

South Carolina
Department of Transportation

Grant Agreement No. SCSU002
Grant Administered by: SCDOT

Transportation and Community and
System Preservation Pilot Program (TCSP)

GRANT AGREEMENT

Between: The South Carolina Department of Transportation

and

Grantee: South Carolina State University
300 College Street, P.O. Box 8144
Orangeburg, SC 29117

1. AUTHORITY AND PURPOSE

This grant is awarded pursuant to the authority contained in Title I, Subtitle B, of the Transportation Equity Act for the 21st Century of 1998, and its subsequent amendments referred to as "TEA-21." In accordance with Section 1221 of the TEA-21, the Federal Highway Administration (here-in- after referred to as "FHWA") hereby awards the sum of \$8,921,764 to provide support for a Transportation and Community and System Preservation Pilot Program (TCSP) project titled the Southern Rural Transportation Center as described in the approved application.

2. GRANT AMOUNT AND BUDGET

The funds awarded to this project must be expended according to the approved application. The federal share of the approved costs shall be 100 percent to the maximum of the grant unless otherwise authorized. Any revisions to the grant budget must be approved by FHWA and SCDOT and made in accordance with 49 CFR 19.25. FHWA will not reimburse the recipient for any costs in excess of the awarded amount. These funds should be obligated by September 30, 2002. After obligation, these funds are available until expended.

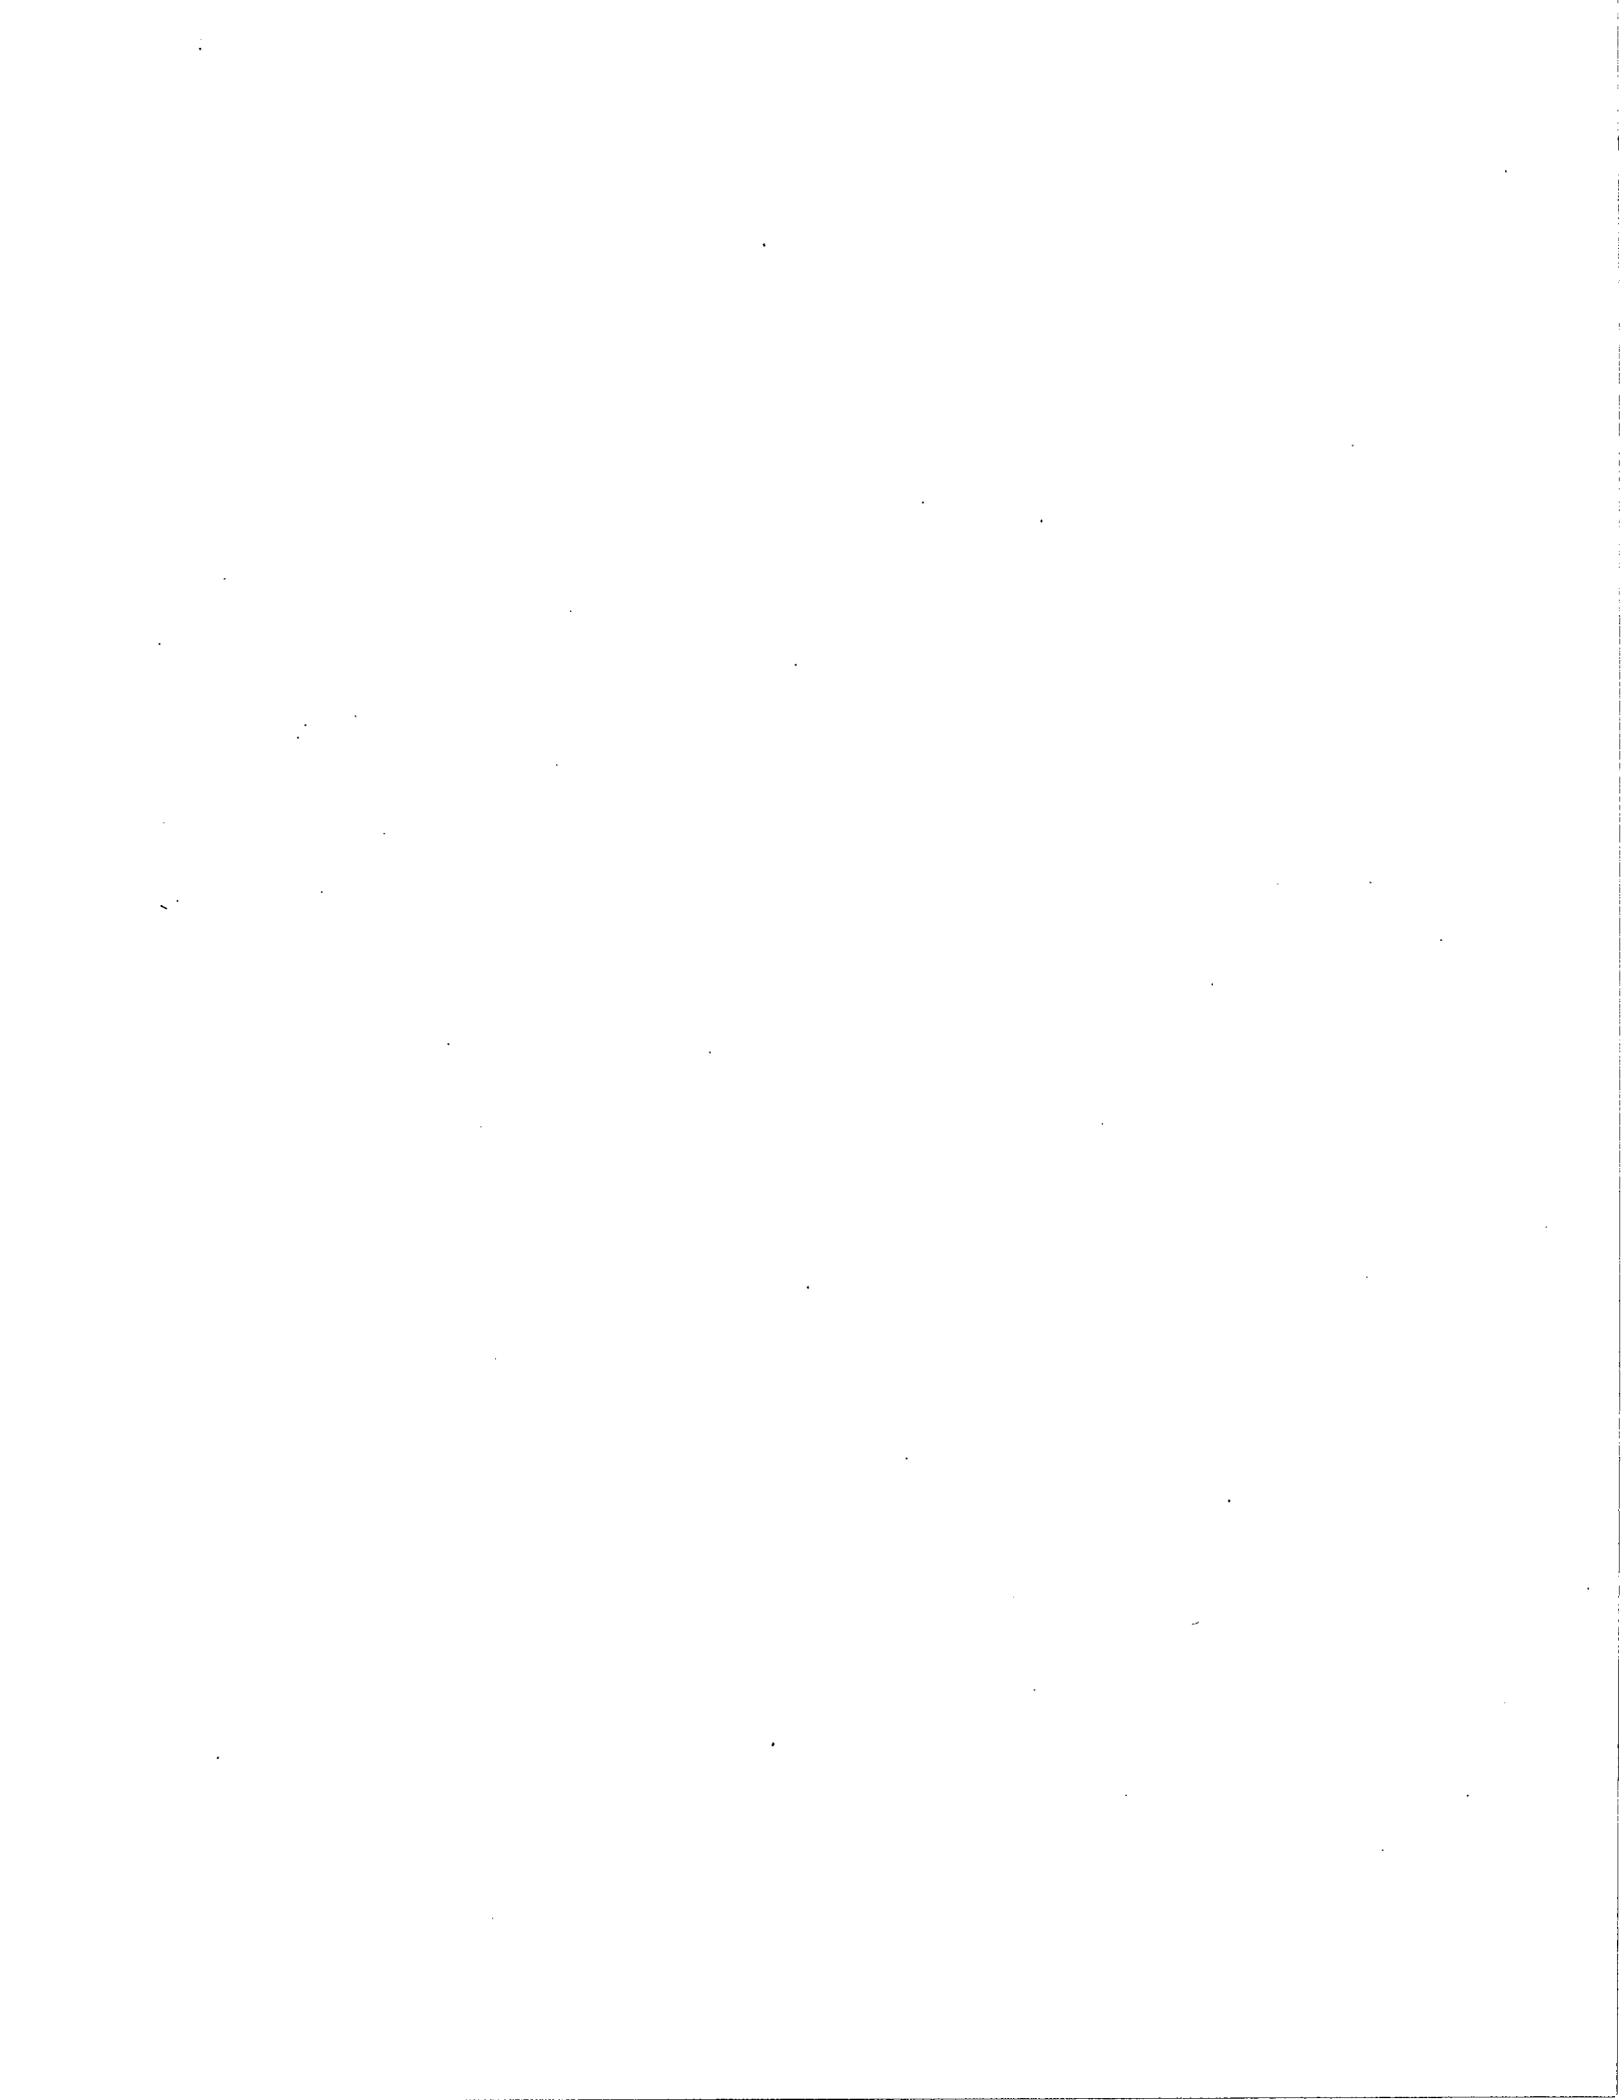

5

SCSU005 Billing resubmission dated 4/30/09 & paid on 9/21/09							16,301		
SCSU005 Billing resubmission dated 9/30/08 & paid on 9/21/09							24,360		
SCSU002 Billing rec'd approx. 11/10/09 & paid on 11/10/09							260,365		
SCSU002 Billing rec'd approx. 2/23/10 & paid on 2/29/10							341,685		
Remaining Funds							18,499,694		

Note 1: For TCSF 2002 appropriation, previous spending limit was stated as \$8,921,764. However, this did not consider a reduction of \$64,426.24 for "Historic Survey of Non-Metal Truss Bridges in South Carolina" inflated under Dr. Hill.

Note 2: SAFETEA-LU High Priority Projects obligated Federal funds are the 05, 06, 07 and 08 obligations under this bill. Each year for the life of the bill, 20% of the spending limitation of \$4,420,000 will be obligated, subject to applicable recissions and takedowns implemented by Congress.

3. PAYMENT

Payment will be made to the recipient in accordance with procedures set forth in the Federal -Aid and Federal Highway Acts, as amended, and 49 CFR 19.22. A list must be provided to the grantor of every person authorized by the grantee to request funds. (Also see Attachment 3 - Grant Administration Process)

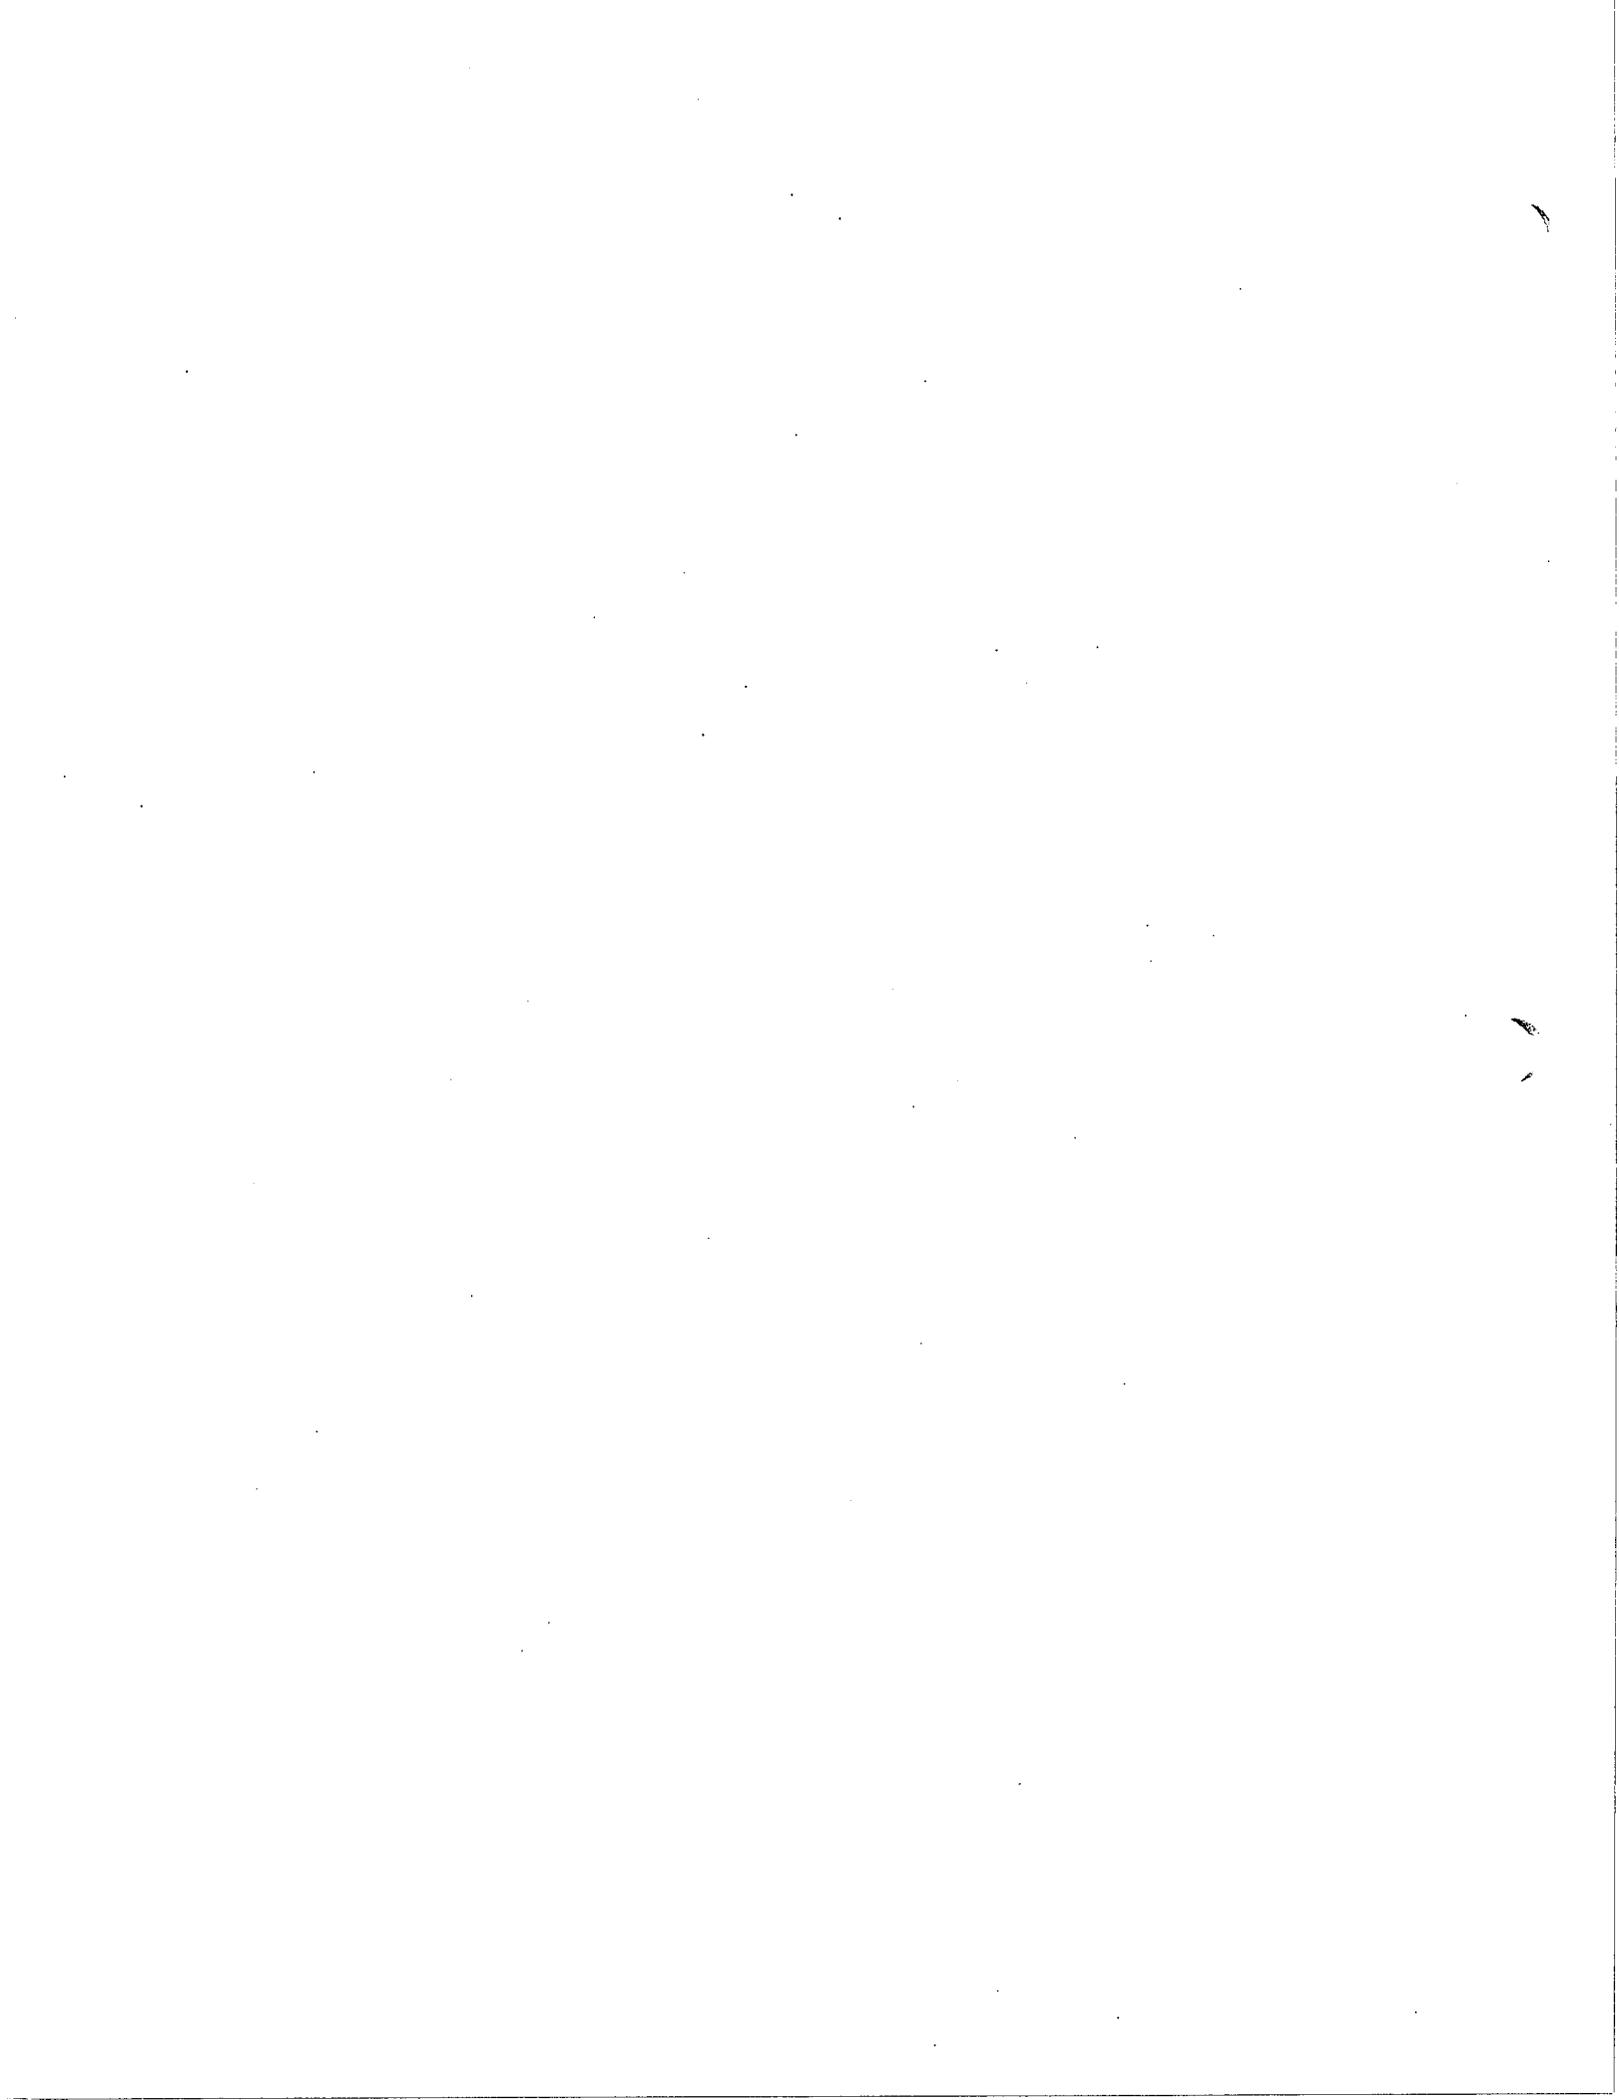

4. REPORTING AND EVALUATION

Three kinds of reports will be needed for this Grant. Financial and Narrative reports should be submitted quarterly while the Evaluation report should be submitted annually. The recipient must submit an original and one copy of the quarterly Financial and Narrative reports to the SCDOT, FHWA Division, and one copy to FHWA, Office of Human Environment, HEPH-20, Room 3301, 400 7th Street SW, Washington, DC 20590. This is a multi year grant, and the anticipated completion date of the project is September 30, 2006.

The evaluation report must be submitted annually within 90 days after the fiscal year to FHWA Division and the Office of Human Environment. A sample template of the Evaluation report is included in Attachment 2.

The Reporting Schedule for this Grant is as follows:

<u>Period Report Covers</u>	<u>Report Is Due</u>
July 1 - September	October 31
October 1 - December 31	January 31
January 1 - March 31	April 30
April 1 - June 30	July 31
July 1 - June 30	September 30
Final Report	90 days after the project is completed

5. TERMINATION

This agreement is subject to termination by either party as described in Attachment 1, Grant Provision 7, 49 CFR 19.61. The University Transportation Center agrees to give SCDOT and FHWA at least 90 days notice of intent to terminate this agreement.

6. RESPONSIBILITIES AND GRANT PROVISIONS

This agreement is made on condition that these funds will be administered in accordance with the terms and conditions as set forth in this agreement and the attached grant provisions. The catalog of Federal Domestic Assistance number for this project is 20.205.

Please sign the original and each copy of this letter to acknowledge your receipt of the grant and return the original and two copies to the SCDOT.

Attachment 2**TCSP Project Reporting Template****Location:****Project Title:****Sponsor:****Key Contact:** [Name]
[Address]
Phone:
Fax:
Email:**1. Summary of Project and Anticipated Products**

What are the objectives of the project? What are its intended products and outcomes? How will the project be accomplished? What is the timeframe for completing the project?

2. Innovative Aspects

What is unique or innovative about this project? Please consider process issues (e.g., partnerships, planning process, coordination, finance, evaluation, etc.) as well as expected products (e.g., master plan, handbook, implemented project).

3. Evaluation

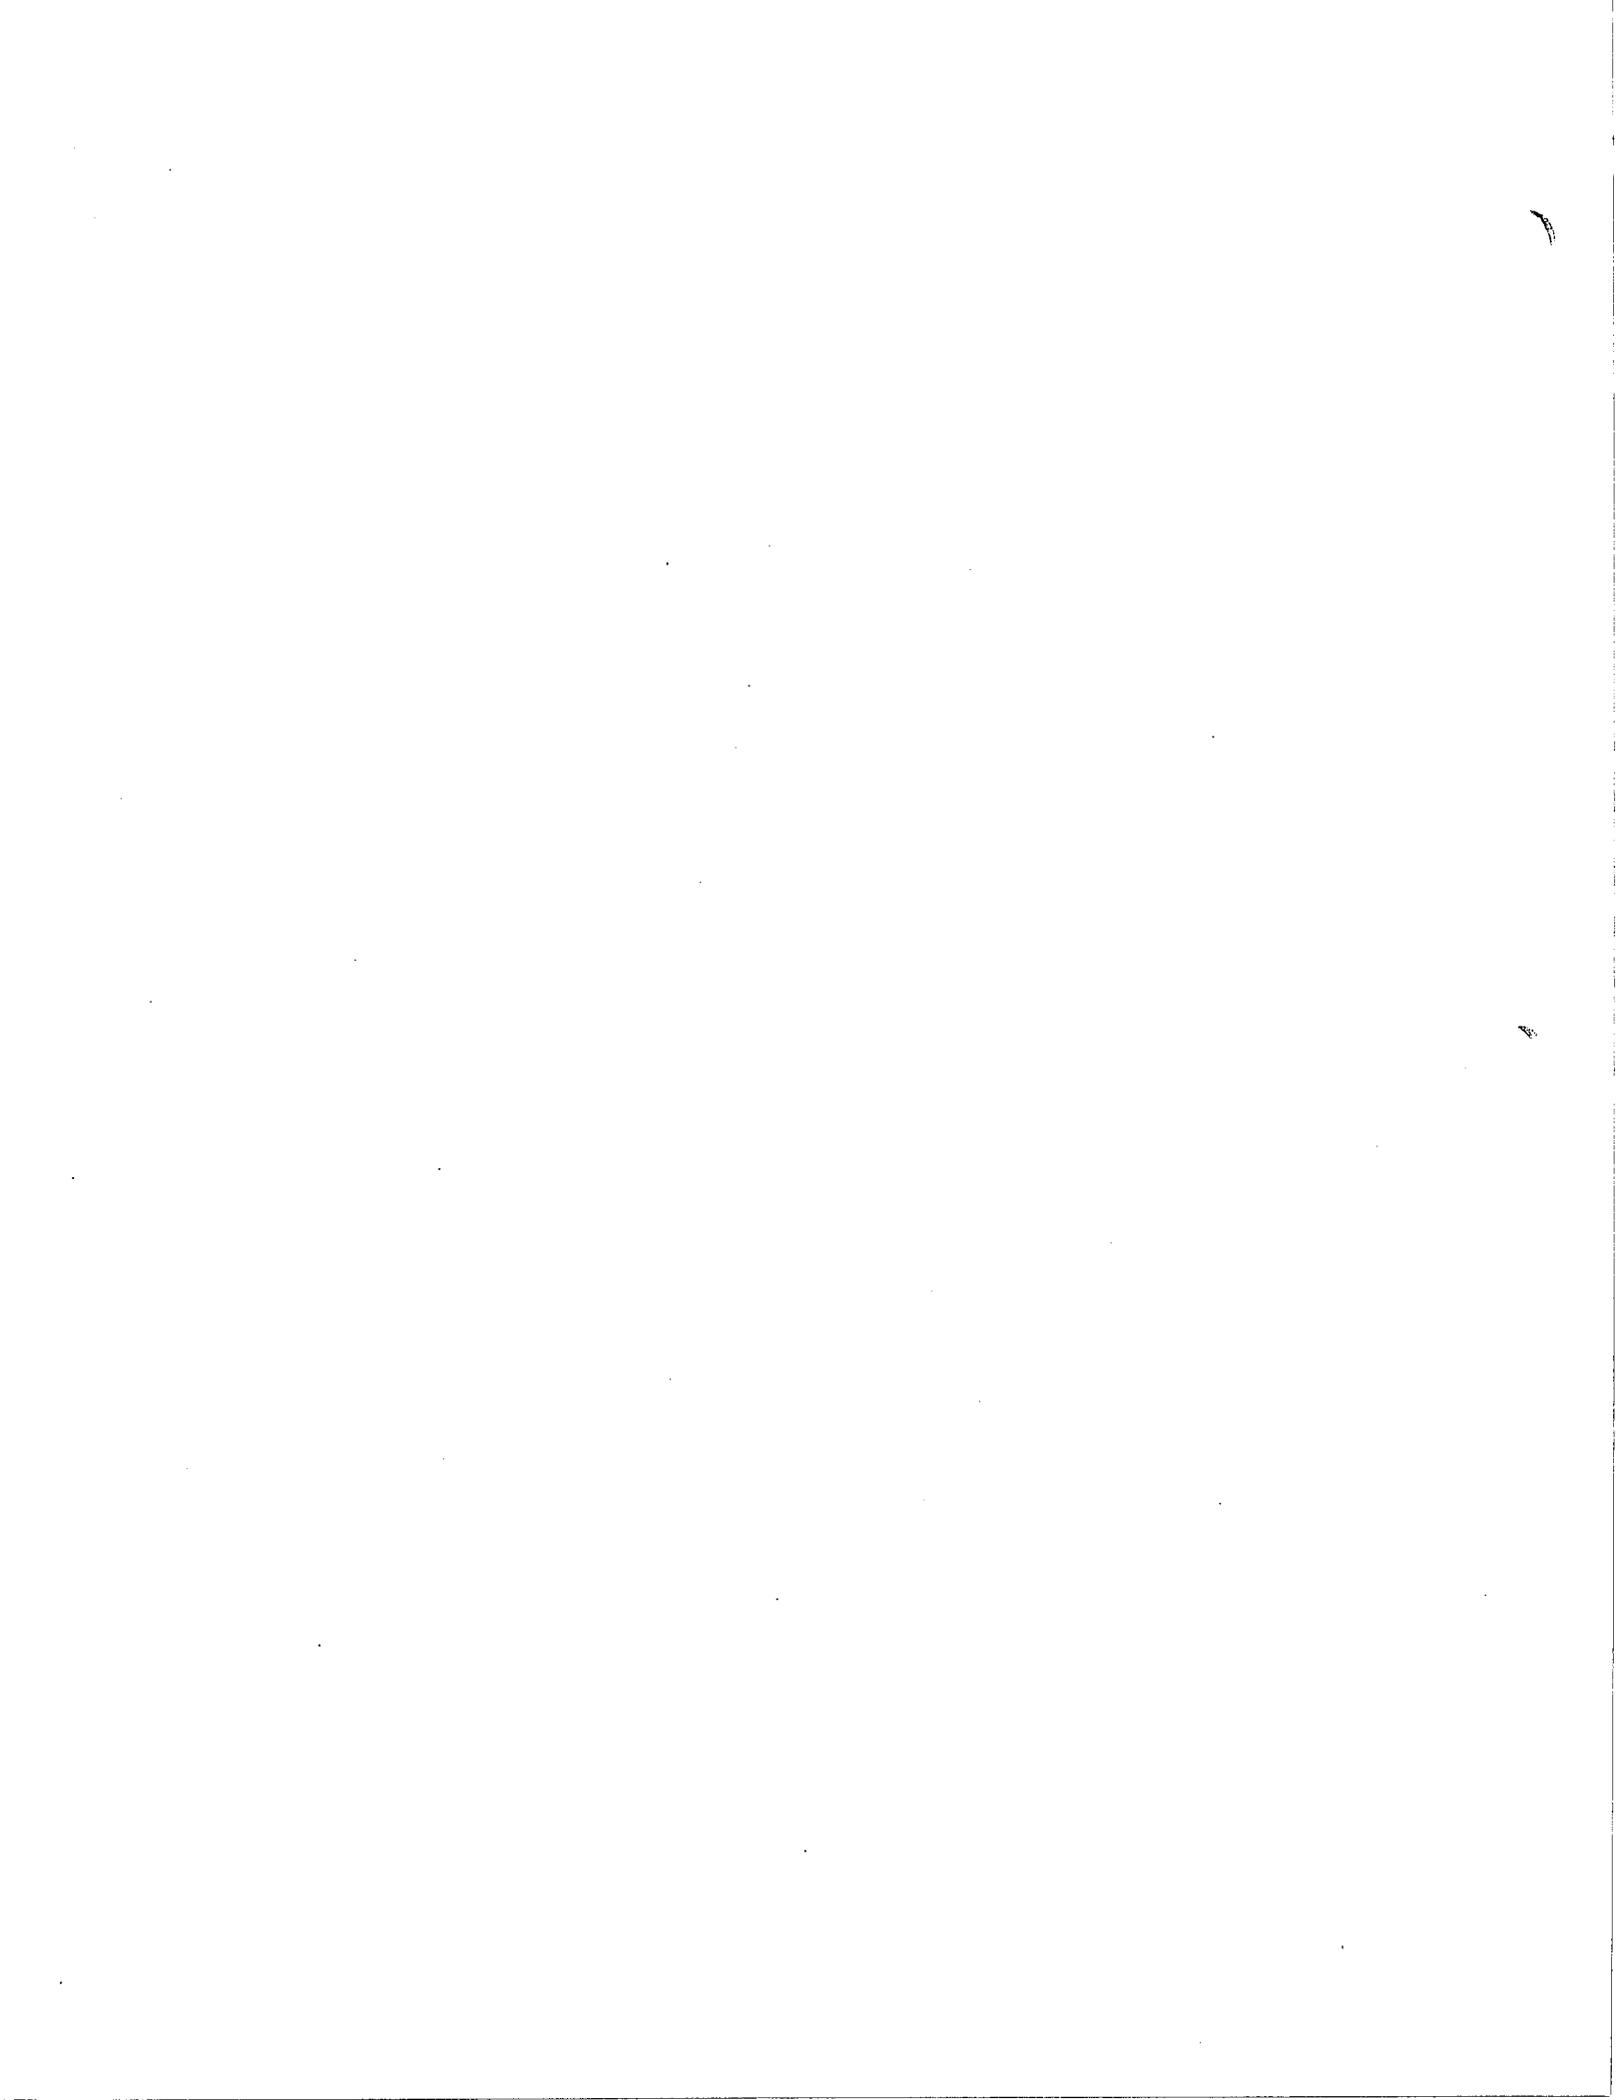

What is the status of the evaluation plan and related activities? What methods are being used to evaluate the grant's accomplishments? What measures of performance are being used? Who is responsible for conducting the evaluation? What is the time schedule for completing the evaluation?

4. Status and Accomplishments

What is the current status of the project? What products have been produced? Have the anticipated products and/or outcomes changed compared to what was initially identified in the project application? If so, how and why?

5. Lessons Learned

What have been the general reactions to the project? What aspects of the project have been most successful? Have any significant barriers been encountered? If so, how are these barriers being addressed? Have any significant delays occurred compared to the initial anticipated time schedule? If so, what was the reason for these delays?

Attachment 3**Grant Administration Processes
(HEPH-20 Revised January, 2001)****State-Administered Grant
(FMIS)**

1. The Secretary approves projects and amounts to be awarded. Project awards may include earmarks and competitive grants.
2. Soon after the U.S. Transportation Secretary makes an announcement of the FHWA-TCSP program funding for the fiscal year. FHWA, Office of Human Environment will send an allocation memorandum to the FHWA Division Offices and Office of Budget and Finance announcing the projects selected by State, award amount, and a brief description or title of the project.
3. Budgetary/Finance Information:*
 - Division should inform HQ by July 30 of the status of obligations.
 - Funds must be obligated by Sept. 30 of fiscal year awarded.
 - FMIS information will be provided.
 - Division must assign a project number.
 - Division should notify HQ of assigned project number.
 - HQ Budget and Finance contact is Minnie Baskerville (202-366-2924).
 - Appropriation code for FY2002 TCSP funding is Q68.
 - Divisions approve grant applications, coordinate with the Office of Human Environment.
 - Changes to approved grant application (statement of work) need approval of Division. Division must notify HQ HEPH of proposed changes to scope of work.

Grant Agreement between FHWA and State DOT may include the (see sample):

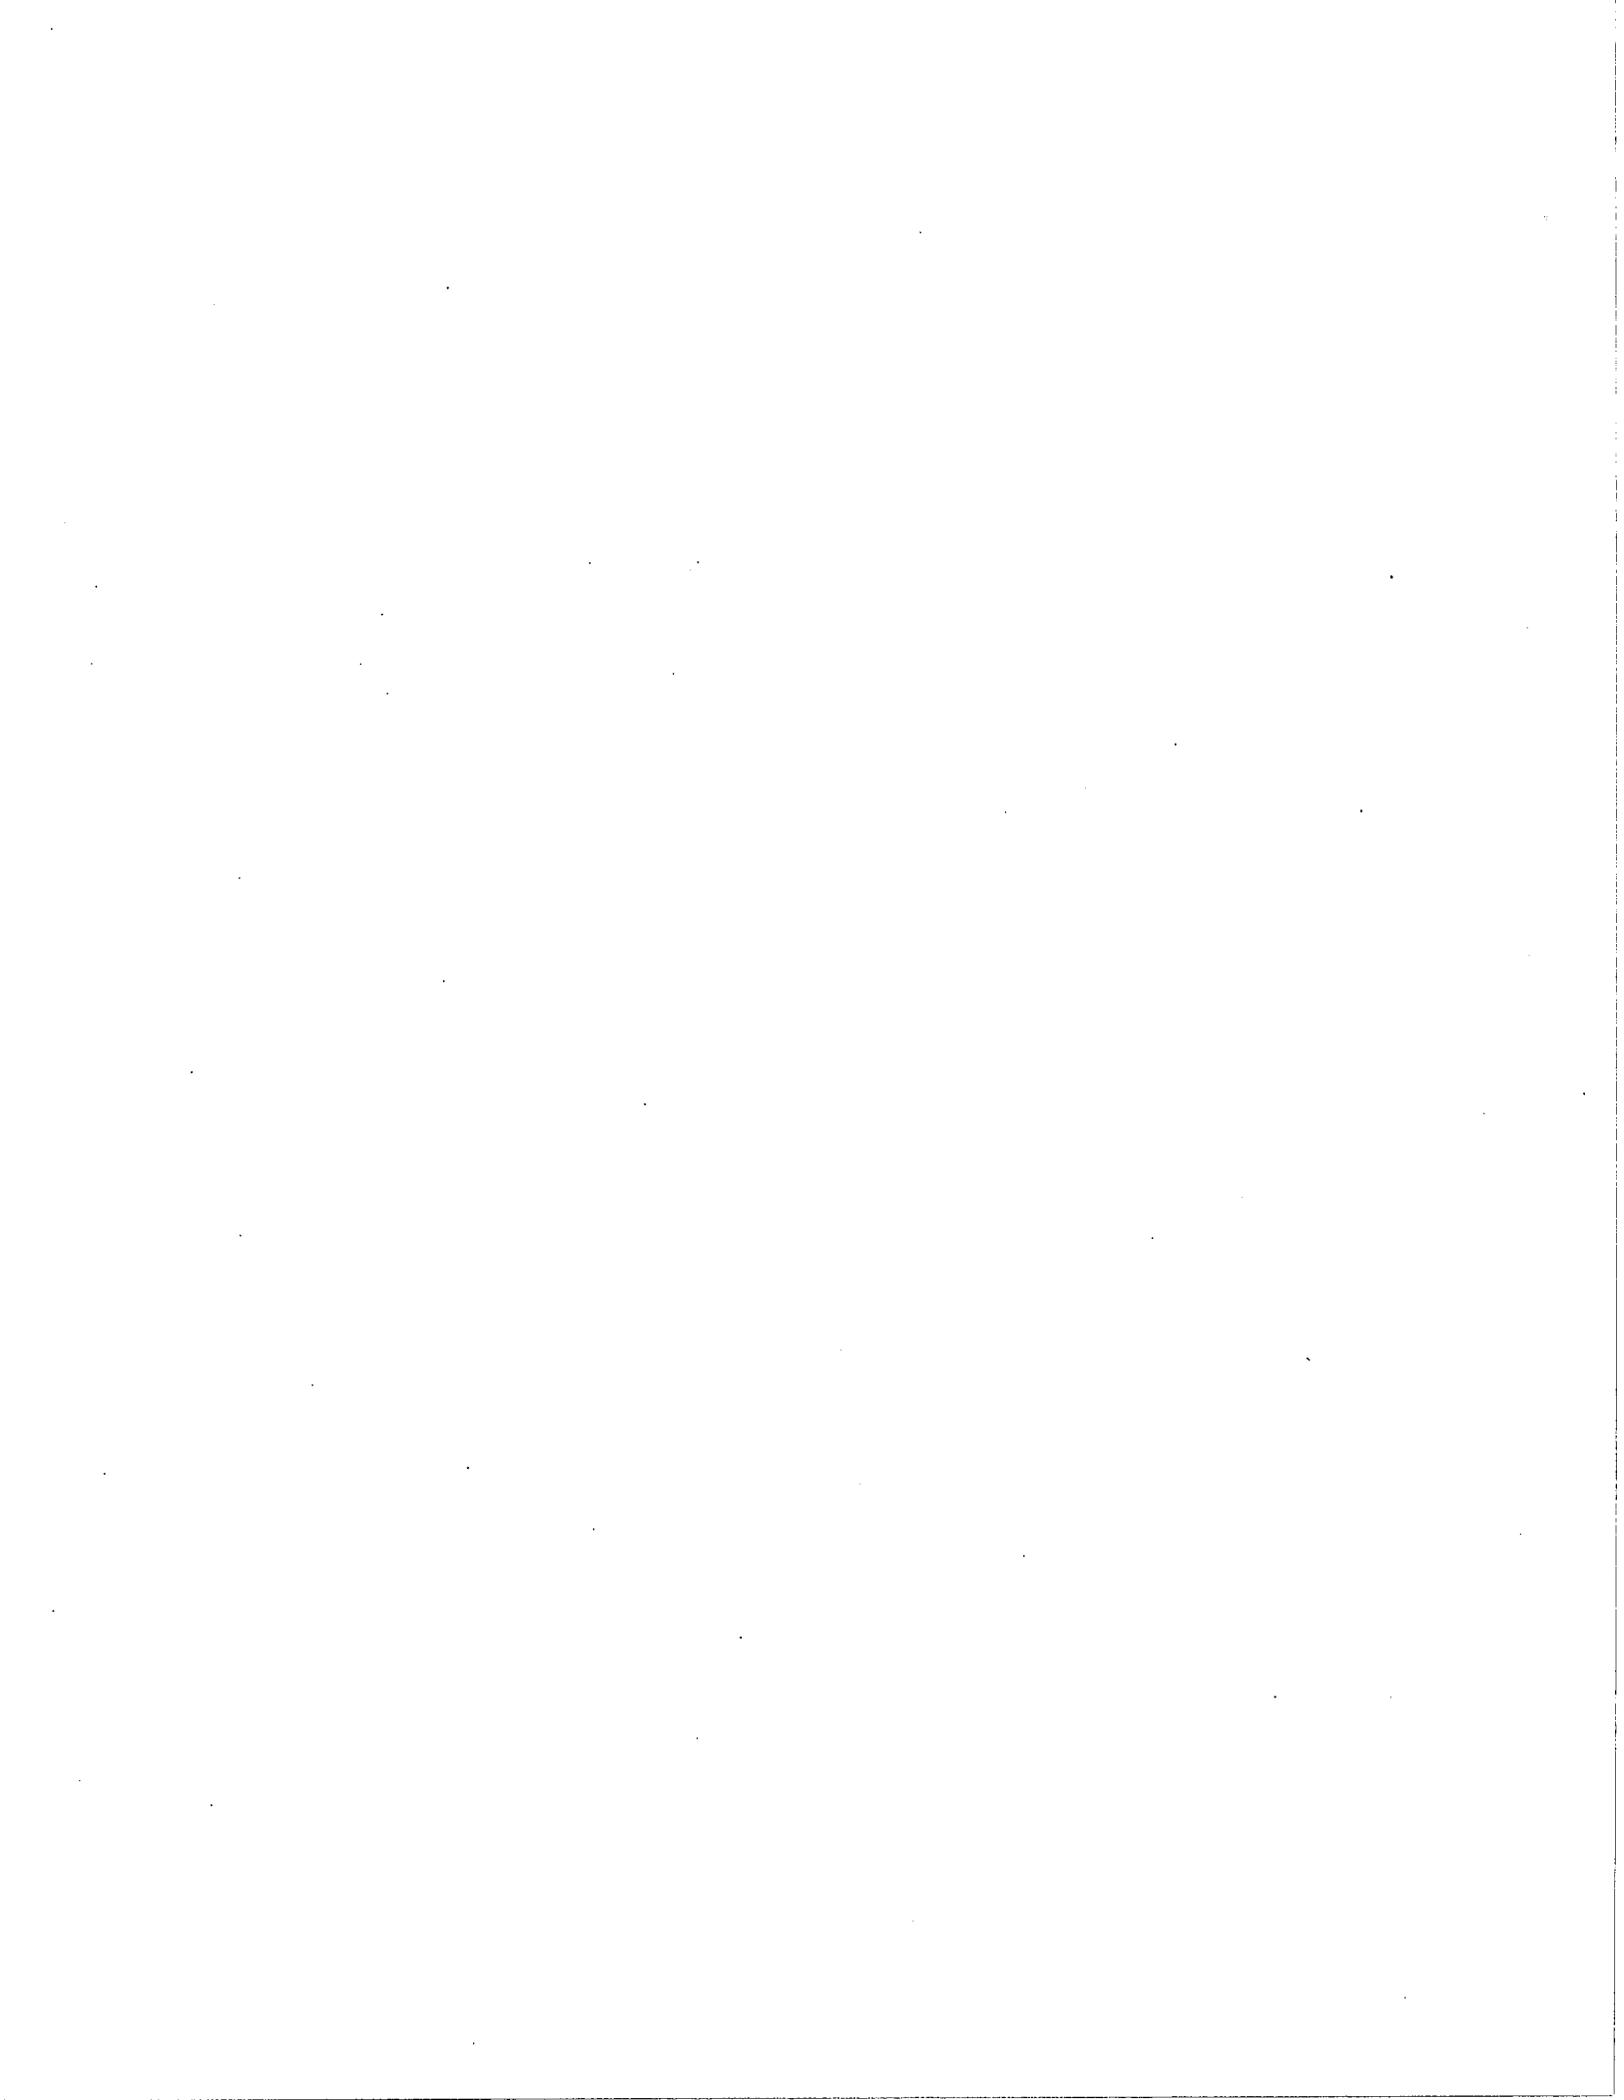

- Grant amount "FHWA dollars," Project Title and Budget as stated in the approved grant application.

**Division-Administered Grant
(FMIS)**

1. The Secretary approves projects and amounts to be awarded. Project awards may include earmarks and competitive grants.
2. Soon after the U.S. Transportation Secretary makes an announcement of the FHWA-TCSP program funding for the fiscal year. FHWA, Office of Human Environment will send an allocation memorandum to the FHWA Division Offices and Office of Budget and Finance announcing the projects selected by State, award amount, and a brief description or title of the project.
3. Budgetary/Finance Information:*
 - Division should inform HQ by July 30 of the status of obligations.
 - Funds must be obligated by Sept. 30 of fiscal year awarded.
 - Division will input FMIS information.
 - Division must assign a project number.
 - Division should notify HQ of assigned project number.
 - HQ Budget and Finance contact is Minnie Baskerville (202-366-2924).
 - Appropriation code for FY2002 TCSP funding is Q68.
 - Divisions approve grant applications, coordinate with the Office of Human Environment.
 - Changes to approved grant application (statement of work) need approval of Division. Division must notify HQ HEPH of proposed changes to scope of work.

Grant Agreement between FHWA and Grantee may include the (see sample):

- Grant amount "FHWA dollars," Project Title and Budget as stated in the approved grant application.

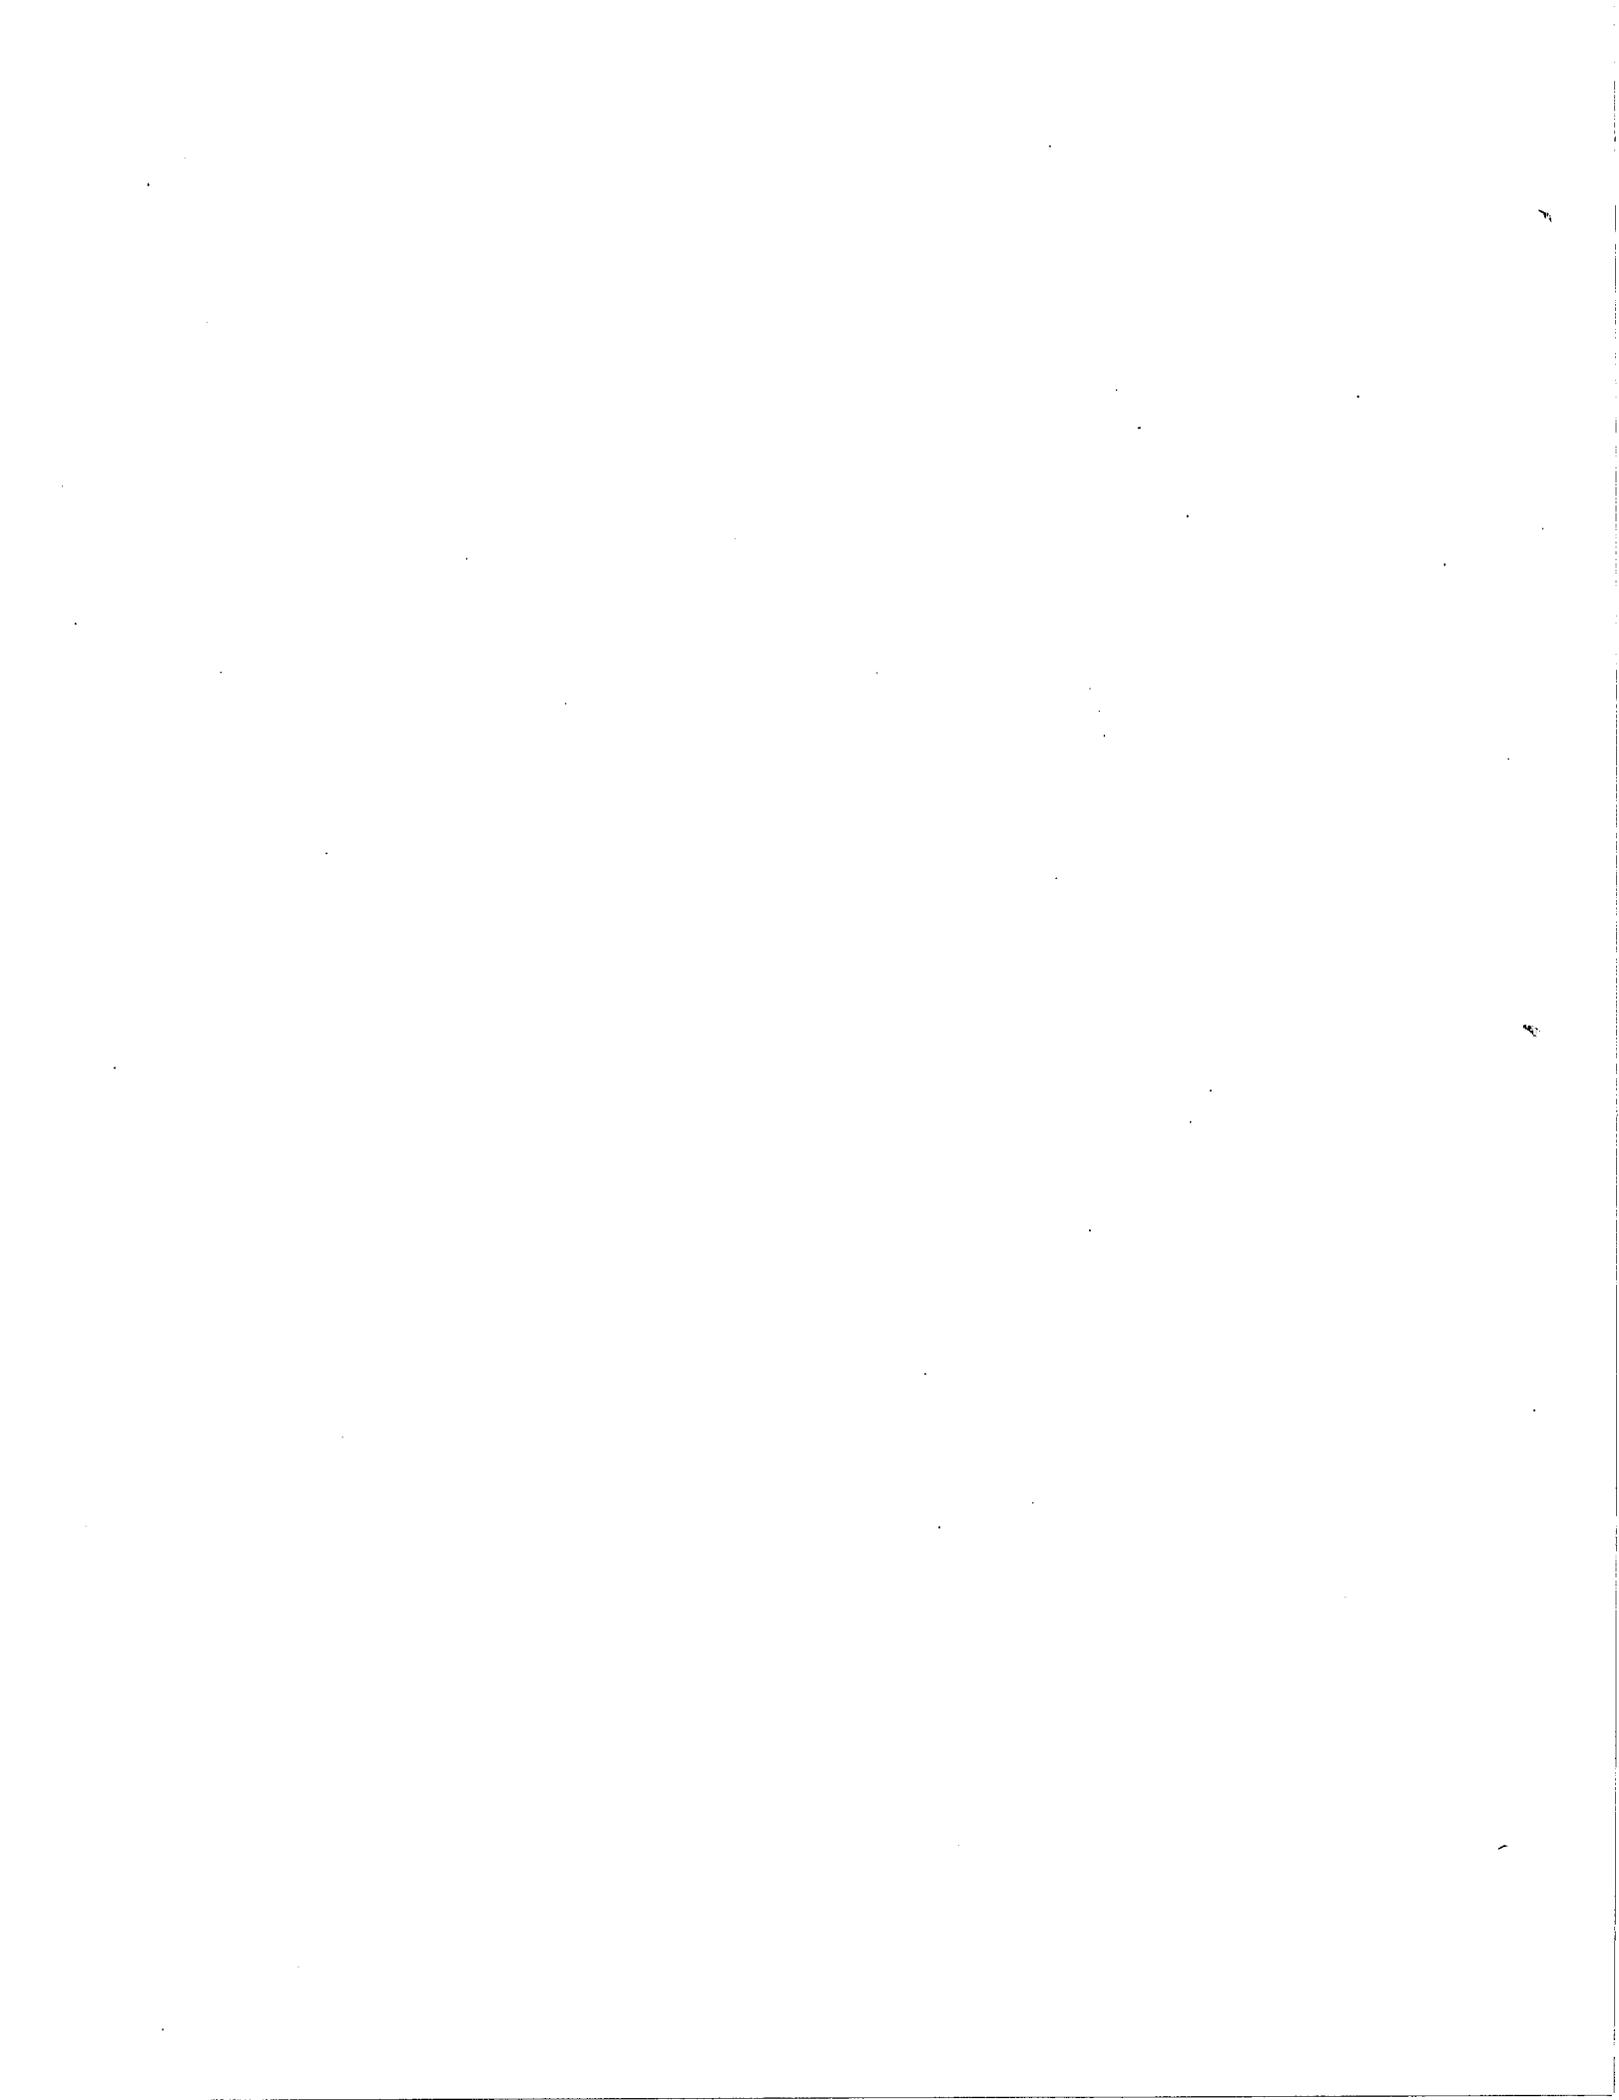

Attachment 3**State-Administered Grant (cont)**

- Cost Reimbursement Payment Basis (billing no less frequently than monthly)
 - Quarterly Reports and Annual Evaluations.
 - Cancellation by either party with notice and for cause (i.e., lack of progress).
 - Other Grant Provisions.
 - Division has signoff authority.
4. PR2 transfers contract authority from Division to State, goes with Grant Agreement-FMIS data must be provided.
 5. FHWA Division provides FMIS tracking information to HQ.
 6. Grantee submits vouchers to State.
 7. The State uses the PR20 process to request reimbursement from FHWA.

FHWA-Administered Grant (cont)

- Cost Reimbursement Payment Basis (billing no less frequently than monthly)
 - Quarterly Reports and Annual Evaluations
 - Cancellation by either party with notice and for cause (i.e., lack of progress)
 - Other Grant Provisions
 - Division has signoff authority.
4. Grantee forwards T16 (grantees financial institution, account number for direct deposit) to FHWA Division. Division provides T16 grantee information to HQ for direct deposit reimbursement and DAFIS tracking.
 5. Grantee provides PR20 to Division DAFIS Office. Division approves vouchers.
 6. Division inputs vouchers into DAFIS and forwards to Finance for payment.

*[Note: A total of \$276,092,600 million was made available for the FY 2001 TCSP Program. Twenty five million dollars of the TCSP program (TEA-21) funds were subject to congressionally mandated obligation limitation of 90.4 percent. The other \$251,092,600 million in RABA funding, were subject to an obligation limitation of 100 percent. The appropriation code for the FY2002 TCSP program funds is Q68.

EXH. 2

INSTRUCTIONS TO BIDDERS -- FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications)". The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor:

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITTAL

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Committal Sheet. A sample DBE Committal Sheet is included in this proposal. Separate Committal Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

11/25/09

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.

(1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.

(2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.

- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING. The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING. One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontract quotations, telephone log notations of verbal quotations, or other types of quotation documents.

11/25/09

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:

- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
- (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
- (3) Disqualification of the bidder from the contract in question.

C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:

- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
- (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
- (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
- (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
- (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
- (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
- (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
- (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
- (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
- (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
- (11) The DBE commitments submitted by all other bidders.

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

~~Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared **non-responsive**, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.~~

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

GENERAL BID REQUIREMENTS

- ◎ It is the General Contractor's Responsibility to Obtain All Required Licenses.

- ◎ In Addition to General Contractors, All Sub-Contractors are Required to Obtain a City of Orangeburg Business License.

- ◎ Bidders are Not Responsible for Obtaining Building Permits or Third Party Inspection Services.

SE-335 Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT

(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and

(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of _____, with its principal office in the City of _____, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

South Carolina State University

(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of _____, being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC JECTRCC - Transit Research Center

(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Principal), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

OFFER

1. In response to the Form SE-310, *Invitation for Construction Bids*, and in compliance with the *Instructions to Bidders* for the above-named Project, the undersigned **BIDDER** proposes and agrees, if this Bid is accepted, to enter into a Contract with the **AGENCY** in the form included in the Bidding Documents, and to perform all Work as specified or indicated in the Bidding Documents, for the prices and within the time frames indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

2. Pursuant to Section 11-32-3030(1) of the SC Code of Laws, as amended, **BIDDER** has submitted Bid Security as follows in the amount and form required by the Bidding Documents:

- Bid Bond with Power of Attorney Electronic Bid Bond Cashier's Check
(BIDDER check one)

3. **BIDDER**, by submitting this Bid, affirms that it has carefully examined the Bidding Documents and the other related data identified in the Bidding Documents, has visited the actual location of the Work, has satisfied itself as to all conditions and understands that, in signing this Bid Form, it waives all rights to plead any misunderstanding regarding same and agrees to be bound by the provisions of said Bidding Documents and all statements made therein.

4. **BIDDER** acknowledges the receipt of the following Addenda to the Bidding Documents and has incorporated the effects of said Addenda into its Bid:

ADDENDUM No: _____

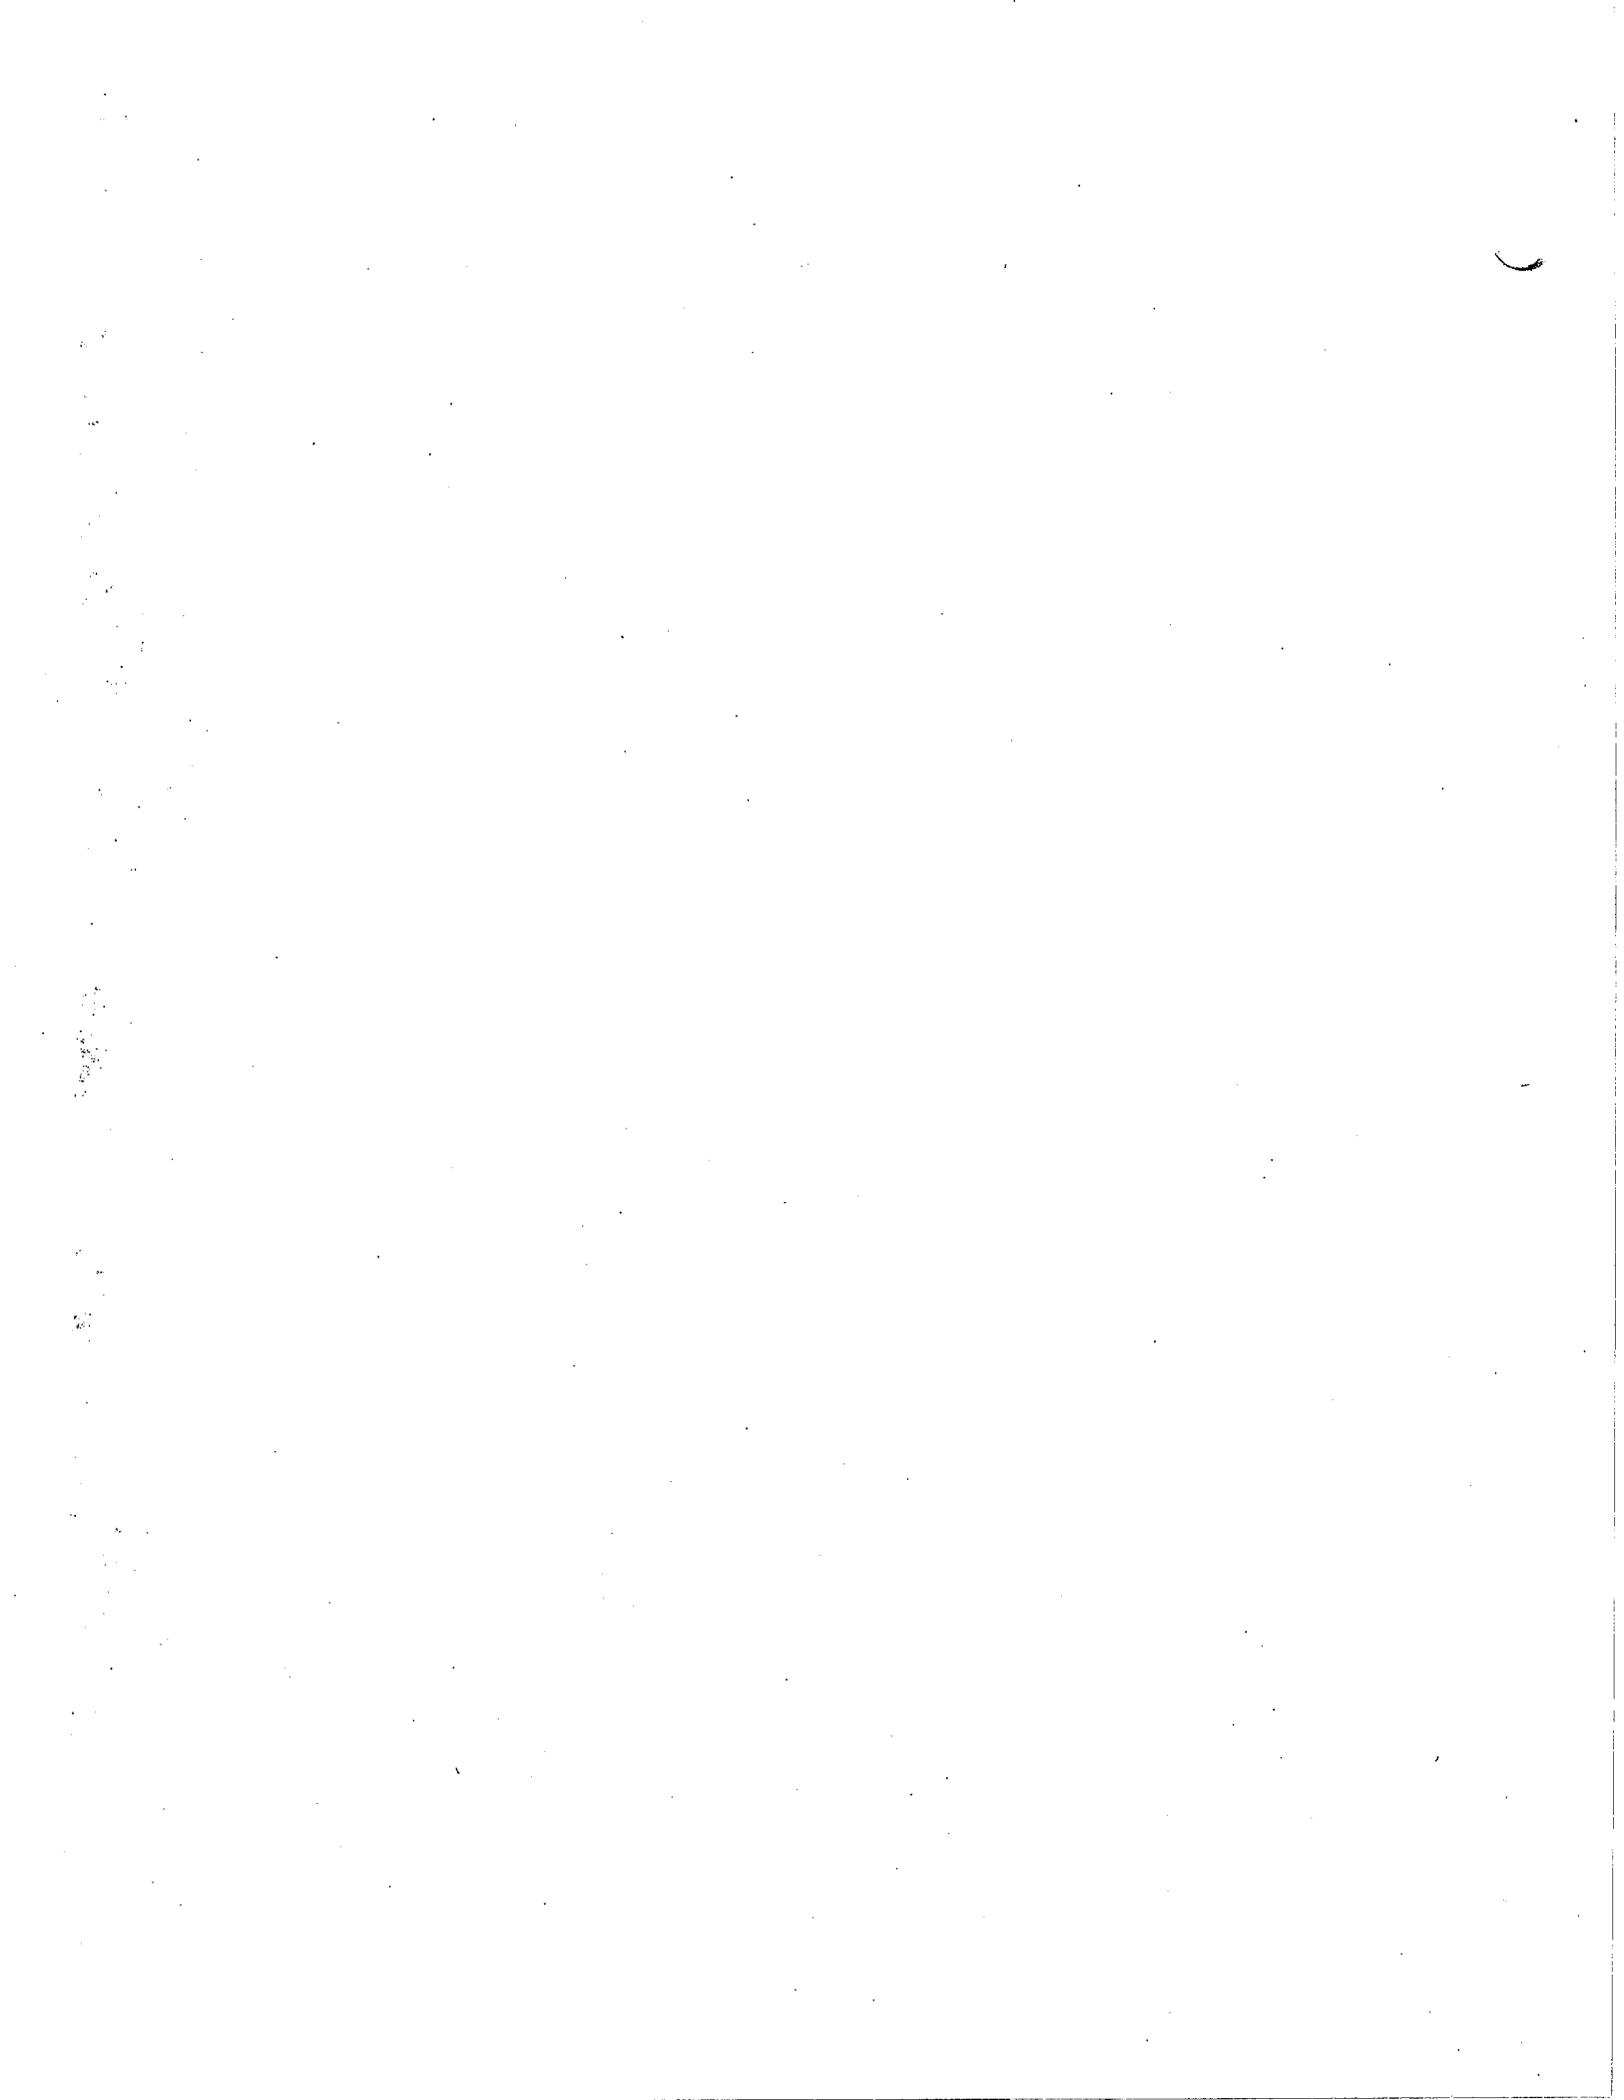

5. **BIDDER** accepts all terms and conditions of the *Invitation for Construction Bids*, including, without limitation, those dealing with the disposition of Bid Security. **BIDDER** agrees that this Bid, including all Alternate Base Bids, may not be revoked or withdrawn after the opening of bids, and shall remain open for acceptance for a period of 60 Days following the Bid Date, or for such longer period of time that **BIDDER** may agree to in writing upon request of the **AGENCY**.

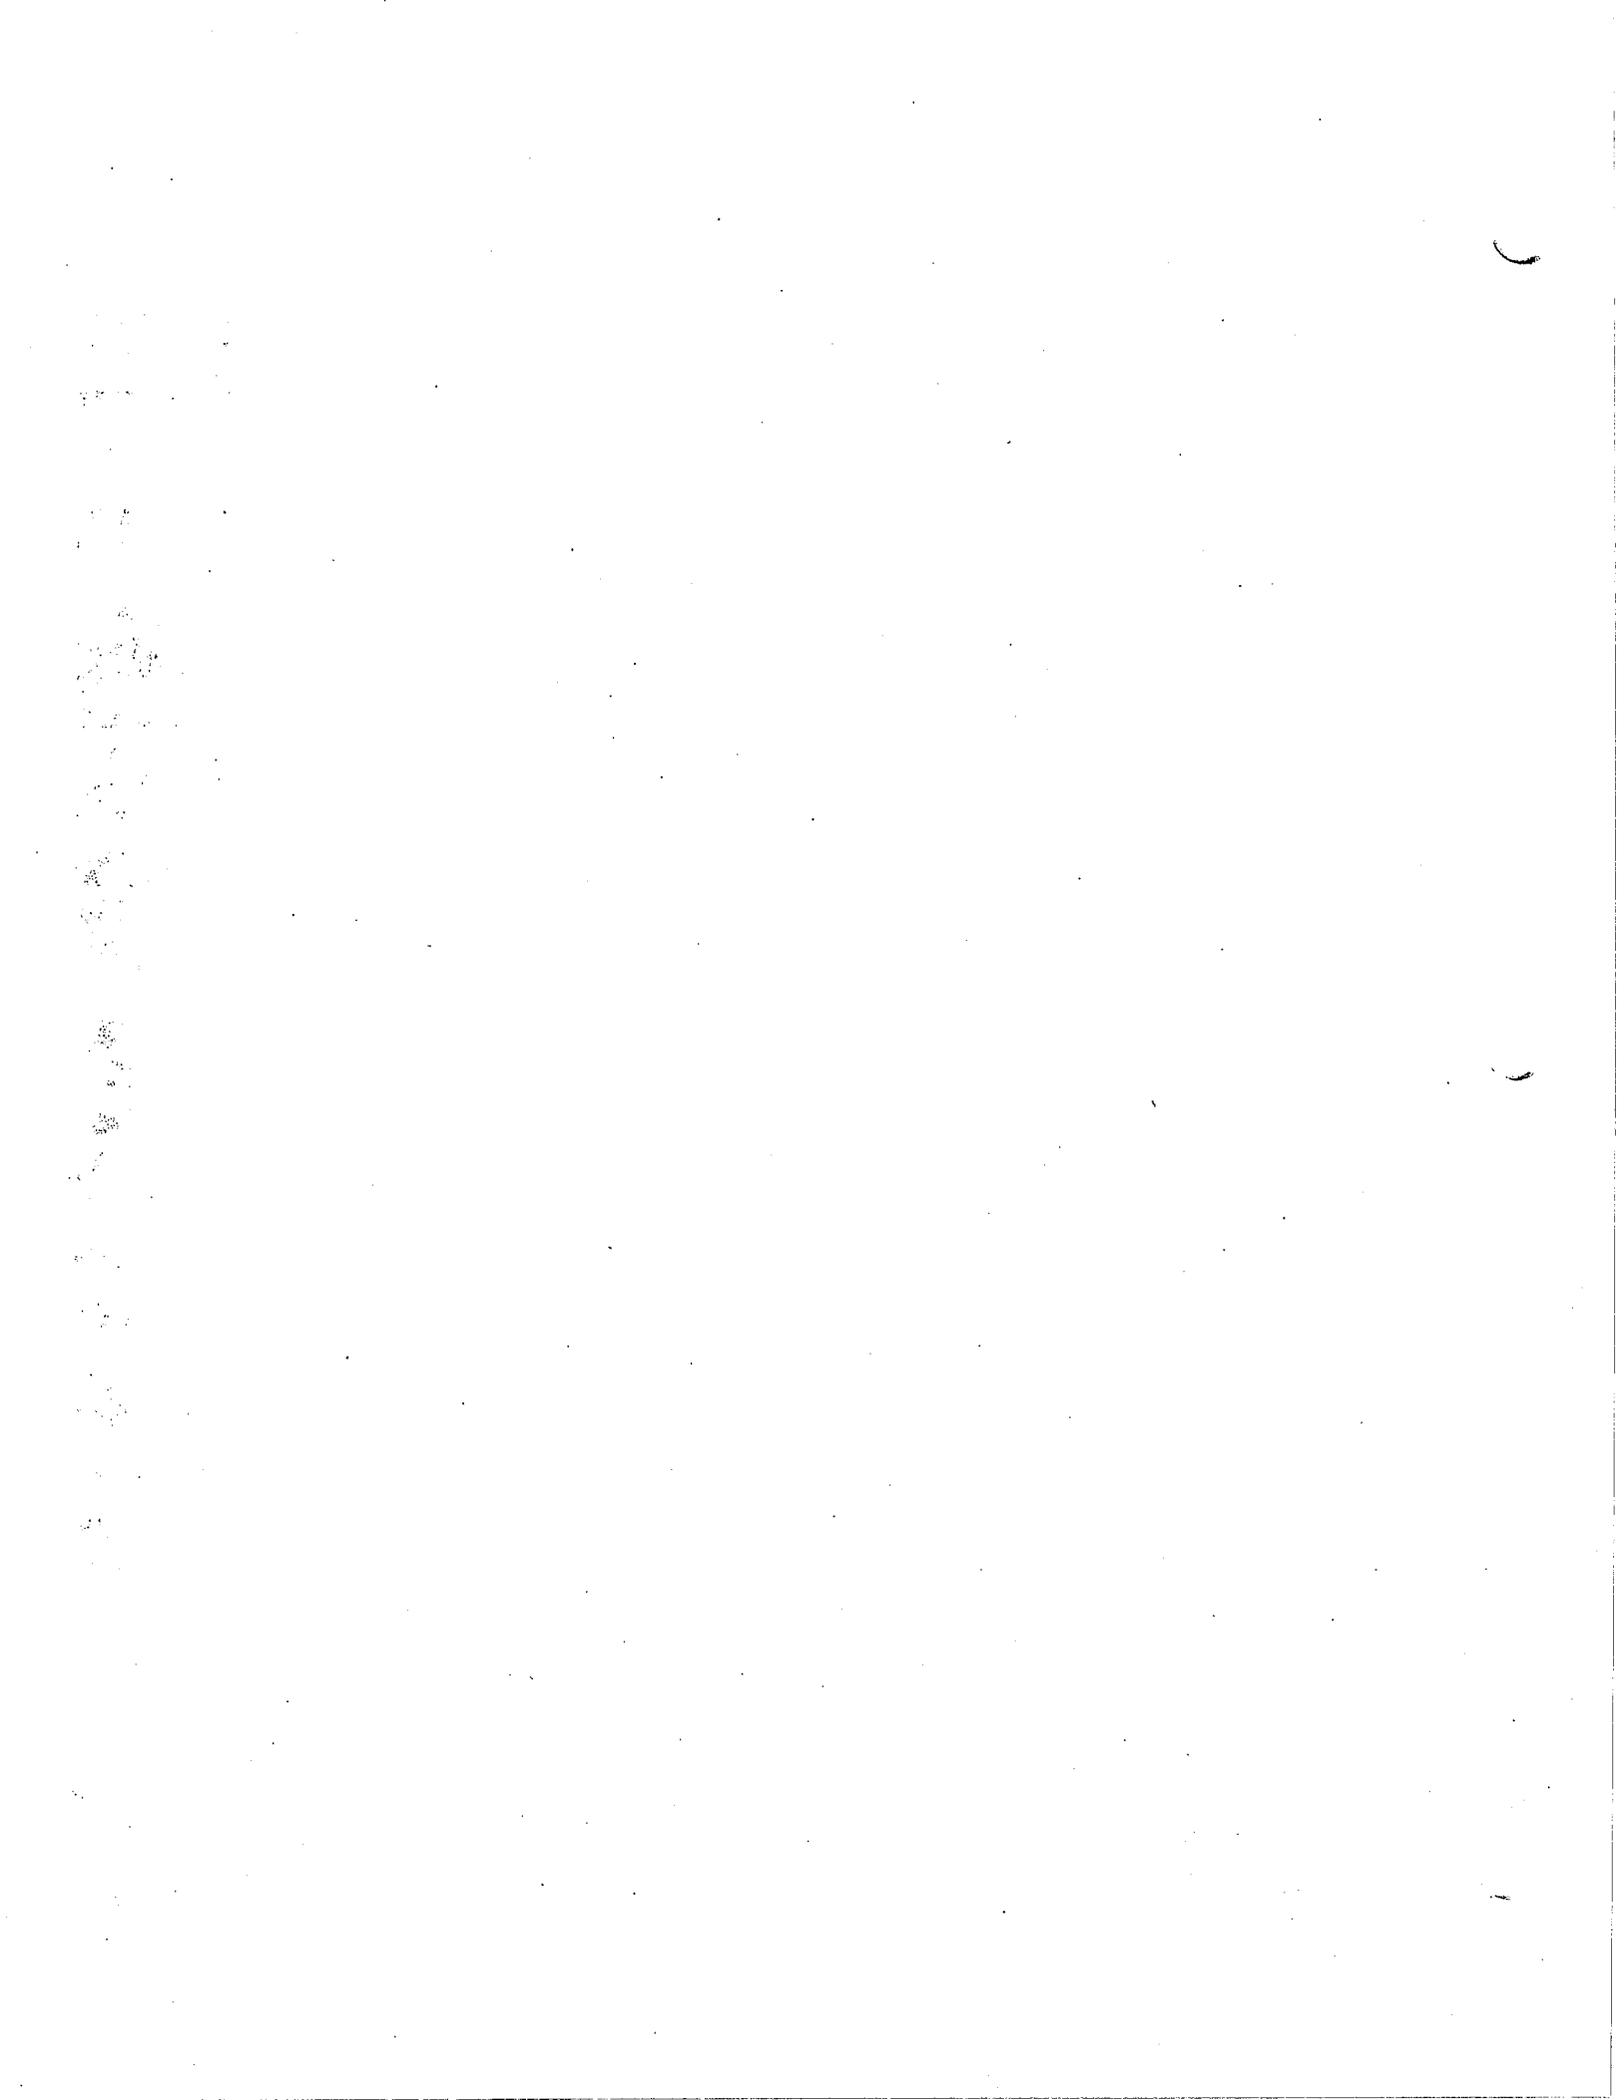

6. **BIDDER** herewith submits its offer to provide all labor, materials, equipment, tools of trades and labor, accessories, appliances, warranties and guarantees, and to pay all royalties, fees, permits, licenses and applicable taxes necessary to complete the following items of construction work:

6.1 BASE BID WORK (BASE BID NO. 1) (as indicated in the Bidding Documents and generally described as follows):

This phase of the project consists of the construction of a new Transit Research Center building of approximately 8,500 square feet, a Chiller Plant, and Site Completion work and landscaping. The new structure consists of administration, research, and educational space; outside mechanical yard with chiller system; natural gas piping, site lighting, and fueling station with underground gasoline/diesel storage tank.

_____, which sum is hereafter called the **BASE BID No. 1**
(enter BASE BID in figures only)

SE-330 Bid Form

2008 Edition

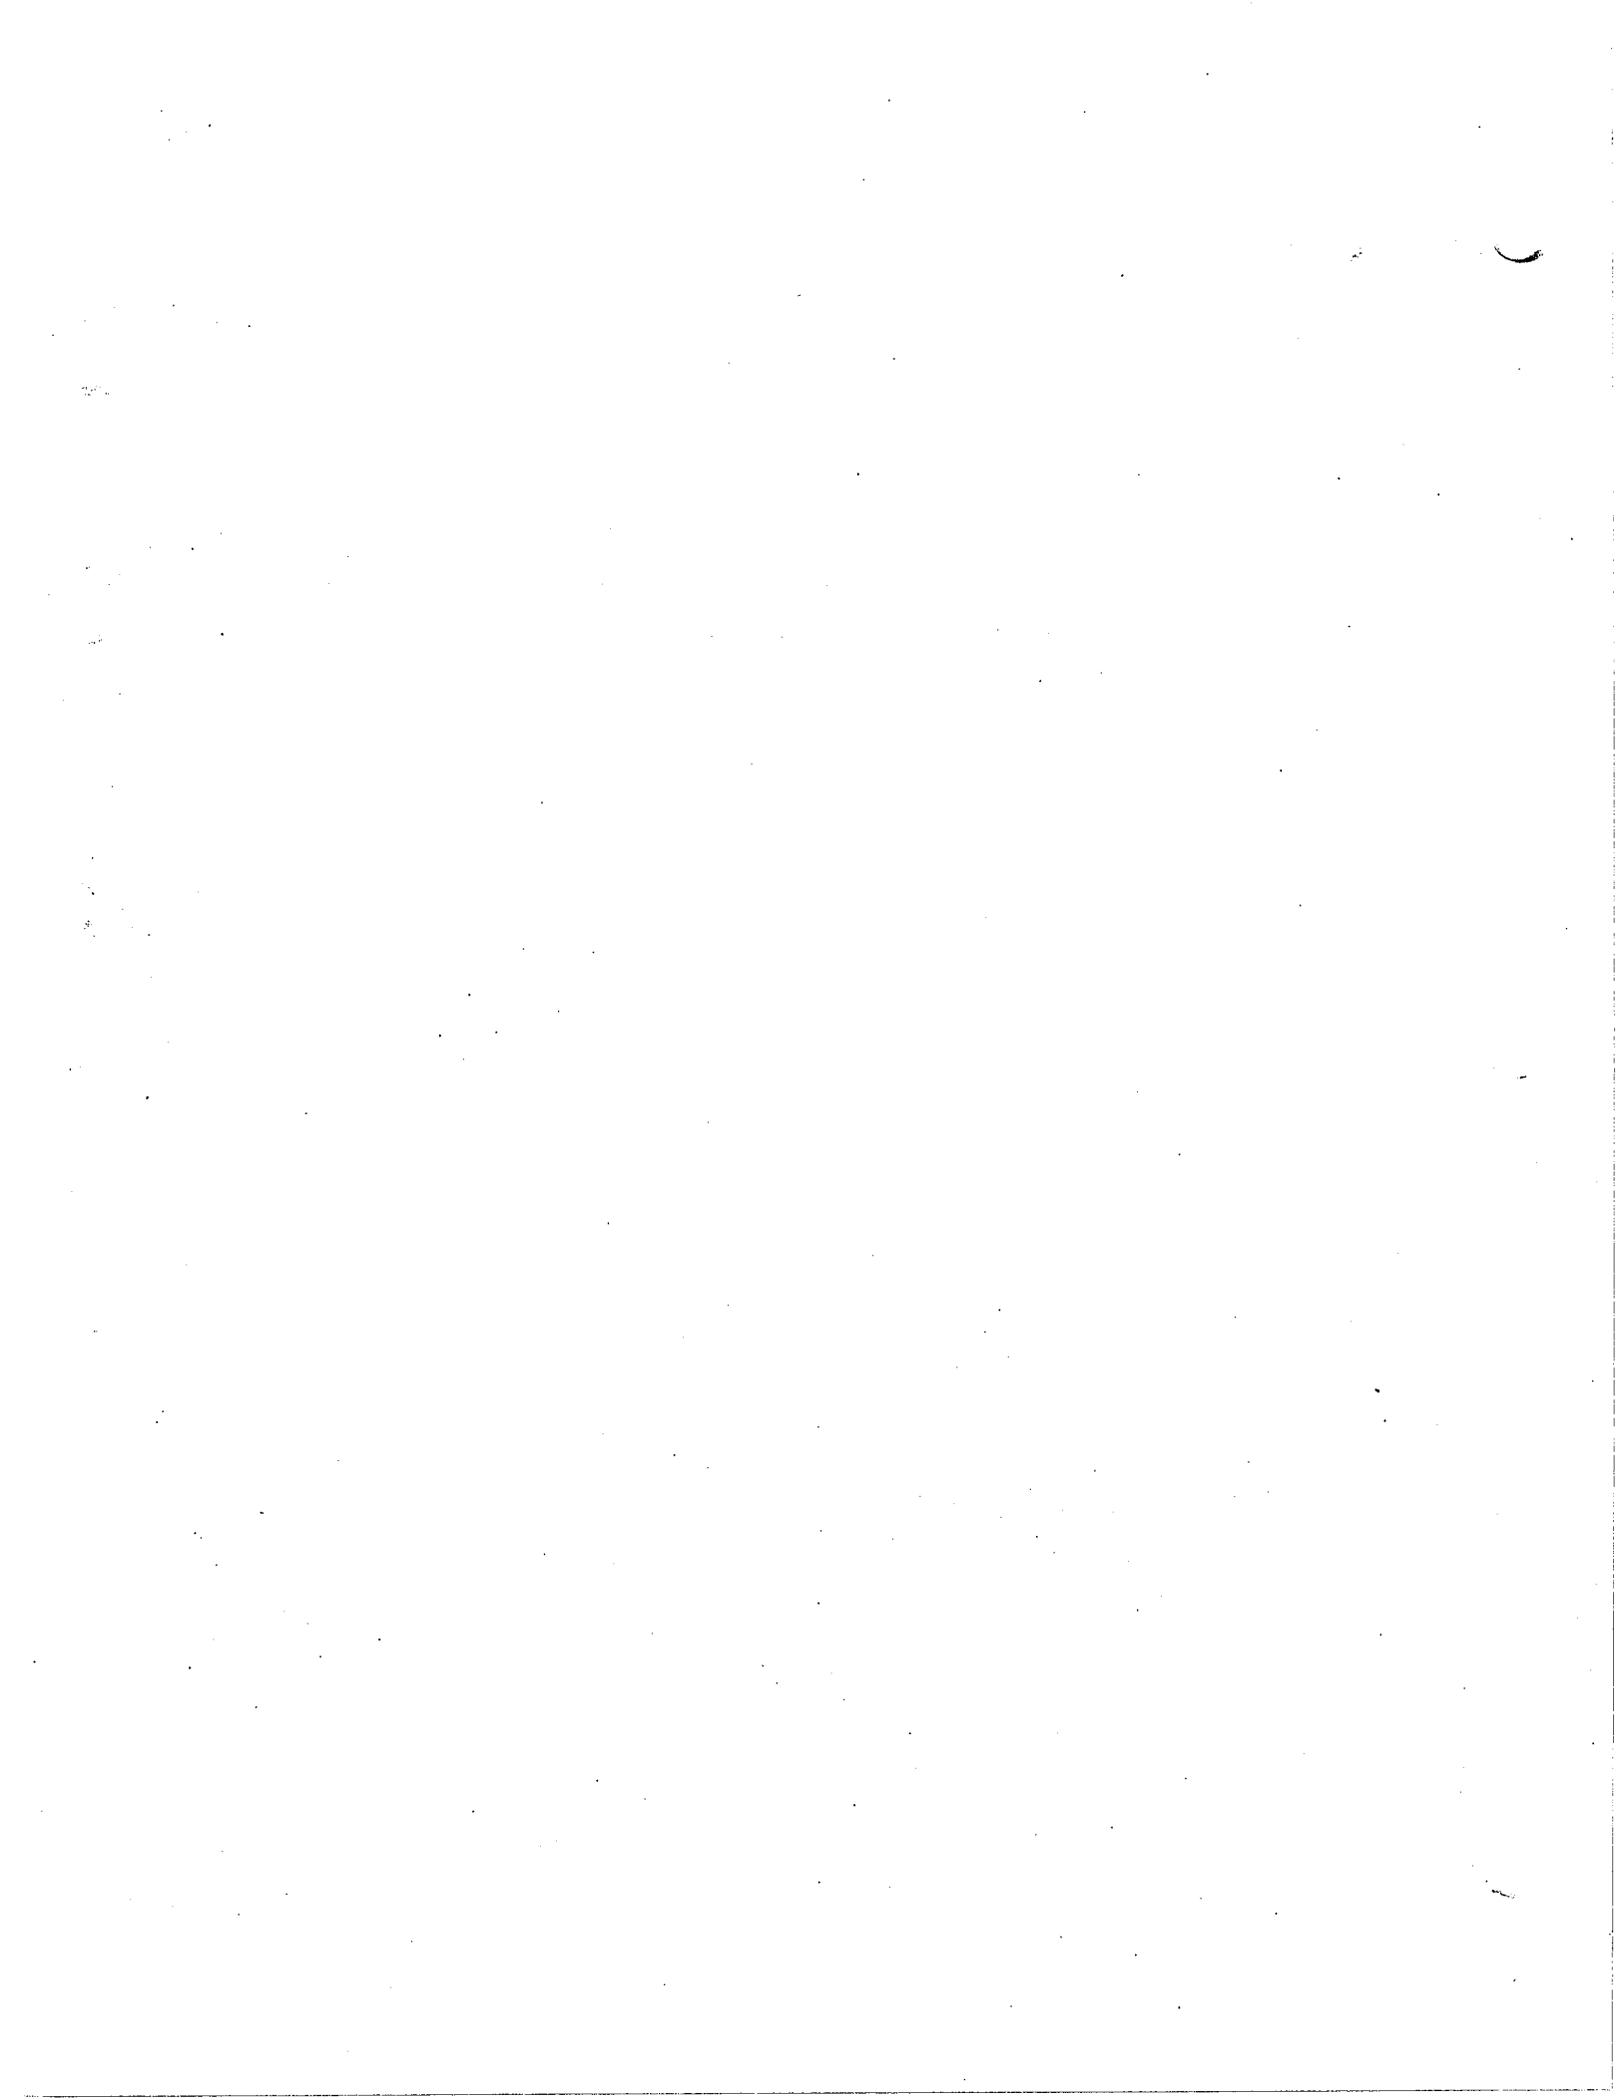

LISTING OF PROPOSED SUBCONTRACTORS

1. A Subcontractor is an entity who will perform work or render service to the prime contractor to or about the construction site. Material suppliers, manufacturers and fabricators are not Subcontractors and are not to be listed.
2. Bidder must list in its bid the name of only those Subcontractors that will perform the work so identified in the Invitation.
3. If Bidder determines to use its own employees to perform any portion of the work listed below, and if Bidder is qualified to perform such work under the terms of the Bidding Documents, Bidder must list itself in the appropriate place in its bid and not subcontract any of that work except with the approval of the Agency for good cause shown.
4. Bidder's failure to list a Subcontractor for each listed Specialty Subcontractor will render the BID non-responsive.
5. A Subcontractor listed for an Alternate Base Bid must be used for all work if the Alternate Base Bid is accepted.
6. Bidder hereby states its commitment to use the below-listed Subcontractors in the performance of the Subcontractor Specialty work listed:

SUBCONTRACTOR SPECIALTY <i>(COMPLETED BY A/E)</i>	SUBCONTRACTOR OR PRIME CONTRACTOR'S NAME <i>(MUST BE COMPLETED BY BIDDER)</i>	SUBCONTRACTOR'S SC LICENSE NUMBER <i>(For Information)</i>

SE-330 Bid Form

2008 Edition

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The **BIDDER** shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, *Certificate of Substantial Completion*~~, shall be (350) CALENDAR DAYS from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, *Certificate of Final Completion*~~, shall be (30 days) CALENDAR DAYS from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

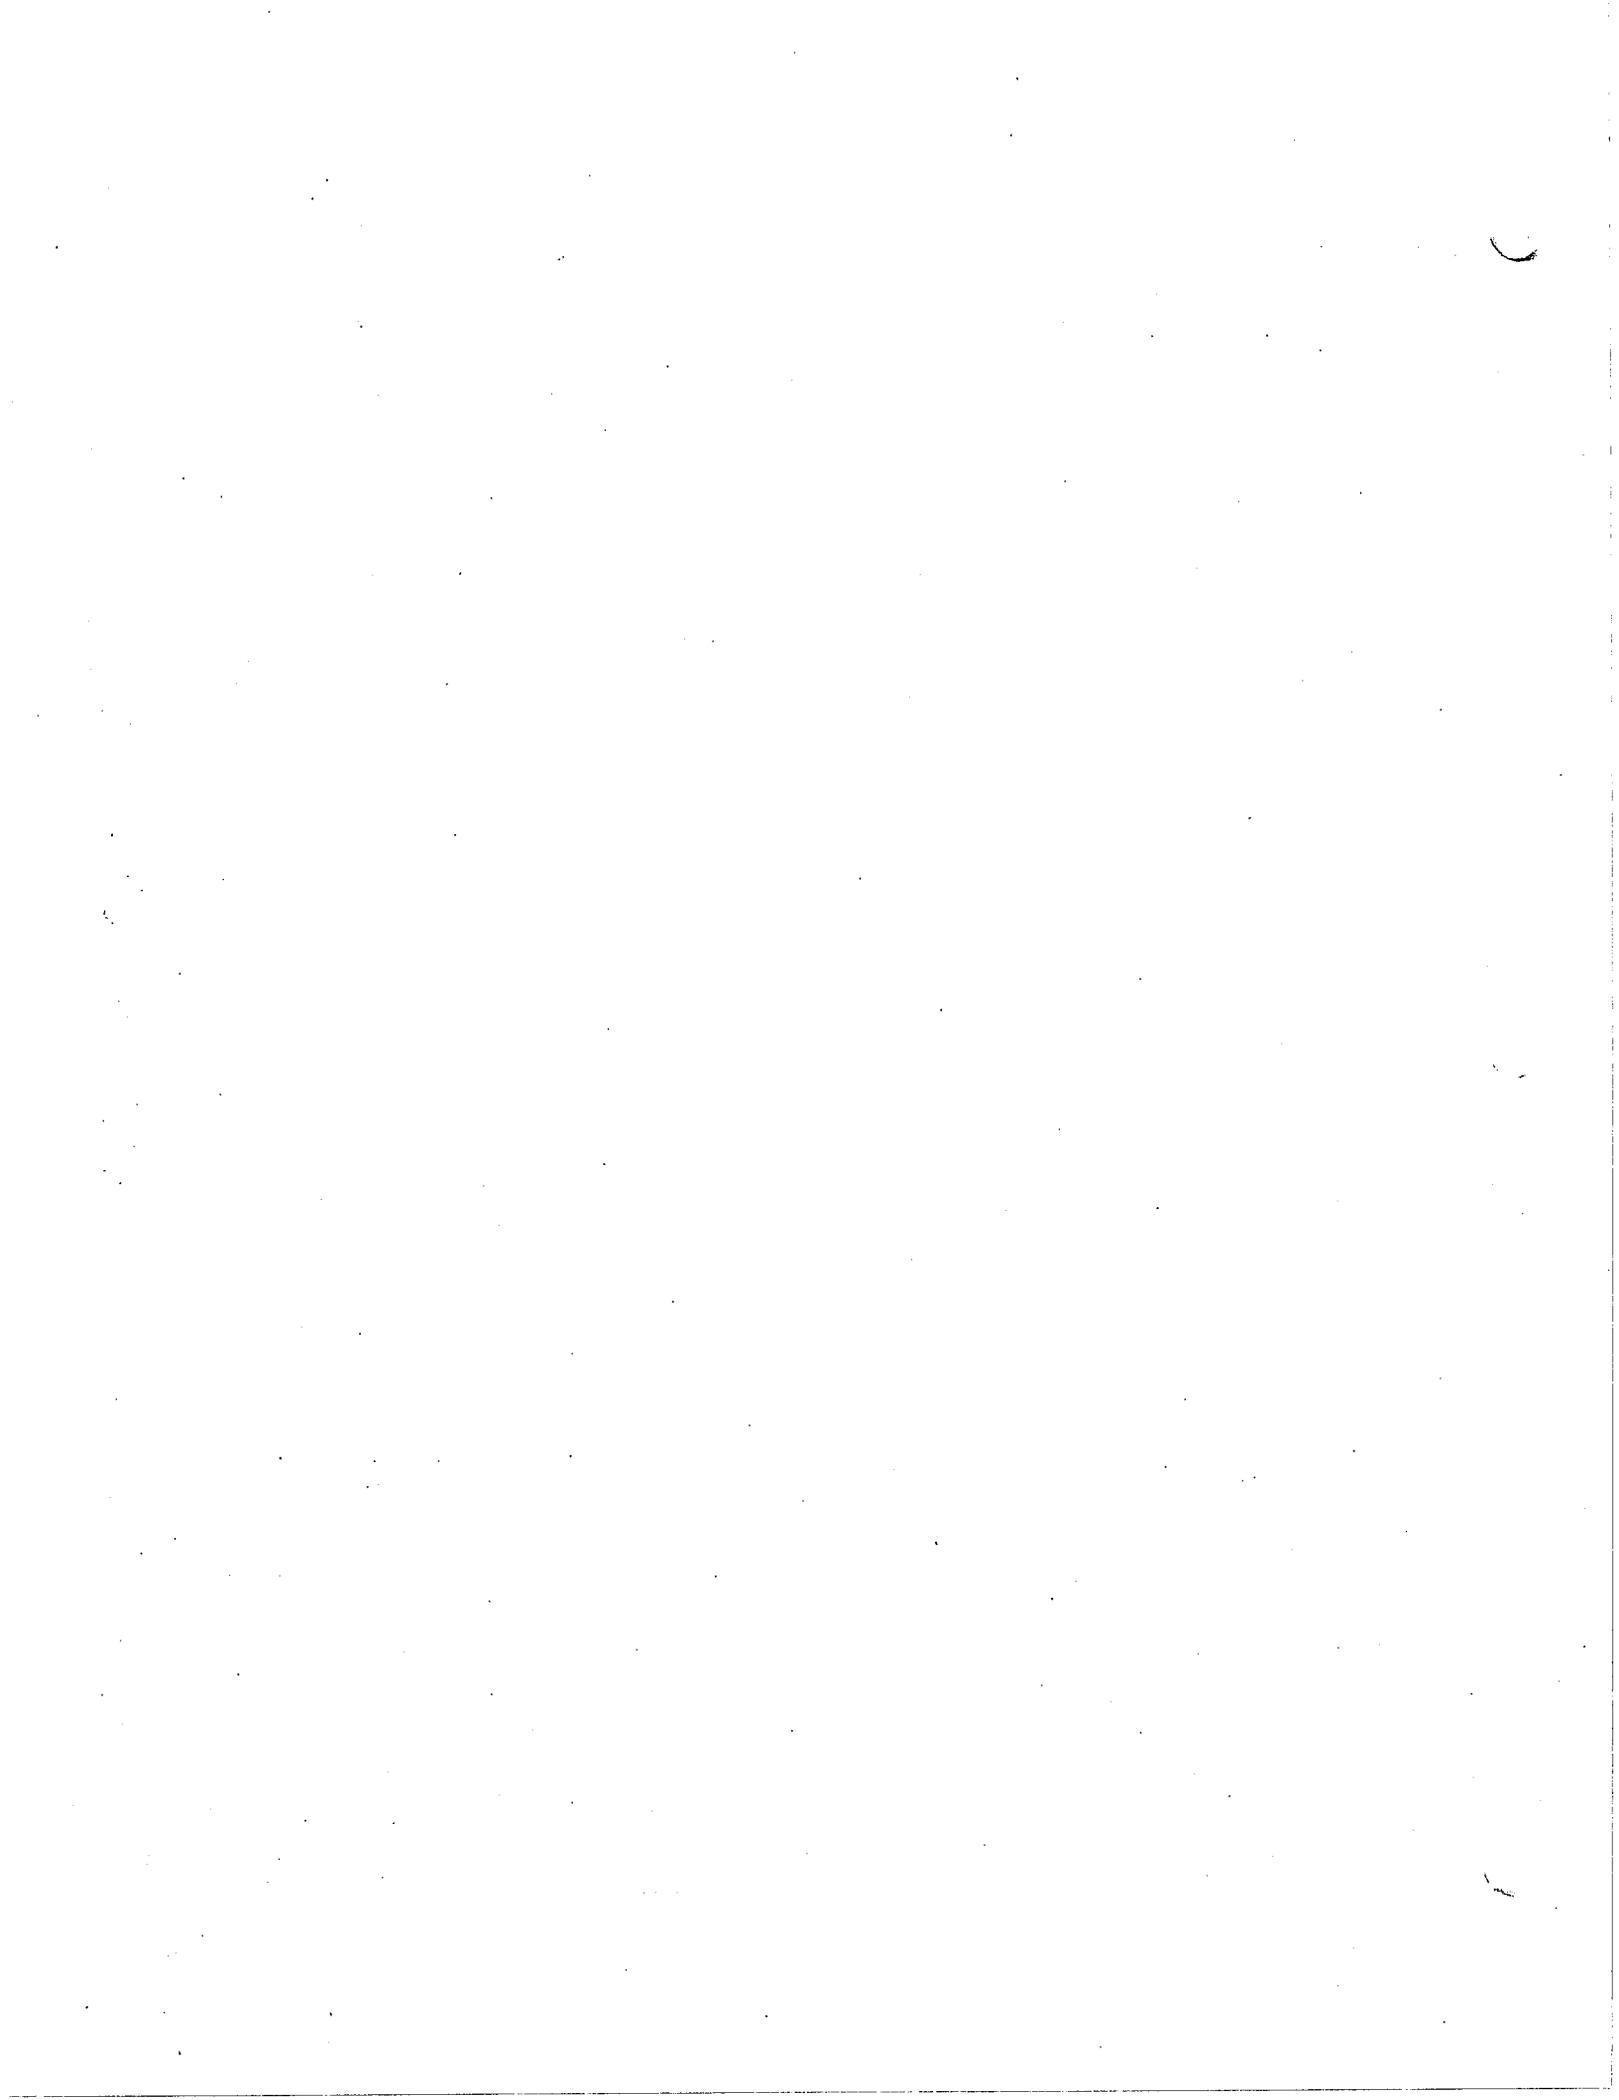

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

1. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step One Liquidated Damages** the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
2. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step Two Liquidated Damages** the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
3. The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an **Early Completion Award** in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, **BIDDER** hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the **BIDDER** to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The **BIDDER** shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No **BIDDER** whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the **BIDDER** to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, **BIDDER** will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. **BIDDER** agrees to provide all information requested by the **AGENCY** to support the **AGENCY'S** evaluation and determination of the **BIDDER'S** responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the **AGENCY** within SEVEN (7) DAYS from date of receipt by the **BIDDER** by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by **BIDDER** to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The **BIDDER** certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

ELECTRONIC BID BOND

By signing below, the Principal is affirming that the identified electronic bid bond has been executed and that the Principal and Surety are firmly bound unto the State of South Carolina under the terms and conditions of the Form SE-335 included in the Bidding Documents.

SE-330 Bid Form

2008 Editi

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The **BIDDER** shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, *Certificate of Substantial Completion*~~, shall be (350) CALENDAR DAYS from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, *Certificate of Final Completion*~~, shall be (30 days) CALENDAR DAYS from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

1. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step One Liquidated Damages** the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
2. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step Two Liquidated Damages** the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
3. The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an **Early Completion Award** in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, **BIDDER** hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the **BIDDER** to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The **BIDDER** shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No **BIDDER** whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the **BIDDER** to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, **BIDDER** will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. **BIDDER** agrees to provide all information requested by the **AGENCY** to support the **AGENCY'S** evaluation and determination of the **BIDDER'S** responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the **AGENCY** within SEVEN (7) DAYS from date of receipt by the **BIDDER** by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by **BIDDER** to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The **BIDDER** certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

SE-335
Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT Ideal Construction Company SC, LLC

P.O. Box 705, White Rock, SC 29177

(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and International Fidelity Insurance Company

One Newark Center, 20th Floor, Newark, NJ 07102-5207

(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of NJ, with its principal office in the City of Newark, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

S.C. State University

(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of Five Percent of Amount Bid 5%, being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC James E. Clyburn Transportation Research and Conference Center-Transit Research Center

(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

POWER OF ATTORNEY INTERNATIONAL FIDELITY INSURANCE COMPANY

HOME OFFICE: ONE NEWARK CENTER, 20TH FLOOR
NEWARK, NEW JERSEY 07102-5207

FOR BID BOND/RIDER/CONSENTS/AFFIDAVITS

KNOW ALL MEN BY THESE PRESENTS: That INTERNATIONAL FIDELITY INSURANCE COMPANY, a corporation organized and existing laws of the State of New Jersey, and having its principal office in the City of Newark, New Jersey, does hereby constitute and appoint

JANICE M. LARGE, ALFRED T. JOHNSON, DELLA B. CASE, ROBERT J. LAVISKY,
FRANK W. HAFNER, JR., MARIAN C. NEWMAN, WESLEY V. DASHER, JR., DUAINETTE H. CULLUM,
ADRIAN C. BURCHETT

Columbia, SC.

its true and lawful attorney(s)-in-fact to execute, seal and deliver for and on its behalf as surety, any and all bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof, which are or may be allowed, required or permitted by law, statute, rule, regulation, contract or otherwise, and the execution of such instrument(s) in pursuance of these presents, shall be as binding upon the said INTERNATIONAL FIDELITY INSURANCE COMPANY, as fully and amply, to all intents and purposes, as if the same had been duly executed and acknowledged by its regularly elected officers at its principal office.

This Power of Attorney is executed, and may be revoked, pursuant to and by authority of Article 3-Section 3, of the By-Laws adopted by the Board of Directors of INTERNATIONAL FIDELITY INSURANCE COMPANY at a meeting called and held on the 7th day of February, 1974.

The President or any Vice President, Executive Vice President, Secretary or Assistant Secretary, shall have power and authority

- (1) To appoint Attorneys-in-fact, and to authorize them to execute on behalf of the Company, and attach the Seal of the Company thereto, bonds and undertakings, contracts of indemnity and other writings obligatory in the nature thereof and,
- (2) To remove, at any time, any such attorney-in-fact and revoke the authority given.

Further, this Power of Attorney is signed and sealed by facsimile pursuant to resolution of the Board of Directors of said Company adopted at a meeting duly called and held on the 29th day of April, 1982 of which the following is a true excerpt:

Now therefore the signatures of such officers and the seal of the Company may be affixed to any such power of attorney or any certificate relating thereto by facsimile, and any such power of attorney or certificate bearing such facsimile signatures or facsimile seal shall be valid and binding upon the Company and any such power so executed and certified by facsimile signatures and facsimile seal shall be valid and binding upon the Company in the future with respect to any bond or undertaking to which it is attached.

IN TESTIMONY WHEREOF, INTERNATIONAL FIDELITY INSURANCE COMPANY has caused this instrument to be signed and its corporate seal to be affixed by its authorized officer, this 16th day of October, A.D. 2007.

INTERNATIONAL FIDELITY INSURANCE COMPANY

STATE OF NEW JERSEY
County of Essex

Secretary

On this 16th day of October 2007, before me came the individual who executed the preceding instrument, to me personally known, and, being by me duly sworn, said the he is the therein described and authorized officer of the INTERNATIONAL FIDELITY INSURANCE COMPANY; that the seal affixed to said instrument is the Corporate Seal of said Company; that the said Corporate Seal and his signature were duly affixed by order of the Board of Directors of said Company.

IN TESTIMONY WHEREOF, I have hereunto set my hand affixed my Official Seal, at the City of Newark, New Jersey the day and year first above written.

A NOTARY PUBLIC OF NEW JERSEY
My Commission Expires Nov. 21, 2010

CERTIFICATION

I, the undersigned officer of INTERNATIONAL FIDELITY INSURANCE COMPANY do hereby certify that I have compared the foregoing copy of the Power of Attorney and affidavit, and the copy of the Section of the By-Laws of said Company as set forth in said Power of Attorney, with the ORIGINALS ON IN THE HOME OFFICE OF SAID COMPANY, and that the same are correct transcripts thereof, and of the whole of the said originals, and that the said Power of Attorney has not been revoked and is now in full force and effect

IN TESTIMONY WHEREOF, I have hereunto set my hand this 28th day of January 2010

Re: James Clyburn Transportation Transit Center DBE Participation

Mr. Roberts,

This letter is to confirm that Ideal Construction Company SC did in fact make good faith efforts to achieve 20% DBE participation on the above referenced project. We not only solicited pricing from the DOT's list of DBE contractors but also from other Minority DBE sources in days/weeks leading up to the bid. We executed this solicitation through various means: phone calls, faxes, email, advertising in four different publications, etc. We also called various DBE contractors about the bid and negotiated pricing, contract amounts, and bonding issues to satisfy the solicitation. We made decisions on bid day to utilize various DBE contractors in order to meet our 20% goal. I have included faxes from several DOT certified DBE subcontractors that were reviewed on bid day.

We plan on contracting with 2 or 3 different certified DOT DBE's, and as many as 10 Certified Minority contractors with the City/State of SC upon award of the contract.

Certified DBE's with DOT that will be represented on project:

- Taylor Brothers Construction Company
- LA Barrier Hauling/Trucking
- K&D Masonry (TBD) or H&H Masonry (Not DOT Certified) *Contract To Be Determined
- CDI

Other Minority/Certified DBE's being utilized on the project that are not DOT Certified: (These guys are Certified DBE's or WMBE's with the State or City)

- Middleton Painting (Paul Middleton) (MBE)
- C&L Construction jointly with Taylor Bros. (Kevin Corley) (MBE) *Recently Applied for Cert*
- Burriss Electrical (Christy Burriss) (WBE)
- Midlands Steel Erectors (TV Dunlap) (MBE) *Recently Applied for Cert*

P.O. Box 705 White Rock, SC 29177 P: 803.732.4721 F: 803.732.7230

Building Since 1958

- H&H Masonry (Heyward Harrison) (MBE) told us he was a certified minority contractor. We can utilize him or K&D Masonry for the work.
- Kapasi Glass (Mustan Kapasi) (MBE)
- Gleaton Floor Covering (WBE)
- Others

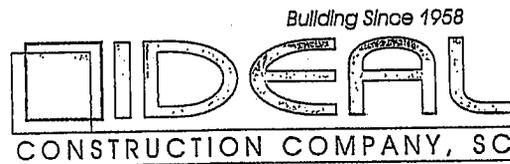

**Recently Applied*

I am willing to share all the quotes that I received on bid day as well as my takeoff sheet to verify any of the above information. Ideal Construction Co., SC executed the DBE solicitation requirements fully and without discrimination or Prejudice. As you can tell from our list above, there will be many minority owned businesses utilized on this project. (We felt that the DOT certified list contained too few DBE contractors whose scope of work did not adequately apply to this type of project, and therefore, utilized other State Contracting DBE lists.) If you have any questions, feel free to contact me at 732-4721. Thanks.

Sincerely,

RLH
 Robert Lee Hammersla III

RE: James E. Clyburn Transportation Research
And Conference Center

Dear Mr. Roberts:

We are in receipt of the email and the fax notification regarding the above referenced project. The item in question referenced in these documents is, did Ideal Construction LLC show good faith effort in contacting minorities – Absolutely!

Attached is the DOT DBE directory with 51 contractors hi-lighted that we felt qualified either by locality or scope of work. Of those hi-lighted, there are a few that we contacted prior to bid, several that we received quotes from (see attached), and several others we intend to use.

Also attached is my contact log which includes many minority contractors that are listed on the South Carolina Minority Bidders list. This list was obtained through the Governor's Office of Small & Minority Business Assistance and contains some of same contractors listed on the DOT list. The fax activity report is also attached for verification of transmission. We have participated in several bids this past year that involved solicitation of minorities and used this listing and resources such as advertising in the State newspaper, faxing & emailing project information and enlisting the aid of various State and local agencies.

Immediately after this bid we were in contact with many minority contractors that had bid the project and began the process of securing their DBE certification documents to finalize their participation pending being awarded low bidder.

Mr. Jonathan Roberts
Page 2

Upon reviewing the attached supporting documents, as well as the information provided in Mr. Hammersla's letter, Ideal Construction Company SC hopes you find in our favor to be the low qualified bidder.

Sincerely,

Sharon Shealy

Subject: RE: Emailing: Letter - Ideal - Reconsideration Determination 02 22 10

Jonathan,

Mr. Hammersla has made reference to a portion of 49 CFR 26.53; however, the entire section must be read to understand the process required. While I will not explain the regulation in detail within this email, I will provide a few comments –

- Under 49 CFR 26.53 (b), specific information must be obtained regarding DBE utilization as stated in paragraph (b)(2). Paragraph (b)(3) provides contracting agencies with direction on **when** this information must be provided by the bidders. The paragraph starts "At your discretion..." Furthermore, paragraph (3)(i) mentions a *matter of responsiveness* and (3)(ii) mentions a *matter of responsibility*.
- The contracting agency has prepared contract specifications providing **CLEAR** direction on how its contract will be administered and how it will comply with the Federal DBE requirements. In regards to the information that is required under 49 CFR 26.53 (b)(2), the contracting agency's specification is specific on what must be included in a bidder's sealed bid proposal and what can be submitted (provided timeframes are met) immediately after the bid opening.
- One final note: (see paragraph 3A on page 2 of 5 in the contract specifications) Meeting the contract goal is determined through the DBE commitments submitted with the bid, not providing a list of DBE subcontractors *after* the bid opening.

It appears clear to me that Ideal's bid and supplemental information did not meet the requirements of the contract specification. Furthermore, it appears to me that the contracting agency has followed through in a correct and proper manner in carrying out the project's DBE requirements.

Bidders have a responsibility to read and understand the contract provisions as well as to request clarification/assistance during the Q&A phase. However, to try to avoid this issue on the next phase, we could consider providing some more guidance through a "workshop" or detailed presentation. This could be carried out during a mandatory pre bid meeting for the next contract. I will not try to speak for Mr. Linn, but I would assume that he would be happy to assist. This is just a suggestion and we all should discuss this further in the near future.

Please call if you wish to discuss further.

Jonathan,

Before you guys post the letter of intent, I would read the letter again from SCDOT. Your letter is quick to note that we did not provide a good faith effort, but does not address the fact that we met the goal. Although we did not meet the good faith effort requirement before bid according to their "judgment", we did meet the goal of the contract. We only needed to fulfill one of those 2 requirements. The federal guidelines under 49 CFR provide that we are allowed to meet the goal "ii. At any time before you commit yourself to the performance of the contract by the bidder/offeror, as a matter of responsibility. At least, this is the way we understand it.

RE: James E Clyburn Transit Research Center DBE-Reconsideration Determination

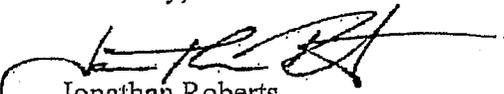

Mr. Hammersla:

The South Carolina Department of Transportation (SCDOT) has evaluated Ideal Construction Company's oral and written information regarding good faith efforts in meeting the DBE requirements for the above referenced project.

After careful consideration by SCDOT, it has been determined that Ideal Construction did not prove a good faith effort prior to the bid opening based on the requirements of the regulations. (Please see the attached letter from SCDOT dated 2/22/2010)

Thank you for participating. The project Notice of Intent to Award (Form SE-370) will be posted this Wednesday, February 24, 2010. If there is any other concern please contact me at 803-754-3395.

Sincerely,

Jonathan Roberts

SCDOT Letter (2/22/10) - RE: Reconsideration Hearing

South Carolina
Department of Transportation

February 22, 2010

Mr. Ken Davis
Director, Planning & Construction
South Carolina State University
300 College Street, Northeast
Orangeburg, South Carolina 29117

RE: Reconsideration Hearing (H24-9573-AC) – Ideal Construction

Dear Mr. Davis:

On February 18, 2010, Mr. R. Todd Steagall, Mr. Curtis Sims, and I met with Mr. Lee Hammersla and Mr. Bobby Richardson with Ideal Construction. Both Mr. Hammersla and Mr. Richardson presented oral and written information for consideration in support of their good faith efforts claim to meet the DBE requirements for this letting.

After careful consideration we concluded Ideal Construction did not prove a good faith effort prior to the bid date based on the requirements of the regulations. This may have been due to a lack on understanding of the DBE program.

However, Ideal Construction did demonstrate after the bid date a willingness and concerted effort after their bid submission to make a "Good Faith Effort" and in doing so obtained three letters of intent from DBE firms meeting the 20% DBE goal. If we can be of any further assistance, please feel free to contact me at (803) 737-1372.

Sincerely,

Gary S. Linn
Reconsideration Officer

Mr. Farley:

Please see contract provision "Instruction to Bidders – Federal Projects DBE Requirements":

Under Section 5 on page 4 of 5, it is stated "Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared **non-responsive** (emphasis added), and the award being made to the next..."

Furthermore, the South Carolina Consolidated Procurement Code is very clear when Federal funds are provided on a project. Please see section 11-35-40 which specifies the application of the Code and compliance with Federal requirements.

Form SE-370 Notice of Intent to Award is attached.

Respectfully,

Jonathan Roberts

Subject: RE: SC State University - JECTRCC - Transit Research Center - BID TABULATION

Jonathan - all of these bids are responsive per the South Carolina Consolidated Procurement Code. "Responsiveness" is determined from the face of the Bid itself, not an arbitrary interpretation of failure to meet a supposed "Goal". The infusion

funds from the FHWA is not grounds for setting a precedent that will cost the taxpayers potentially millions on this and
ure projects.

hen will the Notice of Intent to Award be posted or otherwise provided so we can initiate our protests?

South Carolina Department of Transportation

RE: James E Clyburn Transit Research Center DBE-Reconsideration

Dr. Prince:

On January 28, 2010 South Carolina State University conducted a bid opening for the James E. Clyburn Transit Research Center. The goal for DBE participation, as prescribed in the contract documents, is 20% Certified by SCDOT. The apparent low bidder did not meet the DBE goal, and did not provide sufficient good-faith effort documentation.

As a result of the apparent low bidder providing insufficient good-faith effort documentation, that bid was deemed, **non-responsive** Under Section 5 on page 4 of 5, it is stated "Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive". The bidder has since, properly requested reconsideration, and South Carolina State University is requesting that SCDOT assign a Reconsideration Official to review the documented effort of the bidder's DBE commitment and/or good-faith efforts.

Subject: Reconsideration Procedures

This is the section included in our Instructions to Bidders concerning request for reconsideration.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCDOT will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCDOT determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCDOT will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCDOT Director of Construction supporting its position.

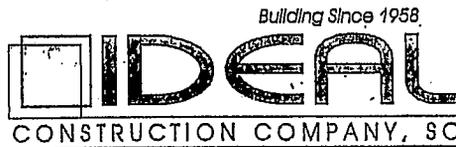

The State Highway Engineer will designate an official who did not take part in the original determination (hereinafter referred to as the "Reconsideration Official"), to reconsider the bidder's DBE commitment or good faith efforts. The Reconsideration Official will contact the bidder and schedule a meeting. The Reconsideration Official will make reasonable efforts to accommodate the bidder's schedule; however, if the bidder is unavailable or not prepared for a hearing within ten (10) calendar days of receipt of the SCDOT original written determination, the bidder's reconsideration rights will be considered to have been waived.

The meeting will be held at the SCDOT Headquarters Building, 955 Park Street, Columbia, South Carolina. The bidder will be allowed up to two hours to present written or oral evidence supporting its position.

RE: James E. Clyburn Transportation Research Center

Mr. Roberts,

This letter is to serve as notice that Ideal Construction Company S.C., LLC is requesting a reconsideration of its bid proposal on the above referenced project. After analyzing all subcontractor bid proposals, Ideal Construction Company will utilize a minimum of 20% SCDOT certified DBE's, as required, to execute this contract. In order for Ideal Construction Company to further address any other requirements, please provide any specific Good Faith Effort factor(s) not met that deemed our lowest bid as non-responsive.

I am respectfully requesting this information as soon as possible so that I may provide a detailed explanation within the required 6 days of how we met the Good Faith Effort. I will also provide an explanation of why we were not initially able to satisfy criteria for 20% SCDOT certified DBE's as listed on our committal sheet that was turned in with the bid. Thank you for your consideration in this matter.

Sincerely,

Robert Lee Hammersla III

CONSTRUCTION DYNAMICS, INC.
A General Contracting and Construction Management Firm

February 1, 2010

To All James E. Clyburn Transit Research Center Bidders:

It appears that required Federal guidelines were not fully met in providing bid proposals for construction of the new James E. Clyburn Transit Research Center at South Carolina State University, on January 28, 2010. This project has a 20% DBE participation goal; however, the required Federal DBE Committal Sheets accompanying all bid proposals do not appear to have met the required goal using DBEs from the SCDOT Certified DBE Directory, as required in the bid documents.

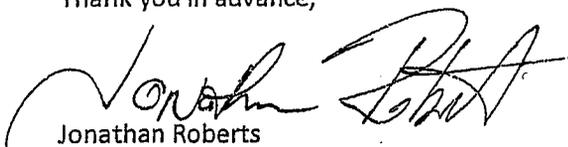

Please provide documentation, per the "FHWA Instruction to Bidders", to substantiate your firm's "Good Faith Effort" to properly meet the 20% participation goal set forth in the bid documents.

In addition, please provide documented verification of the DBE status of such firms listed in your bid proposal.

This request is not to be construed as an opportunity to submit additional bid information, as the agency will only evaluate documentation that substantiates the "Good Faith Effort" made when bid proposals were opened.

NOTE: All documentation demonstrating your firm's DBE participation "Good Faith Efforts" must be received by me no later than 12:00 p.m. on February 2, 2010, no exceptions.

Thank you in advance,

Jonathan Roberts

INSTRUCTIONS TO BIDDERS – FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) – Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications:

2. DBE COMMITMENT

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Commitment Sheet. A sample DBE Commitment Sheet is included in this proposal. Separate Commitment Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.

(1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.

(2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.

- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING.** The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

**James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B**

11/25/09

B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:

- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
- (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
- (3) Disqualification of the bidder from the contract in question.

C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:

- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
- (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
- (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
- (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
- (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
- (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
- (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
- (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
- (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
- (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
- (11) The DBE commitments submitted by all other bidders.

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

11/25/09

February 2, 2004

DISADVANTAGED BUSINESS ENTERPRISES (DBE) -- FEDERAL PROJECTS

1. POLICY

It is the policy of the South Carolina State University (SCSU) to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBE's) in all types of contracting and procurement activities according to State and Federal laws.

2. CONTRACTOR'S OBLIGATIONS

A. No Discrimination. Neither the Contractor nor its subcontractors shall discriminate on the basis of race, color, national origin, or gender in the performance of this contract. The Contractor shall carry out the applicable requirements of 49 CFR Part 26 and these supplemental specifications in the award and administration of this contract. Failure by the contractor to carry out these requirements is a material breach of the contract, and may result in the termination of the contract or such other remedy as SCSU deems appropriate.

B. Meeting the Goal or Making Good Faith Efforts to Meet the Goal. It is the Contractor's responsibility to meet the DBE contract goal stated in the "Instructions to Bidders -- Federal Projects -- DBE Requirements" (hereinafter referred to as "Instructions to Bidders") or to make good faith efforts to meet the DBE contract goal. The Instructions to Bidders is incorporated herein by reference and made a part of this contract. Failure to meet the goal or demonstrate good faith efforts to meet the goal may result in any one or more of the following sanctions:

- (1) Withholding monthly progress payments;
- (2) Declaring the Contractor in default and terminating the contract;
- (3) Assessing sanctions in the amount of the difference in the DBE contract goal and the actual payments made to certified DBE's;
- (4) Disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A, of the S.C. Code of Laws; and/or
- (5) Requiring the Contractor to obtain DBE participation on future contracts to the extent the Contractor failed to meet or use good faith efforts to meet the DBE contract goal.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

C. Using the DBE's shown on the Committal Sheet to Perform the Work. The Contractor must utilize the DBE's listed on the "DBE Committal Sheet" to perform the work and supply the materials for which they are listed unless the Contractor obtains prior written approval to perform the work with other forces or obtain the materials from other sources. (See Replacement Procedures in Section 3(B).) The Contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or, with prior written approval of SCSU, by other forces (including those of the Contractor).

D. Incorporating Certain Provisions in Subcontracts. The Contractor shall provide SCSU with a copy of all DBE subcontracts. The Contractor shall ensure that all subcontracts or agreements with DBE's to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with these Supplemental Specifications. The contractor is advised to insert the following provision in each subcontract or agreement: "This contract or agreement shall be performed in accordance with the requirements of the Supplemental Specification entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects" dated February 2004."

3. REPLACEMENT OF CERTIFIED DBE'S

A. Requirement for Replacement. The following shall apply to replacement of a DBE listed on the "DBE Committal Sheet":

- (1) When a listed DBE is unable or unwilling to perform the work in accordance with the subcontract, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of contract and may be cause for the imposition of the sanctions set forth in Section 2(B).
- (2) When a listed DBE is decertified or removed from the DBE Directory after execution of a valid subcontract agreement with the Contractor:
 - a. The Contractor may continue to utilize the decertified DBE on the contract and receive credit toward the DBE contract goal for the DBE's work unless the Contractor is implicated in the DBE decertification. However, the Contractor is encouraged to replace the decertified DBE with a certified DBE where feasible.
 - b. If a listed DBE is removed from the DBE Directory due to graduation from the DBE program, the Contractor may continue to utilize the graduated DBE on the contract and receive credit toward the DBE contract goal for the DBE's work.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

- ③ When a listed DBE is decertified or removed from the DBE Directory prior to execution of a valid subcontract agreement with the Contractor, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of the contract and may be cause for the imposition of the sanctions set forth in Section 2(B) above.

B. Replacement Procedures. In order to replace a listed DBE, the Contractor must obtain prior approval from SCSU. To request such approval, the Contractor shall notify SCSU and the DBE, and provide documentation of the need and reasons for replacement. If the DBE consents to the replacement, the Contractor shall also provide SCSU with the DBE's written consent. If the DBE's consent cannot be obtained, the Contractor shall notify SCSU that the DBE's consent could not be obtained. In no case shall the Contractor's ability to negotiate a more advantageous contract with another subcontractor be considered a valid basis for replacement. If the Contractor obtains the SCSU's approval for the replacement, the Contractor shall replace the listed DBE with another certified DBE or make good faith efforts to do so as set forth in Section 3(C). Any DBE who is certified at the time of replacement may be used as a replacement. If SCSU does not approve of replacement, the Contractor shall continue to use the listed DBE in accordance with the contract. Failure to do so may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

C. Good Faith Efforts. After approval for replacement is obtained, if the Contractor is not able to find a replacement DBE, the Contractor shall provide SCSU with documentation of its good faith efforts to find a replacement. This documentation shall include, but is not limited to, the following:

- (1) Copies of written notification to certified DBE's that their interest is solicited in subcontracting the work defaulted by the previous certified DBE or in subcontracting other items of work in the contract.
- (2) Statement of efforts to negotiate with certified DBE's for specific subbids including at a minimum:
 - a. Names, addresses and telephone numbers of certified DBE's who were contacted;
 - b. Description of the information provided to certified DBE's regarding the plans and specifications for portions of the work to be performed;
 - c. Statement of why additional agreements with certified DBE's were not reached.
- (3) For each certified DBE contacted but rejected the reasons for the Contractor's rejection. Failure to find a replacement DBE at the original price is not in itself evidence of good faith.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

If SCSU determines that the Contractor has made good faith efforts to replace the listed DBE with another certified DBE, then the remaining portion of the DBE's work shown on the DBE Committal Sheet can be completed by the Contractor's own forces or by a non-DBE subcontractor approved by the SCSU. The Contractor will not be required to make up that part of the DBE goal attributable to the portion of work not completed by the listed DBE, and this shortfall in meeting the DBE goal will be waived by the SCSU.

If SCSU determines that the Contractor has not made good faith efforts to replace the listed DBE with another certified DBE, such failure may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

D. Payment from SCSU. The Contractor shall not be entitled to payment for work or material committed to a listed DBE unless:

- (1) The work is performed by the listed DBE; or
- (2) The work is performed by another certified DBE after SCSU has given approval to replace the listed DBE as provided above; or
- (3) The work is performed by a non-DBE after SCSU determines that the Contractor has demonstrated good faith efforts to replace the listed DBE as provided above.

4. COUNTING CERTIFIED DBE PARTICIPATION TOWARD MEETING THE DBE GOAL

DBE participation shall be measured by the actual, verified payments made to DBE's subject to the following rules (all references to "DBE" herein shall mean "certified DBE"). The Contractor is bound by these rules in regard to receiving and reporting credit toward the DBE contract goal. The Contractor shall report on Quarterly Reports only the amounts properly attributable toward the goal under these rules.

A. General Counting Rules.

- (1) The entire amount of that portion of a construction contract (or other contract not covered by paragraph A(2) of this section) that is performed by the DBE's own forces may be counted toward the goal. The cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate) can be counted toward the goal.
- (2) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goals.
- (3) The Contractor can count expenditures to a DBE only if the DBE is certified by SCDOT, except as provided in section 3A(2) of these supplemental specifications, in the event a DBE loses eligibility status after a subcontract is signed.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

- (4) The Contractor can count expenditures to a DBE only after the DBE has actually been paid.

B. Joint Ventures.

When a DBE performs as a participant in a joint venture, the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces can be counted toward DBE goals.

C. Commercially Useful Function. Expenditures to a DBE contractor can be counted toward DBE goals only if the DBE is performing a commercially useful function on that contract:

- (1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SCSU will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
- (2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SCSU will examine similar transactions, particularly those in which DBE's do not participate.
- (3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SCSU will presume that it is not performing a commercially useful function.
- (4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (3) of this section, the DBE may present evidence to rebut this presumption. SCSU may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

- (5) SCSU's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to the USDOT.

D. DBE Manufacturers and Dealers. The Contractor can count expenditures with DBEs for materials or supplies toward DBE goals in accordance with the following rules:

- (1) DBE Manufacturers. If the materials or supplies are obtained from a DBE manufacturer, the Contractor can count 100 percent of the cost of the materials or supplies toward DBE goals. For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. The DBE must be listed as a "manufacturer" in the SCDOT's DBE directory to be considered a manufacturer for purposes of these counting rules.
- (2) DBE Dealers. If the materials or supplies are purchased from a DBE regular dealer, the Contractor can count 60 percent of the cost of the materials or supplies toward DBE goals. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. The DBE must be listed as a "dealer" in the SCDOT's DBE directory to be considered a dealer for purposes of these counting rules.
- (3) DBE Brokers. The Contractor cannot count toward the DBE goal fees charged by a DBE who is neither a manufacturer nor a dealer. In this case the DBE is merely a broker of the supplies or materials.

5 REPORTS

The Contractor shall furnish to the SCSU the following reports and information.

A. Quarterly Reports. The Contractor shall provide to SCSU Quarterly Reports showing the dollar amount of payments to each certified DBE. The Contractor and each DBE that received payment must sign the report. The Contractor's and DBE's signature on the Quarterly Report shall constitute certification that the DBE has performed the work and that the Contractor is entitled to credit toward the DBE goal for the amount shown in accordance with the counting rules set forth in Section 4. The report shall include the amount paid each DBE for the quarter and the total amount paid to each DBE on the contract. The report must include DBE subcontractors, hauling firms, and suppliers. The report shall be submitted in

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

duplicate to SCSU by the 15th of the month after each calendar quarter (January, April, July, and October 15). Failure to submit the quarterly report may result in the withholding of monthly progress and/or final payment. The Quarterly Report must be submitted for each quarter even if no payments have been made to a DBE in that quarter. When no payments have been made to a DBE in a quarter, DBE's are not required to sign the report. The form utilized to report DBE Payments shall be substantially similar to the sample report form included in this proposal.

B. Other Documents. Upon request of SCSU, the Contractor and all subcontractors shall furnish documents, including subcontracts, necessary to verify the amount and costs of the materials or services provided by certified DBE suppliers or subcontractors. The Contractor shall keep the documents that verify this information for at least three years from the date of final settlement of the contract. Failure to provide these documents upon request may result in the withholding of monthly progress and/or final payment or disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A of the S.C. Code of Laws.

6. CONTRACT COMPLETION - DETERMINATION OF WHETHER CONTRACTOR HAS MET THE GOAL OR MADE GOOD FAITH EFFORTS

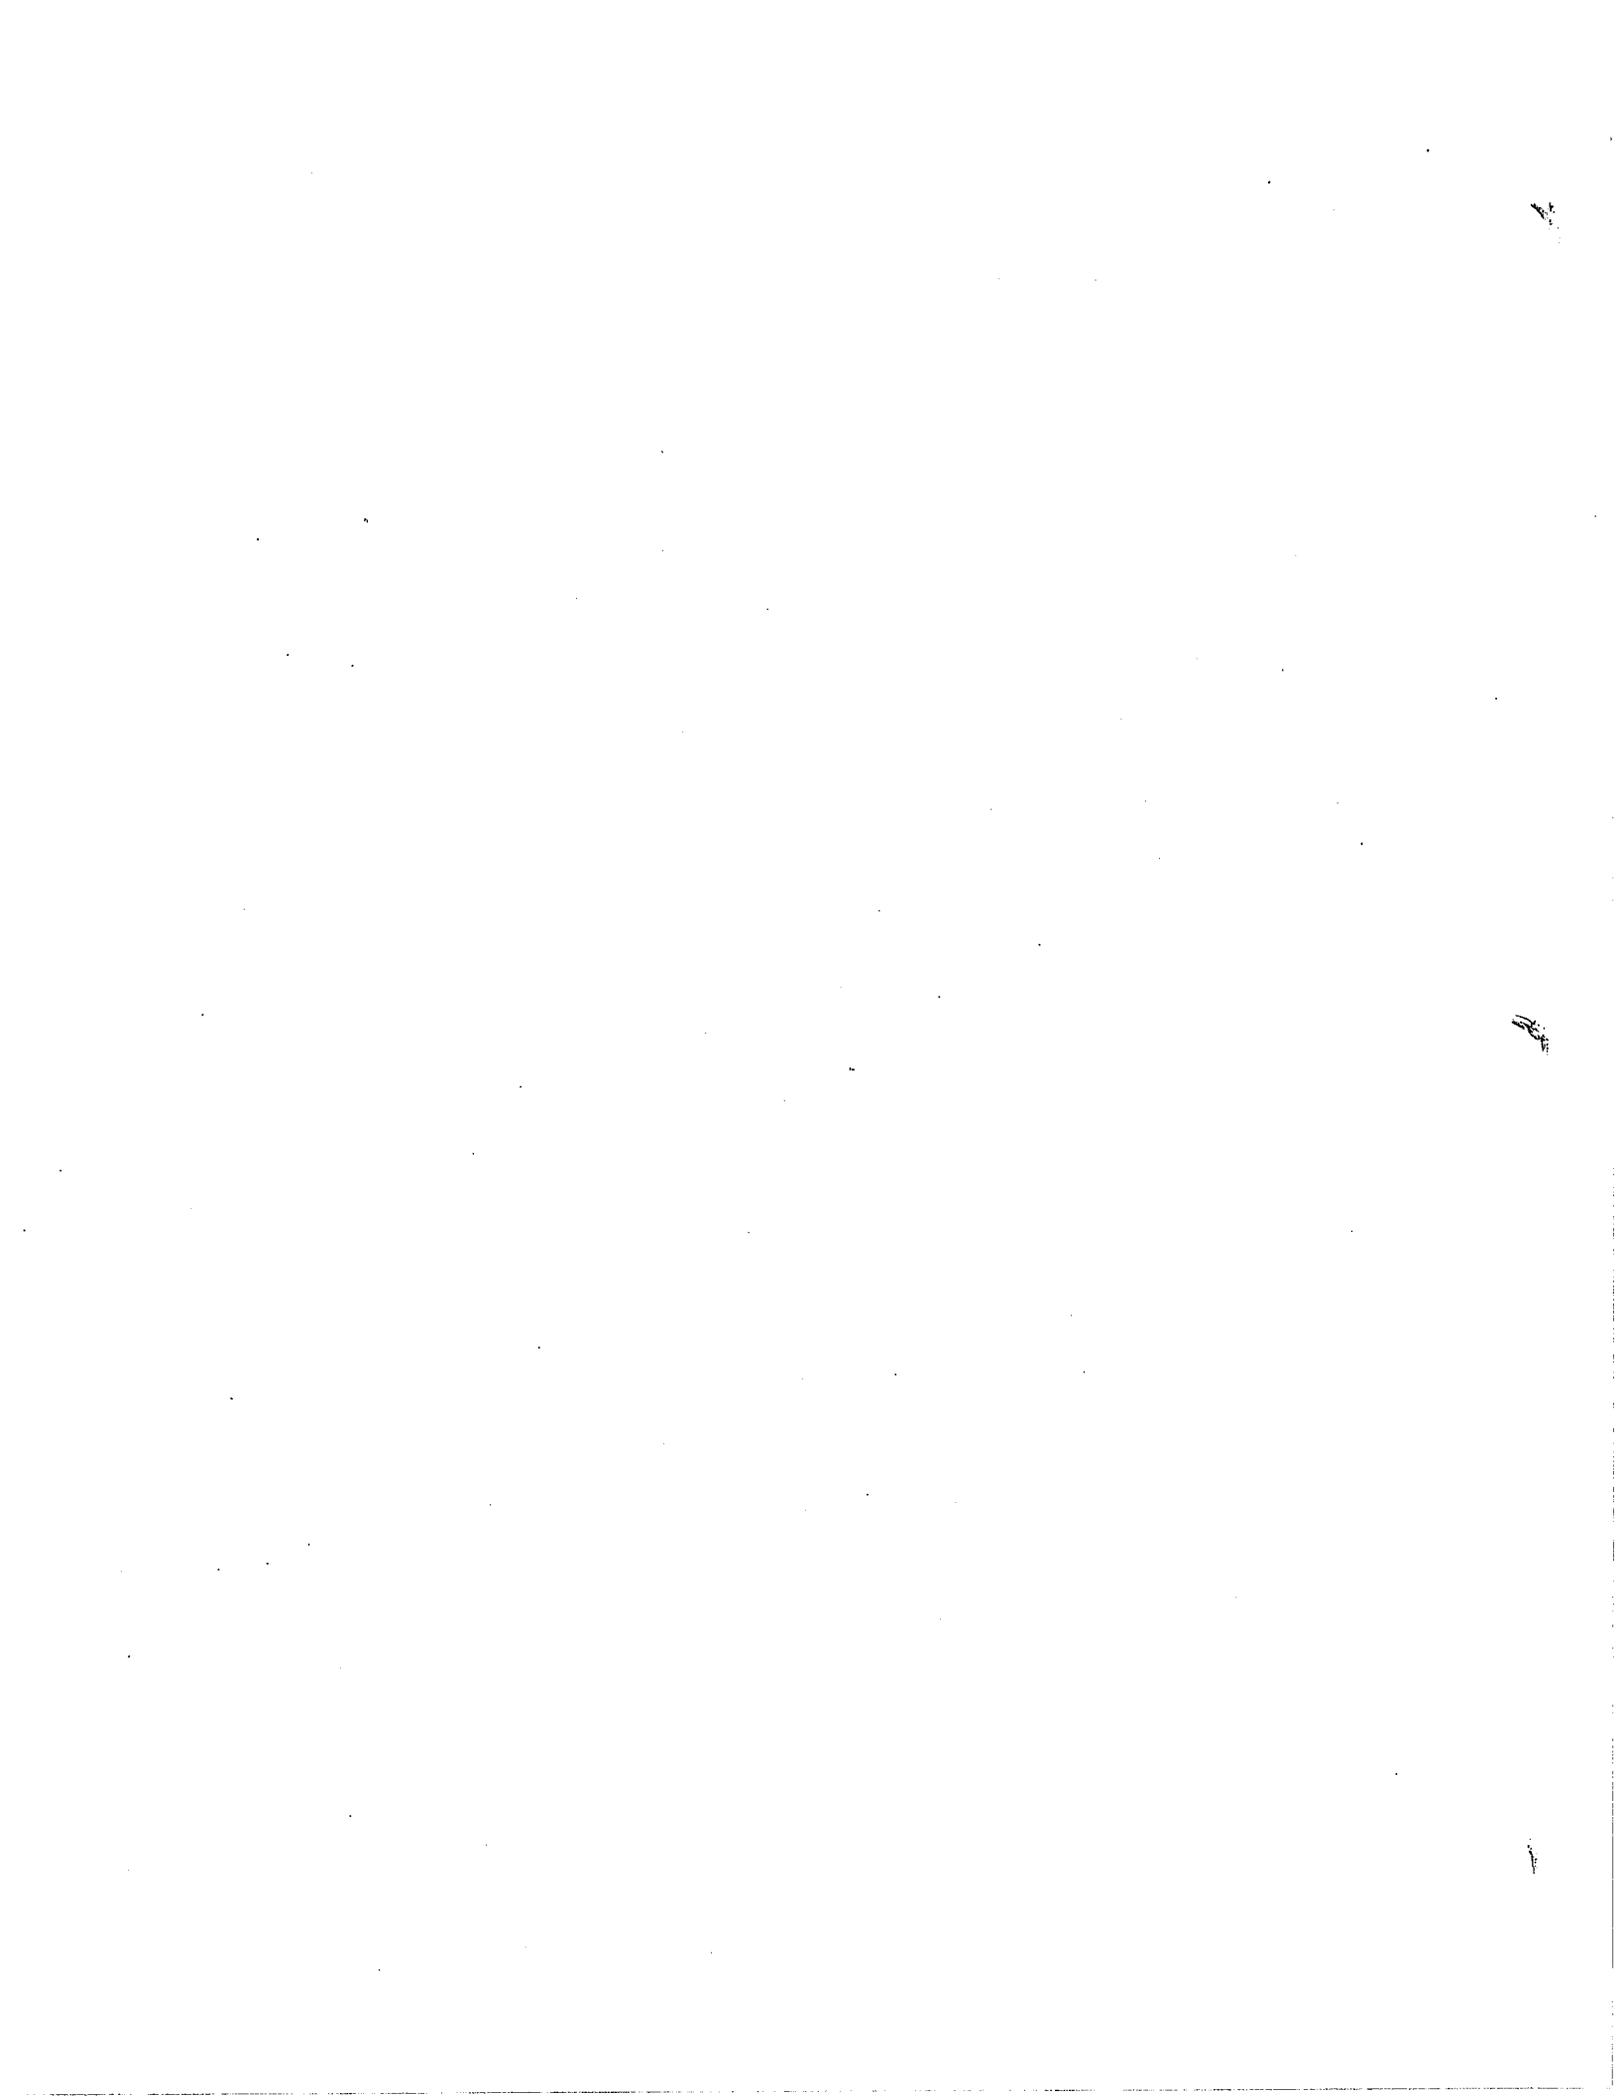

a. Review by SCSU. After receipt of the final Quarterly Reports, the SCSU will review the necessary contract documentation to determine whether the Contractor has met the DBE contract goal.

b. Notification of Failure to Meet Goal. If the documentation indicates that the Contractor has not met the DBE contract goal, SCSU will notify the Contractor and request documentation of the Contractor's good faith efforts to meet the goal.

c. Determination of Good Faith Efforts. The Contractor shall submit documentation demonstrating good faith efforts to meet the contract goal to SCSU within 30 days of the date of the "Notification of Failure to Meet Goal." SCSU will provide the Contractor with written notice of SCSU's determination whether good faith efforts have been demonstrated.

d. Request for Reconsideration. If the Contractor disagrees with SCSU's determination, the Contractor may request reconsideration by filing a written request with the SCSU within ten (10) days after receipt of the determination. The Contractor shall submit any additional documentation that it wishes to be considered in support of its position. If the Contractor fails to request reconsideration within ten (10) days, the determination shall be final.

SEALED BID ENCLOSED

South Carolina State University, 300 College St.,
Orangeburg, SC 29117

**Project: H24-9573-AC JECTRCC-Transit Research
Center, Orangeburg, SC
Bids: 1/28/10 2:00 p.m.**

**SE-330
Bid Form**

ATTENTION BIDDER: FHWA forms and certifications are required as part of submission of bids

2008 Edition

Bids shall be submitted only on SE-330

BID SUBMITTED BY: Loveless Commercial Contracting, Inc.
(Bidder's Name)

BID SUBMITTED TO: South Carolina State University
(Agency Name)

FOR PROJECT: H24-9573-AC JECTRCC - Transit Research Center Building Package
(Number) (Name)

OFFER

1. In response to the Form SE-310, *Invitation for Construction Bids*, and in compliance with the *Instructions to Bidders* for the above-named Project, the undersigned **BIDDER** proposes and agrees, if this Bid is accepted, to enter into a Contract with the **AGENCY** in the form included in the Bidding Documents, and to perform all Work as specified or indicated in the Bidding Documents, for the prices and within the time frames indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

2. Pursuant to Section 11-32-3030(1) of the SC Code of Laws, as amended, **BIDDER** has submitted Bid Security as follows in the amount and form required by the Bidding Documents:

Bid Bond with Power of Attorney Electronic Bid Bond Cashier's Check
(*BIDDER check one*)

3. **BIDDER**, by submitting this Bid, affirms that it has carefully examined the Bidding Documents and the other related data identified in the Bidding Documents, has visited the actual location of the Work, has satisfied itself as to all conditions and understands that, in signing this Bid Form, it waives all rights to plead any misunderstanding regarding same and agrees to be bound by the provisions of said Bidding Documents and all statements made therein.

4. **BIDDER** acknowledges the receipt of the following Addenda to the Bidding Documents and has incorporated the effects of said Addenda into its Bid:

ADDENDUM No: #1 1/20/10

5. **BIDDER** accepts all terms and conditions of the *Invitation for Construction Bids*, including, without limitation, those dealing with the disposition of Bid Security. **BIDDER** agrees that this Bid, including all Alternate Base Bids, may not be revoked or withdrawn after the opening of bids, and shall remain open for acceptance for a period of 60 Days following the Bid Date, or for such longer period of time that **BIDDER** may agree to in writing upon request of the **AGENCY**.

6. **BIDDER** herewith submits its offer to provide all labor, materials, equipment, tools of trades and labor, accessories, appliances, warranties and guarantees, and to pay all royalties, fees, permits, licenses and applicable taxes necessary to complete the following items of construction work:

6.1 BASE BID WORK (BASE BID NO. 1) (as indicated in the Bidding Documents and generally described as follows):

This phase of the project consists of the construction of a new Transit Research Center building of approximately 8,500 square feet, a Chiller Plant, and Site Completion work and landscaping. The new structure consists of administration, research, and educational space; outside mechanical yard with chiller system; natural gas piping, site lighting, and fueling station with underground gasoline/diesel storage tank.

\$ 3,917,500, which sum is hereafter called the **BASE BID No. 1**.
(enter BASE BID in figures only)

SE-330 Bid Form

LISTING OF PROPOSED SUBCONTRACTORS

1. A Subcontractor is an entity who will perform work or render service to the prime contractor to or about the construction site. Material suppliers, manufacturers and fabricators are not Subcontractors and are not to be listed.
2. Bidder must list in its bid the name of only those Subcontractors that will perform the work so identified in the Invitation.
3. If Bidder determines to use its own employees to perform any portion of the work listed below, and if Bidder is qualified to perform such work under the terms of the Bidding Documents, Bidder must list itself in the appropriate place in its bid and not subcontract any of that work except with the approval of the Agency for good cause shown.
4. Bidder's failure to list a Subcontractor for each listed Specialty Subcontractor will render the BID non-responsive.
5. A Subcontractor listed for an Alternate Base Bid must be used for all work if the Alternate Base Bid is accepted.
6. Bidder hereby states its commitment to use the below-listed Subcontractors in the performance of the Subcontractor Specialty work listed:

SUBCONTRACTOR SPECIALTY (COMPLETED BY A/E)	SUBCONTRACTOR OR PRIME CONTRACTOR'S NAME (MUST BE COMPLETED BY BIDDER)	SUBCONTRACTOR'S SC LICENSE NUMBER (For Information)
BASE BID 1		
Mechanical Installer	Pierce & Catoe Mechn. Contracting LLC	108193
Electrical Installer	Burriss Electrical Inc	M3536
Plumbing Installer	Barwide Plumbing Company LLC	M108675

BASE BID 2		
N/A	N/A	N/A

BASE BID 3		
N/A	N/A	N/A

SE-330 Bid Form

2008 Edition

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The **BIDDER** shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, Certificate of Substantial Completion;~~ shall be (350) CALENDAR DAYS from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, Certificate of Final Completion;~~ shall be (30 days) CALENDAR DAYS from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

- 1 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as Step One Liquidated Damages the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
- 2 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as Step Two Liquidated Damages the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
- 3 The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an Early Completion Award in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, **BIDDER** hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the **BIDDER** to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The **BIDDER** shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No **BIDDER** whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the **BIDDER** to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, **BIDDER** will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. **BIDDER** agrees to provide all information requested by the **AGENCY** to support the **AGENCY'S** evaluation and determination of the **BIDDER'S** responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the **AGENCY** within SEVEN (7) DAYS from date of receipt by the **BIDDER** by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by **BIDDER** to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The **BIDDER** certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

ELECTRONIC BID BOND

By signing below, the Principal is affirming that the identified electronic bid bond has been executed and that the Principal and Surety are firmly bound unto the State of South Carolina under the terms and conditions of the Form SE-335 included in the Bidding Documents.

Company

By: Kenneth B. Loveless

Title: President

SE-335
Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT Loveless Commercial Contracting, Inc.

1821 State Street, Cayce, SC 29033
(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and Safeco Insurance Company of America

6230 Fairview Road, Suite 230, Charlotte, NC 28210
(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of WA, with its principal office in the City of Charlotte, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

South Carolina State University
(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of Five Percent of Amount Bid 5%, being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC JECTRCC - Transit Research Center
(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

Jonathan,

Attached please find our documentation for DOT DBE participation in the James E Clyburn Transit Research Center project.

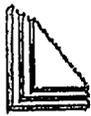

Included in this e-mail are the following items:

1. Our invitation to bid including an offer for assistance to qualified DBE's for bonds, credit lines, insurance, equipment, supplies and/or materials. And stating we are willing to break up work packages to further to assist interested DBE's in participation.
2. A copy of the letters sent to the DOT DBE Program Development, Governor's Office and South Carolina Minority Business Enterprise Center requesting help in locating interested DBE's with a receipt showing a successful fax.
3. A copy of our ad as it ran in the Black News on 01-21-10.
4. A copy of our ad as it ran in The State newspaper on 01-17-10 requesting DBE participation with a notarized letter from The State attesting to the ad.
5. A copy of the list of DOT DBE's that were sent an invitation to bid with a written log of the follow up phone calls.

If I remember correctly, the only DBE I listed was Burris Electric. I have since discovered that they are a DBE, but not a DOT DBE.

Please feel free to contact me if I can be of further assistance.

A General Contracting and
Construction Management Firm

March 16, 2010

Mr. Doug Price
 Loveless Contracting
 1821 State Street
 Cayce, South Carolina 29033

Dear Mr. Price

The South Carolina Department of Transportation's (SCDOT) Disadvantaged Business Enterprise (DBE) program follows Federal Regulations in administering the DBE program. In addressing Good Faith Efforts, 49 CFR 26.53 and Appendix "A" define Good Faith Efforts and how it must be applied within our contracting efforts.

In addition, SCDOT incorporates these requirements in our Requests for Proposal under Instructions to Bidders. In instances where a low bidder did not meet the established DBE goal, the low bidder may request reconsideration in writing within two days of receipt of the determination.

Please keep in mind, the James E. Clyburn Transit Research Center project is a South Carolina State University project with no oversight or involvement by the SCDOT. We would encourage you to contact the State Engineer's Office with any further concerns.

I have attached a copy of our Instructions to Bidders for your review. Should you have any further questions regarding Good Faith Efforts or the DBE program, please feel free to contact me or Mr. Gary S. Linn at (803) 737-1372.

Sincerely,

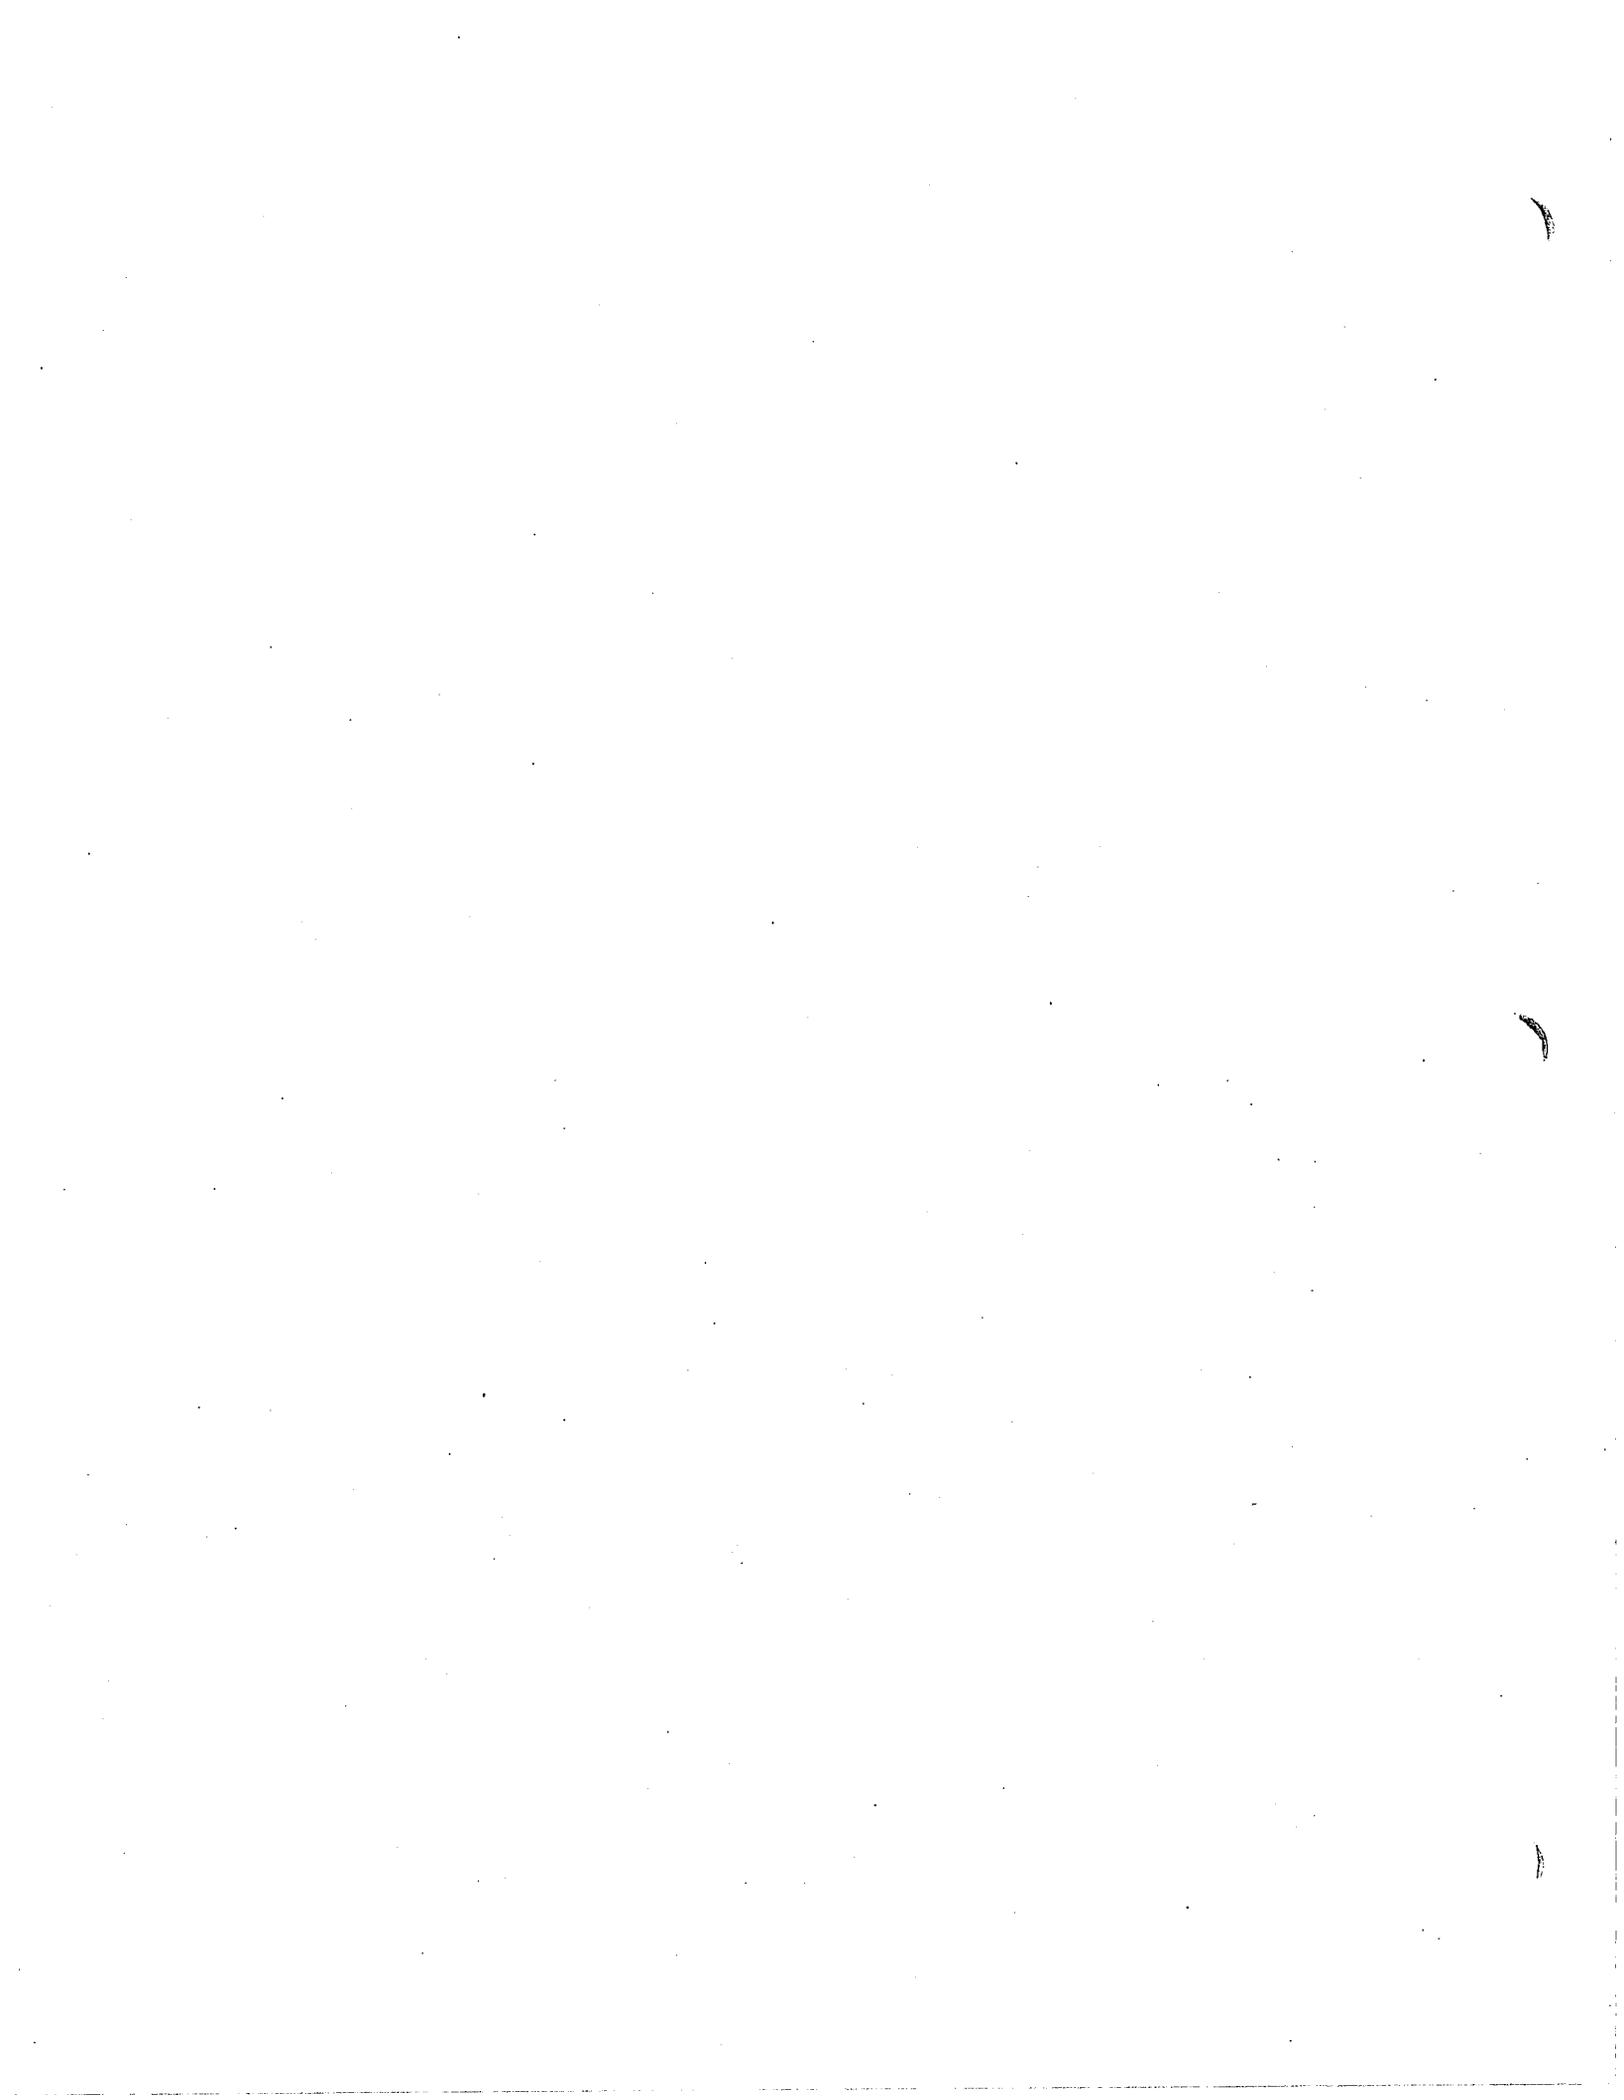

Arlene Prince, Ph.D.
 Director, Business Development
 & Special Programs

INSTRUCTIONS TO BIDDERS -- FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications)". The Contractor must report DBE participation to the South Carolina Department of Transportation (SCDOT) quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The Department's overall DBE program goal is 10.5%, and the Contractor is encouraged to use all available and reasonable means to assist the SCDOT in meeting this goal. The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal **13.5 %**

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the electronic bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal, may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

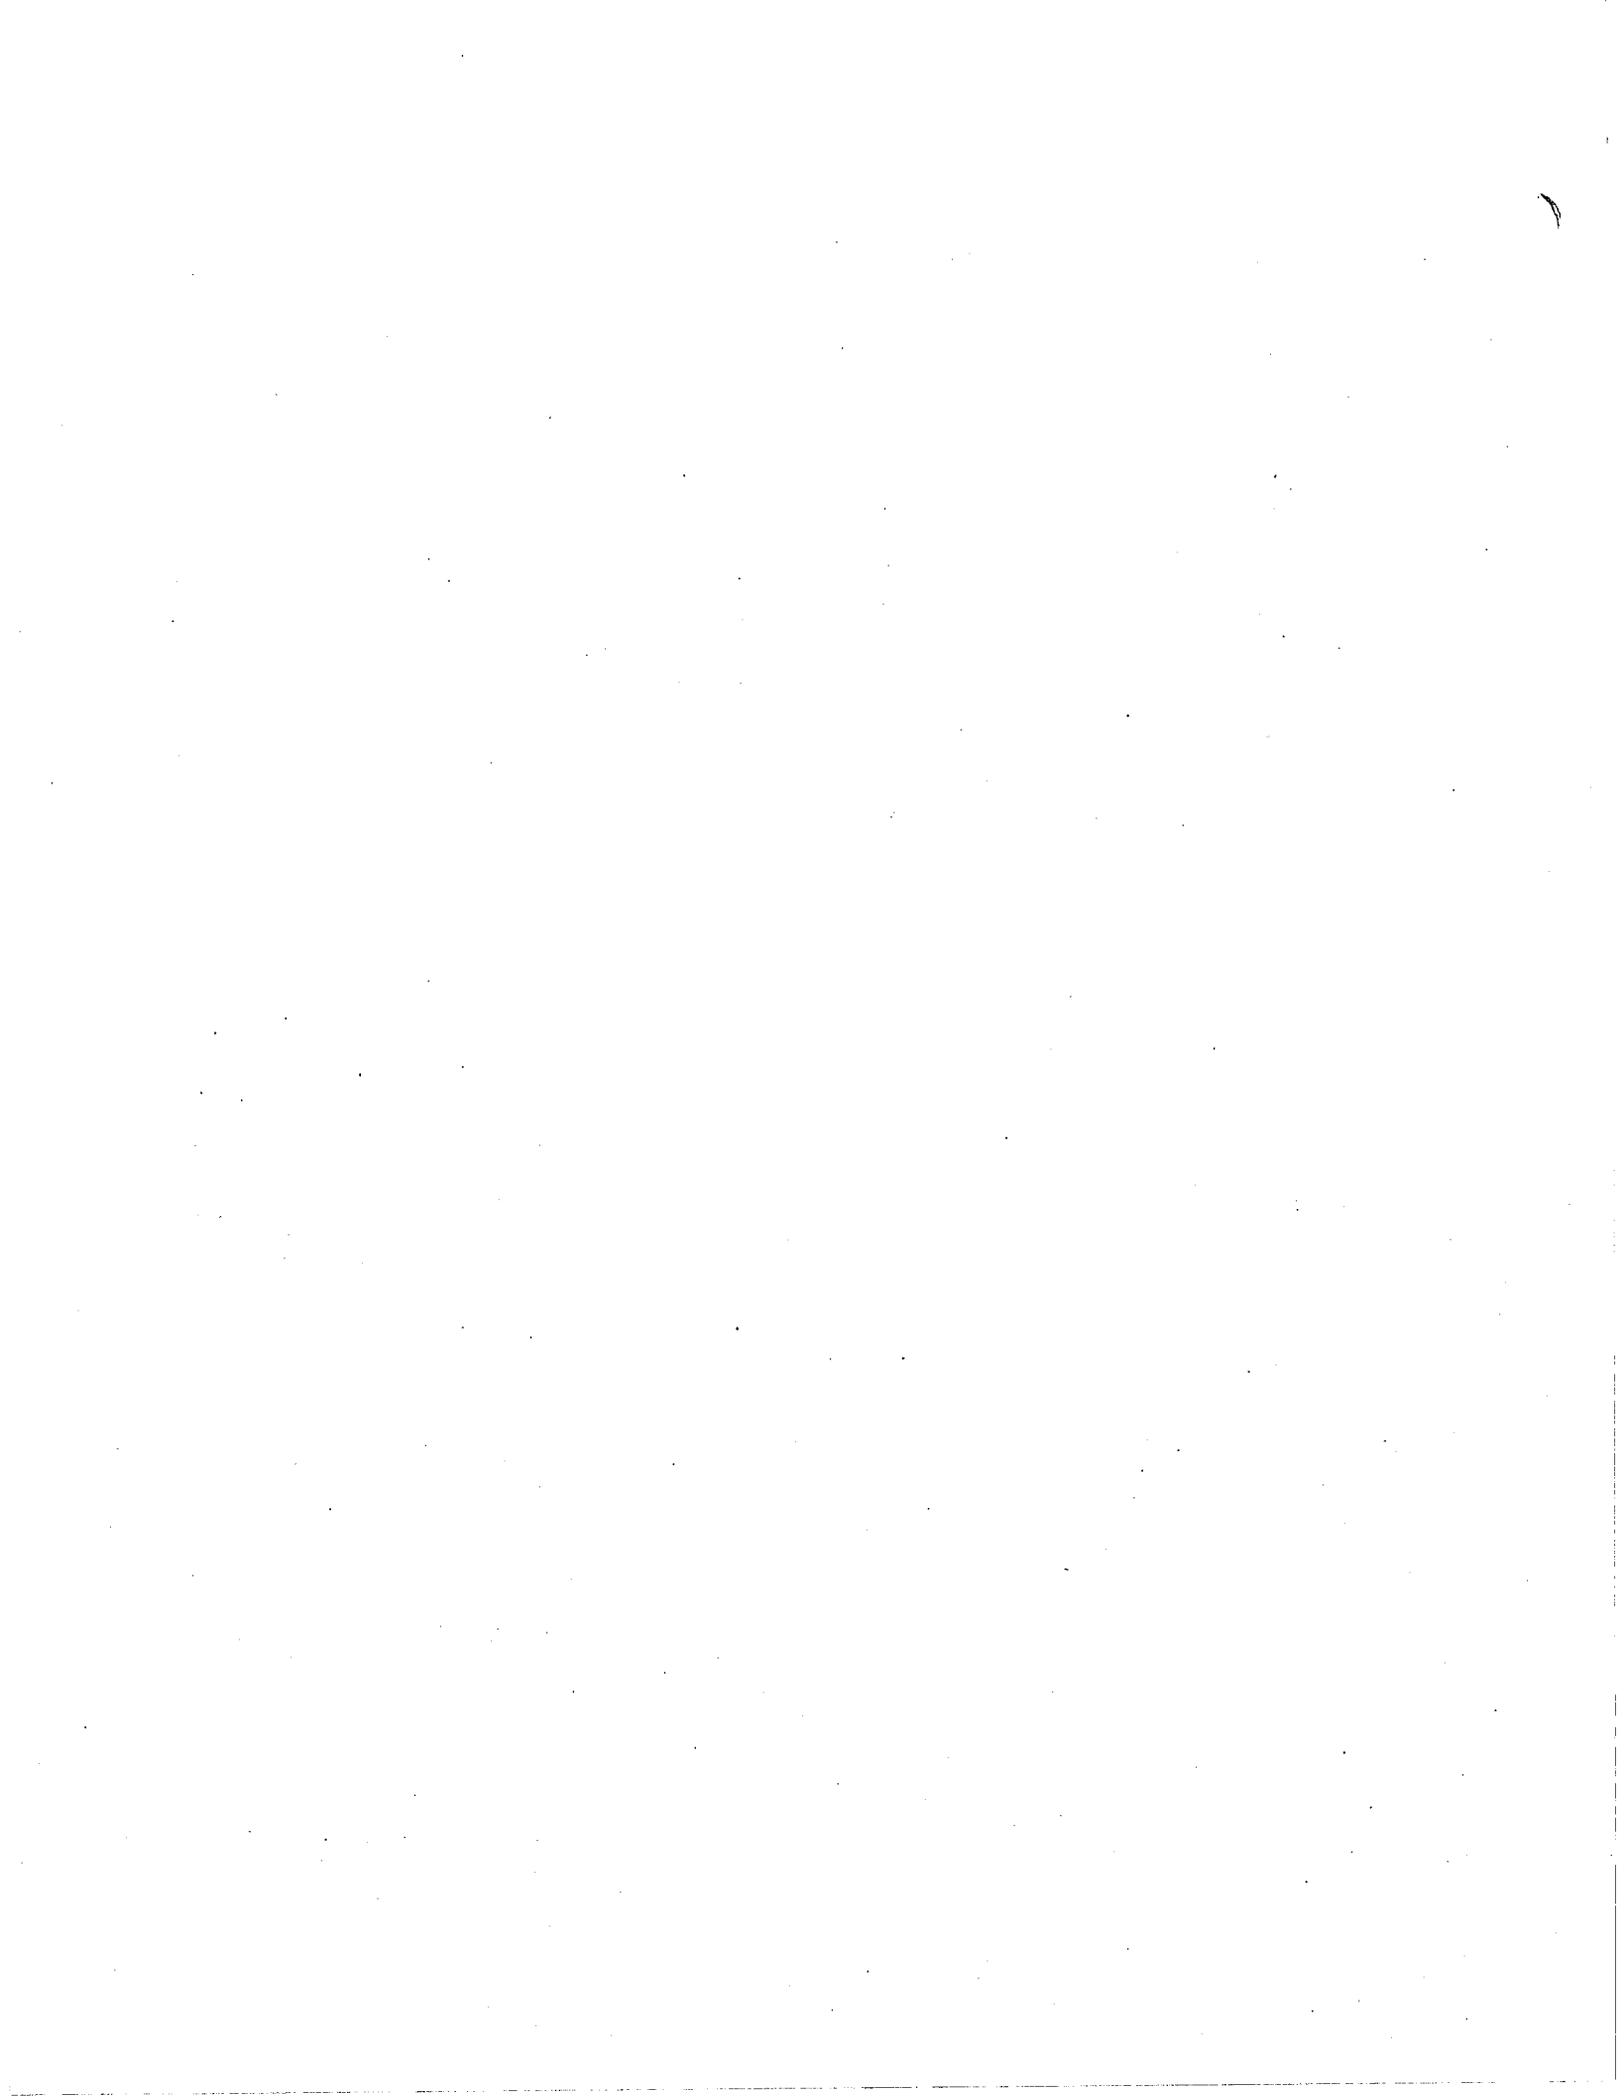

2. DBE COMMITMENT

Each bidder shall enter all the information regarding how it intends to meet the DBE goal in the electronic bid folder entitled "DBE List". The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only certified DBEs included in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is contained in the electronic file entitled "DBE BIN." The DBE BIN file for the letting can be found on and can be downloaded from the electronic bidding service web site, *Bid Express* (see Section 6 below).

Failure to provide all information required in the electronic bid may result in the contract being awarded to the next lowest responsible bidder.

The DBE BIN file listed for the letting must be downloaded for each particular letting because it is the data source for the DBEs listed in the DBE Directory designated for use in the letting. ALL DBE data such as Name, Company ID, and Address must be selected from drop-down lists provided by the DBE BIN file. If the DBE BIN file is not downloaded, no data for the drop-down lists will be available.

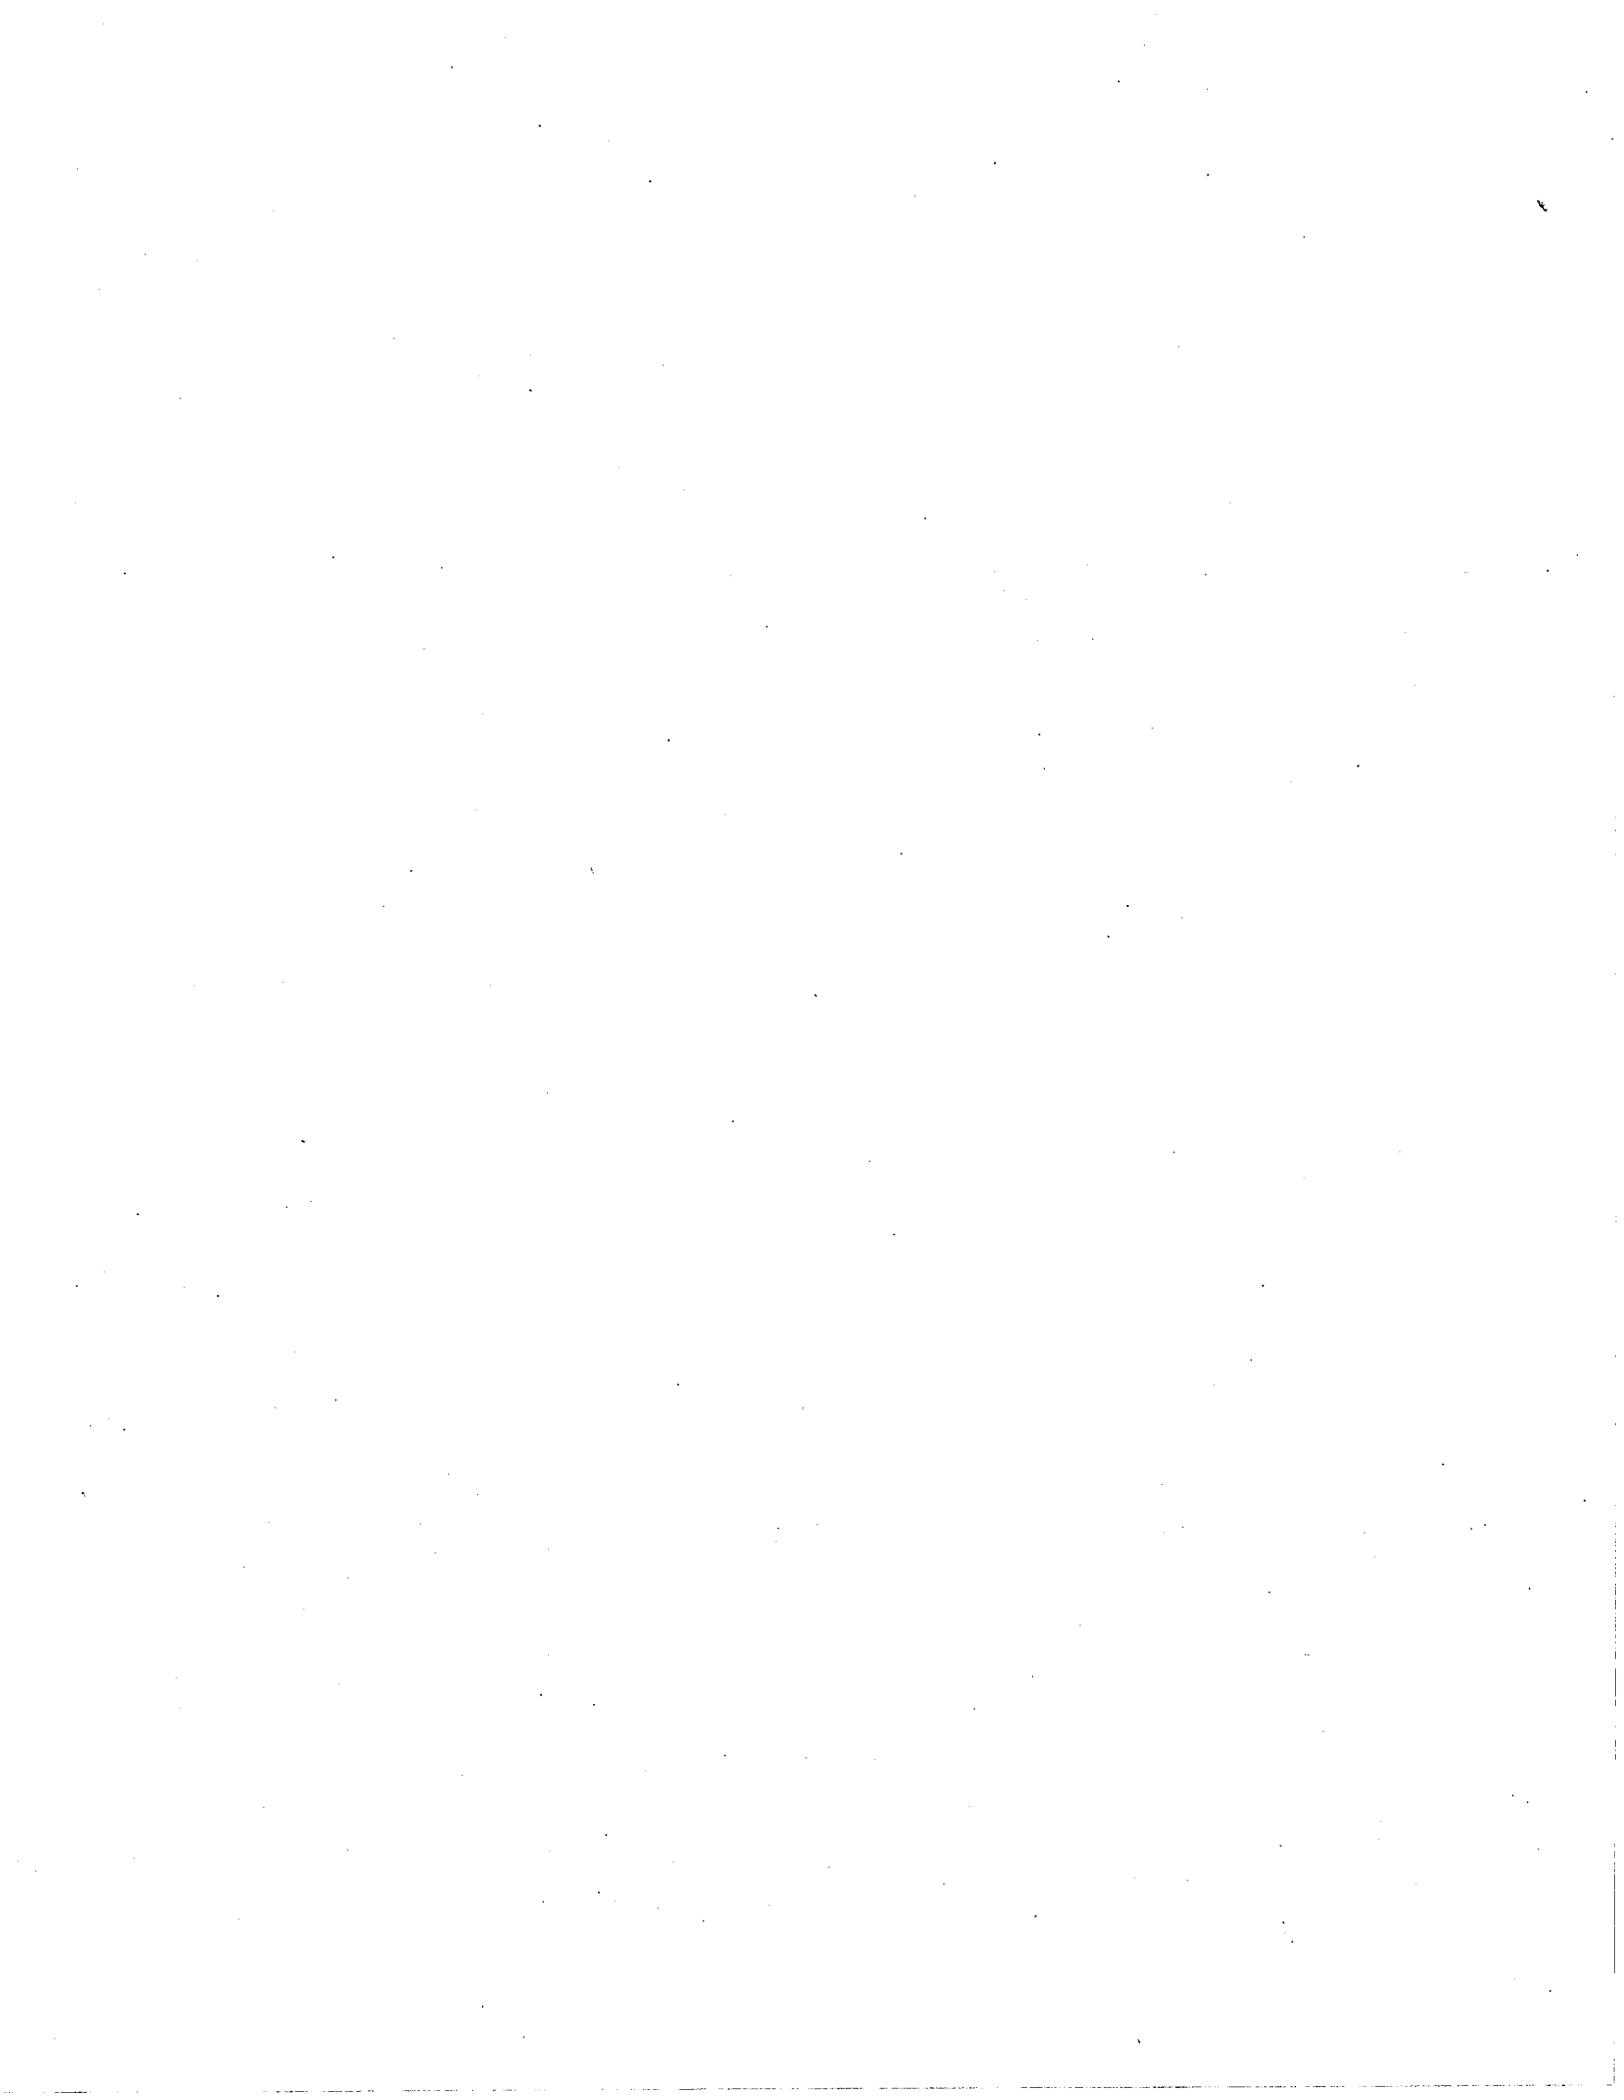

The following information must be selected or entered in the electronic bid:

- A. The names and addresses of certified DBEs whose services or materials will be used in the contract.
- B. Work Type and Work Code selected from a drop-down list. When one of these is selected, the other will be filled in automatically.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.
 - (1) Item: The Item is the bid item with which the DBE will be associated and must be selected from the Schedule of (Bid) Items found in the drop-down list. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.
 - (2) Quantity, Unit, & Unit Price: Initially when an Item is selected, the contract quantity, unit, and the bidder's unit price and extension will appear. If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall be changed to reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.
- D. The bidder must also submit a copy of a signed statement or quote from each of the DBEs listed in the DBE List folder of the electronic bid. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values listed in the DBE List folder of the electronic bid. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCDOT CONTRACT ADMINISTRATION OFFICE WITHIN THREE (3) CALENDAR DAYS OF THE BID LETTING.** The Department will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCDOT upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the electronic bid, the bidder may submit additional information to satisfy the SCDOT that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCDOT CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received in the office of the Contracts Engineer no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCDOT will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.
- B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCDOT may impose one or more of the following sanctions:
 - (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
 - (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,

(3) Disqualification of the bidder from the contract in question.

C. Evaluation of a Good Faith Effort. The SCDOT may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:

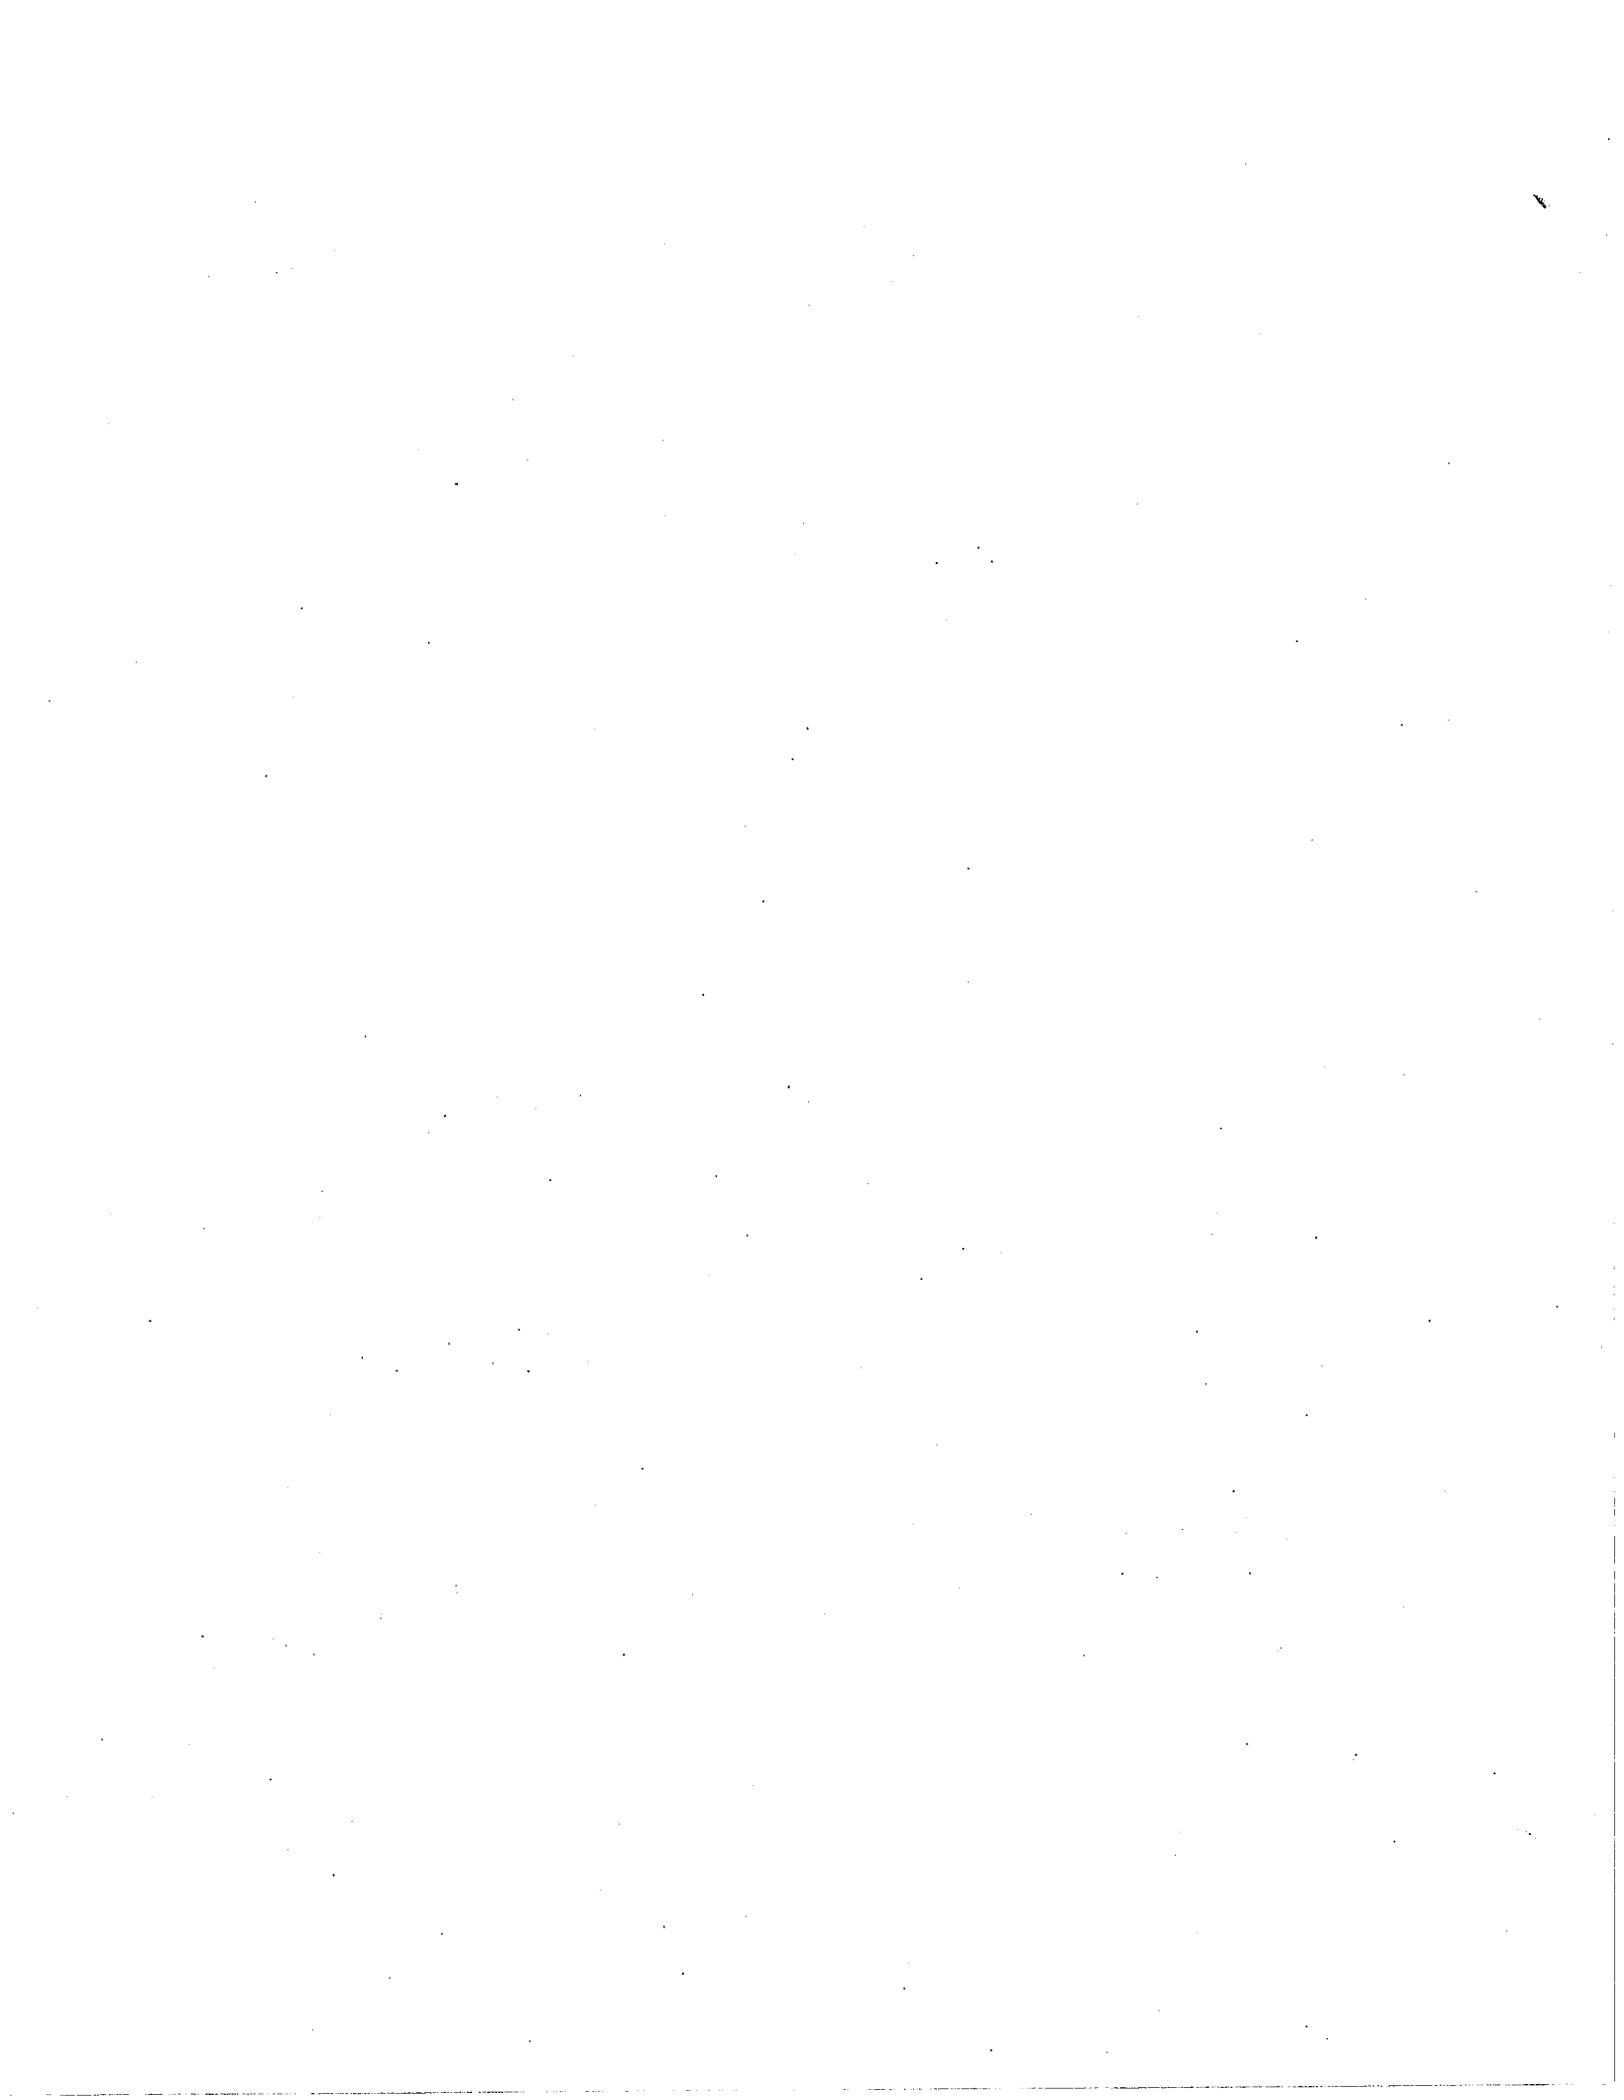

- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCDOT to inform DBEs of subcontracting opportunities?
- (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
- (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not? If a reasonable amount of DBEs in the area of work do not provide an intent to quote, or there are no DBEs that specialize in the area of work to be subcontracted, did the bidder call the SCDOT Office of DBE Program Development to give notification of the bidder's inability to obtain DBE quotes?
- (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
- (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
- (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
- (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
- (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
- (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
- (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
- (11) The DBE commitments submitted by all other bidders.

In the event one bidder is the apparent low bidder on more than one project located in the same geographical area in the same letting, the SCDOT will consider allowing the bidder to combine DBE participation as a part of the good faith effort, as long as the total of the DBE contract goals of all projects is achieved.

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCDOT will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCDOT determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCDOT will notify

the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCDOT Director of Construction supporting its position.

The State Highway Engineer will designate an official who did not take part in the original determination (hereinafter referred to as the "Reconsideration Official"), to reconsider the bidder's DBE commitment or good faith efforts. The Reconsideration Official will contact the bidder and schedule a meeting. The Reconsideration Official will make reasonable efforts to accommodate the bidder's schedule; however, if the bidder is unavailable or not prepared for a hearing within ten (10) calendar days of receipt of the SCDOT original written determination, the bidder's reconsideration rights will be considered to have been waived.

The meeting will be held at the SCDOT Headquarters Building, 955 Park Street, Columbia, South Carolina. The bidder will be allowed up to two hours to present written or oral evidence supporting its position.

The Reconsideration Official will issue a written report to the State Highway Engineer. The SCDOT shall not award the contract until the State Highway Engineer issues a decision or the bidder waives its reconsideration right either through failure to request reconsideration or failure to be available for the meeting.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCDOT also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The electronic DBE BIN file found on the electronic bidding service website, *Bid Express*, contains data from the "Directory of Certified Disadvantaged Business Enterprises" approved for use in each particular letting. **The file must be downloaded for each letting because the directory approved for use in each letting may differ.** The bidder is advised that this directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory contained in the DBE BIN file current for the month the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified, unless prior written approval from the SCDOT is obtained. The bidder and the DBE must jointly apply to the SCDOT's Director of Construction for approval of work in an area of work other than that in which the DBE has been certified. The requested work must be in an area related to the area of work in which the DBE has been certified. Such request must be submitted in writing to the Director of Construction no later than ten (10) days prior to the date of the letting. The Director of Construction has the right to approve or disapprove the request. The Director of Construction will give the bidder and the DBE written notice of his decision no later than five (5) days prior to the date on which bids are received. If approved, a copy of the written approval must accompany the submission of the subcontractor's quote.

Certification of a DBE for work in a certain area of work or approval to perform work in a related area shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

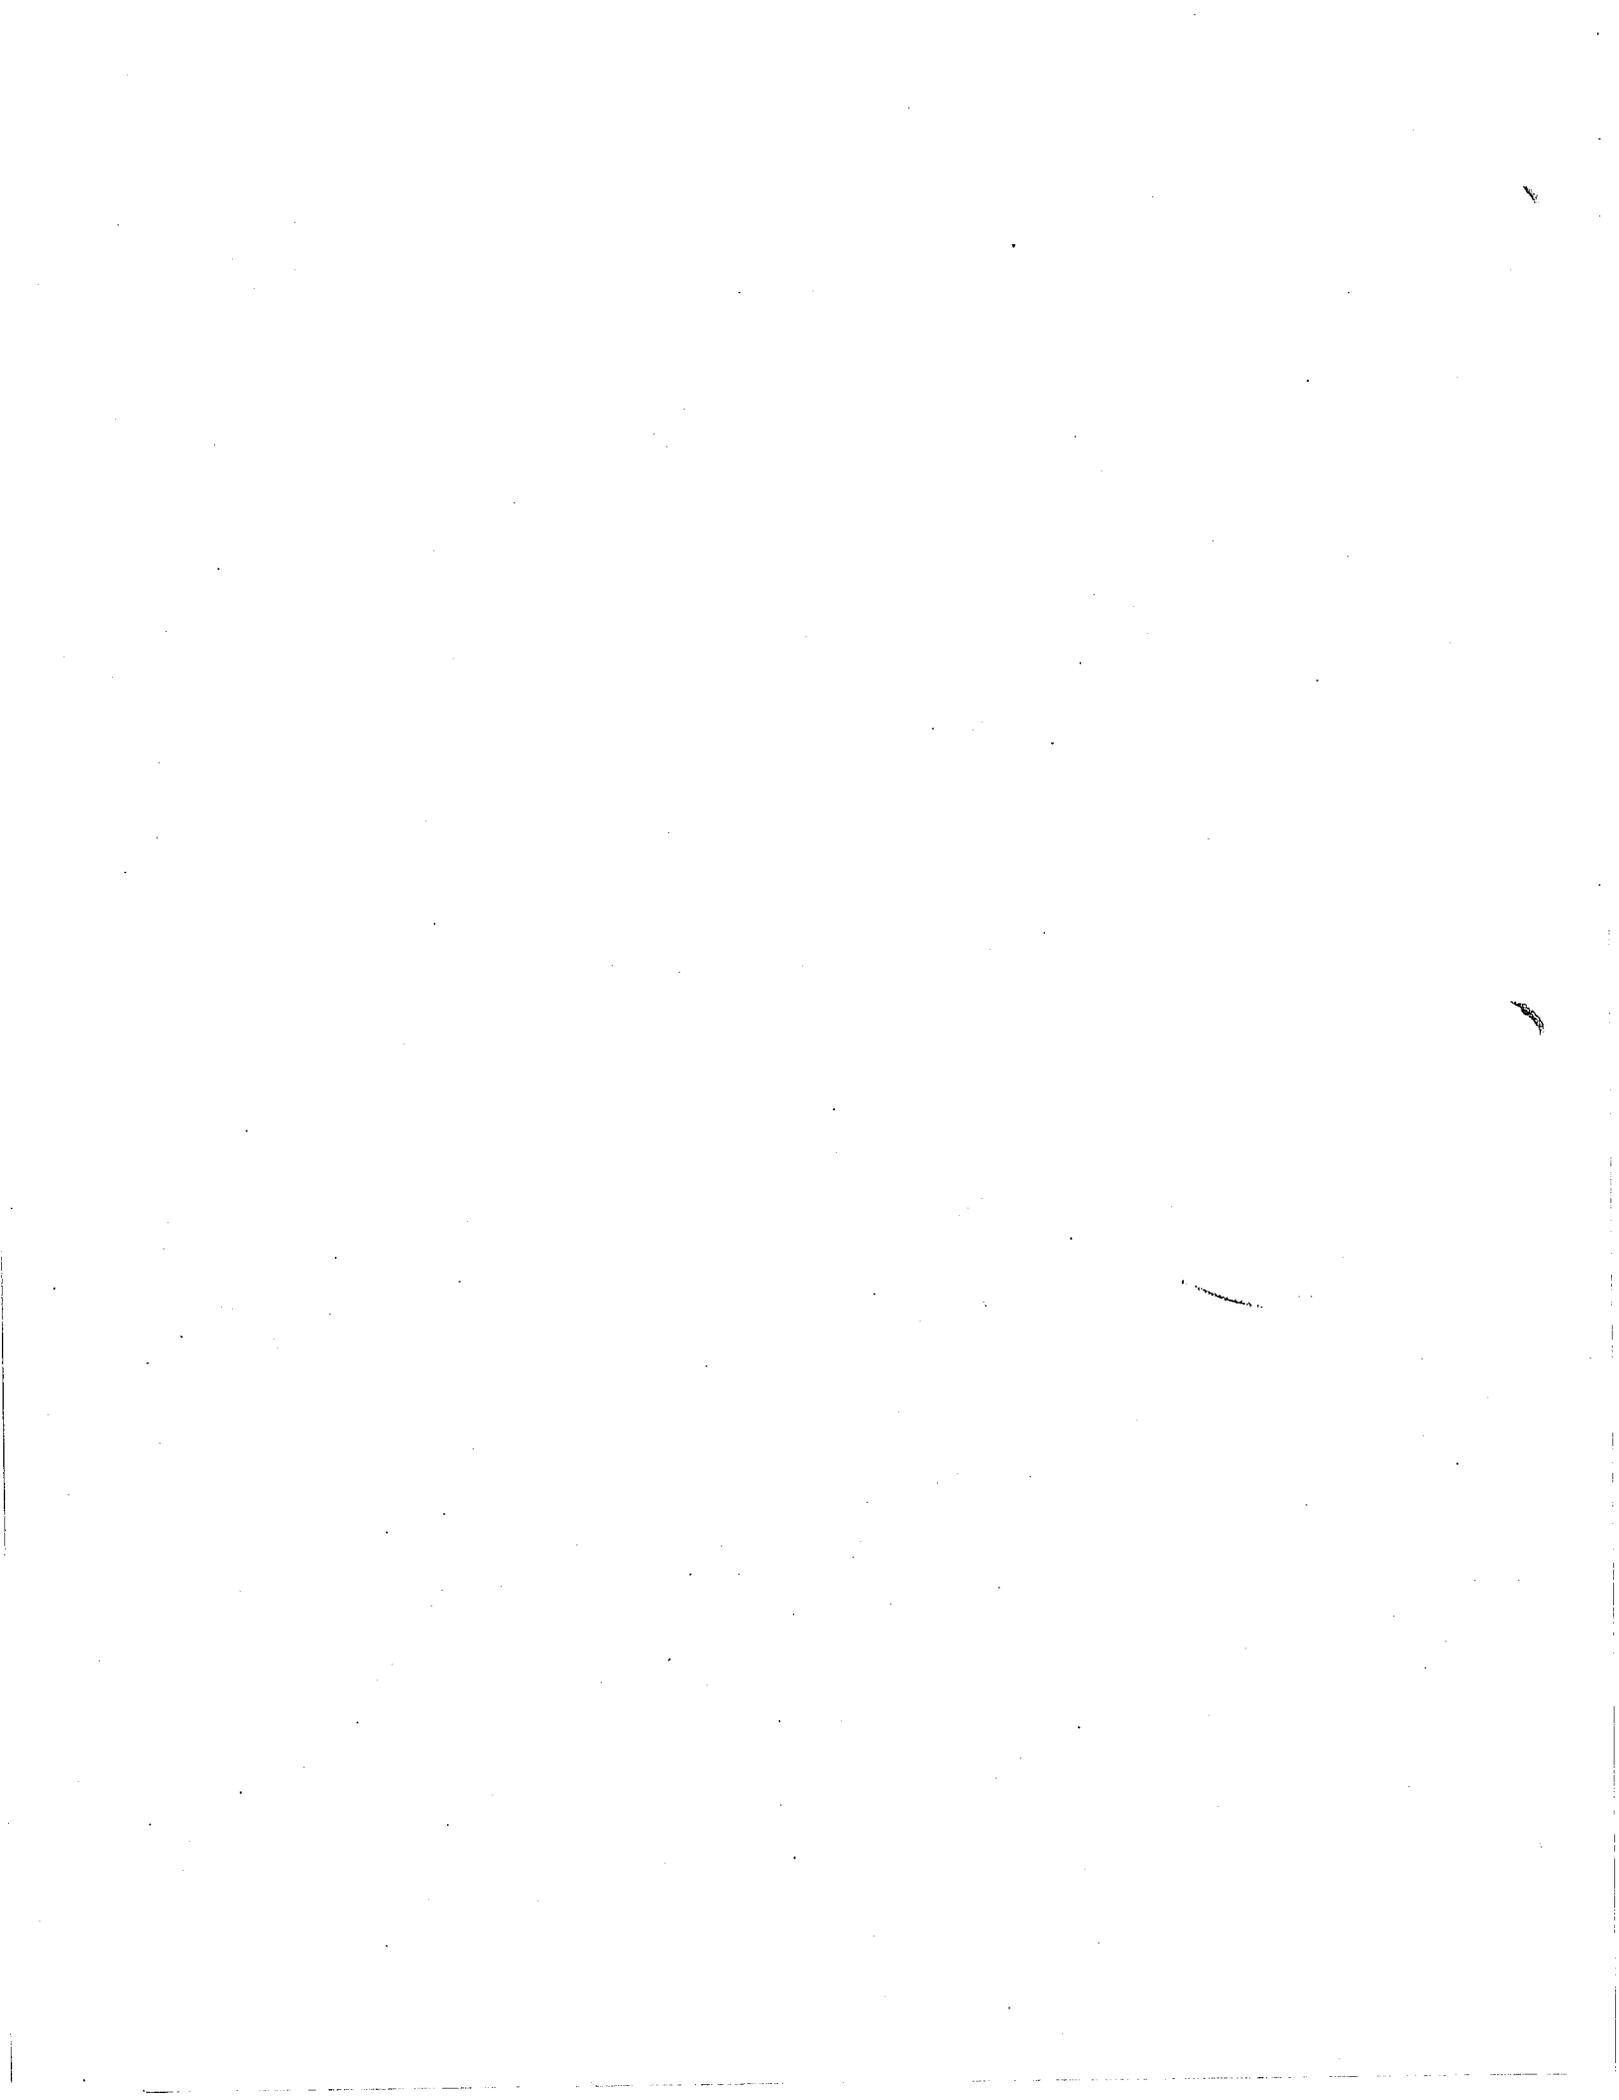

7. **ADDITIONAL DBE PARTICIPATION**

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the Quarterly Reports.

8. **CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION**

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project. As a condition to prequalification or renewal of prequalification, Contractors must submit the names and addresses of all firms (DBE and non-DBE) who quoted the Contractor for subcontracts on SCDOT projects throughout the course of the previous year.

Subcontractors should also keep a list of second tier subcontractors who bid or quote on second tier subcontracts. As a condition to approval as a subcontractor, SCDOT will require a subcontractor to submit, or have submitted within the previous year, the names and addresses of all firms (DBE and non-DBE) who quoted the subcontractor for second tier subcontracts on SCDOT projects throughout the course of the previous year. A subcontractor will not be approved for work on a SCDOT project until the subcontractor has submitted this information.

Re: DOT DBE Bidding Requirements

Dr. Arlene Prince,

Loveless Commercial Contracting bid on the James E Clyburn Transit Research Center project H24-9573-AC at SCSU on 01/28/10. I received a letter from SCSU on 02/05/10 stating our bid was found to be non-responsive. I sent a letter on 02/05/10 to SCSU requesting a reason why my bid was found to be non-responsive. I did not receive an answer back. A FOI request on 03/02/10 yielded an indication that it was related to my good faith effort toward DBE participation. Although I still do not have a direct answer.

A Notice of Intent to Award has been posted dated 2/14/10 listing the 16th highest out of 17 bids as the successful bidder. Apparently at least 14 other professional estimators were also found to be non-responsive.

I reread the rules as they were presented in the spec book and in my opinion I did conform to those rules. I have never had a problem in the past, thus my conclusion is that there is some technicality that I must have completed wrong in my paperwork. Such as my failure to use the word reconsideration in my letter of 02/05/10 which enabled SCSU to ignore my request for an answer.

I am therefore appealing to you to please point me in the direction of the DOT DBE good faith effort rules. I looked over the Doing Business with SCDOT website and did not see instructions that detail what constitutes a good faith effort and how the effort is scored.

Thank you for your time and attention to this matter.

Sincerely,

Doug Price

March 2, 2010

Mr. Doug Price
Loveless Commercial Contracting, Inc.
1821 State Street
Cacye, SC 29033

Mr. Price:

South Carolina State University has received your request for all documentation as to why Loveless Contracting's bid (January 28, 2010) on the James E. Clyburn Transit Research Center was declared non-responsive.

Please note that all documentation as to why the bid in question was declared non-responsive is included in the bid documents as well as the attached documentation included in this mailing.

Please direct your attention to Volume I of the Project Manual dated 11/25/09. It is stated in the DBE Instructions to Bidders, under Section 5, on page 4 of 5, "Failure on the part of the bidder to meet the DBE goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next...." In addition, Section 6C of the DBE Instructions to Bidders, Evaluation of a Good Effort, describes how bids are to be evaluated concerning the bidder's commitment to the DBE goal.

Furthermore, Section 4, Determination and Reconsideration Procedures, states: "The bidder must make a request for reconsideration in writing within two (2) days of the receipt of determination." No such request was received from Loveless Commercial Construction.

Sincerely,

Ken Davis
South Carolina State University
Director of Planning and Construction

Re: H24-9573-AC Transit Research Center

Dear Mr. White:

Loveless Commercial Contracting submitted a bid for the James E Clyburn Transit Research Center at South Carolina State University on 01/28/10.

After the bid opening, I received a letter from SCSU stating my bid was non-responsive. I wrote back on 02/05/10 asking why they thought my bid was non-responsive and SCSU never responded. I have looked over the bid and I do not see a reason for rejection.

I have now received the official intent to award listing the 16th out of 17th highest bidder as the winning bid. This number is almost \$760,000.00 more than the low bid and would appear to be a misuse of the public's money.

Now that the protest period has begun, time is of the essence. The school must reply to my letter so that I can submit an argument stating my case against the rejection of my bid.

I do hereby protest award of the project and request the protest period be lengthen so that there is ample time for the school to inform us as to why our bid was found non-responsive. We will then review their answer and form a response for your review.

Sincerely,

Doug Price

Subject: James E Clyburn Transit Research Center DBE Good Faith Effort

Jonathan,

Attached please find our documentation for DOT DBE participation in the James E Clyburn Transit Research Center project.

Included in this e-mail are the following items:

1. Our invitation to bid including an offer for assistance to qualified DBE's for bonds, credit lines, insurance, equipment, supplies and or materials. And stating we are willing to break up work packages to further to assist interested DBE's in participation.
2. A copy of the letters sent to the DOT DBE Program Development, Governor's Office and South Carolina Minority Business Enterprise Center requesting help in locating interested DBE's with a receipt showing a successful fax.
3. A copy of our ad as it ran in the Black News on 01-21-10.
4. A copy of our ad as it ran in The State newspaper on 01-17-10 requesting DBE participation with a notarized letter from The State attesting to the ad.
5. A copy of the list of DOT DBE's that were sent an invitation to bid with a written log of the follow up phone calls.

If I remember correctly, the only DBE I listed was Burriss Electric. I have since discovered that they are a DBE, but not a DOT DBE.

Please feel free to contact me if I can be of further assistance.

INSTRUCTIONS TO BIDDERS -- FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITTAL

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Committal Sheet. A sample DBE Committal Sheet is included in this proposal. Separate Committal Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

and Conference Center
 State No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.

(1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.

(2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.

- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING.** The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

and Conference Center
 State No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

- B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:
- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
 - (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
 - (3) Disqualification of the bidder from the contract in question.
- C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:
- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
 - (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
 - (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
 - (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
 - (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
 - (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
 - (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
 - (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
 - (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
 - (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
 - (11) The DBE commitments submitted by all other bidders.

11/25/09

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared **non-responsive**, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

SE-370 Notice of Intent to Award

AGENCY: South Carolina State University, Orangeburg, SC 29117

(Agency Name)

PROJECT: H24-9573-AC

(Project Number)

~~JEGTRCC~~ Transit Research Center

(Project Name)

TO ALL BIDDERS:

The Agency has determined that the below-named Bidder is responsible in accordance with the requirements of the Bidding Documents and has submitted the lowest responsive Bid. The Agency hereby announces its intent to enter into a contract with this Bidder for the construction of the above-named Project, subject to the provisions of SC law.

NAME OF BIDDER(S):

International Public Works

DATE BIDS WERE RECEIVED: January 28, 2010

AMOUNT OF BASE BID:

\$ 4,619,268.00

ALTERNATE(S) ACCEPTED: # N/A

Total: \$ 4,619,268.00

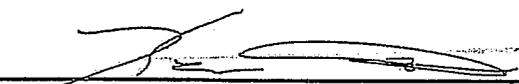

TOTAL AMOUNT OF BASE BID WITH ALTERNATE(S):

\$ N/A

Remarks: (In accordance with Chapter 6 of the OSE Manual, explain any negotiations that resulted in a change in either the Base Bid or the accepted Bid Alternates)

RIGHT TO PROTEST:

Any actual bidder, offeror, contractor or subcontractor who is aggrieved in connection with the intended award or award of this Contract may protest to the State Engineer in accordance with Section 11-35-4210 of the SC Code of Laws at: CPO, Office of State Engineer, 1201 Main Street, Suite 600, Columbia, SC 29201, EMAIL: protest-ose@mmo.sc.gov

Subject: James E Clyburn Transit Research Center DBE Good Faith Effort

Jonathan,

Attached please find our documentation for DOT DBE participation in the James E Clyburn Transit Research Center project.

Included in this e-mail are the following items:

1. Our invitation to bid including an offer for assistance to qualified DBE's for bonds, credit lines, insurance, equipment, supplies and or materials. And stating we are willing to break up work packages to further to assist interested DBE's in participation.
2. A copy of the letters sent to the DOT DBE Program Development, Governor's Office and South Carolina Minority Business Enterprise Center requesting help in locating interested DBE's with a receipt showing a successful fax.
3. A copy of our ad as it ran in the Black News on 01-21-10.
4. A copy of our ad as it ran in The State newspaper on 01-17-10 requesting DBE participation with a notarized letter from The State attesting to the ad.
5. A copy of the list of DOT DBE's that were sent an invitation to bid with a written log of the follow up phone calls.

If I remember correctly, the only DBE I listed was Burriss Electric. I have since discovered that they are a DBE, but not a DOT DBE.

Please feel free to contact me if I can be of further assistance.

Importance: High

To All Bidders:

Please see the attached letter requesting additional information concerning bids received on January 28, 2010. The additional information requested is to be received, by me, no later than 12:00p.m. tomorrow February 2, 2010. Please email, in PDF form, or hand deliver hard copies to the email or physical address listed below.

Thank you,

Jonathan Roberts

CONSTRUCTION DYNAMICS, INC.
A General Contracting and Construction Management Firm

February 1, 2010

To All James E. Clyburn Transit Research Center Bidders:

It appears that required Federal guidelines were not fully met in providing bid proposals for construction of the new James E. Clyburn Transit Research Center at South Carolina State University, on January 28, 2010. This project has a 20% DBE participation goal; however, the required Federal DBE Committal Sheets accompanying all bid proposals do not appear to have met the required goal using DBEs from the SCDOT Certified DBE Directory, as required in the bid documents.

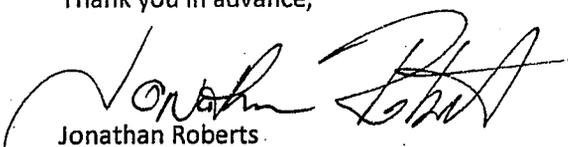

Please provide documentation, per the "FHWA Instruction to Bidders", to substantiate your firm's "Good Faith Effort" to properly meet the 20% participation goal set forth in the bid documents.

In addition, please provide documented verification of the DBE status of such firms listed in your bid proposal.

This request is not to be construed as an opportunity to submit additional bid information, as the agency will only evaluate documentation that substantiates the "Good Faith Effort" made when bid proposals were opened.

NOTE: All documentation demonstrating your firm's DBE participation "Good Faith Efforts" must be received by me no later than 12:00 p.m. on February 2, 2010, no exceptions.

Thank you in advance,

Jonathan Roberts

INSTRUCTIONS TO BIDDERS – FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) – Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITMENT

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Committal Sheet. A sample DBE Committal Sheet is included in this proposal. Separate Committal Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.
 - (1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.
 - (2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.
- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING.** The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

- B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:
- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
 - (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
 - (3) Disqualification of the bidder from the contract in question.
- C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:
- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
 - (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
 - (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
 - (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
 - (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
 - (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
 - (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
 - (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
 - (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
 - (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
 - (11) The DBE commitments submitted by all other bidders.

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

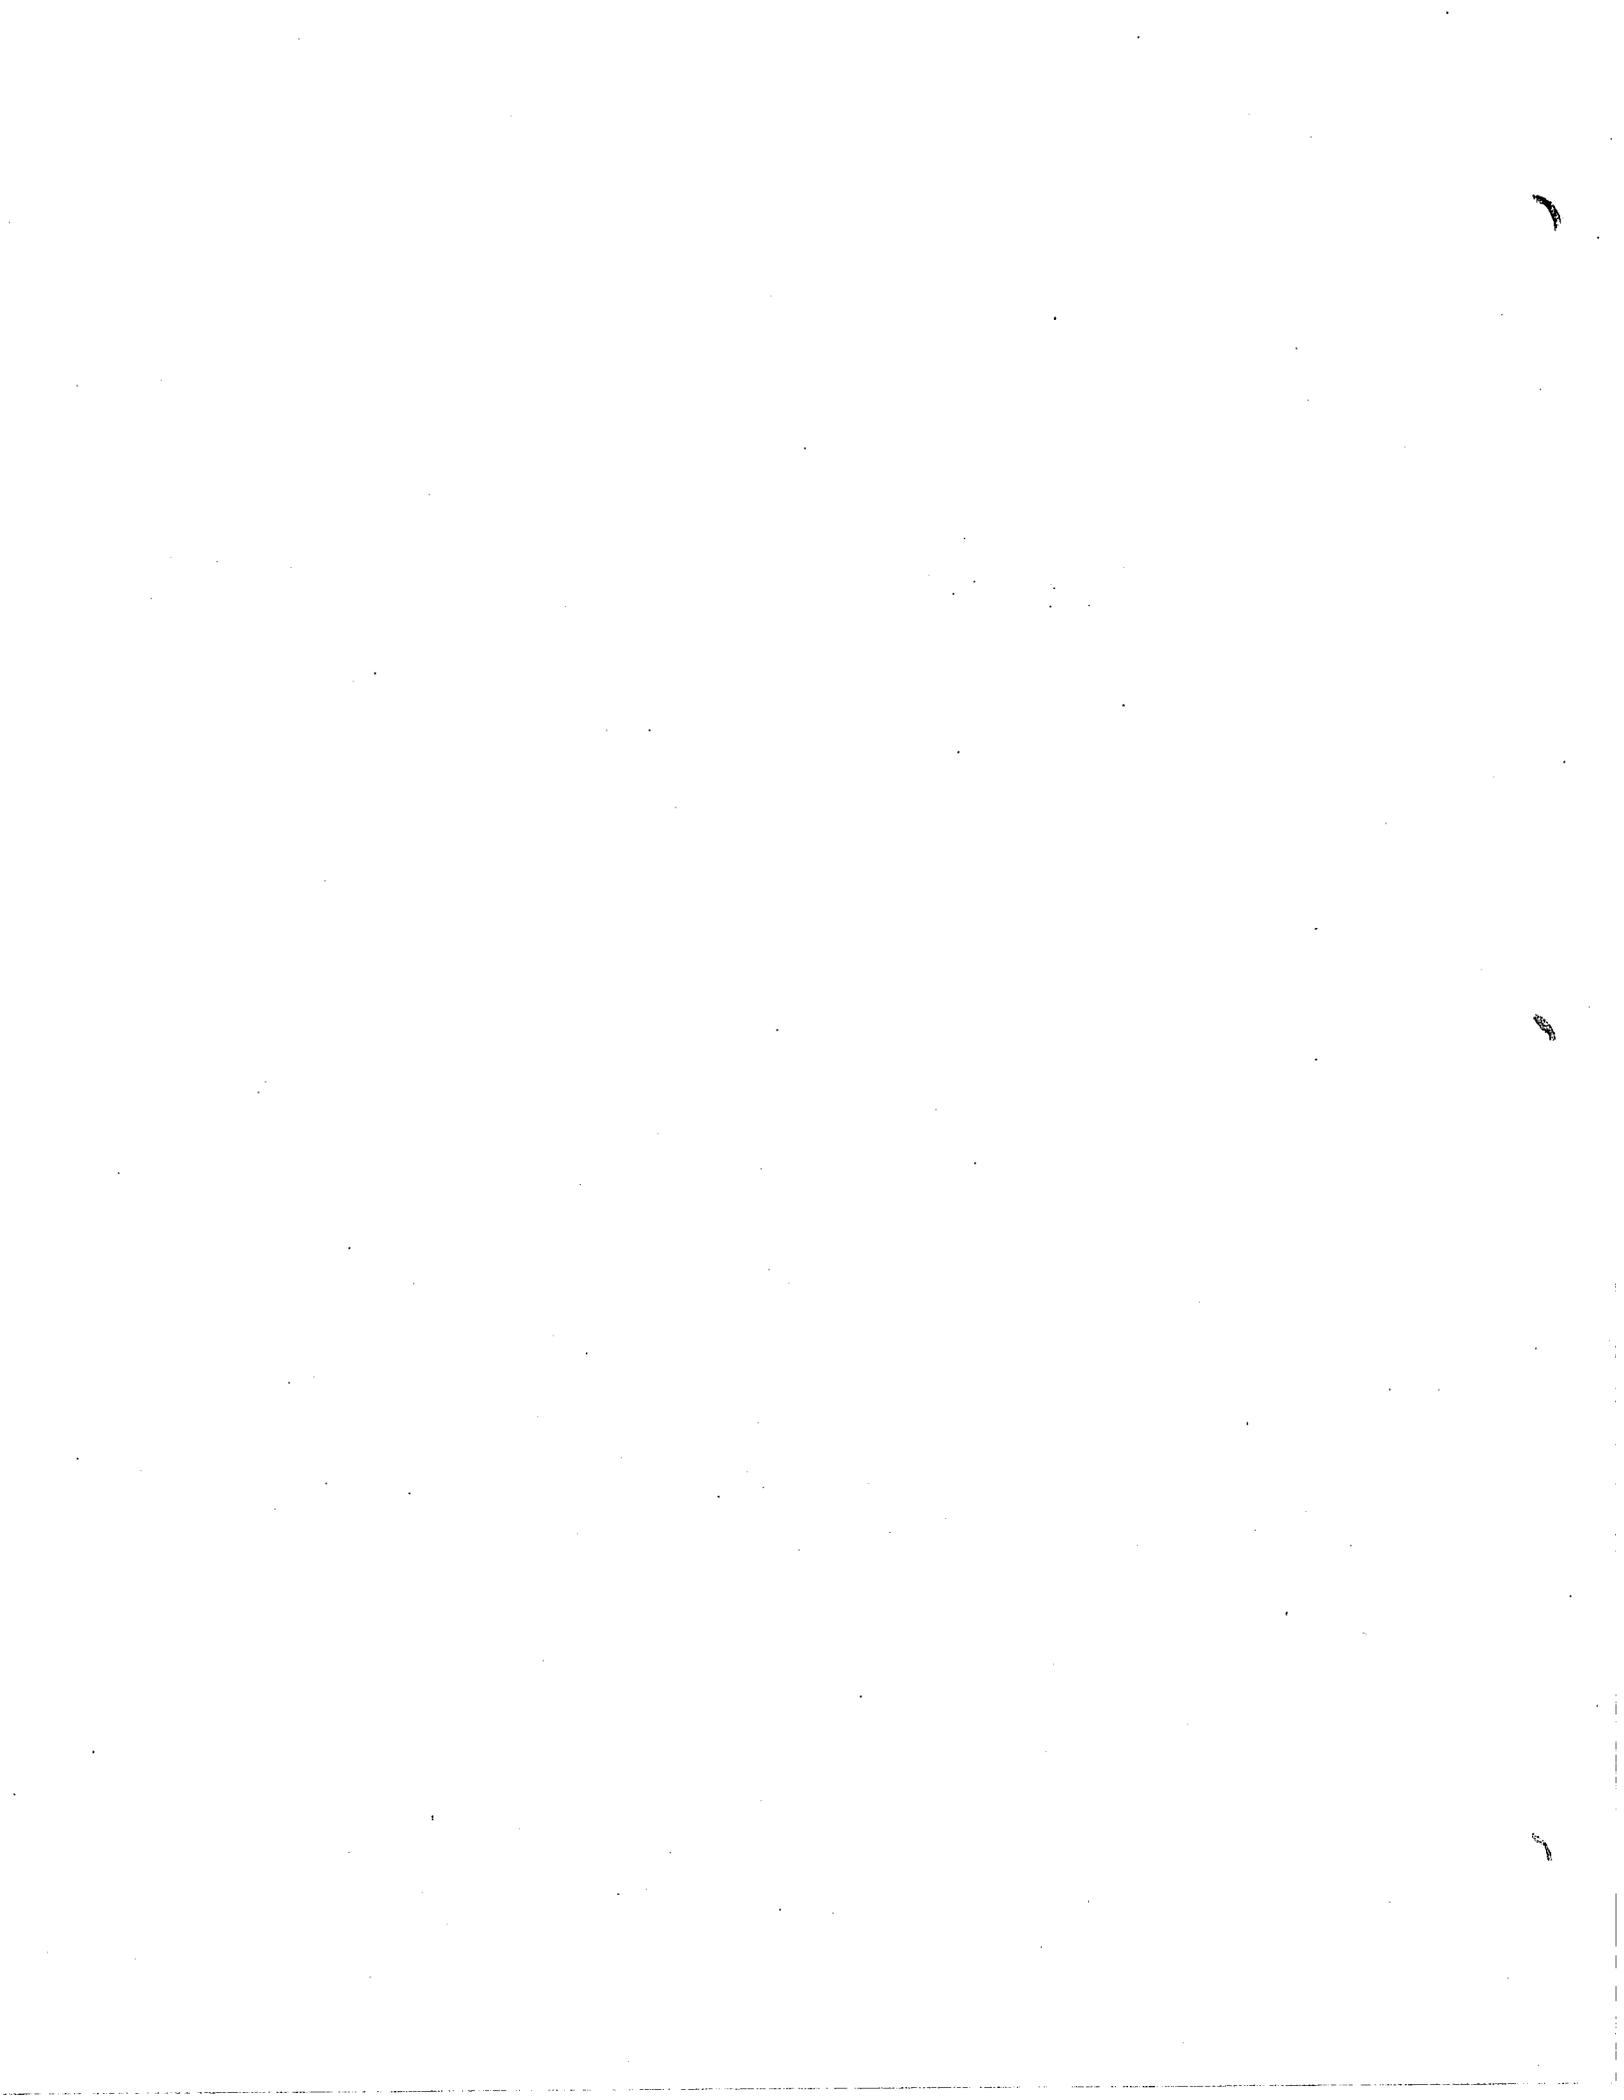

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

February 2, 2004

DISADVANTAGED BUSINESS ENTERPRISES (DBE) -- FEDERAL PROJECTS

1. POLICY

It is the policy of the South Carolina State University (SCSU) to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBE's) in all types of contracting and procurement activities according to State and Federal laws.

2. CONTRACTOR'S OBLIGATIONS

A. No Discrimination. Neither the Contractor nor its subcontractors shall discriminate on the basis of race, color, national origin, or gender in the performance of this contract. The Contractor shall carry out the applicable requirements of 49 CFR Part 26 and these supplemental specifications in the award and administration of this contract. Failure by the contractor to carry out these requirements is a material breach of the contract, and may result in the termination of the contract or such other remedy as SCSU deems appropriate.

B. Meeting the Goal or Making Good Faith Efforts to Meet the Goal. It is the Contractor's responsibility to meet the DBE contract goal stated in the "Instructions to Bidders -- Federal Projects -- DBE Requirements" (hereinafter referred to as "Instructions to Bidders") or to make good faith efforts to meet the DBE contract goal. The Instructions to Bidders is incorporated herein by reference and made a part of this contract. Failure to meet the goal or demonstrate good faith efforts to meet the goal may result in any one or more of the following sanctions:

- (1) Withholding monthly progress payments;
- (2) Declaring the Contractor in default and terminating the contract;
- (3) Assessing sanctions in the amount of the difference in the DBE contract goal and the actual payments made to certified DBE's;
- (4) Disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A, of the S. C. Code of Laws; and/or
- (5) Requiring the Contractor to obtain DBE participation on future contracts to the extent the Contractor failed to meet or use good faith efforts to meet the DBE contract goal.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

C. Using the DBE's shown on the Committal Sheet to Perform the Work. The Contractor must utilize the DBE's listed on the "DBE Committal Sheet" to perform the work and supply the materials for which they are listed unless the Contractor obtains prior written approval to perform the work with other forces or obtain the materials from other sources. (See Replacement Procedures in Section 3(B).) The Contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or, with prior written approval of SCSU, by other forces (including those of the Contractor).

D. Incorporating Certain Provisions in Subcontracts. The Contractor shall provide SCSU with a copy of all DBE subcontracts. The Contractor shall ensure that all subcontracts or agreements with DBE's to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with these Supplemental Specifications. The contractor is advised to insert the following provision in each subcontract or agreement: "This contract or agreement shall be performed in accordance with the requirements of the Supplemental Specification entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects" dated February 2004."

3. REPLACEMENT OF CERTIFIED DBE'S

A. Requirement for Replacement. The following shall apply to replacement of a DBE listed on the "DBE Committal Sheet":

- (1) When a listed DBE is unable or unwilling to perform the work in accordance with the subcontract, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of contract and may be cause for the imposition of the sanctions set forth in Section 2(B).
- (2) When a listed DBE is decertified or removed from the DBE Directory after execution of a valid subcontract agreement with the Contractor:
 - a. The Contractor may continue to utilize the decertified DBE on the contract and receive credit toward the DBE contract goal for the DBE's work unless the Contractor is implicated in the DBE decertification. However, the Contractor is encouraged to replace the decertified DBE with a certified DBE where feasible.
 - b. If a listed DBE is removed from the DBE Directory due to graduation from the DBE program, the Contractor may continue to utilize the graduated DBE on the contract and receive credit toward the DBE contract goal for the DBE's work.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

⑨ When a listed DBE is decertified or removed from the DBE Directory prior to execution of a valid subcontract agreement with the Contractor, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of the contract and may be cause for the imposition of the sanctions set forth in Section 2(B) above.

B. Replacement Procedures. In order to replace a listed DBE, the Contractor must obtain prior approval from SCSU. To request such approval, the Contractor shall notify SCSU and the DBE, and provide documentation of the need and reasons for replacement. If the DBE consents to the replacement, the Contractor shall also provide SCSU with the DBE's written consent. If the DBE's consent cannot be obtained, the Contractor shall notify SCSU that the DBE's consent could not be obtained. In no case shall the Contractor's ability to negotiate a more advantageous contract with another subcontractor be considered a valid basis for replacement. If the Contractor obtains the SCSU's approval for the replacement, the Contractor shall replace the listed DBE with another certified DBE or make good faith efforts to do so as set forth in Section 3(C). Any DBE who is certified at the time of replacement may be used as a replacement. If SCSU does not approve of replacement, the Contractor shall continue to use the listed DBE in accordance with the contract. Failure to do so may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

C. Good Faith Efforts. After approval for replacement is obtained, if the Contractor is not able to find a replacement DBE, the Contractor shall provide SCSU with documentation of its good faith efforts to find a replacement. This documentation shall include, but is not limited to, the following:

- (1) Copies of written notification to certified DBE's that their interest is solicited in subcontracting the work defaulted by the previous certified DBE or in subcontracting other items of work in the contract.
- (2) Statement of efforts to negotiate with certified DBE's for specific subbids including at a minimum:
 - a. Names, addresses and telephone numbers of certified DBE's who were contacted;
 - b. Description of the information provided to certified DBE's regarding the plans and specifications for portions of the work to be performed;
 - c. Statement of why additional agreements with certified DBE's were not reached.
- (3) For each certified DBE contacted but rejected the reasons for the Contractor's rejection. Failure to find a replacement DBE at the original price is not in itself evidence of good faith.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

If SCSU determines that the Contractor has made good faith efforts to replace the listed DBE with another certified DBE, then the remaining portion of the DBE's work shown on the DBE Committal Sheet can be completed by the Contractor's own forces or by a non-DBE subcontractor approved by the SCSU. The Contractor will not be required to make up that part of the DBE goal attributable to the portion of work not completed by the listed DBE, and this shortfall in meeting the DBE goal will be waived by the SCSU.

If SCSU determines that the Contractor has not made good faith efforts to replace the listed DBE with another certified DBE, such failure may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

D. Payment from SCSU. The Contractor shall not be entitled to payment for work or material committed to a listed DBE unless:

- (1) The work is performed by the listed DBE; or
- (2) The work is performed by another certified DBE after SCSU has given approval to replace the listed DBE as provided above; or
- (3) The work is performed by a non-DBE after SCSU determines that the Contractor has demonstrated good faith efforts to replace the listed DBE as provided above.

4. COUNTING CERTIFIED DBE PARTICIPATION TOWARD MEETING THE DBE GOAL

DBE participation shall be measured by the actual, verified payments made to DBE's subject to the following rules (all references to "DBE" herein shall mean "certified DBE"). The Contractor is bound by these rules in regard to receiving and reporting credit toward the DBE contract goal. The Contractor shall report on Quarterly Reports only the amounts properly attributable toward the goal under these rules.

A. General Counting Rules.

- (1) The entire amount of that portion of a construction contract (or other contract not covered by paragraph A(2) of this section) that is performed by the DBE's own forces may be counted toward the goal. The cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate) can be counted toward the goal.
- (2) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goals.
- (3) The Contractor can count expenditures to a DBE only if the DBE is certified by SCDOT, except as provided in section 3A(2) of these supplemental specifications, in the event a DBE loses eligibility status after a subcontract is signed.

James E. Clyburn Transportation Research
and Conference Center
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

- (4) The Contractor can count expenditures to a DBE only after the DBE has actually been paid.

B. Joint Ventures.

When a DBE performs as a participant in a joint venture, the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces can be counted toward DBE goals.

C. Commercially Useful Function. Expenditures to a DBE contractor can be counted toward DBE goals only if the DBE is performing a commercially useful function on that contract:

- (1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SCSU will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
- (2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SCSU will examine similar transactions, particularly those in which DBE's do not participate.
- (3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SCSU will presume that it is not performing a commercially useful function.
- (4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (3) of this section, the DBE may present evidence to rebut this presumption. SCSU may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

- (5) SCSU's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to the USDOT.

D. DBE Manufacturers and Dealers. The Contractor can count expenditures with DBEs for materials or supplies toward DBE goals in accordance with the following rules:

- (1) DBE Manufacturers. If the materials or supplies are obtained from a DBE manufacturer, the Contractor can count 100 percent of the cost of the materials or supplies toward DBE goals. For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. The DBE must be listed as a "manufacturer" in the SCDOT's DBE directory to be considered a manufacturer for purposes of these counting rules.
- (2) DBE Dealers. If the materials or supplies are purchased from a DBE regular dealer, the Contractor can count 60 percent of the cost of the materials or supplies toward DBE goals. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. The DBE must be listed as a "dealer" in the SCDOT's DBE directory to be considered a dealer for purposes of these counting rules.
- (3) DBE Brokers. The Contractor cannot count toward the DBE goal fees charged by a DBE who is neither a manufacturer nor a dealer. In this case the DBE is merely a broker of the supplies or materials.

5 REPORTS

The Contractor shall furnish to the SCSU the following reports and information.

A. Quarterly Reports. The Contractor shall provide to SCSU Quarterly Reports showing the dollar amount of payments to each certified DBE. The Contractor and each DBE that received payment must sign the report. The Contractor's and DBE's signature on the Quarterly Report shall constitute certification that the DBE has performed the work and that the Contractor is entitled to credit toward the DBE goal for the amount shown in accordance with the counting rules set forth in Section 4. The report shall include the amount paid each DBE for the quarter and the total amount paid to each DBE on the contract. The report must include DBE subcontractors, hauling firms, and suppliers. The report shall be submitted in

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

duplicate to SCSU by the 15th of the month after each calendar quarter (January, April, July, and October 15). Failure to submit the quarterly report may result in the withholding of monthly progress and/or final payment. The Quarterly Report must be submitted for each quarter even if no payments have been made to a DBE in that quarter. When no payments have been made to a DBE in a quarter, DBE's are not required to sign the report. The form utilized to report DBE Payments shall be substantially similar to the sample report form included in this proposal.

B. Other Documents. Upon request of SCSU, the Contractor and all subcontractors shall furnish documents, including subcontracts, necessary to verify the amount and costs of the materials or services provided by certified DBE suppliers or subcontractors. The Contractor shall keep the documents that verify this information for at least three years from the date of final settlement of the contract. Failure to provide these documents upon request may result in the withholding of monthly progress and/or final payment or disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A of the S.C. Code of Laws.

6. CONTRACT COMPLETION - DETERMINATION OF WHETHER CONTRACTOR HAS MET THE GOAL OR MADE GOOD FAITH EFFORTS

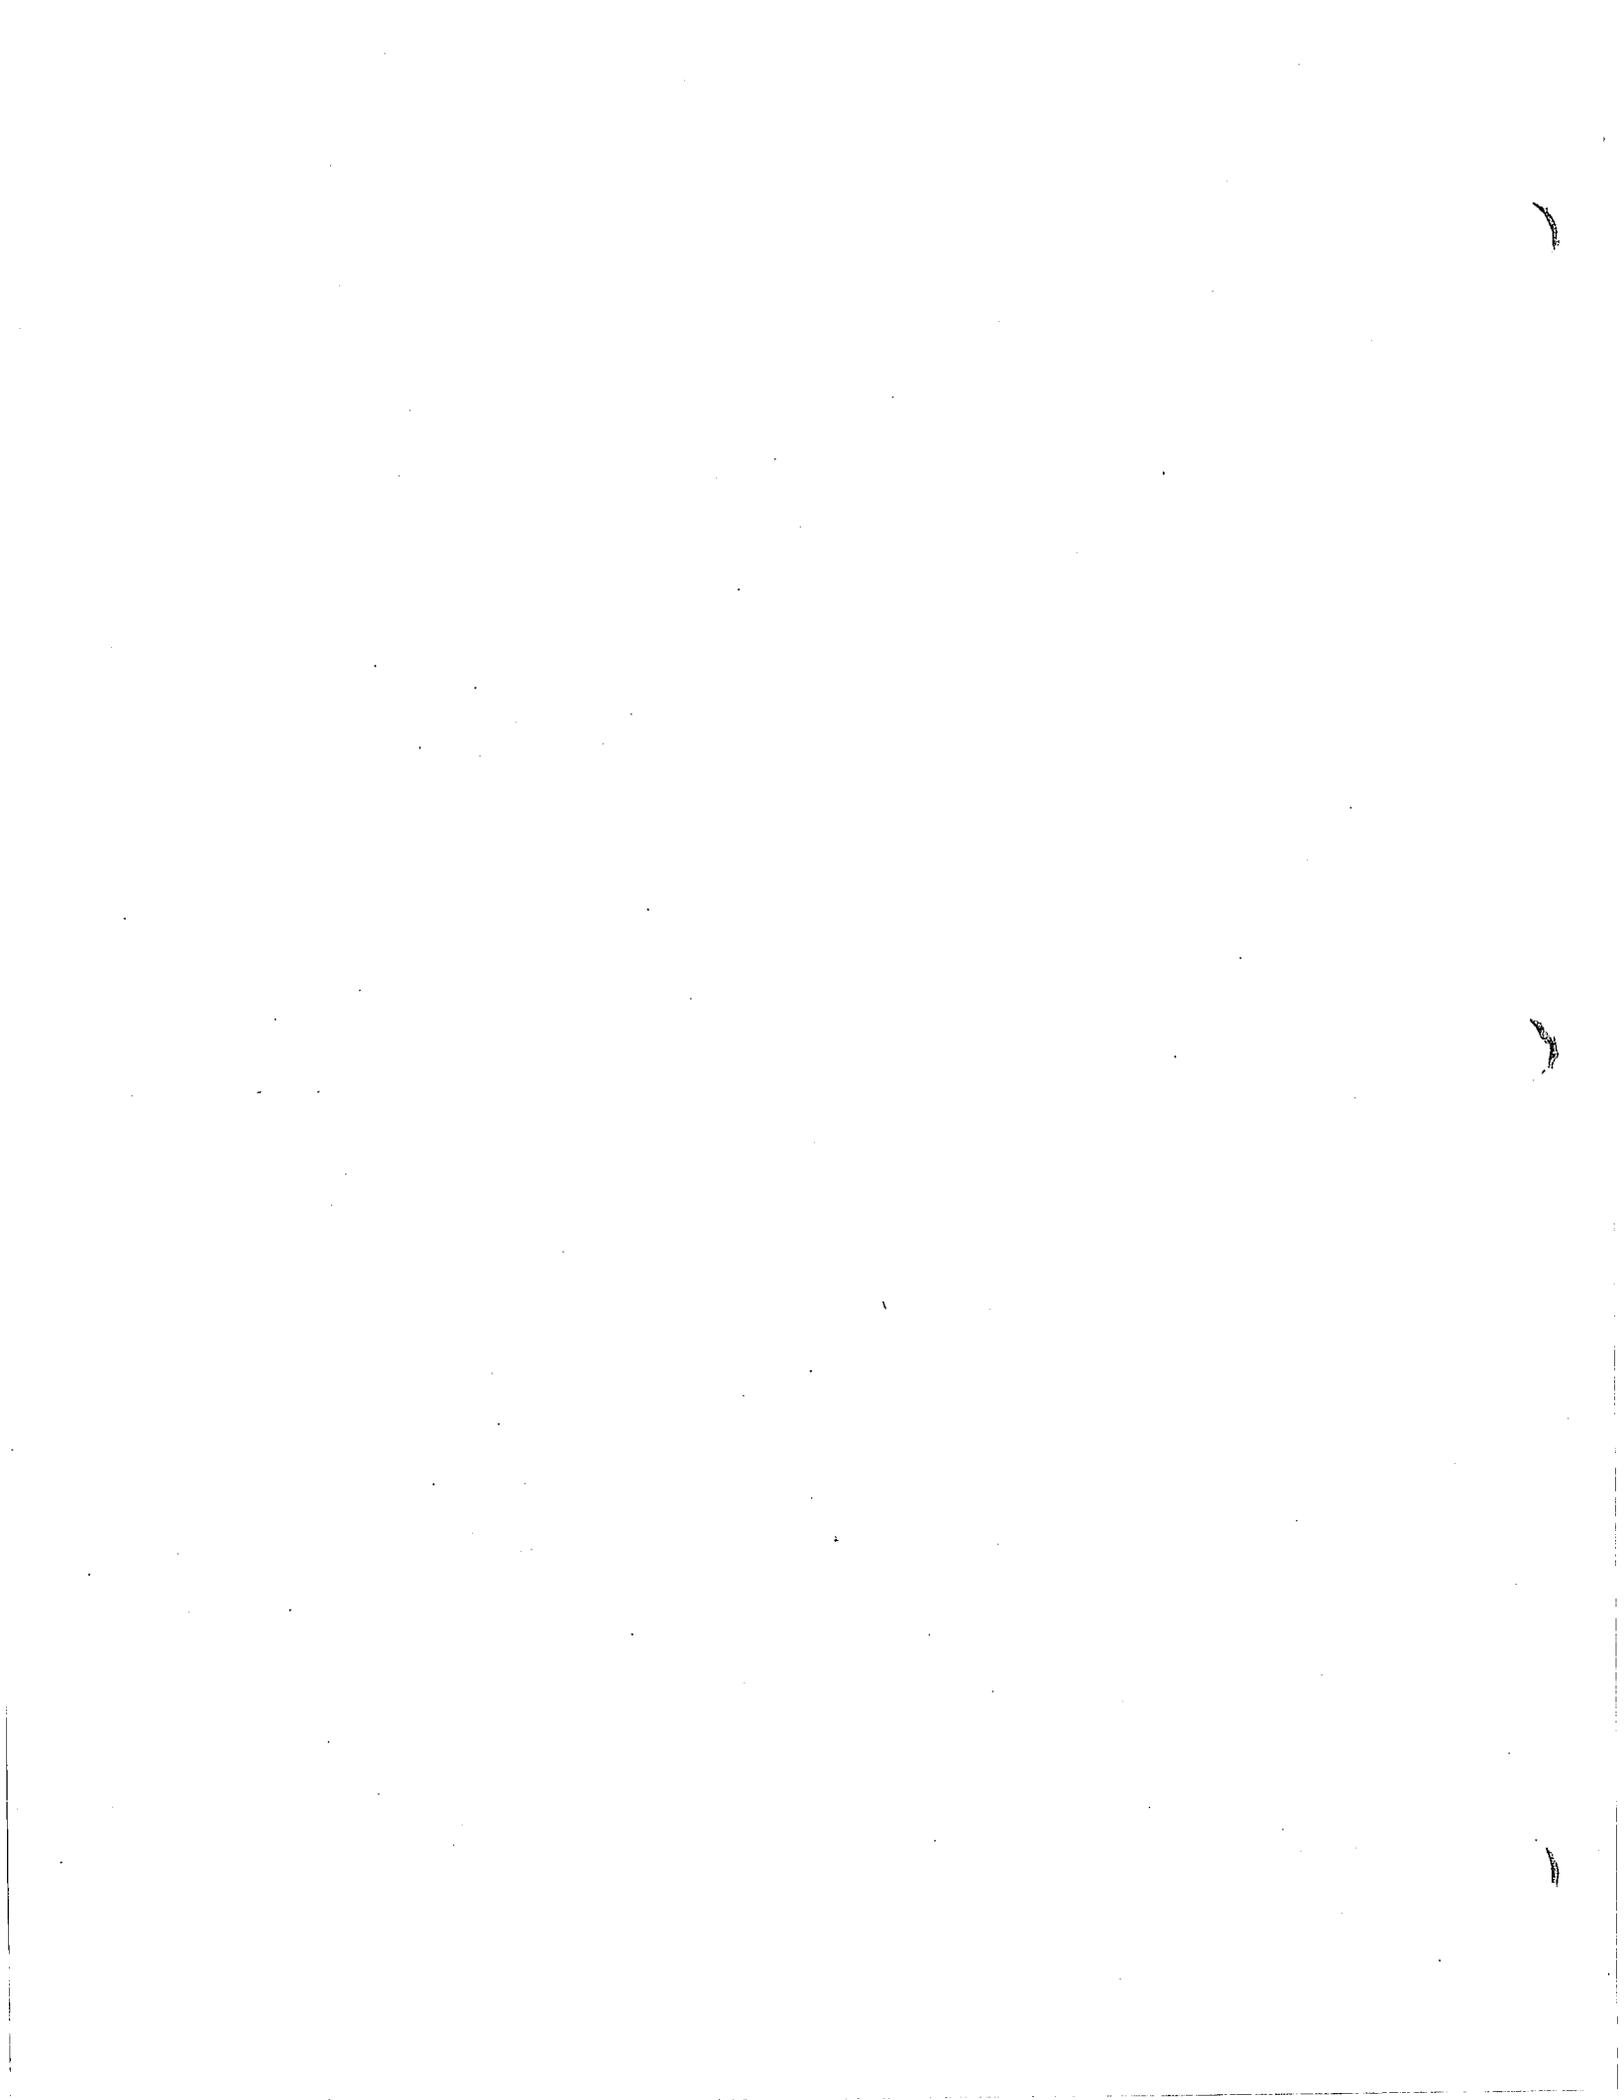

a. Review by SCSU. After receipt of the final Quarterly Reports, the SCSU will review the necessary contract documentation to determine whether the Contractor has met the DBE contract goal.

b. Notification of Failure to Meet Goal. If the documentation indicates that the Contractor has not met the DBE contract goal, SCSU will notify the Contractor and request documentation of the Contractor's good faith efforts to meet the goal.

c. Determination of Good Faith Efforts. The Contractor shall submit documentation demonstrating good faith efforts to meet the contract goal to SCSU within 30 days of the date of the "Notification of Failure to Meet Goal." SCSU will provide the Contractor with written notice of SCSU's determination whether good faith efforts have been demonstrated.

d. Request for Reconsideration. If the Contractor disagrees with SCSU's determination, the Contractor may request reconsideration by filing a written request with the SCSU within ten (10) days after receipt of the determination. The Contractor shall submit any additional documentation that it wishes to be considered in support of its position. If the Contractor fails to request reconsideration within ten (10) days, the determination shall be final.

Bid Form

ATTENTION BIDDER: FHWA forms and certifications are required as part of submission of bids

2008 Edition

Bids shall be submitted only on SE-330

BID SUBMITTED BY: RANDOLPH & SON BUILDERS, INC.
(Bidder's Name)

BID SUBMITTED TO: South Carolina State University
(Agency Name)

FOR PROJECT: H24-9573-AC JECTRCC - Transit Research Center Building Package
(Number) (Name)

OFFER

1. In response to the Form SE-310, *Invitation for Construction Bids*, and in compliance with the *Instructions to Bidders* for the above-named Project, the undersigned **BIDDER** proposes and agrees, if this Bid is accepted, to enter into a Contract with the **AGENCY** in the form included in the Bidding Documents, and to perform all Work as specified or indicated in the Bidding Documents, for the prices and within the time frames indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

2. Pursuant to Section 11-32-3030(1) of the SC Code of Laws, as amended, **BIDDER** has submitted Bid Security as follows in the amount and form required by the Bidding Documents:

Bid Bond with Power of Attorney Electronic Bid Bond Cashier's Check
(**BIDDER** check one)

3. **BIDDER**, by submitting this Bid, affirms that it has carefully examined the Bidding Documents and the other related data identified in the Bidding Documents, has visited the actual location of the Work, has satisfied itself as to all conditions and understands that, in signing this Bid Form, it waives all rights to plead any misunderstanding regarding same and agrees to be bound by the provisions of said Bidding Documents and all statements made therein.

4. **BIDDER** acknowledges the receipt of the following Addenda to the Bidding Documents and has incorporated the effects of said Addenda into its Bid:
ADDENDUM No: 1-1/20/10

5. **BIDDER** accepts all terms and conditions of the *Invitation for Construction Bids*, including, without limitation, those dealing with the disposition of Bid Security. **BIDDER** agrees that this Bid, including all Alternate Base Bids, may not be revoked or withdrawn after the opening of bids, and shall remain open for acceptance for a period of 60 Days following the Bid Date, or for such longer period of time that **BIDDER** may agree to in writing upon request of the **AGENCY**.

6. **BIDDER** herewith submits its offer to provide all labor, materials, equipment, tools of trades and labor, accessories, appliances, warranties and guarantees, and to pay all royalties, fees, permits, licenses and applicable taxes necessary to complete the following items of construction work:

6.1 BASE BID WORK (BASE BID NO. 1) (as indicated in the Bidding Documents and generally described as follows):

This phase of the project consists of the construction of a new Transit Research Center building of approximately 8,500 square feet, a Chiller Plant, and Site Completion work and landscaping. The new structure consists of administration, research, and educational space; outside mechanical yard with chiller system; natural gas piping, site lighting, and fueling station with underground gasoline/diesel storage tank.

3,956,000.00, which sum is hereafter called the **BASE BID No. 1**.
(enter BASE BID in figures only)

SE-330 Bid Form

2008 Edition

LISTING OF PROPOSED SUBCONTRACTORS

1. A Subcontractor is an entity who will perform work or render service to the prime contractor to or about the construction site. Material suppliers, manufacturers and fabricators are not Subcontractors and are not to be listed.
2. Bidder must list in its bid the name of only those Subcontractors that will perform the work so identified in the Invitation.
3. If Bidder determines to use its own employees to perform any portion of the work listed below, and if Bidder is qualified to perform such work under the terms of the Bidding Documents, Bidder must list itself in the appropriate place in its bid and not subcontract any of that work except with the approval of the Agency for good cause shown.
4. Bidder's failure to list a Subcontractor for each listed Specialty Subcontractor will render the BID non-responsive.
5. A Subcontractor listed for an Alternate Base Bid must be used for all work if the Alternate Base Bid is accepted.
6. Bidder hereby states its commitment to use the below-listed Subcontractors in the performance of the Subcontractor Specialty work listed:

SUBCONTRACTOR SPECIALTY (COMPLETED BY A/E)	SUBCONTRACTOR OR PRIME CONTRACTOR'S NAME (MUST BE COMPLETED BY BIDDER)	SUBCONTRACTOR'S SC LICENSE NUMBER (For Information)
BASE BID 1		
Mechanical Installer	W.O. BLACKSTONE	M1806
Electrical Installer	BURRIS ELEC.	M3536
Plumbing Installer	BARWICK	M108675
BASE BID 2		
N/A	N/A	N/A
BASE BID 3		
N/A	N/A	N/A

SE-330 Bid Form

2008 Edition

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The **BIDDER** shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, *Certificate of Substantial Completion*~~, shall be (350) CALENDAR DAYS from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, *Certificate of Final Completion*~~, shall be (30 days) CALENDAR DAYS from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

- 1 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step One Liquidated Damages** the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
- 2 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step Two Liquidated Damages** the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
- 3 The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an **Early Completion Award** in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, **BIDDER** hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the **BIDDER** to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The **BIDDER** shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No **BIDDER** whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the **BIDDER** to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, **BIDDER** will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. **BIDDER** agrees to provide all information requested by the **AGENCY** to support the **AGENCY'S** evaluation and determination of the **BIDDER'S** responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the **AGENCY** within SEVEN (7) DAYS from date of receipt by the **BIDDER** by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by **BIDDER** to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The **BIDDER** certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

ELECTRONIC BID BOND

By signing below, the Principal is affirming that the identified electronic bid bond has been executed and that the Principal and Surety are firmly bound unto the State of South Carolina under the terms and conditions of the Form SE-335 included in the Bidding Documents.

POWER OF ATTORNEY

Safeco Insurance Company of America
General Insurance Company of America
1001 4th Avenue
Suite 1700
Seattle, WA 98154

No 12642

KNOW ALL BY THESE PRESENTS:

That SAFECO INSURANCE COMPANY OF AMERICA and GENERAL INSURANCE COMPANY OF AMERICA, each a Washington corporation, does each hereby appoint

*****RAMONA FEWELL; RAYMOND J. GARRUTO; BRAD W. GIBSON; MARTIN D. PALLAZZA; DEBRA S. RITTER; ANGELA M. YOUNT; Charlotte, North Carolina*****

is true and lawful attorney(s)-in-fact, with full authority to execute on its behalf fidelity and surety bonds or undertakings and other documents of a similar character issued in the course of its business, and to bind the respective company thereby.

IN WITNESS WHEREOF, SAFECO INSURANCE COMPANY OF AMERICA and GENERAL INSURANCE COMPANY OF AMERICA have each executed and attested these presents

this 21st day of March 2009

Dexter R. Legg

T. A. Mikolajewski

Dexter R. Legg, Secretary

Timothy A. Mikolajewski, Vice President

CERTIFICATE

Extract from the By-Laws of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA:

"Article V, Section 13 - FIDELITY AND SURETY BONDS ... the President, any Vice-President, the Secretary, and any Assistant Vice President appointed for that purpose by the officer in charge of surety operations, shall each have authority to appoint individuals as attorneys-in-fact or under other appropriate titles with authority to execute on behalf of the company fidelity and surety bonds and other documents of similar character issued by the company in the course of its business. On any instrument making or evidencing such appointment, the signatures may be affixed by facsimile. On any instrument conferring such authority or on any bond or undertaking of the company, the seal, or a facsimile thereof, may be impressed or affixed or in any other manner reproduced, provided however, that the seal shall not be necessary to the validity of any such instrument or undertaking"

Extract from a Resolution of the Board of Directors of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA adopted July 28, 1970

On any certificate executed by the Secretary or an assistant secretary of the Company setting out:

- (i) The provisions of Article V, Section 13 of the By-Laws; and
(ii) A copy of the power of attorney appointment, executed pursuant thereto; and
(iii) Certifying that said power of attorney appointment is in full force and effect,
the signature of the certifying officer may be by facsimile, and the seal of the Company may be a facsimile thereof.

I, Dexter R. Legg, Secretary of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA, do hereby certify that the foregoing extracts of the By-Laws and of a Resolution of the Board of Directors of these corporations, and of a Power of Attorney issued pursuant thereto, are true and correct, and that both the By-Laws, the Resolution and the Power of Attorney are still in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the facsimile seal of said corporation

this 28th day of January 2010

SE-335
Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT

Randolph & Son Builders, Inc., P. O. Box 410283, Charlotte, NC 28273

(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and

Safeco Insurance Company of America, 6230 Fairview Rd., Suite 230, Charlotte, NC 28210

(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of Washington, with its principal office in the City of Seattle, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

South Carolina State University

(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of Five Percent (5%) of Bid Amount being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC JECTRCC - Transit Research Center

(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

RE: James E. Clyburn Transit Research Center
SC State University

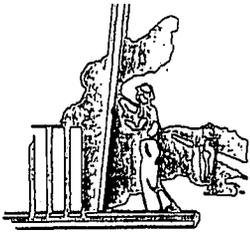

This is in response to your letter of today requesting documentation demonstrating our DBE participation "Good Faith Efforts". We took several steps to solicit bids from DBE subcontractors. First we attended the prebid meeting by SCSU. Then our Estimator for this project, Roger Chrismon, gathered a list of DBE's that would pertain to this project from the SCDOT directory. Almost two weeks before the bid date he faxed each of them an invitation to bid this project with all of the project information and where the plans are. I have enclosed his solicitations. The following week Landra Frasier followed up with a call to each one. She made notes of the outcome on the enclosed solicitation. Roger also made an advertisement in The Times and Democrat soliciting DBE subcontractors.

I believe that we made a concerted effort to find and give opportunities to DBE subcontractors and met the requirement in the specifications for a "Good Faith Effort".

If you have any question or if I can be of any further assistance please let me know.

Sincerely,

Chuck Randolph
Vice President

SE-370 Notice of Intent to Award

2008 Edition

AGENCY: South Carolina State University, Orangeburg, SC 29117

(Agency Name)

PROJECT: H24-9573-AC

(Project Number)

JECTRCC - Transit Research Center

(Project Name)

TO ALL BIDDERS:

The Agency has determined that the below-named Bidder is responsible in accordance with the requirements of the Bidding Documents and has submitted the lowest responsive Bid. The Agency hereby announces its intent to enter into a contract with this Bidder for the construction of the above-named Project, subject to the provisions of SC law.

NAME OF BIDDER(S):

International Public Works

DATE BIDS WERE RECEIVED: January 28, 2010

AMOUNT OF BASE BID:

\$ 4,619,268.00

ALTERNATE(S) ACCEPTED: # N/A

Total: \$ 4,619,268.00

TOTAL AMOUNT OF BASE BID WITH ALTERNATE(S):

\$ N/A

Remarks: (In accordance with Chapter 6 of the OSE Manual, explain any negotiations that resulted in a change in either the Base Bid or the accepted Bid Alternates)

RIGHT TO PROTEST:

Any actual bidder, offeror, contractor or subcontractor who is aggrieved in connection with the intended award or award of this Contract may protest to the State Engineer in accordance with Section 11-35-4210 of the SC Code of Laws at: CPO, Office of State Engineer, 1201 Main Street, Suite 600, Columbia, SC 29201, EMAIL: protest-ose@mimo.sc.gov

[Signature]
(Signature of Awarding Authority)

Subject: RE: SC State University - JECTRCC - Transit Research Center - BID TABULATION
Attachments: image001.png; image002.jpg; SE-370extension.pdf

Mr. Farley:

Please see contract provision "Instruction to Bidders – Federal Projects DBE Requirements":

Under Section 5 on page 4 of 5, it is stated *"Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive (emphasis added), and the award being made to the next..."*

Furthermore, the South Carolina Consolidated Procurement Code is very clear when Federal funds are provided on a project. Please see section 11-35-40 which specifies the application of the Code and compliance with Federal requirements.

Form SE-370 Notice of Intent to Award is attached.

CONSTRUCTION DYNAMICS, INC.
A General Contracting and Construction Management Firm

February 1, 2010

To All James E. Clyburn Transit Research Center Bidders:

It appears that required Federal guidelines were not fully met in providing bid proposals for construction of the new James E. Clyburn Transit Research Center at South Carolina State University, on January 28, 2010. This project has a 20% DBE participation goal; however, the required Federal DBE Committal Sheets accompanying all bid proposals do not appear to have met the required goal using DBEs from the SCDOT Certified DBE Directory, as required in the bid documents.

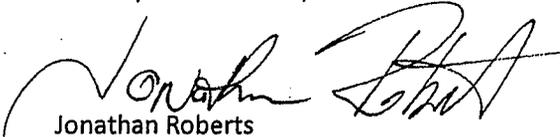

Please provide documentation, per the "FHWA Instruction to Bidders", to substantiate your firm's "Good Faith Effort" to properly meet the 20% participation goal set forth in the bid documents.

In addition, please provide documented verification of the DBE status of such firms listed in your bid proposal.

This request is not to be construed as an opportunity to submit additional bid information, as the agency will only evaluate documentation that substantiates the "Good Faith Effort" made when bid proposals were opened.

NOTE: All documentation demonstrating your firm's DBE participation "Good Faith Efforts" must be received by me no later than 12:00 p.m. on February 2, 2010, no exceptions.

Thank you in advance,

Jonathan Roberts

INSTRUCTIONS TO BIDDERS – FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) – Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITMENT

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Commitment Sheet. A sample DBE Commitment Sheet is included in this proposal. Separate Commitment Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.
 - (1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.
 - (2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.
- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING.** The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

11/25/09

**James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B**

- B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:
- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
 - (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
 - (3) Disqualification of the bidder from the contract in question.
- C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:
- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
 - (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
 - (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
 - (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
 - (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
 - (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
 - (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
 - (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
 - (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
 - (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
 - (11) The DBE commitments submitted by all other bidders.

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. **DETERMINATION AND RECONSIDERATION PROCEDURES**

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. **CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS**

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. **DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES**

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

February 2, 2004

DISADVANTAGED BUSINESS ENTERPRISES (DBE) -- FEDERAL PROJECTS

1. POLICY

It is the policy of the South Carolina State University (SCSU) to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBE's) in all types of contracting and procurement activities according to State and Federal laws.

2. CONTRACTOR'S OBLIGATIONS

A. No Discrimination. Neither the Contractor nor its subcontractors shall discriminate on the basis of race, color, national origin, or gender in the performance of this contract. The Contractor shall carry out the applicable requirements of 49 CFR Part 26 and these supplemental specifications in the award and administration of this contract. Failure by the contractor to carry out these requirements is a material breach of the contract, and may result in the termination of the contract or such other remedy as SCSU deems appropriate.

B. Meeting the Goal or Making Good Faith Efforts to Meet the Goal. It is the Contractor's responsibility to meet the DBE contract goal stated in the "Instructions to Bidders -- Federal Projects -- DBE Requirements" (hereinafter referred to as "Instructions to Bidders") or to make good faith efforts to meet the DBE contract goal. The Instructions to Bidders is incorporated herein by reference and made a part of this contract. Failure to meet the goal or demonstrate good faith efforts to meet the goal may result in any one or more of the following sanctions:

- (1) Withholding monthly progress payments;
- (2) Declaring the Contractor in default and terminating the contract;
- (3) Assessing sanctions in the amount of the difference in the DBE contract goal and the actual payments made to certified DBE's;
- (4) Disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A, of the S. C. Code of Laws; and/or
- (5) Requiring the Contractor to obtain DBE participation on future contracts to the extent the Contractor failed to meet or use good faith efforts to meet the DBE contract goal.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

C. Using the DBE's shown on the Committal Sheet to Perform the Work. The Contractor must utilize the DBE's listed on the "DBE Committal Sheet" to perform the work and supply the materials for which they are listed unless the Contractor obtains prior written approval to perform the work with other forces or obtain the materials from other sources. (See Replacement Procedures in Section 3(B).) The Contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or, with prior written approval of SCSU, by other forces (including those of the Contractor).

D. Incorporating Certain Provisions in Subcontracts. The Contractor shall provide SCSU with a copy of all DBE subcontracts. The Contractor shall ensure that all subcontracts or agreements with DBE's to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with these Supplemental Specifications. The contractor is advised to insert the following provision in each subcontract or agreement: "This contract or agreement shall be performed in accordance with the requirements of the Supplemental Specification entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects" dated February 2004."

3. REPLACEMENT OF CERTIFIED DBE'S

A. Requirement for Replacement. The following shall apply to replacement of a DBE listed on the "DBE Committal Sheet":

- (1) When a listed DBE is unable or unwilling to perform the work in accordance with the subcontract, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of contract and may be cause for the imposition of the sanctions set forth in Section 2(B).
- (2) When a listed DBE is decertified or removed from the DBE Directory after execution of a valid subcontract agreement with the Contractor:
 - a. The Contractor may continue to utilize the decertified DBE on the contract and receive credit toward the DBE contract goal for the DBE's work unless the Contractor is implicated in the DBE decertification. However, the Contractor is encouraged to replace the decertified DBE with a certified DBE where feasible.
 - b. If a listed DBE is removed from the DBE Directory due to graduation from the DBE program, the Contractor may continue to utilize the graduated DBE on the contract and receive credit toward the DBE contract goal for the DBE's work.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

(9) When a listed DBE is decertified or removed from the DBE Directory prior to execution of a valid subcontract agreement with the Contractor, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of the contract and may be cause for the imposition of the sanctions set forth in Section 2(B) above.

B. Replacement Procedures. In order to replace a listed DBE, the Contractor must obtain prior approval from SCSU. To request such approval, the Contractor shall notify SCSU and the DBE, and provide documentation of the need and reasons for replacement. If the DBE consents to the replacement, the Contractor shall also provide SCSU with the DBE's written consent. If the DBE's consent cannot be obtained, the Contractor shall notify SCSU that the DBE's consent could not be obtained. In no case shall the Contractor's ability to negotiate a more advantageous contract with another subcontractor be considered a valid basis for replacement. If the Contractor obtains the SCSU's approval for the replacement, the Contractor shall replace the listed DBE with another certified DBE or make good faith efforts to do so as set forth in Section 3(C). Any DBE who is certified at the time of replacement may be used as a replacement. If SCSU does not approve of replacement, the Contractor shall continue to use the listed DBE in accordance with the contract. Failure to do so may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

C. Good Faith Efforts. After approval for replacement is obtained, if the Contractor is not able to find a replacement DBE, the Contractor shall provide SCSU with documentation of its good faith efforts to find a replacement. This documentation shall include, but is not limited to, the following:

- (1) Copies of written notification to certified DBE's that their interest is solicited in subcontracting the work defaulted by the previous certified DBE or in subcontracting other items of work in the contract.
- (2) Statement of efforts to negotiate with certified DBE's for specific subbids including at a minimum:
 - a. Names, addresses and telephone numbers of certified DBE's who were contacted;
 - b. Description of the information provided to certified DBE's regarding the plans and specifications for portions of the work to be performed;
 - c. Statement of why additional agreements with certified DBE's were not reached.
- (3) For each certified DBE contacted but rejected the reasons for the Contractor's rejection. Failure to find a replacement DBE at the original price is not in itself evidence of good faith.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

If SCSU determines that the Contractor has made good faith efforts to replace the listed DBE with another certified DBE, then the remaining portion of the DBE's work shown on the DBE Committal Sheet can be completed by the Contractor's own forces or by a non-DBE subcontractor approved by the SCSU. The Contractor will not be required to make up that part of the DBE goal attributable to the portion of work not completed by the listed DBE, and this shortfall in meeting the DBE goal will be waived by the SCSU.

If SCSU determines that the Contractor has not made good faith efforts to replace the listed DBE with another certified DBE, such failure may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

D. Payment from SCSU. The Contractor shall not be entitled to payment for work or material committed to a listed DBE unless:

- (1) The work is performed by the listed DBE; or
- (2) The work is performed by another certified DBE after SCSU has given approval to replace the listed DBE as provided above; or
- (3) The work is performed by a non-DBE after SCSU determines that the Contractor has demonstrated good faith efforts to replace the listed DBE as provided above.

4. COUNTING CERTIFIED DBE PARTICIPATION TOWARD MEETING THE DBE GOAL

DBE participation shall be measured by the actual, verified payments made to DBE's subject to the following rules (all references to "DBE" herein shall mean "certified DBE"). The Contractor is bound by these rules in regard to receiving and reporting credit toward the DBE contract goal. The Contractor shall report on Quarterly Reports only the amounts properly attributable toward the goal under these rules.

A. General Counting Rules.

- (1) The entire amount of that portion of a construction contract (or other contract not covered by paragraph A(2) of this section) that is performed by the DBE's own forces may be counted toward the goal. The cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate) can be counted toward the goal.
- (2) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goals.
- (3) The Contractor can count expenditures to a DBE only if the DBE is certified by SCDOT, except as provided in section 3A(2) of these supplemental specifications, in the event a DBE loses eligibility status after a subcontract is signed.

James E. Clyburn Transportation Research
and Conference Center
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

(4) The Contractor can count expenditures to a DBE only after the DBE has actually been paid.

B. Joint Ventures

When a DBE performs as a participant in a joint venture, the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces can be counted toward DBE goals.

C. Commercially Useful Function

Expenditures to a DBE contractor can be counted toward DBE goals only if the DBE is performing a commercially useful function on that contract:

- (1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SCSU will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
- (2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SCSU will examine similar transactions, particularly those in which DBE's do not participate.
- (3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SCSU will presume that it is not performing a commercially useful function.
- (4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (3) of this section, the DBE may present evidence to rebut this presumption. SCSU may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

- (5) SCSU's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to the USDOT.

D. DBE Manufacturers and Dealers. The Contractor can count expenditures with DBEs for materials or supplies toward DBE goals in accordance with the following rules:

- (1) **DBE Manufacturers.** If the materials or supplies are obtained from a DBE manufacturer, the Contractor can count 100 percent of the cost of the materials or supplies toward DBE goals. For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. The DBE must be listed as a "manufacturer" in the SCDOT's DBE directory to be considered a manufacturer for purposes of these counting rules.
- (2) **DBE Dealers.** If the materials or supplies are purchased from a DBE regular dealer, the Contractor can count 60 percent of the cost of the materials or supplies toward DBE goals. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the
- (3) Specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. The DBE must be listed as a "dealer" in the SCDOT's DBE directory to be considered a dealer for purposes of these counting rules.
- (4) **DBE Brokers.** The Contractor cannot count toward the DBE goal fees charged by a DBE who is neither a manufacturer nor a dealer. In this case the DBE is merely a broker of the supplies or materials.

5 REPORTS

The Contractor shall furnish to the SCSU the following reports and information.

A. Quarterly Reports. The Contractor shall provide to SCSU Quarterly Reports showing the dollar amount of payments to each certified DBE. The Contractor and each DBE that received payment must sign the report. The Contractor's and DBE's signature on the Quarterly Report shall constitute certification that the DBE has performed the work and that the Contractor is entitled to credit toward the DBE goal for the amount shown in accordance with the counting rules set forth in Section 4. The report shall include the amount paid each DBE for the quarter and the total amount paid to each DBE on the contract. The report must include DBE subcontractors, hauling firms, and suppliers. The report shall be submitted in

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

duplicate to SCSU by the 15th of the month after each calendar quarter (January, April, July, and October 15). Failure to submit the quarterly report may result in the withholding of monthly progress and/or final payment. The Quarterly Report must be submitted for each quarter even if no payments have been made to a DBE in that quarter. When no payments have been made to a DBE in a quarter, DBE's are not required to sign the report. The form utilized to report DBE Payments shall be substantially similar to the sample report form included in this proposal.

B. Other Documents. Upon request of SCSU, the Contractor and all subcontractors shall furnish documents, including subcontracts, necessary to verify the amount and costs of the materials or services provided by certified DBE suppliers or subcontractors. The Contractor shall keep the documents that verify this information for at least three years from the date of final settlement of the contract. Failure to provide these documents upon request may result in the withholding of monthly progress and/or final payment or disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A of the S.C. Code of Laws.

6. CONTRACT COMPLETION - DETERMINATION OF WHETHER CONTRACTOR HAS MET THE GOAL OR MADE GOOD FAITH EFFORTS

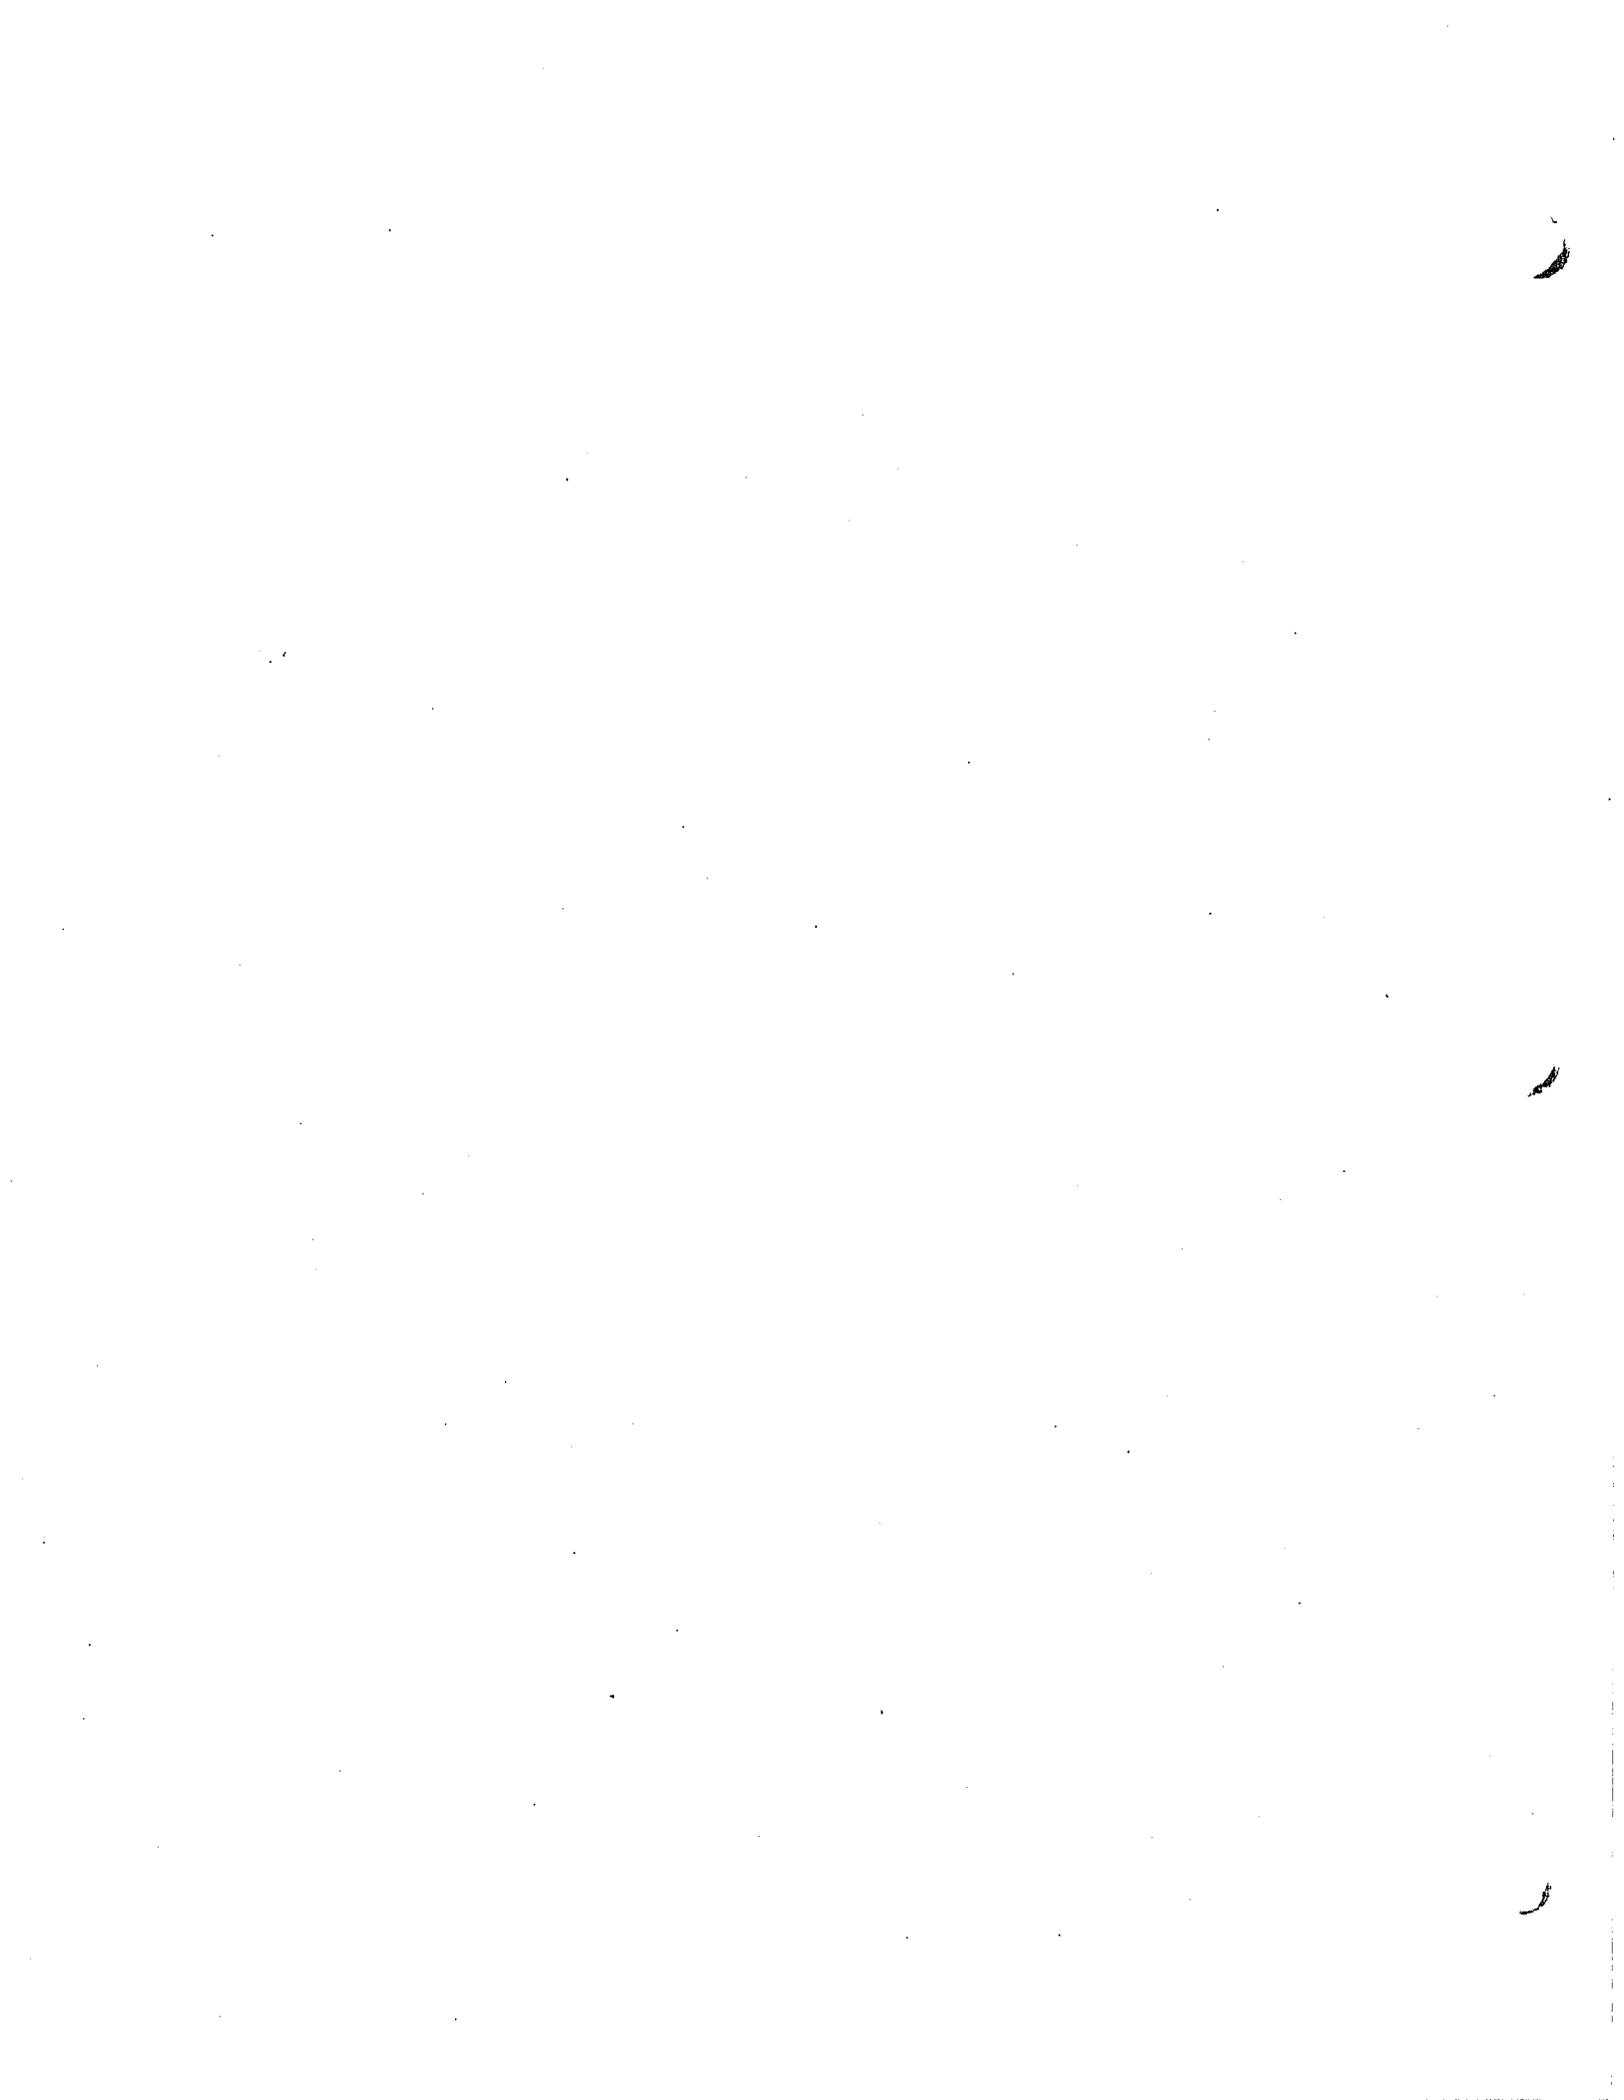

a. Review by SCSU. After receipt of the final Quarterly Reports, the SCSU will review the necessary contract documentation to determine whether the Contractor has met the DBE contract goal.

b. Notification of Failure to Meet Goal. If the documentation indicates that the Contractor has not met the DBE contract goal, SCSU will notify the Contractor and request documentation of the Contractor's good faith efforts to meet the goal.

c. Determination of Good Faith Efforts. The Contractor shall submit documentation demonstrating good faith efforts to meet the contract goal to SCSU within 30 days of the date of the "Notification of Failure to Meet Goal." SCSU will provide the Contractor with written notice of SCSU's determination whether good faith efforts have been demonstrated.

d. Request for Reconsideration. If the Contractor disagrees with SCSU's determination, the Contractor may request reconsideration by filing a written request with the SCSU within ten (10) days after receipt of the determination. The Contractor shall submit any additional documentation that it wishes to be considered in support of its position. If the Contractor fails to request reconsideration within ten (10) days, the determination shall be final.

OFFER

1. In response to the Form SE-310, *Invitation for Construction Bids*, and in compliance with the *Instructions to Bidders* for the above-named Project, the undersigned **BIDDER** proposes and agrees, if this Bid is accepted, to enter into a Contract with the **AGENCY** in the form included in the Bidding Documents, and to perform all Work as specified or indicated in the Bidding Documents, for the prices and within the time frames indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

2. Pursuant to Section 11-32-3030(1) of the SC Code of Laws, as amended, **BIDDER** has submitted Bid Security as follows in the amount and form required by the Bidding Documents:

Bid Bond with Power of Attorney Electronic Bid Bond Cashier's Check
(BIDDER check one)

3. **BIDDER**, by submitting this Bid, affirms that it has carefully examined the Bidding Documents and the other related data identified in the Bidding Documents, has visited the actual location of the Work, has satisfied itself as to all conditions and understands that, in signing this Bid Form, it waives all rights to plead any misunderstanding regarding same and agrees to be bound by the provisions of said Bidding Documents and all statements made therein.

4. **BIDDER** acknowledges the receipt of the following Addenda to the Bidding Documents and has incorporated the effects of said Addenda into its Bid:

ADDENDUM No: One

5. **BIDDER** accepts all terms and conditions of the *Invitation for Construction Bids*, including, without limitation, those dealing with the disposition of Bid Security. **BIDDER** agrees that this Bid, including all Alternate Base Bids, may not be revoked or withdrawn after the opening of bids, and shall remain open for acceptance for a period of 60 Days following the Bid Date, or for such longer period of time that **BIDDER** may agree to in writing upon request of the **AGENCY**.

6. **BIDDER** herewith submits its offer to provide all labor, materials, equipment, tools of trades and labor, accessories, appliances, warranties and guarantees, and to pay all royalties, fees, permits, licenses and applicable taxes necessary to complete the following items of construction work:

6.1 BASE BID WORK (BASE BID NO. 1) (as indicated in the Bidding Documents and generally described as follows):

This phase of the project consists of the construction of a new Transit Research Center building of approximately 8,500 square feet, a Chiller Plant, and Site Completion work and landscaping. The new structure consists of administration, research, and educational space; outside mechanical yard with chiller system; natural gas piping, site lighting, and fueling station with underground gasoline/diesel storage tank.

\$ 4,119,378, which sum is hereafter called the **BASE BID No. 1**.
(enter BASE BID in figures only)

(enter BASE BID in figures only)

6.2 UNIT PRICE WORK

BIDDER offers for the Agency's consideration and use the following UNIT PRICES. The UNIT PRICES offered by BIDDER indicate the amount to be added to or deducted from the Contract Sum for each item-unit combination. UNIT PRICES include all costs to the Agency, including those for materials, labor, equipment, tools of trades and labor, fees, taxes, insurance, bonding, overhead, profit, etc. The Agency reserves the right to include or not to include any of the following UNIT PRICES in the Contract and to negotiate the UNIT PRICES with BIDDER.

<u>No.</u>	<u>ITEM</u>	<u>Base Bid Qty.</u>	<u>Unit of Measure</u>	<u>ADD</u>	<u>DEDUCT</u>
1	Replacement of Unsuitable Soil with Control Fill Material	1,000 CY	Cubic Yard	25 ⁰⁰	10 ⁰⁰

SE-330 Bid Form

2008 Edition

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The **BIDDER** shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, *Certificate of Substantial Completion*~~, shall be (350) **CALENDAR DAYS** from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, *Certificate of Final Completion*~~, shall be (30 days) **CALENDAR DAYS** from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

- 1 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step One Liquidated Damages** the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
- 2 The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step Two Liquidated Damages** the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
- 3 The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an **Early Completion Award** in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, **BIDDER** hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the **BIDDER** to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The **BIDDER** shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No **BIDDER** whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the **BIDDER** to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, **BIDDER** will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. **BIDDER** agrees to provide all information requested by the **AGENCY** to support the **AGENCY'S** evaluation and determination of the **BIDDER'S** responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the **AGENCY** within SEVEN (7) DAYS from date of receipt by the **BIDDER** by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by **BIDDER** to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The **BIDDER** certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT Tyler Construction Group, Inc.

P. O. Box 25037, Columbia, SC 29224-5037
(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and Safeco Insurance Company of America

1001 Fourth Ave, Safeco Plaza, Seattle, WA 98154
(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of WA, with its principal office in the City of Seattle, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

South Carolina State University
(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of Five Percent of Amount Bid 5%, being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC JECTRCC - Transit Research Center
(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

CERTIFICATE

Extract from the By-Laws of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA:

"Article V, Section 13. - FIDELITY AND SURETY BONDS ... the President, any Vice President, the Secretary, and any Assistant Vice President appointed for that purpose by the officer in charge of surety operations, shall each have authority to appoint individuals as attorneys-in-fact or under other appropriate titles with authority to execute on behalf of the company fidelity and surety bonds and other documents of similar character issued by the company in the course of its business... On any instrument making or evidencing such appointment, the signatures may be affixed by facsimile. On any instrument conferring such authority or on any bond or undertaking of the company, the seal, or a facsimile thereof, may be impressed or affixed or in any other manner reproduced; provided, however, that the seal shall not be necessary to the validity of any such instrument or undertaking."

Extract from a Resolution of the Board of Directors of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA adopted July 28, 1970.

"On any certificate executed by the Secretary or an assistant secretary of the Company setting out,

- (i) The provisions of Article V, Section 13 of the By-Laws, and
(ii) A copy of the power-of-attorney appointment, executed pursuant thereto, and
(iii) Certifying that said power-of-attorney appointment is in full force and effect,
the signature of the certifying officer may be by facsimile, and the seal of the Company may be a facsimile thereof."

I, Dexter R. Legg, Secretary of SAFECO INSURANCE COMPANY OF AMERICA and of GENERAL INSURANCE COMPANY OF AMERICA, do hereby certify that the foregoing extracts of the By-Laws and of a Resolution of the Board of Directors of these corporations, and of a Power of Attorney issued pursuant thereto, are true and correct, and that both the By-Laws, the Resolution and the Power of Attorney are still in full force and effect.

IN WITNESS WHEREOF, I have hereunto set my hand and affixed the facsimile seal of said corporation

Attachments: image001.png; image002.jpg; SE-370extension.pdf

Mr. Farley:

Please see contract provision "Instruction to Bidders – Federal Projects DBE Requirements":

Under Section 5 on page 4 of 5, it is stated *"Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive (emphasis added), and the award being made to the next..."*

Furthermore, the South Carolina Consolidated Procurement Code is very clear when Federal funds are provided on a project. Please see section 11-35-40 which specifies the application of the Code and compliance with Federal requirements.

Form SE-370 Notice of Intent to Award is attached.

Respectfully,

Jonathan Roberts

Subject: RE: SC State University - JECTRCC - Transit Research Center - BID TABULATION

Jonathan - all of these bids are responsive per the South Carolina Consolidated Procurement Code. "Responsiveness" is determined from the face of the Bid itself, not an arbitrary interpretation of failure to meet a supposed "Goal". The infusion

ds from the FHWA is not grounds for setting a precedent that will cost the taxpayers potentially millions on this and projects.

n will the Notice of Intent to Award be posted or otherwise provided so we can initiate our protests?

Re: H24-9573-AC JECTRCC-Transit Research Center

Mr. John White
Office of the State Engineer
1201 MAIN ST. SUITE 600
COLUMBIA, SC 29201

Dear John:

We protest the "notice of intent to award" to International Public Works. Our bid was passed over apparently for not providing enough evidence of a "good faith effort" to meet the 20% DBE effort.

Standard Supplemental Instruction to Bidders 00201-0SE paragraph 5.3 clearly states the reasons bids can and cannot be rejected. Below are listed the portion that we think apply:

- 5.3 Rejection of Bids
- 5.3.1 The agency shall have the right to reject any or all bids not accompanied or by any other data required by the Bidding Documents (emphasis added)
- 5.3.2.6 Failure to list qualified subcontractors as required by law, or,
- 5.3.3 Bids shall not be rejected for the following reasons, which include, but are not limited to:
 - 5.3.3.8 Provide additional listing of "Subcontractors Specialty" beyond those listed on the SE-330; or,
 - 5.3.3.13 immaterial variations from the exact requirements of the bidding documents.

We assume that the rejection of our bid was for not providing data after the bid which is not a reason for rejection. We listed the mechanical, electrical and plumbing installers which were the only sub-contractors as required "by law". Is our bid we being rejected for not providing additional "specialties sub-contractors" other than those required by SE-330? We provided the form DBE commitment sheet #1 which should make our bid responsive.

It appears that in the 2009 – 2010 General Appropriation Act for South Carolina that the legislature agreed to accept \$500,000.00 for this project from the Federal Government American Recovery and Reinvestment ACT (ARRA). This act is now going to cost as much as \$759,560.00 to throw out all the other wise low qualified bidders. I can find no where in the legislation that gave permission to suspend South Carolina procurement law in favor of Federal procurement law to spend an extra \$259,560.00 of SC tax payers money for this purpose – the difference between the two figures. This is a project by a South Carolina Agency which must follow state law with state funds as per the South Carolina Code of laws which states: (emphasis added):

SECTION 10-1-180. Expenditure of funds by state agency subject to approval and regulation of State Budget and Control Board; exception.

The expenditure of funds by any state agency, except the Department of Transportation for permanent improvements as defined in the state budget, is subject to approval and regulation of the State Budget and Control Board. The board shall have authority to allot to specific projects from funds made available for such purposes, such amounts as are estimated to cover the respective costs of such projects, to declare the completion of any such projects, and to dispose, according to law, of any unexpended balances of allotments, or appropriations, or funds otherwise provided for such projects, upon the completion thereof. The approval of the Budget and Control Board is not required for minor construction projects, including

Chapter 7 of the same SC code "AGREEMENTS WITH UNITED STATES" does not allow for these changes to allow default to the federal from state laws. In fact South Carolina agencies have and must follow their own set of regulations to assist minority business.

SOUTH CAROLINA CODE OF REGULATIONS 19-445.2160. Assistance to Minority Businesses

(2) "Socially disadvantaged individuals" means those individuals who have been subject to racial or ethnic prejudice or cultural bias because of their identification as members of a certain group without regard to their individual qualities. Such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts and Native Hawaiians), Asian Pacific Americans, Women and other minorities to be designated by the South Carolina Budget and Control Board or designated agency.

(7) "OSMBA" means the Office of Small and Minority Business Assistance.

B. Certification as a Minority Business Enterprise (MBE) (emphasis added)

(1) A South Carolina business seeking certification as a Minority Business Enterprise must submit to OSMBA an application and any supporting documentation as may be required.

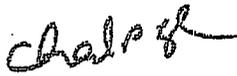

(2) Certification Process. The Certification Board within OSMBA will determine if the business is controlled and operated by socially and economically disadvantaged individuals. Upon recommendation of the Certification Board, OSMBA will certify the business as a socially and economically disadvantaged small business and issue a Certification as

authorized by Section 11-35-5270 of the Procurement Code. Firms may re-apply to OSMBA one year after denied certification. Certifications are valid for five years. Firms may apply for re-certification by submitting an application and required supporting documents of eligibility.

Our bid was responsive under South Carolina Law.

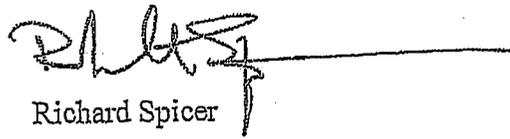

Please contact me if you have any questions.

Sincerely,

Charles P. Tyler

Mr. Farley:

Please see contract provision "Instruction to Bidders - Federal Projects DBE Requirements".

Under Section 5 on page 4 of 5, it is stated "Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive (emphasis added), and the award being made to the next..."

Furthermore, the South Carolina Consolidated Procurement Code is very clear when Federal funds are provided on a project. Please see section 11-35-40 which specifies the application of the Code and compliance with Federal requirements.

Form SE-370 Notice of Intent to Award is attached.

Respectfully,

Jonathan Roberts
 Project Manager
 Construction Management Division

Subject: RE: SC State University - JECTRCC - Transit Research Center - BID TABULATION

Jonathan - all of these bids are responsive per the South Carolina Consolidated Procurement Code. "Responsiveness" is determined from the face of the Bid itself, not an arbitrary interpretation of failure to meet a supposed "Goal". The infusion

unds from the FHWA is not grounds for setting a precedent that will cost the taxpayers potentially millions on this and
re projects.

hen will the Notice of Intent to Award be posted or otherwise provided so we can initiate our protests?

CONSTRUCTION DYNAMICS, INC.
A General Contracting and Construction Management Firm

February 1, 2010

To All James E. Clyburn Transit Research Center Bidders:

It appears that required Federal guidelines were not fully met in providing bid proposals for construction of the new James E. Clyburn Transit Research Center at South Carolina State University, on January 28, 2010. This project has a 20% DBE participation goal; however, the required Federal DBE Committal Sheets accompanying all bid proposals do not appear to have met the required goal using DBEs from the SCDOT Certified DBE Directory, as required in the bid documents.

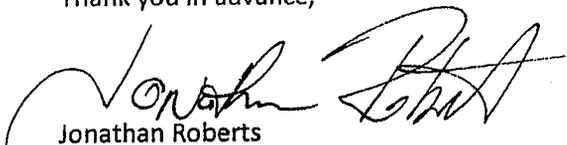

Please provide documentation, per the "FHWA Instruction to Bidders", to substantiate your firm's "Good Faith Effort" to properly meet the 20% participation goal set forth in the bid documents.

In addition, please provide documented verification of the DBE status of such firms listed in your bid proposal.

This request is not to be construed as an opportunity to submit additional bid information, as the agency will only evaluate documentation that substantiates the "Good Faith Effort" made when bid proposals were opened.

NOTE: All documentation demonstrating your firm's DBE participation "Good Faith Efforts" must be received by me no later than 12:00 p.m. on February 2, 2010, no exceptions.

Thank you in advance,

Jonathan Roberts

INSTRUCTIONS TO BIDDERS -- FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications.)

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITTAL

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Committal Sheet. A sample DBE Committal Sheet is included in this proposal. Separate Committal Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.
 - (1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.
 - (2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.
- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. **COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING.** The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. **THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING.** One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:

- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
- (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
- (3) Disqualification of the bidder from the contract in question.

C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:

- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
- (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
- (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
- (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
- (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
- (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
- (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
- (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
- (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
- (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
- (11) The DBE commitments submitted by all other bidders.

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

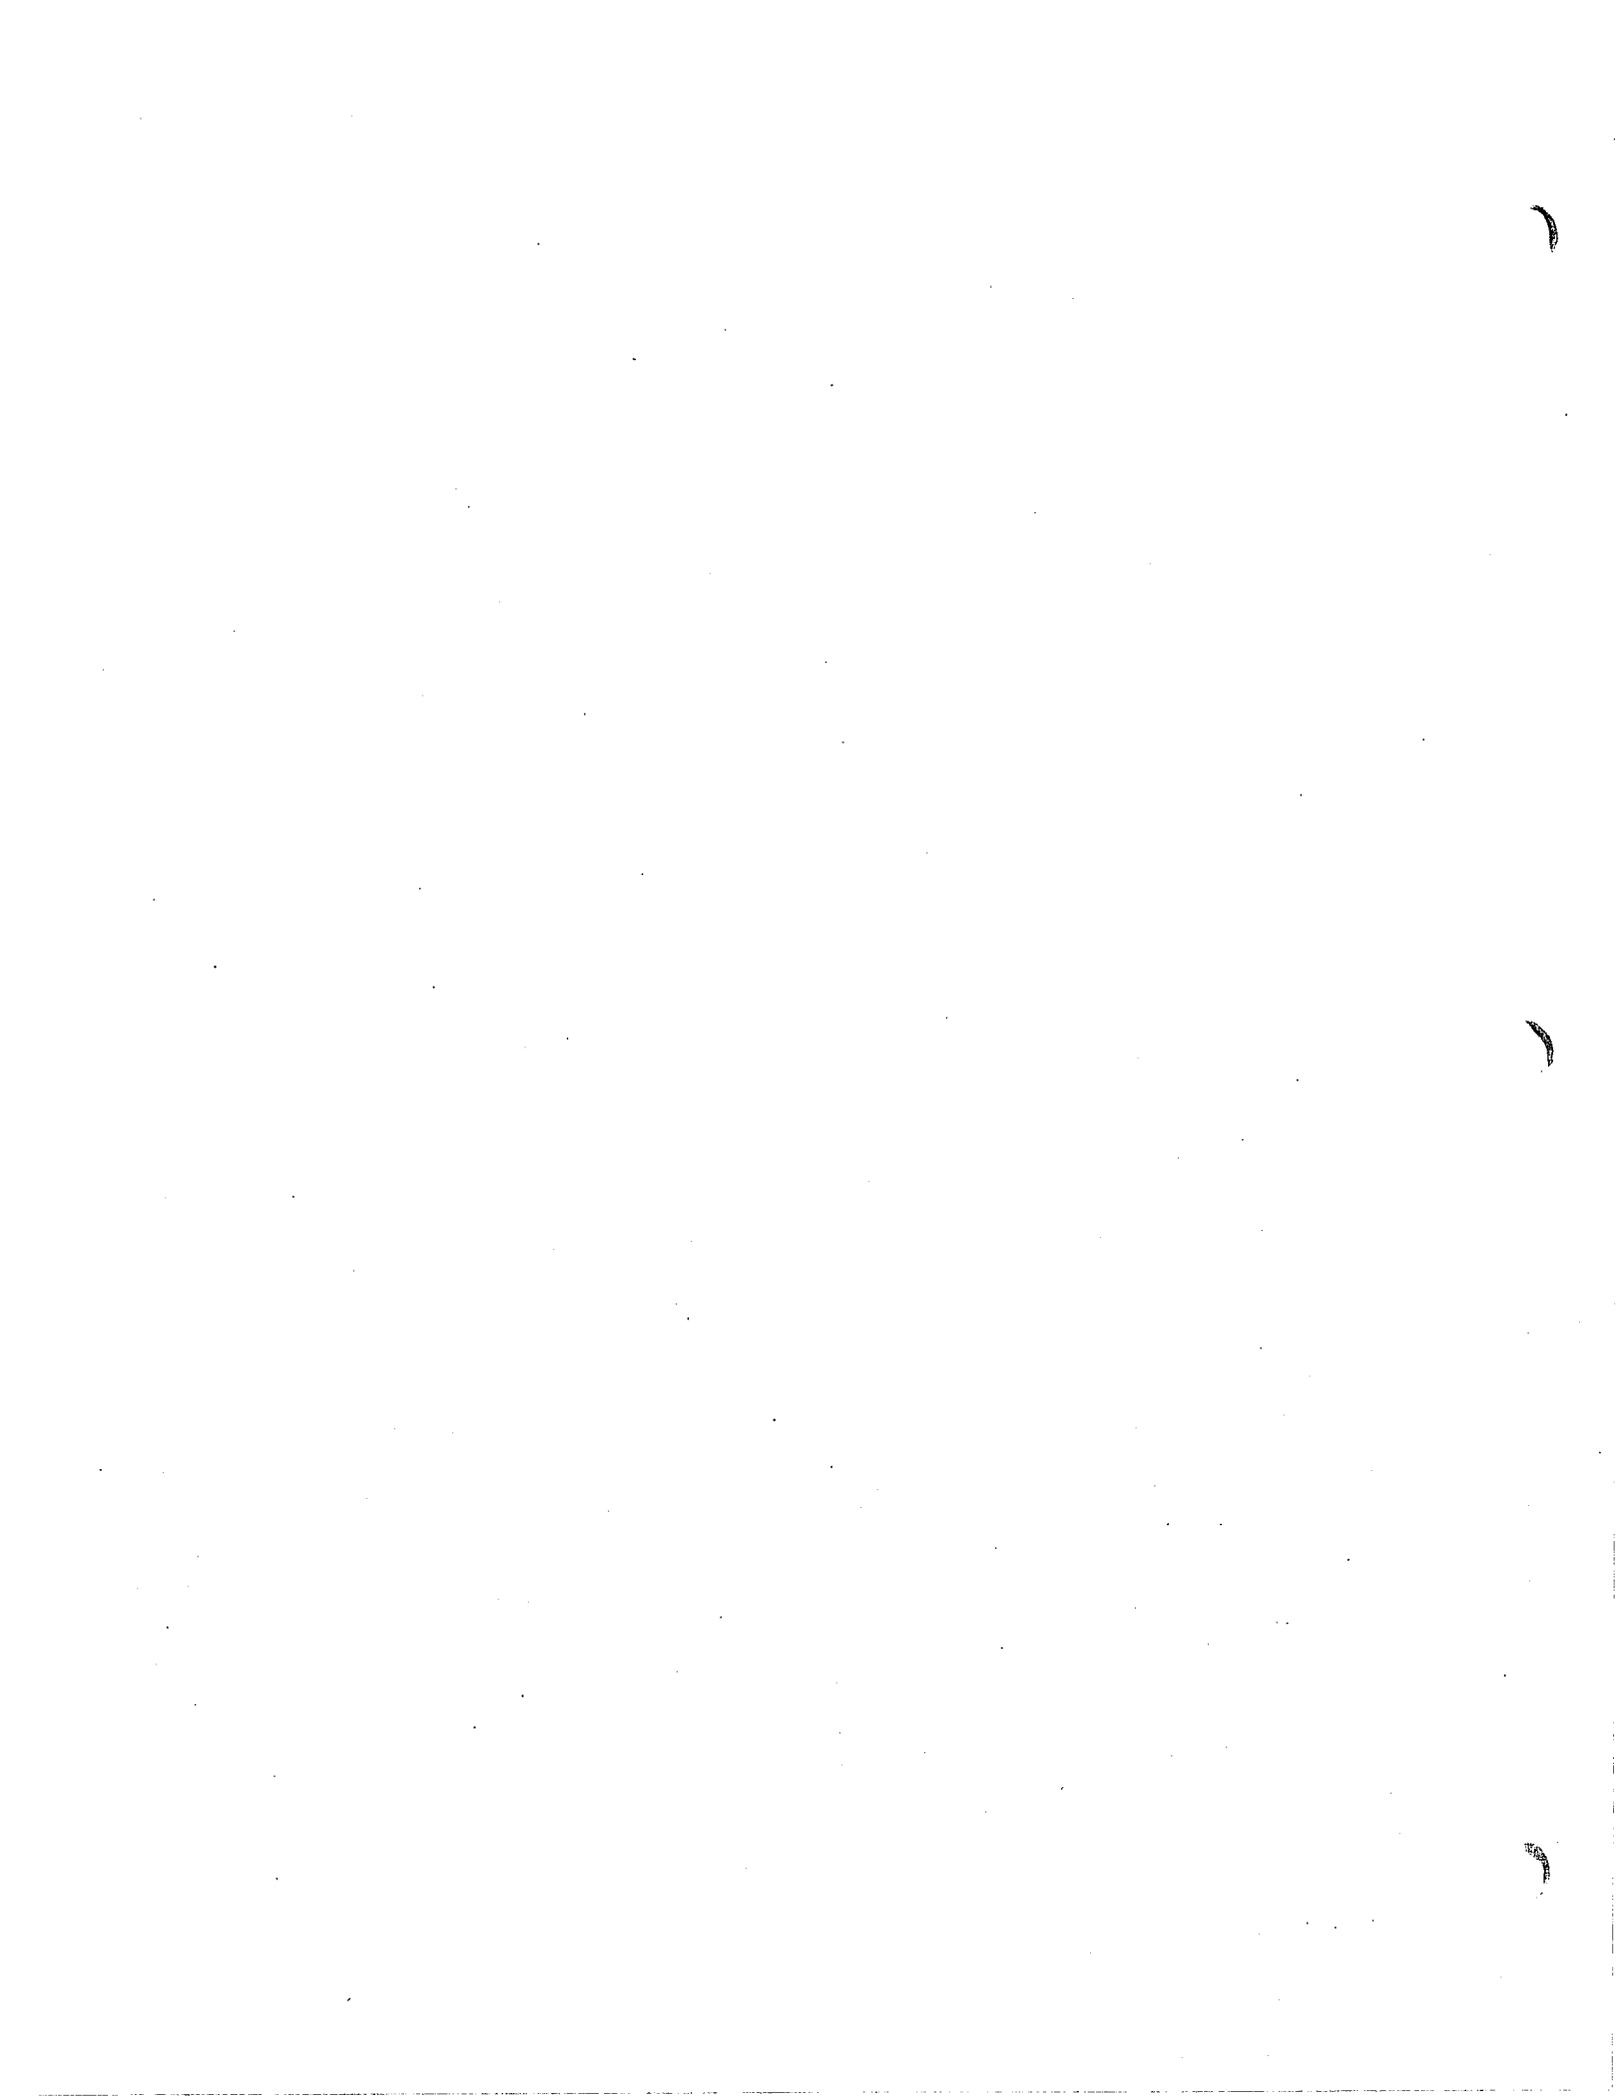

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

11/25/09

February 2, 2004

DISADVANTAGED BUSINESS ENTERPRISES (DBE) -- FEDERAL PROJECTS

1. POLICY

It is the policy of the South Carolina State University (SCSU) to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBE's) in all types of contracting and procurement activities according to State and Federal laws.

2. CONTRACTOR'S OBLIGATIONS

A. No Discrimination. Neither the Contractor nor its subcontractors shall discriminate on the basis of race, color, national origin, or gender in the performance of this contract. The Contractor shall carry out the applicable requirements of 49 CFR Part 26 and these supplemental specifications in the award and administration of this contract. Failure by the contractor to carry out these requirements is a material breach of the contract, and may result in the termination of the contract or such other remedy as SCSU deems appropriate.

B. Meeting the Goal or Making Good Faith Efforts to Meet the Goal. It is the Contractor's responsibility to meet the DBE contract goal stated in the "Instructions to Bidders -- Federal Projects -- DBE Requirements" (hereinafter referred to as "Instructions to Bidders") or to make good faith efforts to meet the DBE contract goal. The Instructions to Bidders is incorporated herein by reference and made a part of this contract. Failure to meet the goal or demonstrate good faith efforts to meet the goal may result in any one or more of the following sanctions:

- (1) Withholding monthly progress payments;
- (2) Declaring the Contractor in default and terminating the contract;
- (3) Assessing sanctions in the amount of the difference in the DBE contract goal and the actual payments made to certified DBE's;
- (4) Disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A, of the S.C. Code of Laws; and/or
- (5) Requiring the Contractor to obtain DBE participation on future contracts to the extent the Contractor failed to meet or use good faith efforts to meet the DBE contract goal.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

C. Using the DBE's shown on the Committal Sheet to Perform the Work. The Contractor must utilize the DBE's listed on the "DBE Committal Sheet" to perform the work and supply the materials for which they are listed unless the Contractor obtains prior written approval to perform the work with other forces or obtain the materials from other sources. (See Replacement Procedures in Section 3(B).) The Contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or, with prior written approval of SCSU, by other forces (including those of the Contractor).

D. Incorporating Certain Provisions in Subcontracts. The Contractor shall provide SCSU with a copy of all DBE subcontracts. The Contractor shall ensure that all subcontracts or agreements with DBE's to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with these Supplemental Specifications. The contractor is advised to insert the following provision in each subcontract or agreement: "This contract or agreement shall be performed in accordance with the requirements of the Supplemental Specification entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects" dated February 2004."

3. REPLACEMENT OF CERTIFIED DBE'S

A. Requirement for Replacement. The following shall apply to replacement of a DBE listed on the "DBE Committal Sheet":

- (1) When a listed DBE is unable or unwilling to perform the work in accordance with the subcontract, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of contract and may be cause for the imposition of the sanctions set forth in Section 2(B).
- (2) When a listed DBE is decertified or removed from the DBE Directory after execution of a valid subcontract agreement with the Contractor:
 - a. The Contractor may continue to utilize the decertified DBE on the contract and receive credit toward the DBE contract goal for the DBE's work unless the Contractor is implicated in the DBE decertification. However, the Contractor is encouraged to replace the decertified DBE with a certified DBE where feasible.
 - b. If a listed DBE is removed from the DBE Directory due to graduation from the DBE program, the Contractor may continue to utilize the graduated DBE on the contract and receive credit toward the DBE contract goal for the DBE's work.

James E. Clyburn Transportation Research
and Conference Center
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

When a listed DBE is decertified or removed from the DBE Directory prior to execution of a valid subcontract agreement with the Contractor, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of the contract and may be cause for the imposition of the sanctions set forth in Section 2(B) above.

B. Replacement Procedures. In order to replace a listed DBE, the Contractor must obtain prior approval from SCSU. To request such approval, the Contractor shall notify SCSU and the DBE, and provide documentation of the need and reasons for replacement. If the DBE consents to the replacement, the Contractor shall also provide SCSU with the DBE's written consent. If the DBE's consent cannot be obtained, the Contractor shall notify SCSU that the DBE's consent could not be obtained. In no case shall the Contractor's ability to negotiate a more advantageous contract with another subcontractor be considered a valid basis for replacement. If the Contractor obtains the SCSU's approval for the replacement, the Contractor shall replace the listed DBE with another certified DBE or make good faith efforts to do so as set forth in Section 3(C). Any DBE who is certified at the time of replacement may be used as a replacement. If SCSU does not approve of replacement, the Contractor shall continue to use the listed DBE in accordance with the contract. Failure to do so may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

C. Good Faith Efforts. After approval for replacement is obtained, if the Contractor is not able to find a replacement DBE, the Contractor shall provide SCSU with documentation of its good faith efforts to find a replacement. This documentation shall include, but is not limited to, the following:

- (1) Copies of written notification to certified DBE's that their interest is solicited in subcontracting the work defaulted by the previous certified DBE or in subcontracting other items of work in the contract.
- (2) Statement of efforts to negotiate with certified DBE's for specific subbids including at a minimum:
 - a. Names, addresses and telephone numbers of certified DBE's who were contacted;
 - b. Description of the information provided to certified DBE's regarding the plans and specifications for portions of the work to be performed;
 - c. Statement of why additional agreements with certified DBE's were not reached.

(3) For each certified DBE contacted but rejected the reasons for the Contractor's rejection. Failure to find a replacement DBE at the original price is not in itself evidence of good faith.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Translt Research Center
 Job No.: H24-9573-AC-1B

11/25/09

If SCSU determines that the Contractor has made good faith efforts to replace the listed DBE with another certified DBE, then the remaining portion of the DBE's work shown on the DBE Committal Sheet can be completed by the Contractor's own forces or by a non-DBE subcontractor approved by the SCSU. The Contractor will not be required to make up that part of the DBE goal attributable to the portion of work not completed by the listed DBE, and this shortfall in meeting the DBE goal will be waived by the SCSU.

If SCSU determines that the Contractor has not made good faith efforts to replace the listed DBE with another certified DBE, such failure may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

D. Payment from SCSU. The Contractor shall not be entitled to payment for work or material committed to a listed DBE unless:

- (1) The work is performed by the listed DBE; or
- (2) The work is performed by another certified DBE after SCSU has given approval to replace the listed DBE as provided above; or
- (3) The work is performed by a non-DBE after SCSU determines that the Contractor has demonstrated good faith efforts to replace the listed DBE as provided above.

4. COUNTING CERTIFIED DBE PARTICIPATION TOWARD MEETING THE DBE GOAL

DBE participation shall be measured by the actual, verified payments made to DBE's subject to the following rules (all references to "DBE" herein shall mean "certified DBE"). The Contractor is bound by these rules in regard to receiving and reporting credit toward the DBE contract goal. The Contractor shall report on Quarterly Reports only the amounts properly attributable toward the goal under these rules.

A. General Counting Rules.

- (1) The entire amount of that portion of a construction contract (or other contract not covered by paragraph A(2) of this section) that is performed by the DBE's own forces may be counted toward the goal. The cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate) can be counted toward the goal.
- (2) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goals.
- (3) The Contractor can count expenditures to a DBE only if the DBE is certified by SCDOT, except as provided in section 3A(2) of these supplemental specifications, in the event a DBE loses eligibility status after a subcontract is signed.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

(4) The Contractor can count expenditures to a DBE only after the DBE has actually been paid.

B. Joint Ventures. When a DBE performs as a participant in a joint venture, the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces can be counted toward DBE goals.

C. Commercially Useful Function. Expenditures to a DBE contractor can be counted toward DBE goals only if the DBE is performing a commercially useful function on that contract:

(1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SCSU will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.

(2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SCSU will examine similar transactions, particularly those in which DBE's do not participate.

(3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SCSU will presume that it is not performing a commercially useful function.

(4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (3) of this section, the DBE may present evidence to rebut this presumption. SCSU may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

- (5) SCSU's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to the USDOT.

D. DBE Manufacturers and Dealers. The Contractor can count expenditures with DBEs for materials or supplies toward DBE goals in accordance with the following rules:

- (1) **DBE Manufacturers.** If the materials or supplies are obtained from a DBE manufacturer, the Contractor can count 100 percent of the cost of the materials or supplies toward DBE goals. For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. The DBE must be listed as a "manufacturer" in the SCDOT's DBE directory to be considered a manufacturer for purposes of these counting rules.
- (2) **DBE Dealers.** If the materials or supplies are purchased from a DBE regular dealer, the Contractor can count 60 percent of the cost of the materials or supplies toward DBE goals. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the
- (3) **Specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. The DBE must be listed as a "dealer" in the SCDOT's DBE directory to be considered a dealer for purposes of these counting rules.**
- (4) **DBE Brokers.** The Contractor cannot count toward the DBE goal fees charged by a DBE who is neither a manufacturer nor a dealer. In this case the DBE is merely a broker of the supplies or materials.

5 REPORTS

The Contractor shall furnish to the SCSU the following reports and information.

A. Quarterly Reports. The Contractor shall provide to SCSU Quarterly Reports showing the dollar amount of payments to each certified DBE. The Contractor and each DBE that received payment must sign the report. The Contractor's and DBE's signature on the Quarterly Report shall constitute certification that the DBE has performed the work and that the Contractor is entitled to credit toward the DBE goal for the amount shown in accordance with the counting rules set forth in Section 4. The report shall include the amount paid each DBE for the quarter and the total amount paid to each DBE on the contract. The report must include DBE subcontractors, hauling firms, and suppliers. The report shall be submitted in

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

duplicate to SCSU by the 15th of the month after each calendar quarter (January, April, July, and October 15). Failure to submit the quarterly report may result in the withholding of monthly progress and/or final payment. The Quarterly Report must be submitted for each quarter even if no payments have been made to a DBE in that quarter. When no payments have been made to a DBE in a quarter, DBE's are not required to sign the report. The form utilized to report DBE Payments shall be substantially similar to the sample report form included in this proposal.

B. Other Documents. Upon request of SCSU, the Contractor and all subcontractors shall furnish documents, including subcontracts, necessary to verify the amount and costs of the materials or services provided by certified DBE suppliers or subcontractors. The Contractor shall keep the documents that verify this information for at least three years from the date of final settlement of the contract. Failure to provide these documents upon request may result in the withholding of monthly progress and/or final payment or disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A of the S.C. Code of Laws.

6. CONTRACT COMPLETION - DETERMINATION OF WHETHER CONTRACTOR HAS MET THE GOAL OR MADE GOOD FAITH EFFORTS

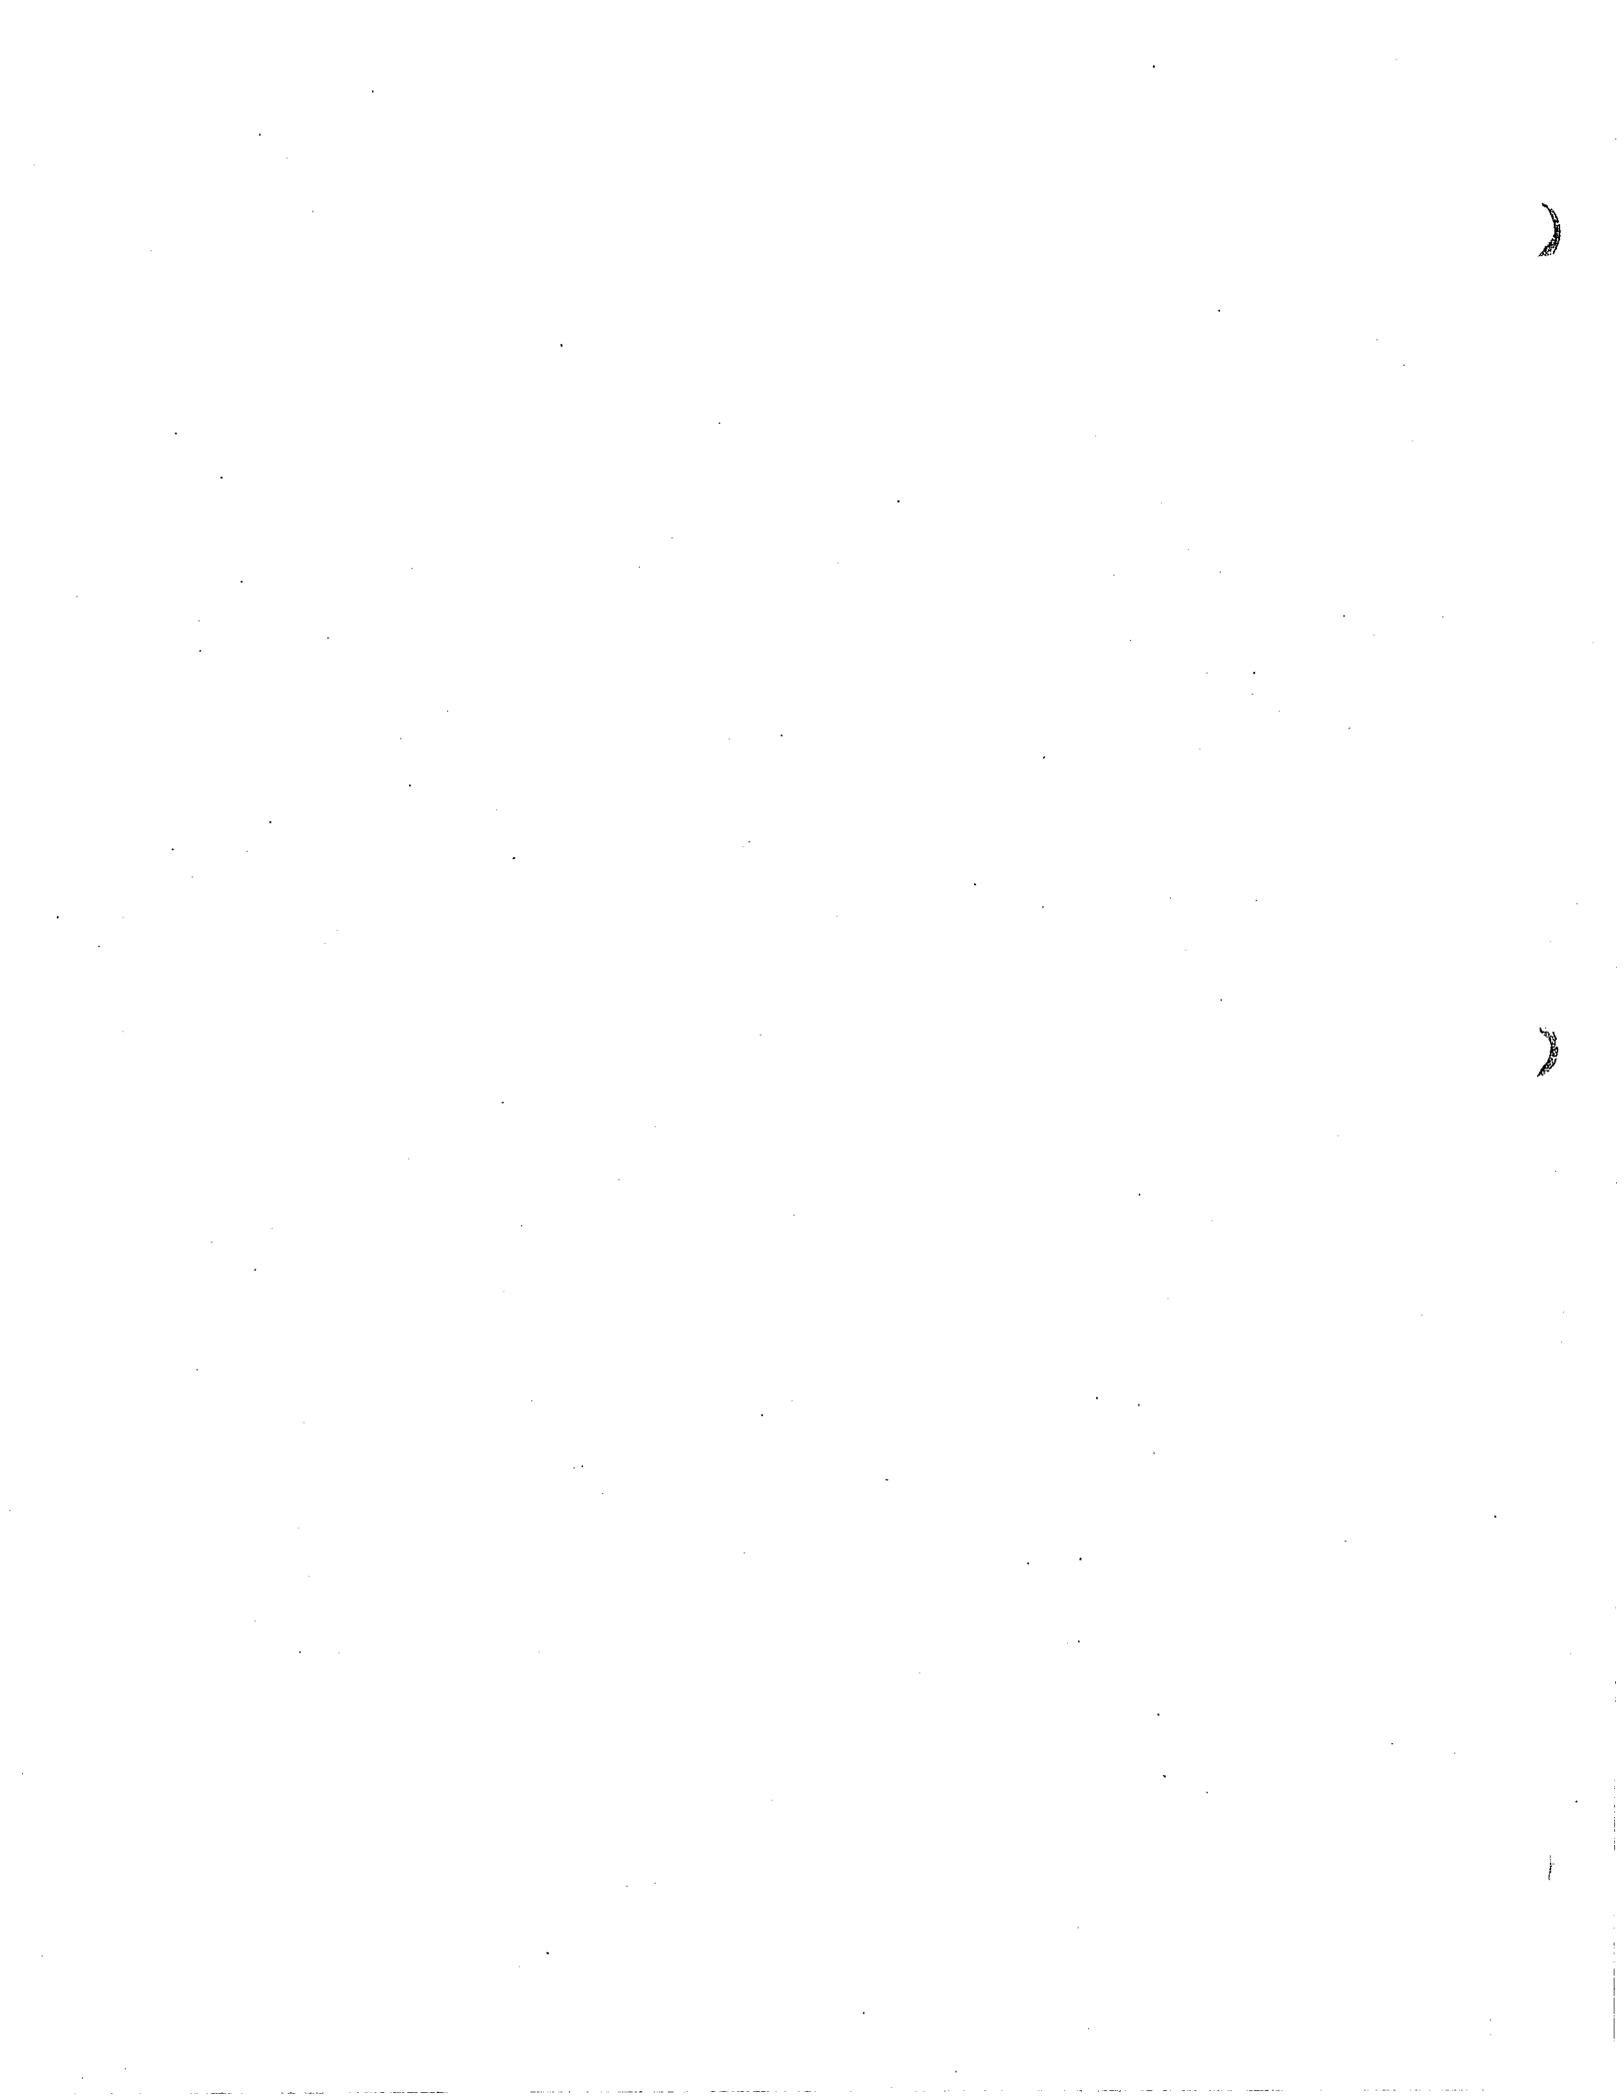

a. Review by SCSU. After receipt of the final Quarterly Reports, the SCSU will review the necessary contract documentation to determine whether the Contractor has met the DBE contract goal.

b. Notification of Failure to Meet Goal. If the documentation indicates that the Contractor has not met the DBE contract goal, SCSU will notify the Contractor and request documentation of the Contractor's good faith efforts to meet the goal.

c. Determination of Good Faith Efforts. The Contractor shall submit documentation demonstrating good faith efforts to meet the contract goal to SCSU within 30 days of the date of the "Notification of Failure to Meet Goal." SCSU will provide the Contractor with written notice of SCSU's determination whether good faith efforts have been demonstrated.

d. Request for Reconsideration. If the Contractor disagrees with SCSU's determination, the Contractor may request reconsideration by filing a written request with the SCSU within ten (10) days after receipt of the determination. The Contractor shall submit any additional documentation that it wishes to be considered in support of its position. If the Contractor fails to request reconsideration within ten (10) days, the determination shall be final.

PROJECT #: H74-9573-AC

**SE-330
Bid Form**

ATTENTION BIDDER: FHWA forms and 2008 Edition certifications are required as part of submission of bids

Bids shall be submitted only on SE-330

BID SUBMITTED BY: INTERNATIONAL PUBLIC WORKS, LLC
(Bidder's Name)

BID SUBMITTED TO: South Carolina State University
(Agency Name)

FOR PROJECT: H24-9573-AC JECTRCC - Transit Research Center Building Package
(Number) (Name)

OFFER

1. In response to the Form SE-310, *Invitation for Construction Bids*, and in compliance with the *Instructions to Bidders* for the above-named Project, the undersigned **BIDDER** proposes and agrees, if this Bid is accepted, to enter into a Contract with the **AGENCY** in the form included in the Bidding Documents, and to perform all Work as specified or indicated in the Bidding Documents, for the prices and within the time frames indicated in this Bid and in accordance with the other terms and conditions of the Bidding Documents.

2. Pursuant to Section 11-32-3030(1) of the SC Code of Laws, as amended, **BIDDER** has submitted Bid Security as follows in the amount and form required by the Bidding Documents:

Bid Bond with Power of Attorney Electronic Bid Bond Cashier's Check
(**BIDDER check one**)

3. **BIDDER**, by submitting this Bid, affirms that it has carefully examined the Bidding Documents and the other related data identified in the Bidding Documents, has visited the actual location of the Work, has satisfied itself as to all conditions and understands that, in signing this Bid Form, it waives all rights to plead any misunderstanding regarding same and agrees to be bound by the provisions of said Bidding Documents and all statements made therein.

4. **BIDDER** acknowledges the receipt of the following Addenda to the Bidding Documents and has incorporated the effects of said Addenda into its Bid:

ADDENDUM No: #1 1/20/10

5. **BIDDER** accepts all terms and conditions of the *Invitation for Construction Bids*, including, without limitation, those dealing with the disposition of Bid Security. **BIDDER** agrees that this Bid, including all Alternate Base Bids, may not be revoked or withdrawn after the opening of bids, and shall remain open for acceptance for a period of 60 Days following the Bid Date, or for such longer period of time that **BIDDER** may agree to in writing upon request of the **AGENCY**.

6. **BIDDER** herewith submits its offer to provide all labor, materials, equipment, tools of trades and labor, accessories, appliances, warranties and guarantees, and to pay all royalties, fees, permits, licenses and applicable taxes necessary to complete the following items of construction work:

6.1 BASE BID WORK (BASE BID NO. 1) (as indicated in the Bidding Documents and generally described as follows):

This phase of the project consists of the construction of a new Transit Research Center building of approximately 8,500 square feet, a Chiller Plant and Site Completion work and landscaping. The new structure consists of administration, research, and educational space; outside mechanical yard with chiller system; natural gas piping, site lighting, and fueling station with underground gasoline/diesel storage tank.

\$4,619,208.00, which sum is hereafter called the **BASE BID No. 1**.
(enter BASE BID in figures only)

SE-330 Bid Form

LISTING OF PROPOSED SUBCONTRACTORS

1. A Subcontractor is an entity who will perform work or render service to the prime contractor to or about the construction site. Material suppliers, manufacturers and fabricators are not Subcontractors and are not to be listed.
2. Bidder must list in its bid the name of only those Subcontractors that will perform the work so identified in the Invitation.
3. If Bidder determines to use its own employees to perform any portion of the work listed below, and if Bidder is qualified to perform such work under the terms of the Bidding Documents, Bidder must list itself in the appropriate place in its bid and not subcontract any of that work except with the approval of the Agency for good cause shown.
4. Bidder's failure to list a Subcontractor for each listed Specialty Subcontractor will render the BID non-responsive.
5. A Subcontractor listed for an Alternate Base Bid must be used for all work if the Alternate Base Bid is accepted.
6. Bidder hereby states its commitment to use the below-listed Subcontractors in the performance of the Subcontractor Specialty work listed:

SUBCONTRACTOR SPECIALTY (COMPLETED BY A/E)	SUBCONTRACTOR OR PRIME CONTRACTOR'S NAME (MUST BE COMPLETED BY BIDDER)	SUBCONTRACTOR'S SC LICENSE NUMBER (For Information)
BASE BID 1		
Mechanical Installer	Smith & Associates	M 97349
Electrical Installer	Smith & Associates Reserve	M 108908
Plumbing Installer	Smith & Associates	M 97349

BASE BID 2		
N/A	N/A	N/A

BASE BID 3		
N/A	N/A	N/A

SE-330 Bid Form

2008 Edition

TIME OF CONTRACT PERFORMANCE

BIDDER hereby agrees to complete the construction work in accordance with the following schedule:

1. The **DATE OF COMMENCEMENT** shall be established in Form SE-390, *Notice to Proceed*. The BIDDER shall not incur any expense chargeable to this Project until the Contract has been executed by both the Agency and the Contractor, and a Notice to Proceed has been issued.
2. The **DATE OF SUBSTANTIAL COMPLETION**, ~~to be documented on Form SE-550A, *Certificate of Substantial Completion*~~, shall be (350) CALENDAR DAYS from the **DATE OF COMMENCEMENT** set forth in the SE-390, subject to adjustments as provided in the Contract Documents.
3. The **DATE OF FINAL COMPLETION**, ~~to be documented on Form SE-560C, *Certificate of Final Completion*~~, shall be (30 days) CALENDAR DAYS from the **DATE OF SUBSTANTIAL COMPLETION**, subject to adjustments as provided in the Contract Documents.

LIQUIDATED DAMAGES AND EARLY COMPLETION AWARD

1. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step One Liquidated Damages** the amount of \$500.00 for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** exceeds the specified or adjusted Contract time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.
2. The undersigned further agrees that from the compensation to be paid, the Agency shall retain as **Step Two Liquidated Damages** the amount of N/A for each calendar day the actual construction time required to achieve **FINAL COMPLETION** exceeds the specified or adjusted Contract Time for **FINAL COMPLETION**, as provided in the Contract Documents.
3. The undersigned further agrees that in full and complete satisfaction for the best efforts of the undersigned to achieve **SUBSTANTIAL COMPLETION** before the date established above, the Agency shall pay the undersigned an **Early Completion Award** in the amount of N/A for each calendar day the actual construction time required to achieve **SUBSTANTIAL COMPLETION** is less than the originally specified Contract Time for **SUBSTANTIAL COMPLETION**, as provided in the Contract Documents.

AGREEMENTS

By submitting this Bid, BIDDER hereby agrees to the following terms and conditions:

1. An incomplete Bid, or information not requested that is written on or attached to this Bid Form that could be considered a qualification of the Bid, may be cause for rejection of the Bid.
2. The failure of the BIDDER to indicate a price for an **ALTERNATE BASE BID** shall render the Bid non-responsive. A typed or printed "No Bid", or words of similar meaning, shall render the Bid non-responsive.
3. The BIDDER shall list only **SUBCONTRACTORS** (as defined in the Bidding Documents) who are qualified to perform items of work as specified in the Bidding Documents or as required by any material or equipment substitutions approved at the time of bidding. No BIDDER whose Bid is accepted shall substitute another entity as **SUBCONTRACTOR** in place of the **SUBCONTRACTOR** listed in the original Bid, except for one or more of the reasons allowed by the SC Code of Laws.
4. The failure of the BIDDER to provide the name(s) of listed **SUBCONTRACTORS** in accordance with the SC Code of Laws shall render the Bid non-responsive.
5. Unless otherwise provided in the Bidding Documents, BIDDER will provide Performance and Labor and Material Payment Bonds, each in the amount equal to 100% of the Contract Award, as a condition of execution of the Contract. Failure to supply such bonds as required by the Contract Documents shall result in cancellation of the Notice of Intent to Award and forfeiture of the Bid Bond.
6. BIDDER agrees to provide all information requested by the AGENCY to support the AGENCY'S evaluation and determination of the BIDDER'S responsibility, including completion of Form SE-350, *Questionnaire for Contractors*. The Questionnaire shall be completed fully and returned to the AGENCY within SEVEN (7) DAYS from date of receipt by the BIDDER by certified mail. The completed Form SE-350 must be received by the Agency no later than the close of business on the seventh day. Failure by BIDDER to supply requested information with respect to responsibility may be grounds for a determination of non-responsibility.
7. The BIDDER certifies that it will provide a "Drug-Free Workplace" as that term is defined in Section 44-107-30 of the SC Code of Laws, and shall comply with the requirements set forth in Title 44, Chapter 107.

SE-330 Bid Form

2008 Edition

- 8. At any time prior to the issuance of the Notice to Proceed for this Project, this Contract may be canceled for the convenience of the State.
- 9. Neither the State of South Carolina nor any of its agencies, employees or agents shall be responsible for any bid preparation costs, or any costs or charges of any type, should all bids be rejected or the Project canceled for any reason prior to the issuance of the Notice to Proceed.

ELECTRONIC BID BOND

SE-335 Bid Bond

KNOW ALL PERSONS BY THESE PRESENTS THAT

International Public Works, LLC, Post Office Box 40968, Charleston, SC 29423-0968
(Insert full name and address or legal title of Bidder)

hereinafter referred to as "Principal," and

The Hanover Insurance Company, 13840 Ballantyne Corporate Place, Suite 100, Charlotte, NC 28277
(Insert full name and address of principal place of business of Surety)

a corporation duly organized and existing under the laws of the State of New Hampshire, with its principal office in the City of Worcester, and authorized to transact business in this State, hereinafter called the "Surety", are jointly and severally held and firmly bound unto

South Carolina State University, 300 College Street NE, Orangeburg, SC 29117
(Insert full name of Agency)

hereinafter referred to as "Obligee", the sum of Five percent of the attached bid***, being the sum of the Bond to which payment the Principal and Surety bind themselves, their heirs, executors, administrators, successors and assigns, jointly and severally, firmly by these presents.

THE CONDITION OF THIS OBLIGATION IS SUCH that whereas the Principal has submitted to Obligee the accompanying bid incorporated by reference herein, dated as shown, to enter into a contract in writing for

H24-9573-AC, JECTRCC Transit Research Center
(Insert the State Project Number & Name as found on the SE-330, Bid Form)

NOW, THEREFORE, THE CONDITION OF THE ABOVE OBLIGATION IS SUCH, that default of Principal shall occur upon the failure of the Principal to deliver, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents. This obligation shall be null and void if the Obligee shall accept Principal's Bid and Principal delivers, within the time required by the Bidding Documents (or any extension thereof agreed to in writing by Obligee), the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents; or all Bids are rejected by Obligee; or Obligee fails to issue a Notice of Intended Award to Principal within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Principal). Payment under this Bond shall be due and payable in full upon default of Principal and within 30 calendar days after receipt by Principal and Surety of written notice of default from Obligee, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue the Notice of Intended Award agreed to in writing by Obligee and Principal. Any dispute, suit, action or proceeding arising out of or relating to this Bond shall be governed by the Dispute Resolution process defined in the Bidding Documents and the laws of the State of South Carolina. Surety shall cause to be attached to the Bond a current and effective Power of Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.

IN WITNESS WHEREOF, Surety and Principal, intending to be legally bound hereby, subject to the terms stated above, do each cause this Bid Bond to be duly executed on its behalf by its authorized officer, agent or representative.

International Public Works, LLC
Engineering & Construction Services

February 1, 2010

Construction Dynamics, Inc.
6417 Fairfield Road
Columbia, SC 29203
Attn: Jonathan Roberts – Project Manager

Subject: DBE Participation Goal
James E. Clyburn Transit Research Center Bid
Project Number H24-9573-AC TRC

Mr. Roberts,

We have received your letter dated February 1, 2010 concerning the DBE participation goal for the above named project. Documentation was requested to substantiate our participation goal as listed in the bid proposal. We listed International Public Works, LLC as self performing several areas of work which amounted to 23% DBE participation. Please see our attached SCDOT Disadvantaged Business Enterprise Certification letter as well as our Federal certification as a Small Disadvantaged Business under the 8(a) program.

Additionally, you request documentation of "Good Faith Effort" to utilize DBE certified companies in the performance of this project. As a DBE certified prime contractor, we routinely solicit bids from DBE certified subcontractors. We call companies listed on the Unified DBE Directory posted on the SCDOT website depending on location and type of work required. We followed up with phone calls and made the plans and specifications available to these DBE companies at our office to facilitate takeoffs and development of bid prices. We also solicit bids from non-qualified DBE companies and help them with the process of getting certified. For this project, we received no timely, competitive bids from other DBE subcontractors.

If you have any questions, please feel free to contact me.

Sincerely,

INTERNATIONAL PUBLIC WORKS, LLC

Matt Farmer
Project Manager

South Carolina
Department of Transportation

Cyrus Sinaor
International Public Works LLC
P.O. Box 40968
Charleston, SC 29423

Re: Disadvantaged Business Enterprise (DBE) Certification

Dear Mr. Sinaor:

This is to inform you that we have received the annually required documentation from your firm pursuant to DBE Federal Regulations, and we appreciate your continued interest in the DBE Program.

Upon careful review and evaluation of the information provided, it has been determined that your firm continues to meet the eligibility standards described in Federal Regulation 49 CFR Part 26 (Subparts D and E). Therefore, your firm is approved for continued participation with the DBE Program in the following areas of work:

Certified Area of Work: Highway Paving - Asphalt, Concrete, Building, Grading,
Highway Incidentals, Engineering and general contracting

Your next annual update will be due on **6/1/2010**. Prior to that date, the Department will notify you of your firm's update requirements. You must report to this office any changes in ownership, management, control, and location of your firm within 30 days of those changes.

If we may be of further assistance, please call Brenda Parnell, Program Analyst or Carolyn D. Burton, Program Manager at (803) 737-1372.

Sincerely,

Arlene Prince

Arlene Prince, Ph.D.

File: J:\DBE FormedLetters

U.S. Small Business Administration
Washington, D.C. 20416

CERTIFIED MAIL - RETURN RECEIPT REQUESTED

Mr. L. Kai Yeh and Mr. Cyrus D. Sinor
International Public Works, LLC
657 Leisure Lane, Suite F
Mt. Pleasant, SC 29464

JUN 10 2004

Dear Sirs:

Congratulations! Your firm has been certified as a Participant in the U.S. Small Business Administration's (SBA) 8(a) BD program. Your nine (9) year program term begins on the date of this letter.

Additionally, your firm has been certified as a Small Disadvantaged Business (SDB) in the Federal Government's SDB program. Your term of participation in the SDB program is concurrent with your 8(a) BD certification.

During participation in the 8(a) program, you will receive business development assistance from an assigned Business Opportunity Specialist in the South Carolina District Office located at 1835 Assembly Street, Room 358, Columbia, South Carolina 29201. The phone number is 803/765-5912. The District office will also be able to provide you with information on the SDB program and its benefits.

Your firm will become eligible to receive 8(a) contracts after you submit a business plan using SBA Form 1010C and receive SBA's approval of the plan. We are sending a copy of this certification letter to the SBA South Carolina District Office. That office will send you the business plan form.

SBA requires that the President or Chief Executive Officer sign a Participation Agreement to show that he or she understands the conditions of 8(a) program participation. Please read the Agreement carefully, sign and date one copy and return it to the SBA South Carolina District Office at the address shown in the third paragraph above. The second copy is for you.

Even though your firm's approved North American Industry Classification System (NAICS) Code is 236220, your firm may be awarded contracts under other NAICS Codes, as long as the firm is qualified to perform. In this regard, please note that contracts awarded under 8(a) BD program authority generally result from the self-marketing efforts of the 8(a) firm. While your firm's acceptance into the 8(a) BD program is not a guarantee of contract support, SBA will make every effort to provide you with assistance in your marketing efforts.

If you have not already done so, we strongly suggest that you acquire access to e-mail to enhance your communication abilities with public and private sector buyers. Also, you should consider setting up a merchant account with a credit card company, which will give you the ability to accept credit card orders for your goods and services from over 1,000 Federal buying offices. Finally, please contact your local SBA District Office to update your enrollment in PRO-Net, an SBA online procurement listing of small businesses utilized by public and private sector buyers.

We welcome you as an 8(a) program participant and look forward to working with you.

Sincerely,

Al Stubblefield
Acting Associate Administrator
Office of Business Development

Subject: RE: Verification of Bid Bond - for JECTRCC Transit Research Center

This is to confirm that on behalf of The Hanover Insurance Company, we issued a bid bond to International Public Works, LLC for the JECTRCC Transit Research Center. This is a valid bid bond.

Should you need additional information, please let us know. Thank you.

Subject: Verification of Bid Bond - for JECTRCC Transit Research Center

Mr. Cobb,

Please verify that McCartha-Cobb & Associates has issued a bid bond in the amount of 5% of \$4.6 million for the JECTRCC Transit Research Center for International Public Works, LLC. Per our conversation of 2/8/09 send me a documented response that this is in fact accurate.

Attachments: image001.png; image002.jpg; SE-370extension.pdf

Mr. Farley:

Please see contract provision "Instruction to Bidders – Federal Projects DBE Requirements":

Under Section 5 on page 4 of 5, it is stated *"Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive (emphasis added), and the award being made to the next..."*

Furthermore, the South Carolina Consolidated Procurement Code is very clear when Federal funds are provided on a project. Please see section 11-35-40 which specifies the application of the Code and compliance with Federal requirements.

Form SE-370 Notice of Intent to Award is attached.

Respectfully,

Jonathan Roberts

Subject: RE: SC State University - JECTRCC - Transit Research Center - BID TABULATION

Jonathan - all of these bids are responsive per the South Carolina Consolidated Procurement Code. "Responsiveness" is determined from the face of the Bid itself, not an arbitrary interpretation of failure to meet a supposed "Goal". The infusion

unds from the FHWA is not grounds for setting a precedent that will cost the taxpayers potentially millions on this and
re projects.

hen will the Notice of Intent to Award be posted or otherwise provided so we can initiate our protests?

CONSTRUCTION DYNAMICS, INC.
A General Contracting and Construction Management Firm

February 1, 2010

To All James E. Clyburn Transit Research Center Bidders:

It appears that required Federal guidelines were not fully met in providing bid proposals for construction of the new James E. Clyburn Transit Research Center at South Carolina State University, on January 28, 2010. This project has a 20% DBE participation goal; however, the required Federal DBE Committal Sheets accompanying all bid proposals do not appear to have met the required goal using DBEs from the SCDOT Certified DBE Directory, as required in the bid documents.

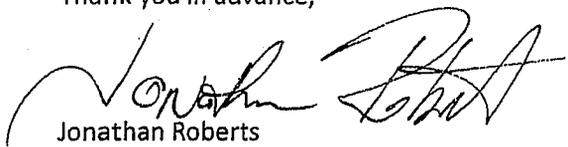

Please provide documentation, per the "FHWA Instruction to Bidders", to substantiate your firm's "Good Faith Effort" to properly meet the 20% participation goal set forth in the bid documents.

In addition, please provide documented verification of the DBE status of such firms listed in your bid proposal.

This request is not to be construed as an opportunity to submit additional bid information, as the agency will only evaluate documentation that substantiates the "Good Faith Effort" made when bid proposals were opened.

NOTE: All documentation demonstrating your firm's DBE participation "Good Faith Efforts" must be received by me no later than 12:00 p.m. on February 2, 2010, no exceptions.

Thank you in advance,

Jonathan Roberts

INSTRUCTIONS TO BIDDERS – FEDERAL PROJECTS
DBE REQUIREMENTS

This project is partially funded with federal-aid highway funds, and is subject to the requirements for participation of Disadvantaged Business Enterprises (DBEs) set forth in 49 CFR Part 26. Therefore, there may be a goal set for participation of DBEs in this contract. If there is a DBE contract goal, it will be shown in Section 1 below. If there is a DBE contract goal, the Contractor is subject to the requirements set forth in the Supplemental Specifications in this contract entitled "Disadvantaged Business Enterprises (DBE) – Federal Projects (hereinafter referred to as the "DBE Supplemental Specifications"). The Contractor must report DBE participation to the SCSU quarterly by filing a Quarterly Report form (see Section 5 of the DBE Supplemental Specifications).

Regardless of whether a contract goal is specified in Section 1, the Contractor shall not discriminate on the basis of race, color, national origin, or gender in the performance of this contract.

1. DBE CONTRACT GOAL

The goal for DBE participation for this contract is shown below as the percentage of the total contract amount bid by the Contractor.

Disadvantaged Business Enterprises Contract Goal 20 %

The Contractor shall exercise all necessary and reasonable steps to ensure that DBEs perform services or provide materials on this contract in an amount that meets or exceeds the DBE contract goal. Submitting the bid proposal shall constitute an agreement by the bidder that it will meet or exceed the DBE contract goal or make good faith efforts to meet the goal. Failure to meet the contract goal or make good faith efforts to meet the contract goal may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

2. DBE COMMITTAL

Each bidder shall enter all the information regarding how it intends to meet the DBE goal on the DBE Committal Sheet. A sample DBE Committal Sheet is included in this proposal. Separate Committal Sheets may be utilized for each DBE utilized.

The listing of DBEs shall constitute a commitment by the bidder to utilize the listed DBEs, subject to the replacement provisions in Section 3 of the DBE Supplemental Specifications. Failure to utilize the listed DBE subcontractor(s) may result in the sanctions listed in Section 2 of the DBE Supplemental Specifications.

In meeting the DBE contract goal, the bidder shall use only DBEs certified by the South Carolina Department of Transportation, and listed in the "Directory of Certified Disadvantaged Business Enterprises" (hereinafter referred to as the "DBE Directory"), which is located at http://www.scdot.org/doing/dbe_listing.shtml

James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Failure to provide all information required DBE Committal Sheet may result in the contract being awarded to the next lowest responsible bidder.

The following information must be entered on the DBE Committal Sheet:

- A. The names and addresses of certified DBE firm whose services or materials will be used in the contract.
- B. The percent of the total contract amount committed to each DBE listed.
- C. An Item of work, approximate Quantity of work to be performed or materials to be supplied, Unit (of measurement), Unit Price, and the extended dollar amount of participation by each DBE listed.

(1) Item: The Item is the bid item with which the DBE will be associated. If the proposed work is for only a portion of an Item of work (i.e. hauling of materials, tying of reinforced steel, etc.) an adequate description of this work shall be included in the Note block.

(2) Quantity, Unit, & Unit Price: If the proposed work is for only a portion of an item as described in (1) above, then the Quantity, Unit Price and /or Extension shall reflect the actual amount of work committed to the DBE. The Unit (of measurement) cannot be changed.

- D. The successful low bidder must also submit a copy of a signed statement or quote from each of the DBEs identified on the Committal Sheet. The signed statements or quotes should verify the items, quantities, units, unit prices, and dollar values. COPIES OF THE SIGNED STATEMENTS MUST BE SUBMITTED TO THE SCSU WITHIN SIX (6) CALENDAR DAYS OF THE BID LETTING. The SCSU will accept facsimiles of the verified statements with the caveat that the bidder must furnish the original document to the SCSU upon request.

3. GOOD FAITH EFFORTS REQUIREMENTS

- A. Requirements for Submission for Approval of a Good Faith Effort. If the bidder does not meet the DBE contract goal through the DBE committals submitted with the bid, the bidder may submit additional information to satisfy the SCSU that good faith efforts have been made by the bidder in attempting to meet the DBE contract goal. THIS INFORMATION MUST BE FURNISHED TO THE SCSU CONTRACT ADMINISTRATION OFFICE IN WRITING WITHIN THREE (3) DAYS OF THE LETTING. One complete set and five copies of this information must be received no later than 12:00 noon of the third day following the letting. Where the information submitted includes repetitious solicitation letters, it will be acceptable to submit a sample representative letter along with the list of the firms being solicited. The documented efforts listed in item (C.) below are some of items the SCSU will consider in evaluating the bidder's good faith efforts. The documentation may include written subcontractor quotations, telephone log notations of verbal quotations, or other types of quotation documents.

**James E. Clyburn Transportation Research
and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B**

11/25/09

B. Failure to Submit Required Material. If the bidder fails to provide this information by the deadline, the SCSU may impose one or more of the following sanctions:

- (1) Disqualification of the bidder and any affiliated companies from further bidding for a period of time not to exceed 90 days from the date of disqualification as established in notification by certified mail;
- (2) Disqualification of the bidder and any affiliated companies for award of all contracts for which bids have been received and opened; or,
- (3) Disqualification of the bidder from the contract in question.

C. Evaluation of a Good Faith Effort. The SCSU may consider the following factors in judging whether or not the bidder made adequate and acceptable good faith efforts to meet the DBE contract goal:

- (1) Did the bidder attend any pre-bid meetings that were scheduled by the SCSU to inform DBEs of subcontracting opportunities?
- (2) Did the bidder provide solicitations through all reasonable and available means (for example, advertising in newspapers owned by and targeted toward DBEs) at least 10 days prior to the letting; or did the bidder provide written notice to all DBE's listed in the SCDOT DBE Directory that specialize in the areas of work in which the bidder will be subcontracting?
- (3) Did the bidder follow-up initial solicitations of interests by contacting DBEs to determine with certainty whether they were interested or not?
- (4) Did the bidder select portions of the work to be performed by DBEs in order to increase the likelihood of meeting the contract goal? This includes, where appropriate, breaking out contract items of work into economically feasible units to facilitate DBE participation, even when the bidder might otherwise perform these items of work with its own forces.
- (5) Did the bidder provide interested DBEs with adequate and timely information about the plans, specifications, and requirements of the contract?
- (6) Did the bidder negotiate in good faith with interested DBEs, or reject them as unqualified without sound reasons based on a thorough investigation of their capabilities? Any rejection should be noted in writing with a description as to why an agreement could not be reached. The fact that the bidder has the ability or desire to perform the work with its own forces will not be considered as sound reason for rejecting a DBE's quote.
- (7) Was a quote received from an interested DBE, but rejected as unacceptable because it was not the lowest quote received? The fact that the DBE's quote is not the lowest quote received will not in itself be considered a sound reason for rejecting the quote.
- (8) Did the bidder specifically negotiate with non-DBE subcontractors to assume part of the responsibility to meet the contract goal when the work to be sublet includes potential for DBE participation?
- (9) Did the bidder make any efforts and/or offer any assistance to interested DBEs in obtaining the necessary equipment, supplies, materials, insurance, and /or bonding to satisfy the work for items in the bid proposal?
- (10) Any other evidence that the bidder submits which demonstrates that the bidder has made reasonable good faith efforts to include DBE participation.
- (11) The DBE commitments submitted by all other bidders.

**James E. Clyburn Transportation Research
and Conference Center**
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

11/25/09

Nothing in this provision shall be construed to require the bidder to accept unreasonable quotes in order to satisfy DBE contract goals.

4. DETERMINATION AND RECONSIDERATION PROCEDURES

After the letting, the SCSU will determine whether or not the low bidder has met the DBE contract goal or made good faith efforts to meet the goal. If the SCSU determines that the low bidder failed to meet the goal and did not demonstrate a good faith effort to meet the goal, the SCSU will notify the low bidder of its determination in writing. The low bidder may request a reconsideration of this determination.

The bidder must make a request for reconsideration in writing within two (2) calendar days of receipt of the determination. Within six (6) calendar days of receipt of the determination, the bidder must provide written documentation to SCSU supporting its position.

5. CONSEQUENCES OF FAILURE TO COMPLY WITH DBE PROVISIONS

Failure on the part of the bidder to meet the DBE contract goal or to demonstrate good faith efforts to meet the DBE contract goal may result in the bid being declared non-responsive, and the award being made to the next lowest responsible bidder. The SCSU also reserves the right to reject all bids.

6. DIRECTORY OF CERTIFIED DISADVANTAGED BUSINESS ENTERPRISES

The bidder is advised that the DBE directory pertains only to DBE certification and not to qualifications. It is the bidder's responsibility to determine the actual capabilities and/or limitations of the certified DBE firms.

In meeting the DBE contract goal, the bidder shall use only DBEs that are included in the DBE Directory at the time the bid is submitted. The bidder may only count toward the DBE goal work in the areas for which the DBE has been certified.

Certification of a DBE for work in a certain area of work shall not constitute a guarantee that the DBE will successfully perform the work or that the work will be performed completely. Such certification or approval shall only imply that the successful completion of the work by the DBE can count toward satisfying the DBE contract goal in accordance with the counting rules set forth in 49 CFR Part 26 (see Section 4 of the DBE Supplemental Specifications.)

The bidder may print a copy of the DBE Directory from the SCDOT web page at www.scdot.org under "Doing Business with SCDOT."

and Conference Center
State No.: H24-9573-AC
Transit Research Center
Job No.: H24-9573-AC-1B

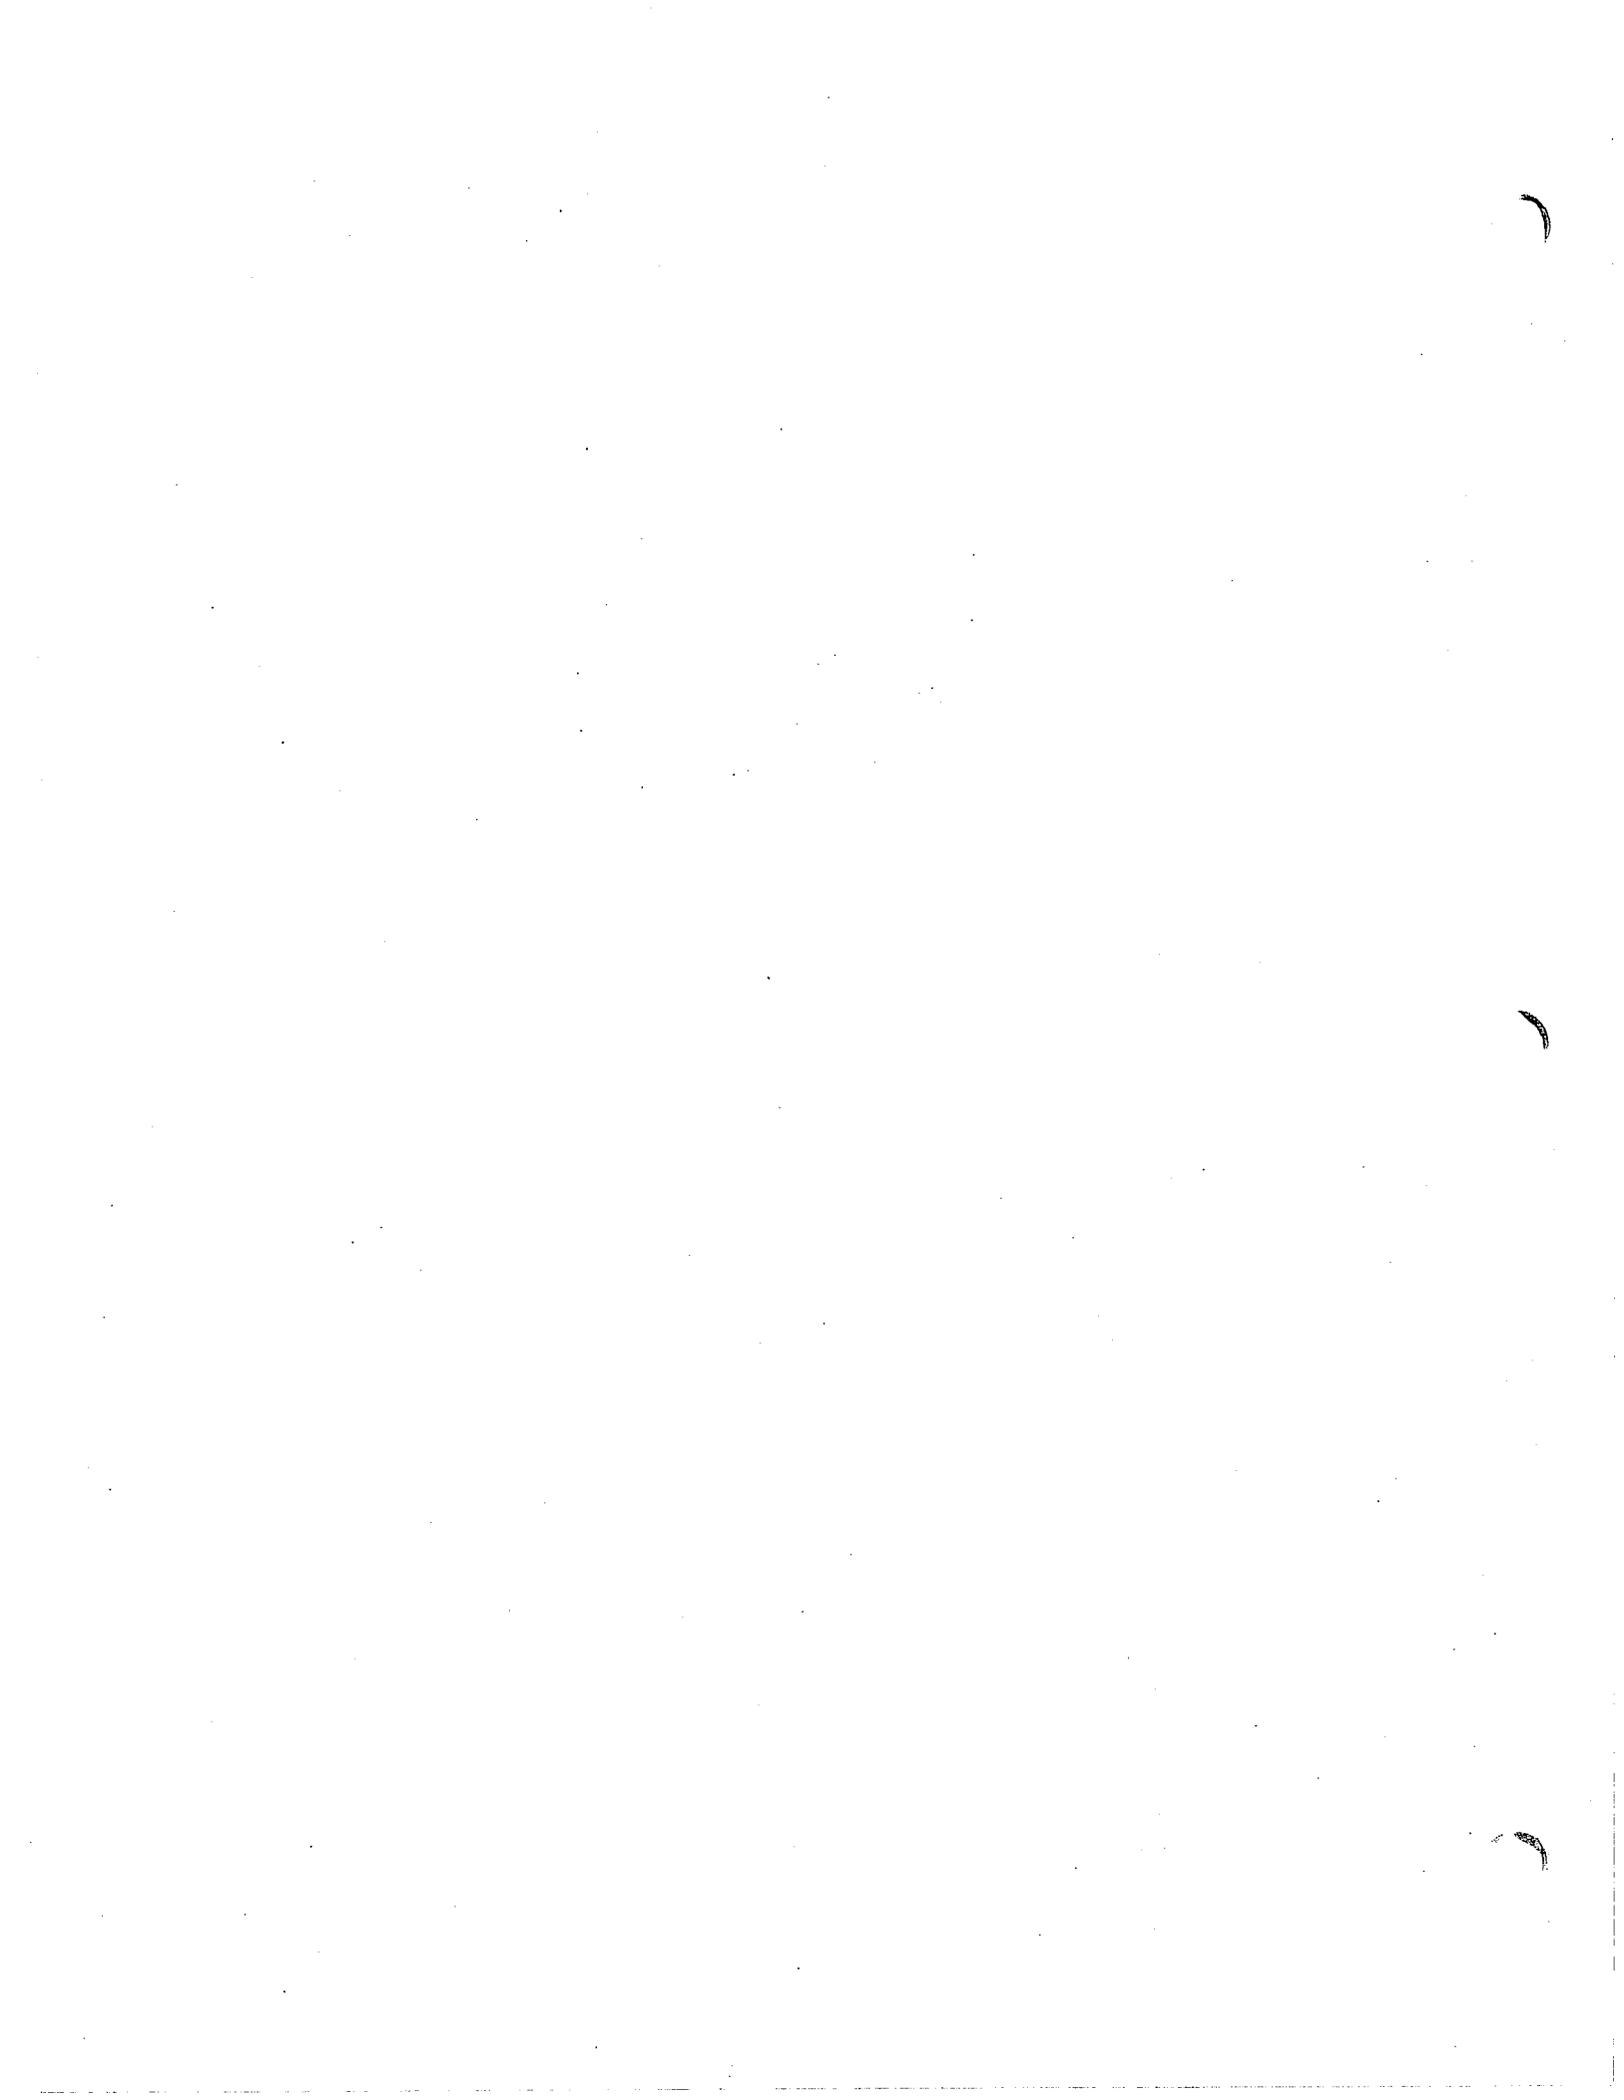

11/25/09

7. ADDITIONAL DBE PARTICIPATION

The bidder is strongly encouraged to obtain the maximum amount of DBE participation feasible on the contract. Any DBE participation in excess of the DBE contract goal shall also be included in the DBE Quarterly Reports.

8. CONTRACTOR'S RESPONSIBILITY TO REPORT BIDDER INFORMATION

The Bidder should keep a list of all subcontractors (DBE or non-DBE) who bid or quoted for subcontracts on this project.

11/25/09

February 2, 2004

DISADVANTAGED BUSINESS ENTERPRISES (DBE) -- FEDERAL PROJECTS

1. POLICY

It is the policy of the South Carolina State University (SCSU) to ensure nondiscrimination in the award and administration of federally assisted contracts and to use Disadvantaged Business Enterprises (DBE's) in all types of contracting and procurement activities according to State and Federal laws.

2. CONTRACTOR'S OBLIGATIONS

A. No Discrimination. Neither the Contractor nor its subcontractors shall discriminate on the basis of race, color, national origin, or gender in the performance of this contract. The Contractor shall carry out the applicable requirements of 49 CFR Part 26 and these supplemental specifications in the award and administration of this contract. Failure by the contractor to carry out these requirements is a material breach of the contract, and may result in the termination of the contract or such other remedy as SCSU deems appropriate.

B. Meeting the Goal or Making Good Faith Efforts to Meet the Goal. It is the Contractor's responsibility to meet the DBE contract goal stated in the "Instructions to Bidders -- Federal Projects -- DBE Requirements" (hereinafter referred to as "Instructions to Bidders") or to make good faith efforts to meet the DBE contract goal. The Instructions to Bidders is incorporated herein by reference and made a part of this contract. Failure to meet the goal or demonstrate good faith efforts to meet the goal may result in any one or more of the following sanctions:

- (1) Withholding monthly progress payments;
- (2) Declaring the Contractor in default and terminating the contract;
- (3) Assessing sanctions in the amount of the difference in the DBE contract goal and the actual payments made to certified DBE's;
- (4) Disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A, of the S. C. Code of Laws; and/or
- (5) Requiring the Contractor to obtain DBE participation on future contracts to the extent the Contractor failed to meet or use good faith efforts to meet the DBE contract goal.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Translt Research Center
 Job No.: H24-9573-AC-1B

11/25/09

C. Using the DBE's shown on the Committal Sheet to Perform the Work. The Contractor must utilize the DBE's listed on the "DBE Committal Sheet" to perform the work and supply the materials for which they are listed unless the Contractor obtains prior written approval to perform the work with other forces or obtain the materials from other sources. (See Replacement Procedures in Section 3(B).) The Contractor shall not be entitled to any payment for such work or material unless it is performed or supplied by the listed DBE or, with prior written approval of SCSU, by other forces (including those of the Contractor).

D. Incorporating Certain Provisions in Subcontracts. The Contractor shall provide SCSU with a copy of all DBE subcontracts. The Contractor shall ensure that all subcontracts or agreements with DBE's to supply labor or materials require that the subcontract and all lower tier subcontracts be performed in accordance with these Supplemental Specifications. The contractor is advised to insert the following provision in each subcontract or agreement: "This contract or agreement shall be performed in accordance with the requirements of the Supplemental Specification entitled "Disadvantaged Business Enterprises (DBE) -- Federal Projects" dated February 2004."

3. REPLACEMENT OF CERTIFIED DBE'S

A. Requirement for Replacement. The following shall apply to replacement of a DBE listed on the "DBE Committal Sheet":

- (1) When a listed DBE is unable or unwilling to perform the work in accordance with the subcontract, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of contract and may be cause for the imposition of the sanctions set forth in Section 2(B).
- (2) When a listed DBE is decertified or removed from the DBE Directory after execution of a valid subcontract agreement with the Contractor:
 - a. The Contractor may continue to utilize the decertified DBE on the contract and receive credit toward the DBE contract goal for the DBE's work unless the Contractor is implicated in the DBE decertification. However, the Contractor is encouraged to replace the decertified DBE with a certified DBE where feasible.
 - b. If a listed DBE is removed from the DBE Directory due to graduation from the DBE program, the Contractor may continue to utilize the graduated DBE on the contract and receive credit toward the DBE contract goal for the DBE's work.

**James E. Clyburn Transportation Research
and Conference Center**
Project No.: H24-9573-AC
 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

- ③ When a listed DBE is decertified or removed from the DBE Directory prior to execution of a valid subcontract agreement with the Contractor, the Contractor shall follow the replacement procedures in Section 3(B). Failure on the part of the Contractor to comply with this requirement shall constitute a breach of the contract and may be cause for the imposition of the sanctions set forth in Section 2(B) above.

B. Replacement Procedures. In order to replace a listed DBE, the Contractor must obtain prior approval from SCSU. To request such approval, the Contractor shall notify SCSU and the DBE, and provide documentation of the need and reasons for replacement. If the DBE consents to the replacement, the Contractor shall also provide SCSU with the DBE's written consent. If the DBE's consent cannot be obtained, the Contractor shall notify SCSU that the DBE's consent could not be obtained. In no case shall the Contractor's ability to negotiate a more advantageous contract with another subcontractor be considered a valid basis for replacement. If the Contractor obtains the SCSU's approval for the replacement, the Contractor shall replace the listed DBE with another certified DBE or make good faith efforts to do so as set forth in Section 3(C). Any DBE who is certified at the time of replacement may be used as a replacement. If SCSU does not approve of replacement, the Contractor shall continue to use the listed DBE in accordance with the contract. Failure to do so may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

C. Good Faith Efforts. After approval for replacement is obtained, if the Contractor is not able to find a replacement DBE, the Contractor shall provide SCSU with documentation of its good faith efforts to find a replacement. This documentation shall include, but is not limited to, the following:

- (1) Copies of written notification to certified DBE's that their interest is solicited in subcontracting the work defaulted by the previous certified DBE or in subcontracting other items of work in the contract.
- (2) Statement of efforts to negotiate with certified DBE's for specific subbids including at a minimum:
 - a. Names, addresses and telephone numbers of certified DBE's who were contacted;
 - b. Description of the information provided to certified DBE's regarding the plans and specifications for portions of the work to be performed;
 - c. Statement of why additional agreements with certified DBE's were not reached.
- (3) For each certified DBE contacted but rejected the reasons for the Contractor's rejection. Failure to find a replacement DBE at the original price is not in itself evidence of good faith.

 Job No.: H24-9573-AC-1B

11/25/09

If SCSU determines that the Contractor has made good faith efforts to replace the listed DBE with another certified DBE, then the remaining portion of the DBE's work shown on the DBE Committal Sheet can be completed by the Contractor's own forces or by a non-DBE subcontractor approved by the SCSU. The Contractor will not be required to make up that part of the DBE goal attributable to the portion of work not completed by the listed DBE, and this shortfall in meeting the DBE goal will be waived by the SCSU.

If SCSU determines that the Contractor has not made good faith efforts to replace the listed DBE with another certified DBE, such failure may constitute cause for imposition of any of the sanctions set forth in Section 2(B).

D. Payment from SCSU. The Contractor shall not be entitled to payment for work or material committed to a listed DBE unless:

- (1) The work is performed by the listed DBE; or
- (2) The work is performed by another certified DBE after SCSU has given approval to replace the listed DBE as provided above; or
- (3) The work is performed by a non-DBE after SCSU determines that the Contractor has demonstrated good faith efforts to replace the listed DBE as provided above.

4. COUNTING CERTIFIED DBE PARTICIPATION TOWARD MEETING THE DBE GOAL

DBE participation shall be measured by the actual, verified payments made to DBE's subject to the following rules (all references to "DBE" herein shall mean "certified DBE"). The Contractor is bound by these rules in regard to receiving and reporting credit toward the DBE contract goal. The Contractor shall report on Quarterly Reports only the amounts properly attributable toward the goal under these rules.

A. General Counting Rules.

- (1) The entire amount of that portion of a construction contract (or other contract not covered by paragraph A(2) of this section) that is performed by the DBE's own forces may be counted toward the goal. The cost of supplies and materials obtained by the DBE for the work of the contract, including supplies purchased or equipment leased by the DBE (except supplies and equipment the DBE subcontractor purchases or leases from the prime contractor or its affiliate) can be counted toward the goal.
- (2) When a DBE subcontracts part of the work of its contract to another firm, the value of the subcontracted work may be counted toward DBE goals only if the subcontractor is also a DBE. Work that a DBE subcontracts to a non-DBE firm does not count toward the DBE goals.
- (3) The Contractor can count expenditures to a DBE only if the DBE is certified by SCDOT, except as provided in section 3A(2) of these supplemental specifications, in the event a DBE loses eligibility status after a subcontract is signed.

 Transit Research Center
 Job No.: H24-9573-AC-1B

11/25/09

- (4) The Contractor can count expenditures to a DBE only after the DBE has actually been paid.

B. Joint Ventures. When a DBE performs as a participant in a joint venture, the portion of the total dollar value of the contract equal to the distinct, clearly defined portion of the work of the contract that the DBE performs with its own forces can be counted toward DBE goals.

C. Commercially Useful Function. Expenditures to a DBE contractor can be counted toward DBE goals only if the DBE is performing a commercially useful function on that contract:

- (1) A DBE performs a commercially useful function when it is responsible for execution of the work of the contract and is carrying out its responsibilities by actually performing, managing, and supervising the work involved. To perform a commercially useful function, the DBE must also be responsible, with respect to materials and supplies used on the contract, for negotiating price, determining quality and quantity, ordering the material, and installing (where applicable) and paying for the material itself. To determine whether a DBE is performing a commercially useful function, SCSU will evaluate the amount of work subcontracted, industry practices, whether the amount the firm is to be paid under the contract is commensurate with the work it is actually performing and the DBE credit claimed for its performance of the work, and other relevant factors.
- (2) A DBE does not perform a commercially useful function if its role is limited to that of an extra participant in a transaction, contract, or project through which funds are passed in order to obtain the appearance of DBE participation. In determining whether a DBE is such an extra participant, SCSU will examine similar transactions, particularly those in which DBE's do not participate.
- (3) If a DBE does not perform or exercise responsibility for at least 30 percent of the total cost of its contract with its own work force, or the DBE subcontracts a greater portion of the work of a contract than would be expected on the basis of normal industry practice for the type of work involved, SCSU will presume that it is not performing a commercially useful function.
- (4) When a DBE is presumed not to be performing a commercially useful function as provided in paragraph (3) of this section, the DBE may present evidence to rebut this presumption. SCSU may determine that the firm is performing a commercially useful function given the type of work involved and normal industry practices.

11/25/09

- (5) SCSU's decisions on commercially useful function matters are subject to review by the concerned operating administration, but are not administratively appealable to the USDOT.

D. DBE Manufacturers and Dealers. The Contractor can count expenditures with DBEs for materials or supplies toward DBE goals in accordance with the following rules:

- (1) **DBE Manufacturers.** If the materials or supplies are obtained from a DBE manufacturer, the Contractor can count 100 percent of the cost of the materials or supplies toward DBE goals. For purposes of this paragraph, a manufacturer is a firm that operates or maintains a factory or establishment that produces, on the premises, the materials, supplies, articles, or equipment required under the contract and of the general character described by the specifications. The DBE must be listed as a "manufacturer" in the SCDOT's DBE directory to be considered a manufacturer for purposes of these counting rules.
- (2) **DBE Dealers.** If the materials or supplies are purchased from a DBE regular dealer, the Contractor can count 60 percent of the cost of the materials or supplies toward DBE goals. For purposes of this section, a regular dealer is a firm that owns, operates, or maintains a store, warehouse, or other establishment in which the materials, supplies, articles or equipment of the general character described by the
- (3) **Specifications and required under the contract are bought, kept in stock, and regularly sold or leased to the public in the usual course of business. The DBE must be listed as a "dealer" in the SCDOT's DBE directory to be considered a dealer for purposes of these counting rules.**
- (4) **DBE Brokers.** The Contractor cannot count toward the DBE goal fees charged by a DBE who is neither a manufacturer nor a dealer. In this case the DBE is merely a broker of the supplies or materials.

5 REPORTS

The Contractor shall furnish to the SCSU the following reports and information.

A. Quarterly Reports. The Contractor shall provide to SCSU Quarterly Reports showing the dollar amount of payments to each certified DBE. The Contractor and each DBE that received payment must sign the report. The Contractor's and DBE's signature on the Quarterly Report shall constitute certification that the DBE has performed the work and that the Contractor is entitled to credit toward the DBE goal for the amount shown in accordance with the counting rules set forth in Section 4. The report shall include the amount paid each DBE for the quarter and the total amount paid to each DBE on the contract. The report must include DBE subcontractors, hauling firms, and suppliers. The report shall be submitted in

11/25/09

duplicate to SCSU by the 15th of the month after each calendar quarter (January, April, July, and October 15). Failure to submit the quarterly report may result in the withholding of monthly progress and/or final payment. The Quarterly Report must be submitted for each quarter even if no payments have been made to a DBE in that quarter. When no payments have been made to a DBE in a quarter, DBE's are not required to sign the report. The form utilized to report DBE Payments shall be substantially similar to the sample report form included in this proposal.

B. Other Documents. Upon request of SCSU, the Contractor and all subcontractors shall furnish documents, including subcontracts, necessary to verify the amount and costs of the materials or services provided by certified DBE suppliers or subcontractors. The Contractor shall keep the documents that verify this information for at least three years from the date of final settlement of the contract. Failure to provide these documents upon request may result in the withholding of monthly progress and/or final payment or disqualifying the Contractor from bidding pursuant to Regulation 63-306, Volume 25A of the S.C. Code of Laws.

6. CONTRACT COMPLETION - DETERMINATION OF WHETHER CONTRACTOR HAS MET THE GOAL OR MADE GOOD FAITH EFFORTS

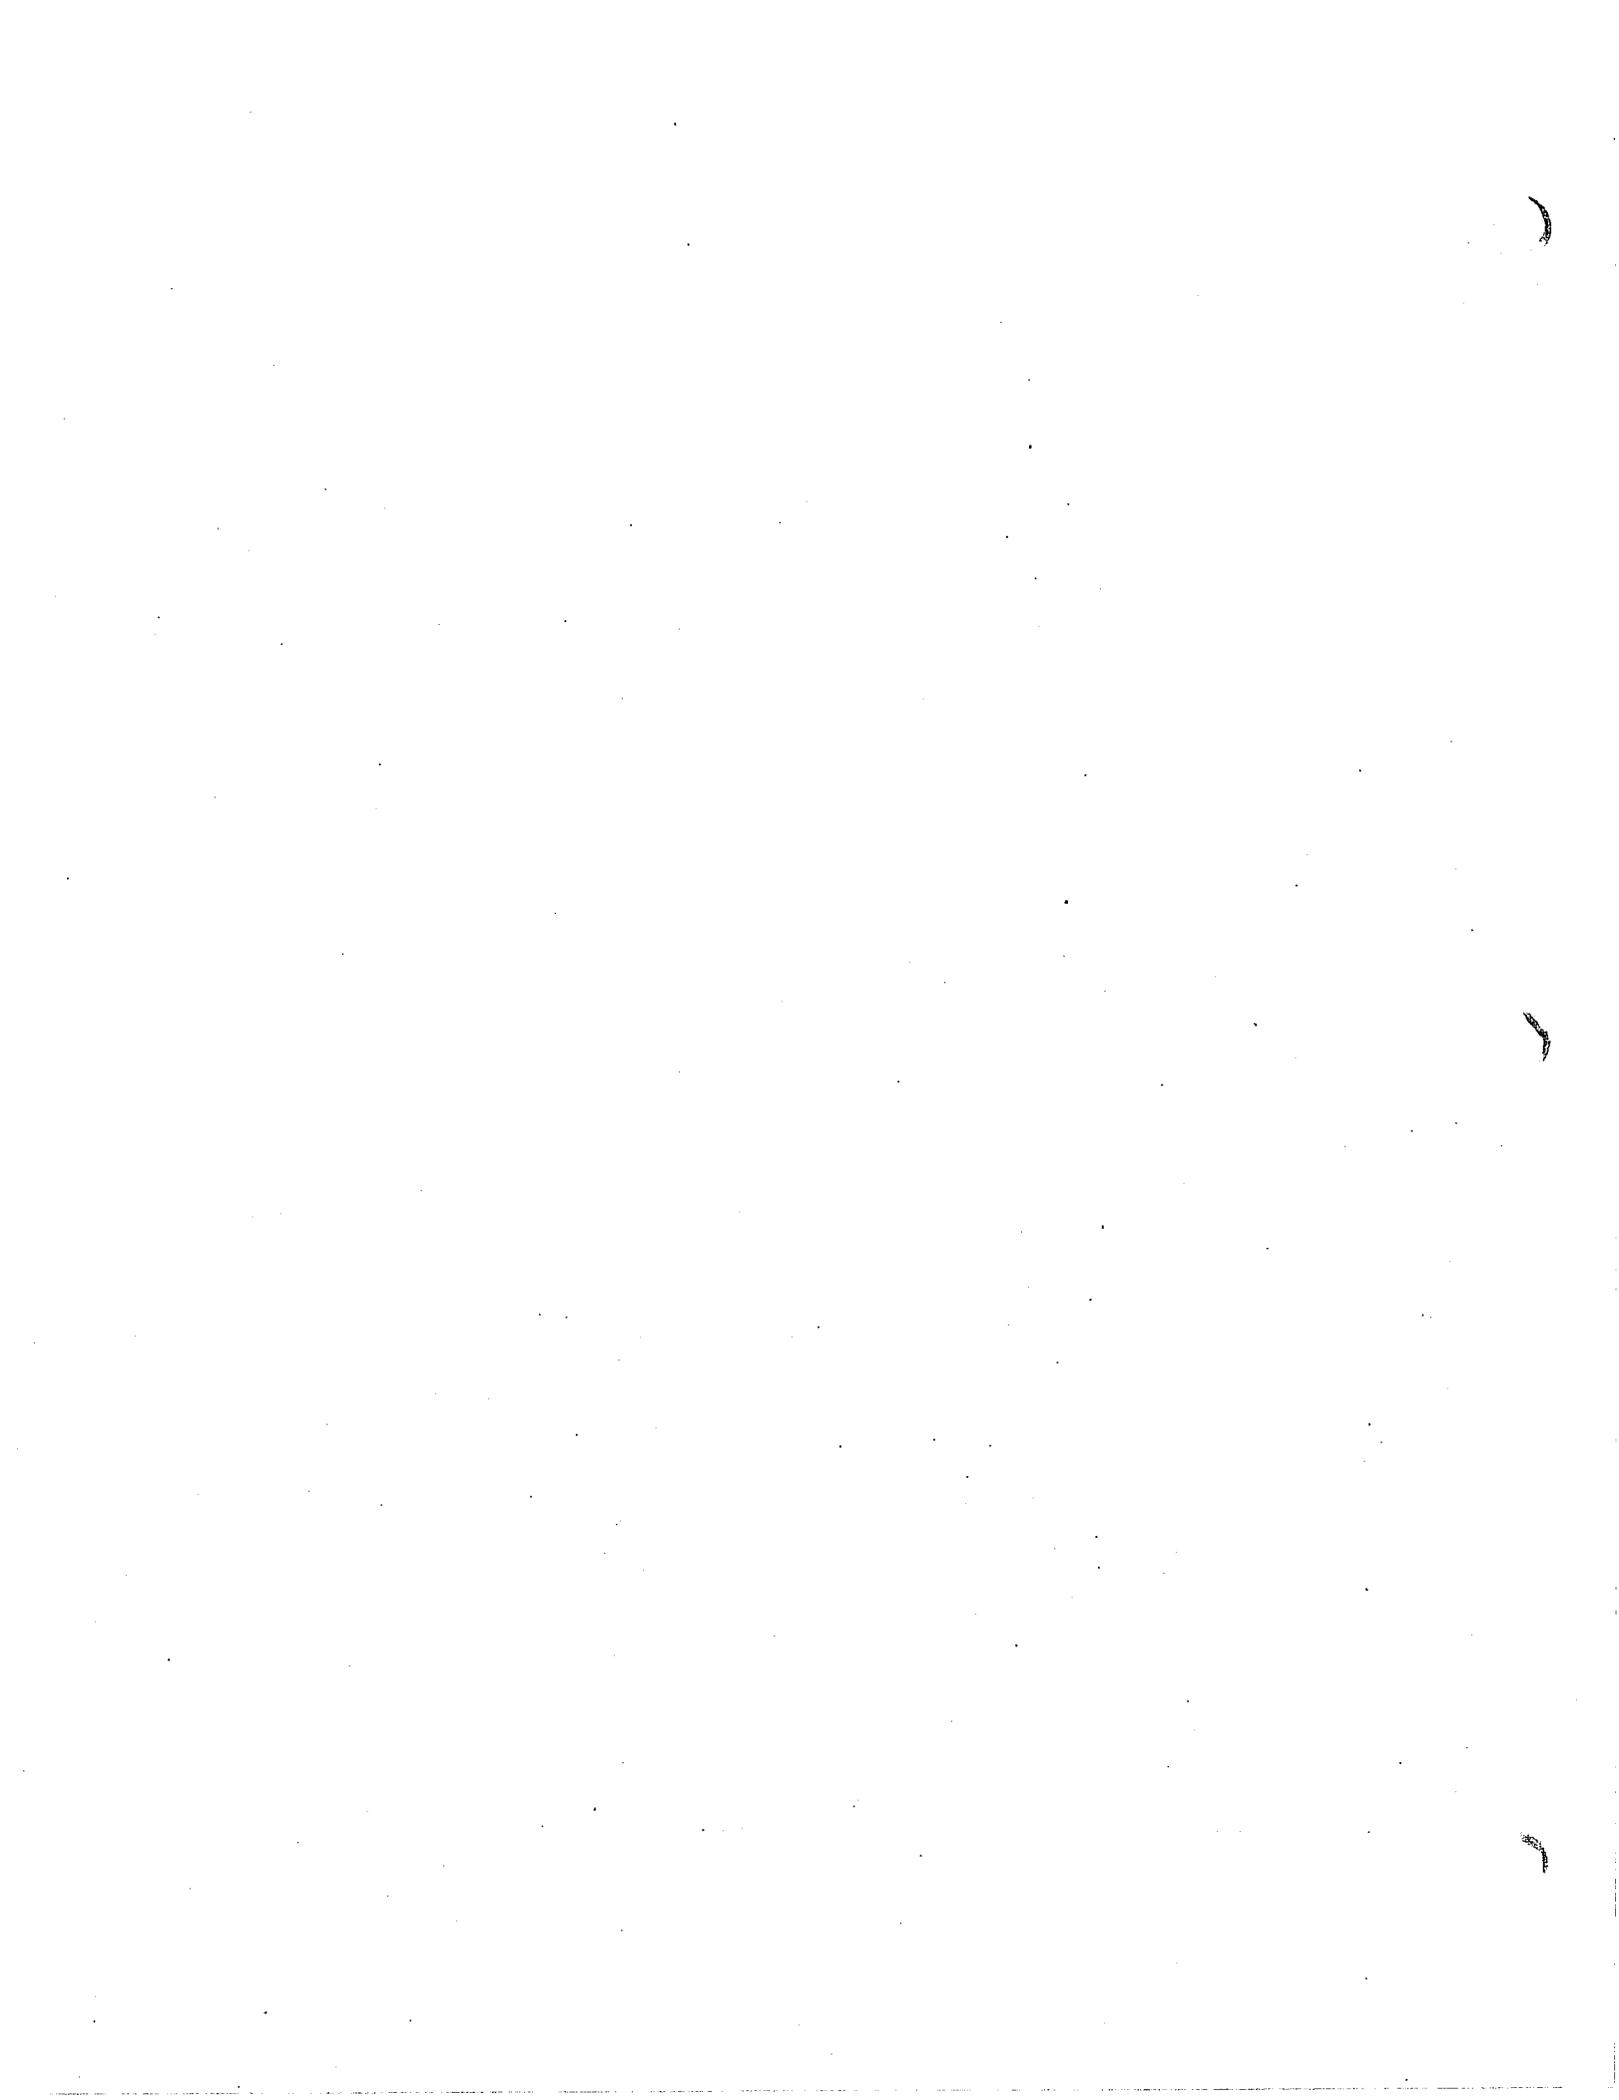

a. Review by SCSU. After receipt of the final Quarterly Reports, the SCSU will review the necessary contract documentation to determine whether the Contractor has met the DBE contract goal.

b. Notification of Failure to Meet Goal. If the documentation indicates that the Contractor has not met the DBE contract goal, SCSU will notify the Contractor and request documentation of the Contractor's good faith efforts to meet the goal.

c. Determination of Good Faith Efforts. The Contractor shall submit documentation demonstrating good faith efforts to meet the contract goal to SCSU within 30 days of the date of the "Notification of Failure to Meet Goal." SCSU will provide the Contractor with written notice of SCSU's determination whether good faith efforts have been demonstrated.

d. Request for Reconsideration. If the Contractor disagrees with SCSU's determination, the Contractor may request reconsideration by filing a written request with the SCSU within ten (10) days after receipt of the determination. The Contractor shall submit any additional documentation that it wishes to be considered in support of its position. If the Contractor fails to request reconsideration within ten (10) days, the determination shall be final.

RE: James E. Clyburn Transportation
and Research Center H24-9573-AC

Mr. Spicer:

On behalf of South Carolina State University, we would like thank you for participating in the bidding of the James E. Clyburn Transit Research Center. After a thorough evaluation of your Bid Proposal and all supporting documentation demonstrating your good faith efforts in meeting the DBE participation goal, Tyler Construction Group's Bid Proposal has been determined to be non-responsive.

Sincerely,

Ken Davis
SC State University
