Re: H24-9573-AC JECTRCC-Transit Research Center

Mr. John White
 Office of the State Engineer
 1201 MAIN ST. SUITE 600
 COLUMBIA, SC 29201

Dear John:

We protest the "notice of intent to award" to International Public Works. Our bid was passed over apparently for not providing enough evidence of a "good faith effort" to meet the 20% DBE effort.

Standard Supplemental Instruction to Bidders 00201-OSE paragraph 5.3 clearly states the reasons bids can and cannot be rejected. Below are listed the portion that we think apply:

- 5.3 Rejection of Bids
- 5.3.1 The agency shall have the right to reject any or all bids not **accompanied**or by any other data required by the Bidding Documents (emphasis added)
- 5.3.2.6 Failure to list qualified subcontractors as required by law, or,
- 5.3.3 Bids shall not be rejected for the following reasons, which include , but are not limited to:
 - 5.3.3.8 Provide additional listing of " Subcontractors Specialty" beyond those listed on the SE-330; or,
 - 5.3.3.13 immaterial variations from the exact requirements of the bidding documents.

We assume that the rejection of our bid was for not providing data **after** the bid which is not a reason for rejection. We listed the mechanical, electrical and plumbing installers which were the only sub-contractors as required "by law". Is our bid we being rejected for not providing additional "specialties sub-contractors" other than those required by SE-330? We provided the form DBE commitment sheet #1 which should make our bid responsive.

It appears that in the 2009 – 2010 General Appropriation Act for South Carolina that the legislature agreed to accept \$500,000.00 for this project from the Federal Government American Recovery and Reinvestment ACT (ARRA). This act is now going to cost as much as \$759,560.00 to throw out all the other wise low qualified bidders. I can find no were in the legislation that gave permission to suspend South Carolina procurement law in favor of Federal procurement law to spend an extra \$259,560.00 of SC tax payers money for this purpose – the difference between the two figures. This is a project by a South Carolina Agency which must follow state law with state funds as per the South Carolina Code of laws which states: (emphasis added):

SECTION 10-1-180. Expenditure of funds by state agency subject to approval and regulation of State Budget and Control Board; exception.

The expenditure of funds by any state agency, except the Department of Transportation for permanent improvements as defined in the state budget, is subject to **approval and regulation of the State Budget and Control Board**. The board shall have authority to allot to specific projects from funds made available for such purposes, such amounts as are estimated to cover the respective costs of such projects, to declare the completion of any such projects, and to dispose, according to law, of any unexpended balances of allotments, or appropriations, or funds otherwise provided for such projects, upon the completion thereof. The approval of the Budget and Control Board is not required for minor construction projects, including

Chapter 7 of the same SC code “AGREEMENTS WITH UNITED STATES” does not allow for these changes to allow default to the federal from state laws. In fact South Carolina agencies have and must follow their own set of regulations to assist minority business.

SOUTH CAROLINA CODE OF REGULATIONS 19-445.2160. Assistance to Minority Businesses

(2) “Socially disadvantaged individuals” means those individuals who have been subject to racial or ethnic prejudice or cultural bias because of their identification as members of a certain group without regard to their individual qualities. Such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts and Native Hawaiians), Asian Pacific Americans, Women and other minorities to be designated by the South Carolina Budget and Control Board or designated agency.

(7) “OSMBA” means the Office of Small and Minority Business Assistance.

B. Certification as a Minority Business Enterprise (MBE) (emphis added)

(1) A South Carolina business seeking certification as a Minority Business Enterprise must submit to OSMBA an application and any supporting documentation as may be required.

(2) Certification Process. The Certification Board within OSMBA will determine if the business is controlled and operated by socially and economically disadvantaged individuals. Upon recommendation of the Certification Board, OSMBA will certify the business as a socially and economically disadvantaged small business and issue a Certification as

authorized by Section 11-35-5270 of the Procurement Code. Firms may re-apply to OSMBA one year after denied certification. Certifications are valid for five years. Firms may apply for re-certification by submitting an application and required supporting documents of eligibility.

Our bid was responsive under South Carolina Law.

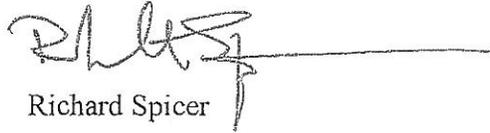

Please contact me if you have any questions.

Sincerely,

Charles P. Tyler

Re: Protest of Award of Project H24-9573-AC, Clyburn Transit Research Center

Allen,

Persuant to Section 11-35-4210, section 1(B) of the SC Code of laws, Ideal Construction Company, SC LLC is protesting the award of the above referenced project and is requesting a hearing to discuss the particular matter. Our grounds for protest include the following reasons:

1. We feel that Ideal Construction Co. SC, LLC submitted a responsive bid on the project as required by the SC Procurement laws and would like confirmation of such.
2. We were a responsive bidder based on the requirements of the specifications with regards to 20% participation of SCDOT DBE Contractors based upon CFR 49 Part 26 of the Federal Code.
3. We were a responsive bidder based on the requirement of "Good Faith efforts" put forth during the time of bid with regards to CFR 49 Part 26. We feel that the only way to judge a good faith effort objectively is to base that judgment on the **results** of those "good faith efforts".
4. We believe that our Pre and Post bid efforts were not compared accurately nor even considered with regard to awarding the contract. We believe that the results of our pre-bid efforts generated more quotes from SCDOT DBE contractors than our competition who was awarded the job.
5. With respect to the other 15 bidders who were deemed non-responsive along with us (and whose bids were more competitive than the awarded contractor), we believe that the nature and procurement of the contract was geared to provide only one company an advantage in being responsive and thus avoid the competitive bidding process as required by law.
6. We believe it is not the best interest of the state of SC to pay \$760,000 more for a construction project simply because the awarded company was an SCDOT DBE.
7. We believe that our reconsideration official should have been a 3rd party official not affiliated with the SCDOT. We believe there is a conflict of interest with regards to how this was executed due to the fact that the contractor awarded the project was an SCDOT DBE.

We respectfully request the following relief with regards to this contract:

That Ideal Construction Company SC, LLC is deemed to be responsive with regards to this contract and awarded the project accordingly, or that the contract be re-bid with a fair and competitive pre-solicitation requirement that did not exist in the initial documents.

Sincerely,

Robert Lee Hammersla III

Re: James E. Clyburn Transit Research Center
State Project No. H24-9573-AC
NOTICE OF BID PROTEST

Dear Mr. White:

This law firm represents Randolph & Son Builders, Inc. ("Randolph & Son"), a general contractor that submitted a bid for the construction of the captioned project (the "Project"). Randolph & Son's bid was deemed nonresponsive for failure to exercise good faith efforts to ensure the participation of Disadvantaged Business Enterprises in the Project. On February 24, 2010, South Carolina State University issued a Notice of Intent To Award the contract to construct the Project to International Public Works. Randolph & Son is informed and believes that International Public Works' bid was substantially higher than the low bid on the Project.

By this letter, and pursuant to S.C. Code Ann. § 11-35-4210(1)(b), Randolph & Son protests the intended award of the contract to construct this Project to International Public Works. The basis for this protest is that South Carolina State University erred in dismissing Randolph & Son's bid as nonresponsive, because Randolph & Son exercised good faith efforts to ensure the participation of Disadvantaged Business Enterprises in the Project.

The relief that Randolph and Son requests is that it be awarded the contract to construct the Project. Randolph & Son believes that it is the lowest eligible bidder on the Project that has preserved its rights by filing a protest under applicable law.

We look forward to your prompt resolution of this protest.

ROBINSON BRADSHAW & HINSON

Re: H24-9573-AC Transit Research Center

Dear Mr. White:

Loveless Commercial Contracting submitted a bid for the James E Clyburn Transit Research Center at South Carolina State University on 01/28/10.

After the bid opening, I received a letter from SCSU stating my bid was non-responsive. I wrote back on 02/05/10 asking why they thought my bid was non-responsive and SCSU never responded. I have looked over the bid and I do not see a reason for rejection.

I have now received the official intent to award listing the 16th out of 17th highest bidder as the winning bid. This number is almost \$760,000.00 more than the low bid and would appear to be a misuse of the public's money.

Now that the protest period has begun, time is of the essence. The school must reply to my letter so that I can submit an argument stating my case against the rejection of my bid.

I do hereby protest award of the project and request the protest period be lengthen so that there is ample time for the school to inform us as to why our bid was found non-responsive. We will then review their answer and form a response for your review.

Sincerely,

Doug Price

**MEDICAL OFFICE BUILDING
NEAR GREER
FOR GREENVILLE HOSPITAL SYSTEM**

Description: Request for proposal to provide construction management services to the Greenville Hospital System for a medical office building to be located in Greer, SC. The selected firm will provide construction services under a construction contract. Given the nature of the assignment the following criteria will be used in evaluating firms for the project.

1. Experience in the construction of medical office projects in the 7-15,000 square foot range.
2. Evidence of staffing expertise & resource capacity to provide pre-construction & construction services in a timely & cost-efficient manner. Work shall be performed pursuant to an appropriate AIA form contract as modified by The Greenville Hospital System.
3. Approach to construction & evidence of delivering projects within schedule & budget constraints.

Further information & evaluation criteria are available in a RFP document which will be available Monday, December 21, 2009.

Firms desiring to submit their proposal will be required to respond no later than 5:00pm Friday, January 8, 2010, to the Greenville Hospital System, Attn: Facilities Development, 700 W. Faris Rd., Greenville, SC 29605.

All questions should be directed to fdinfo@ghs.org.

CONSTRUCTION

1. AUTHORITY AND PURPOSE

This grant is awarded pursuant to the authority contained in Title I, Subtitle B, of the Transportation Equity Act for the 21st Century of 1998, and its subsequent amendments referred to as "TEA-21." In accordance with Section 1221 of the TEA-21, the Federal Highway Administration (here-in- after referred to as "FHWA") hereby awards the sum of \$8,921,764 to provide support for a Transportation and Community and System Preservation Pilot Program (TCSP) project titled the Southern Rural Transportation Center as described in the approved application.

2. GRANT AMOUNT AND BUDGET

The funds awarded to this project must be expended according to the approved application. The federal share of the approved costs shall be 100 percent to the maximum of the grant unless otherwise authorized. Any revisions to the grant budget must be approved by FHWA and SCDOT and made in accordance with 49 CFR 19.25. FHWA will not reimburse the recipient for any costs in excess of the awarded amount. These funds should be obligated by September 30, 2002. After obligation, these funds are available until expended.

3. PAYMENT

Payment will be made to the recipient in accordance with procedures set forth in the Federal -Aid and Federal Highway Acts, as amended, and 49 CFR 19.22. A list must be provided to the grantor of every person authorized by the grantee to request funds. (Also see Attachment 3 - Grant Administration Process)

4. REPORTING AND EVALUATION

Three kinds of reports will be needed for this Grant. Financial and Narrative reports should be submitted quarterly while the Evaluation report should be submitted annually. The recipient must submit an original and one copy of the quarterly Financial and Narrative reports to the SCDOT, FHWA Division, and one copy to FHWA, Office of Human Environment, HEPH-20, Room 3301, 400 7th Street SW, Washington, DC 20590. This is a multi year grant, and the anticipated completion date of the project is September 30, 2006.

The evaluation report must be submitted annually within 90 days after the fiscal year to FHWA Division and the Office of Human Environment. A sample template of the Evaluation report is included in Attachment 2.

The Reporting Schedule for this Grant is as follows:

<u>Period Report Covers</u>	<u>Report Is Due</u>
July 1 - September	October 31
October 1 - December 31	January 31
January 1 - March 31	April 30
April 1 - June 30	July 31
July 1 - June 30	September 30
Final Report	90 days after the project is completed

5. TERMINATION

This agreement is subject to termination by either party as described in Attachment 1, Grant Provision 7, 49 CFR 19.61. The University Transportation Center agrees to give SCDOT and FHWA at least 90 days notice of intent to terminate this agreement.

6. RESPONSIBILITIES AND GRANT PROVISIONS

This agreement is made on condition that these funds will be administered in accordance with the terms and conditions as set forth in this agreement and the attached grant provisions. The catalog of Federal Domestic Assistance number for this project is 20.205.

Please sign the original and each copy of this letter to acknowledge your receipt of the grant and return the original and two copies to the SCDOT.
