whole or in part by any act or omission of contractor, its subcontractors at any tier, their employees, workmen, servants, agents, or anyone directly or indirectly employed by them or anyone for whose acts any of them may be liable, regardless of whether or not caused in part by an Indemnitee, and whether or not such action is brought by a third party or an Indemnitee, but only if the act or omission constituted a failure to perform some obligation imposed by the contract or the law.

(b) Indemnitee must notify contractor in writing within a reasonable period of time after Indemnitee first receives written notice of any action. Indemnitee's failure to provide or delay in providing such notice will relieve contractor of its obligations under this clause only if and to the extent that such delay or failure materially prejudices contractor's ability to defend such action. Indemnitee must reasonably cooperate with contractor's defense of such actions (such cooperation does not require and is without waiver of an Indemnitee's attorney/client, work product, or other privilege) and, subject to Title 1, Chapter 7 of the South Carolina Code of Laws, allow contractor sole control of the defense, so long as the defense is diligently and capably prosecuted. Indemnitee may participate in contractor's defense of any action at its own expense. Contractor may not, without Indemnitee's prior written consent, settle, compromise, or consent to the entry of any judgment in any such commenced or threatened action unless such settlement, compromise or consent (i) includes an unconditional release of Indemnitee from all liability related to such commenced or threatened action, and (ii) is solely monetary in nature and does not include a statement as to, or an admission of fault, culpability or failure to act by or on behalf of, an Indemnitee or otherwise adversely affect an Indemnitee. Indemnitee's consent is necessary for any settlement that requires Indemnitee to part with any right or make any payment or subjects Indemnitee to any injunction.

(c) Notwithstanding any other provision, contractor's obligations pursuant to this clause are without any limitation whatsoever. Contractor's obligations under this clause shall survive the termination, cancellation, rejection, or expiration of the contract. This provision shall be construed fairly and reasonably, neither strongly for nor against either party, and without regard to any clause regarding insurance.

(d) "Indemnitee" means the State of South Carolina, its instrumentalities, agencies, departments, boards, political subdivisions and all their respective officers, agents and employees. [07-7B102-1]

Nothing herein shall be construed to waive any law or clause regarding the availability or appropriation of funds, sovereign immunity, or any other immunity, restriction, or limitation on payment or recovery provided by law.

The Procurement Officer shall give written notice of the termination to the contractor specifying the part of the contract terminated and when termination becomes effective.

(2) Contractor's Obligations. The contractor shall incur no further obligations in connection with the terminated work and on the date set in the notice of termination the contractor will stop work to the extent specified. The contractor shall also terminate outstanding orders and subcontracts as they relate to the terminated work. The contractor shall settle the liabilities and claims arising out of the termination of subcontracts and orders connected with the terminated work. The Procurement Officer may direct the contractor to assign the contractor's right, title, and interest under terminated orders or subcontracts to the State. The contractor must still complete the work not terminated by the notice of termination and may incur obligations as are necessary to do so.

(3) Right to Supplies. The Procurement Officer may require the contractor to transfer title and deliver to the State in the manner and to the extent directed by the Procurement Officer: (a) any completed supplies; and (b) such partially completed supplies and materials, parts, tools, dies, jigs, fixtures, plans, drawings, information, and contract rights (hereinafter called "manufacturing material") as the contractor has specifically produced or specially acquired for the performance of the terminated part of this contract. The contractor shall, upon direction of the Procurement Officer, protect and preserve property in the possession of the contractor in which the State has an interest. If the Procurement Officer does not exercise this right, the contractor shall use best efforts to sell such supplies and manufacturing materials in a accordance with the standards of Uniform Commercial Code Section 2-706. (b) The Procurement Officer and the contractor may agree to a settlement and that the settlement does not exceed the total contract price plus settlement costs reduced by payments previously made by the State, the proceeds of any sales of supplies and manufacturing materials under Paragraph (3) of this clause, and the contract price of the work not terminated;

(c) Absent complete agreement under Subparagraph (b) of this Paragraph, the Procurement Officer shall pay the contractor the following amounts, provided payments agreed to under Subparagraph (b) shall not duplicate payments under this Subparagraph:

(i) contract prices for supplies or services accepted under the contract;

(ii) costs reasonably incurred in performing the terminated portion of the work less amounts paid or to be paid for accepted supplies or services;

(iii) reasonable costs of settling and paying claims arising out of the termination of subcontracts or orders pursuant to Paragraph (2) of this clause. These costs must not include costs paid in accordance with Subparagraph (c)(ii) of this paragraph;

(iv) any other reasonable costs that have resulted from the termination. The total sum to be paid the contractor under this Subparagraph shall not exceed the total contract price plus the reasonable settlement costs of the contractor reduced by the amount of payments otherwise made, the proceeds of any sales of supplies and manufacturing materials under Subparagraph (b) of this Paragraph, and the contract price of work not terminated.

(d) Contractor must demonstrate any costs claimed, agreed to, or established under Subparagraphs (b) and (c) of this Paragraph using its standard record keeping system, provided such system is consistent with any applicable Generally Accepted Accounting Principles.

(5) Contractor's failure to include an appropriate termination for convenience clause in any subcontract shall not (i) affect the state's right to require the termination of a subcontract, or (ii) increase the obligation of the state beyond what it would have been if the subcontract had contained an appropriate clause. [07-7B265-1]

YEAR 2000 WARRANTY (JAN 2006): Contractor represents and warrants that the equipment is designed to be used prior to, during, and after the calendar year 2000 A.D., and that the equipment will operate during each such time period without error relating to date data, specifically including any error relating to, or the product of, date data which represents or references different centuries or more than one century. 2. Upon completion of said initial treatment, the Contractor shall issue a "wood-damaging insect warranty" for that site. The warranty will permit, for one year from date of issuance, re-treatments as necessary at no additional cost to the University.
3. The inspection must be reported on the most current Official South Carolina Wood Infestation Report Form as published by the Department of Pesticide Regulation. The form for this report shall be furnished by the licensee.
4. The inspection for the Wood Infestation Report must include at a minimum:

- a. A visual inspection of all accessible portions of the interior and exterior of the structure, including crawlspaces, utility areas, and attics.
 - b. Careful sounding and probing of all areas where damage is visible.
 - c. Representative wood moisture content readings around the interior perimeter of the crawlspace and in the accessible portions of the center of the crawlspace.
 - d. The determination of the nature and activity of all visible and accessible wood damaging insect infestations in the structure.
 - e. The determination of the nature and cause of all visible and accessible wood-damaging insect damage in the structure.
 - f. The determination of the nature and activity of all wood-damaging fungi, including decay damage whether active or not, present in the structure below the first main level of the structure. The first main level is the first floor above the basement or crawlspace, or the elevated area raised upon pilings. The phrase "below the level of the first main level" also includes the substructure below the first main floor of the building. Decay damage in the upper portions of exterior siding, fascia and trim boards, chimneys, eaves, soffits, and similar areas is beyond the scope of the Wood Infestation Report. Decay damage in the lower portions of exterior doors, door jambs and frames, and similar construction elements, however, must be reported.
5. The Wood Infestation Report is in no way a report of the presence or absence of health-related fungi or conditions conducive to their presence or development in the structure.
6. The Wood Infestation Report must at a minimum disclose:
- a. All inaccessible parts of the structure.
 - b. The apparent presence or absence of all visible insect related damage in all accessible areas of the structure. The reporting of a "previous infestation" of a particular insect is not sufficient to meet this requirement to report insect damage.
 - c. The apparent presence or absence of all visible active and previous wood-damaging insect infestation in all accessible areas of the structure.
 - d. The wood moisture content readings obtained in the substructure, as well as any decay damage, active wood-damaging decay fungi, or excessive moisture conditions in visible and accessible areas below the level of the first main floor. Decay damage must be reported as such.
 - e. The specific location and approximate extent of all damages, active infestations, previous infestations, and excessive moisture conditions. These items may be reported as "widespread," "throughout the substructure," or in similar terms only if their extent and occurrence justify such broad language.
 - f. All damage must be reported whether or not it requires or may require repair or further inspection by another professional. Damage remaining in areas that have previously been repaired must also be reported.
 - g. All visible (through non-invasive means) infestations and/or damage to items not covered in this contract (including, but not limited to trees, plantings,

mulches, fencing, decorative objects, neighboring properties) must be reported by the Contractor to the University to protect University property and determine further course of action.

7. The Wood Infestation Report is not a warranty against future infestation, nor does it place any obligation for the correction of reported damage or infestation upon the applicator or business issuing the report.

8. In determining whether an infestation of insects or decay fungi is active in a structure the Inspectors must fully explain on the reverse of the form the basis for their determination of whether an infestation of insects or decay fungi is or is not active in the structure.

9. Inspect work annually and report findings in writing to the appropriate University officials.

10. A one-year warranty, (at a minimum) must be included and provided to designated University officials. This warranty entitles the University of South Carolina to re-treatment at no charge during that year. All warranty conditions, including damage policy must be attached and expressly noted.

28. Codes, Laws, & Regulations:

A. All work shall comply with all applicable codes and regulations, and shall be done in a workman like manner by craftsmen skilled in the appropriate trade(s), in accordance with the best practices of the trade(s), manufacturer's recommendations, and the best interests of the University, to the satisfaction of the University.

B. Contractor agrees to abide by all Cities, State and Federal Government regulations regarding pesticide usage, pest Services, and wildlife Services, including but not limited to South Carolina Pesticide Control Act.

C. All Contractors must be Bonded, Insured, and possess Pesticide Applicator Licenses. All Bonds, Insurances and Pesticide Applicator Licenses must be maintained and current through the life of the contract.

D. Contractor must observe all OSHA and Safety Laws while on campus.

E. Material Safety Data Sheets (MSDS) will be provided to the University Liaison at the commencement of this contract. Any additions or deletions must be provided to the University Liaison at monthly meetings.

F. Materials to be used in the work shall be stored in a manner which will properly protect them from all contamination and hazards until used. Labeled materials shall be kept in original containers until used. The Contractor shall use no materials containing asbestos even if the use of such material is still legal. The Contractor shall properly remove and replace any asbestos-containing materials at no expense to the University.

G. Contractor shall protect the work from the public and the public from the work in a manner satisfactory to the University.

H. Contractor must abide by all University regulations including University Parking regulations.

I. Contractor must abide by and stay apprised of current statutory requirements

29. Scheduling:

- A. Contractor shall service listed buildings and areas monthly (unless it is designated for quarterly service as detailed in this contract); however, the Contractor is responsible for providing total expert pest control services regardless of how many visits are needed to reach the acceptable level of pest population within any building or area being routinely serviced.
 - I. Contractor shall service campus wide work order pest requests on a weekly basis as part of existing contract without additional charge. The University on average submits approximately 10/20 work orders per week during the academic school months (August through the following April).
- B. Regularly scheduled work on the main campus (other than Center for the Child) will be performed during regular working hours. Additional work shall be coordinated with the University Liaison.
- C. Normal working hours for the FMU Campus are Monday thru Friday, 8:00 A.M. to 5:00 P.M.

30. Payments

- F. All invoices shall be itemized to the satisfaction of the University and shall be verified by the Director of the Facilities Services or his/her designated agent (s) prior to approval of payment.
 - Part of the itemization request will be to invoice student housing areas separately.
- G. Payment will be made monthly on the basis of invoices submitted and verified. Payment will be made for 1/12 of the annual cost per month.
- H. The Contractor must refer all requests from persons not authorized to do such to the University Contracting Officer Representative. Only the University Contracting Officer Representative can authorize work, including any extra chargeable services.
- I. Payment will be made at the end of the period in which the service was rendered. If the service rendered during the period was unsatisfactory, the University may, after delivering written notice, withhold payment until specific deficiencies are corrected. If deficiencies cannot be corrected, the University, with consent of the Contractor, may reduce payment by an amount commensurate with the reduced level of service experienced.

31. Change Orders

- A. Additions and/or deletions of buildings may be made to this contract. This will be done with negotiations on an individual building basis with the contractor relating to the same price awarded based on comparable sized buildings. Finalization of an addition or deletion of a building to this contract may be made only with an approved change order issued by FMU Purchasing.

Question 1	After receiving the amendment (Amendment #1) to include the termite, will you be providing a price proposal sheet that has a place for the termite pricing per building like you did for the pest control?
Answer	Yes, Amendment #2 has an updated Bid Tab.
Question 2	With the fly lights and other equipment being included now, does the college own the fly equipment or will be need to replace with new fly equipment?

Answer	Bats have been removed from Pests; all other pest in question will remain as is.
Question 5	Is the dining services company outsourced their own pest control provider to service the kitchen, dishwashing, and food prep areas? Such as the flylights in the dining rooms and rodent equipment found in kitchens and dry storage at dining services?

Answer	Yes, only President's home, Student Housing Vilas, Village, Dorms, The Grille, Honors, and FWEC buildings has Sentricon baiting.
Question 12	Is consideration being given if a Bidding company currently has buildings under contract? If a company has buildings under Termite contract now, they will be quoting a renewal on the buildings, but all other companies will be Quoting initial services which will significantly increase a bid
Answer	The University is committed to a fair and competitive procurement process. While the incumbent vendor may have familiarity with the campus environment, all bidders are provided with the same information through this solicitation, including site access for walkthroughs, historical service data (if available), and clearly defined service requirements.

Question 13	A follow up to #12, would be if a company has a liquid contract on buildings and the booster treatment falls in this bidding cycle that is a cost which would be assessed after the bid and may not be included in this due to already being under contract.
Answer	This solicitation will begin a new contract; there will be no outstanding services on a previous contract. All services will be performed by the lowest responsive and responsible vendor. The University is committed to a fair and competitive procurement process. While the incumbent vendor may have familiarity with the campus environment, all bidders are provided with the same information through this solicitation, including site access for walkthroughs, historical service data (if available), and clearly defined service requirements.
Question 14	In 27. Termite Inspection for annual renewal: 2. Upon completion of said initial treatment, the Contractor shall issue a “wood-damaging insect warranty” for that site. The warranty will permit, for one year from date of issuance, re-treatments as necessary at no additional cost to the University. As I read this it is a retreatment Warranty, But in 10. A one-year warranty, (at a minimum) must be included and provided to designated University officials. This warranty entitles the University of South Carolina to re-treatment at no charge during that year. All warranty conditions, including damage policy must be attached and expressly noted. With this indicating Including A Damage Policy can there be clarification? Is this a retreatment policy of Damage policy. If a damage policy what is the scope and required limits on that policy.
Answer	Part 1 for In 27. Termite Inspection for annual renewal: After the initial termite treatment is completed, the Contractor (pest control company) must provide a "wood-damaging insect warranty" for that location. Here's what the warranty covers: • It is valid for one year from the date it is issued. • During that one-year period, if termites or other wood-damaging insects reappear, the Contractor must perform any necessary re-treatments at no extra cost to the University. Further explanation: The university gets a one-year warranty after the initial termite treatment. If termites come back within that year, the pest control company must treat the problem again at no cost to the University. Part 2 for 10. A one-year warranty: Further Explanation: The university must receive a written one-year warranty that includes free re-treatment and clearly states all terms, including whether or not damage repair is covered. • The contractor must provide at least a one-year warranty after the termite treatment. • The warranty must be formally given to the appropriate officials at the Francis Marion University. • During that one-year period, if termites return or if additional treatment is needed, the University is entitled to re-treatment at no extra cost. • The contractor must also clearly include and explain all conditions of the warranty, especially: • Whether or not the warranty covers damage caused by termites. • Any limitations or exclusions of the warranty.

 - g. All visible (through non-invasive means) infestations and/or damage to items not covered in this contract (including, but not limited to trees, plantings,

mulches, fencing, decorative objects, neighboring properties) must be reported by the Contractor to the University to protect University property and determine further course of action.

31. Change Orders

- A. Additions and/or deletions of buildings may be made to this contract. This will be done with negotiations on an individual building basis with the contractor relating to the same price awarded based on comparable sized buildings. This warranty entitles the University of South Carolina to re-treatment at no charge during that year. All warranty conditions, including damage policy must be attached and expressly noted. With this indicating Including A Damage Policy can there be clarification? Is this a retreatment policy of Damage policy. If a damage policy what is the scope and required limits on that policy.
Answer	Part 1 for In 27. Termite Inspection for annual renewal: After the initial termite treatment is completed, the Contractor (pest control company) must provide a "wood-damaging insect warranty" for that location. Here's what the warranty covers: • It is valid for one year from the date it is issued. • During that one-year period, if termites or other wood-damaging insects reappear, the Contractor must perform any necessary re-treatments at no extra cost to the University. Further explanation: The university gets a one-year warranty after the initial termite treatment. If termites come back within that year, the pest control company must treat the problem again at no cost to the University. Part 2 for 10. A one-year warranty: Further Explanation: The university must receive a written one-year warranty that includes free re-treatment and clearly states all terms, including whether or not damage repair is covered. • The contractor must provide at least a one-year warranty after the termite treatment. • The warranty must be formally given to the appropriate officials at the Francis Marion University. • During that one-year period, if termites return or if additional treatment is needed, the University is entitled to re-treatment at no extra cost. • The contractor must also clearly include and explain all conditions of the warranty, especially: • Whether or not the warranty covers damage caused by termites. • Any limitations or exclusions of the warranty.
